AETNA LIFE INSURANCE COMPANY

Actuarial Memorandum Filing #DC-2012-01-AARP-HCR Policy Form GR-9N

Purpose, Scope and Effective Date

The purpose of this filing is to submit revised premium rates for the Essential Premier Health Insurance PPO plans of Aetna Life Insurance Company. This group contract form covers eligible members and dependents of the AARP association through a Trust.

The period for which the rates in this filing will be effective is January 1, 2012 through December 31, 2012.

There is an annual rate increase of an average of 4.0% for in-force policies related to the increase in medical costs anticipated for 2012. This increase will vary by state, as detailed in the "Premium Rate Development" section below, and applies to renewal of existing business.

The items contained in this memorandum are applicable to new business issued with an effective date of January 1, 2012 and later and existing business renewing on or after January 1, 2012 in the following states:

- Alabama (AL),
- Alaska (AK),
- Arizona (AZ),
- Arkansas (AR),
- California (CA),
- Connecticut (CT),
- Delaware (DE),
- District of Columbia (DC),
- Florida (FL),
- Georgia (GA),
- Illinois (IL),
- Maryland (MD),
- Michigan (MI),
- Missouri (MO),
- Mississippi (MS),
- Nebraska (NE),
- North Carolina (NC),
- Oklahoma (OK),
- Pennsylvania (PA),
- South Carolina (SC),
- Tennessee (TN),
- Texas (TX),
- West Virginia (WV), and
- Wyoming (WY).

These policies provide comprehensive and limited medical expense benefits and, as applicable within each state, apply a calendar year deductible of:

- \$1,500 (Essential Premier Health Insurance PPO 1500) – Comprehensive Plan,
- \$2,500 (Essential Premier Health Insurance PPO 2500) – Comprehensive Plan,
- \$5,000 (Essential Premier Health Insurance PPO 5000) – Comprehensive Plan,
- \$3,000 (Essential Premier Health Insurance High Deductible 3000) – Comprehensive Plan,
- \$5,000 (Essential Premier Health Insurance High Deductible 5000) – Comprehensive Plan,
- \$1,250 (Essential Premier Health Insurance Preventative and Hospital 1250) – Limited Plan, and
- \$3,000 (Essential Premier Health Insurance Preventative and Hospital 3000) – Limited Plan.

The above-listed plan designs comply with HCR changes mandated by PPACA.

Benefit Plans

There are no plan design changes or benefit-related rating impacts to plans being made in conjunction with this filing for both existing and new business. All plans comply with the Federal Healthcare Reform and the Patient Protection and Affordable Care Act (HCR) mandates, as described in SERFF Filings AETN-126841694, AETN-126725759 and AETN-126737878.

Renewability Provision

This policy is guaranteed renewable.

Applicability

Policy form GR-9N is used with existing business and new business in all states.

Experience

Historical experience for AARP Essential Premier Health Insurance Program for all states in the program and specifically for the District of Columbia is included in the attached Exhibit A.

The tables below show the loss ratio experience since inception for the AARP program and for the District of Columbia.

Experience Period	Incurred Loss Ratio*
01/01/2008 – 12/31/2008	70.3%
01/01/2009 – 12/31/2009	70.3%
01/01/2010 – 12/31/2010	71.5%
01/01/2011 – 12/31/2011	75.4%

* Includes the impact of Contract Reserves

Marketing

This product is only available to members of the American Association of Retired Persons (AARP) and their dependents. The product is co-branded with AARP and is marketed through brokers and directly to AARP members through direct mail, telemarketing, advertising, and the internet.

Medical Cost Trend:

Based on the experience included in Exhibit A, as well Aetna’s view on trend for 2012, we have assumed an overall medical cost trend of 12% for 2012 for the Essential Premier Health Insurance Program.

Proposed Premium Rate Changes

The proposed premium rate changes vary by state. Below is a summary of proposed 2012 premium rate changes by state.

State	Rate Change	State	Rate Change
AK	3.4%	MI	9.9%
AL	3.4%	MO	9.9%
AR	3.4%	MS	3.4%
AZ	-5.1%	NC	5.5%
CA*	9.9%	NE	3.4%
CT	-4.0%	OK	3.4%
DC	3.4%	PA	9.9%
DE	3.4%	SC	3.4%
FL	-19.8%	TN	5.9%
GA	-4.8%	TX	9.9%
IL	9.9%	WV	3.4%
MD	3.4%	WY	3.4%

* For State of California, the rate change was applied only to the base rates of existing plans sold prior to January 1, 2012. Separate base rates for new business policies sold January 1, 2012 and after were developed using experience and forecasted medical costs.

Demographic Factors

There are no changes being proposed to the age/gender factors at this time.

Except for State of California plans, all plans will utilize a common set of age/gender factors. The age/gender slopes for business originally issued prior to October 1, 2010 were filed and approved under SERFF Filing AETN-126260368. The age/gender slopes for new business sold on or after October 1, 2010 will utilize the age/gender factors filed and approved under SERFF Filings AETN-126725759 and AETN-126737878.

State of California plans will utilize unisex age/gender factors to comply with the State of California mandates. The unisex factors for existing and new business plans were filed and approved under SERFF Filing AETN-126841694.

The age/gender factors for the State of California and for all other states are included in Exhibit B.

Area Factors

Area factors vary by geographical location within the state and remain the same as our previous filings. Area factors can be found in Exhibit C.

Premium Rate Development

The base premium rates for each of the plan designs were developed from the base premium rates of the comparable benefit plans previously filed and approved in the SERFF rate filings referenced above. These base premium rates were then adjusted for state specific trend assumptions, age-gender factors and area factors. The base premium rates for new business plans in the State of California were developed as described in the next section.

Current and proposed base premium rates for existing grandfathered business, existing non-grandfathered business, and new business with original effective dates of October 1, 2010 and later are included in Exhibit D. Proposed base rates were developed by applying trend to the current filed and approved base rates. Trend by state is shown above in the “Medical Cost Trend” section.

An example showing the method of developing the proposed base premium rates from currently approved base premium rates is included below. The development of proposed base premium rates for the other states is given in the Appendix.

Example: Proposed Base Premium Rate Development, PPO 1500, District of Columbia

	Existing Grandfathered Business	Existing Non-Grandfathered Business	New Business 10/1/10 and later
Current Base Premium Rate, DC PPO 1500	\$238.28	\$240.42	\$261.83
x Trend Factor, DC	1.034	1.034	1.034
Proposed Base Premium Rate	\$246.38	\$248.59	\$270.73

Monthly premium rates for our standard risk classification are calculated by taking the product of the following: 1) Proposed Base Premium rate, found in Exhibit D, 2) the applicable Age/Gender Factors, as provided in Exhibit B, and 3) the applicable Rating Area Factor, as provided in Exhibit C.

State of California New Business

The base rate for State of California policies issued 01/01/2012 and later is equal to the forecasted actual to expected loss ratio times the current base rate. The forecasted loss ratio is equal to the projected 2011 loss ratio times overall expected trend. The projected target loss ratio is equal to the 2010 target loss ratio adjusted for estimated PPCA allowed expenses.

Example: Proposed Base Premium Rate Development, PPO 1500, California

	2011 Latest Estimated Loss Ratio, CA	77.1%
x	<u>2012 Projected Medical Trend (12%)</u>	<u>1.12</u>
=	2012 Projected Loss Ratio w/o Premium Increase	86.4%
÷	2012 Target Loss Ratio	70.9%
	<u>Actual / Expected Ratio</u>	<u>1.218</u>
x	<u>2011 Base Rate for PPO 1500</u>	<u>\$236.02</u>
=	2012 Base Rate for PPO 1500	\$287.47

Rating for Couple, Parent/Child, and Family Contracts

Premium rates for new Couple, Parent/Child, and Family contracts in all states will be determined consistent with the methodology discussed in SERFF filing AETN-126725759, in the District of Columbia. The rates for these contracts are calculated as the sum of the individual member rates. We expect that the States of California and Illinois will migrate to the new rating methodology by January 1, 2012. To the extent that this is delayed, these states will continue to be rated as described in the next paragraph until such time they migrate to the new system.

Except for State of California, premium rates for existing business sold on our previously filed and approved age/gender/tier structure rate tables are determined consistent with the methodology filed in SERFF AETN-126841694. For State of California, the methodology is the same but the assumption of number of dependents is gender neutral. Exhibit E displays the number of dependents assumed at each age for State of California and all other states.

Underwriting and Premium Classes

Policy forms will be subject to medical underwriting. This filing proposes no changes to the general underwriting guidelines or our currently filed premium classifications discussed in our most recent rate filings.

In summary, premiums by plan are based on attained age, gender, and underwriting classification. We will issue policies at eleven different underwriting levels. The lowest underwriting level would represent our standard level.

We have developed underwriting guidelines, which determine which underwriting classification to place prospective members. These underwriting guidelines are based on the anticipated additional cost that would be attributable to the member’s known medical conditions. These additional costs are based upon the judgment of medical personnel of the likelihood and frequency of necessary treatment for the known medical conditions as well as the cost of that treatment.

The lowest underwriting level is our standard level, which is assigned a 0% rate-up. For the states that have converted to the new rating methodology, there will be ten additional underwriting levels comprised of rate-up factors ranging from 10% to 100%. Rate-up factors will be assigned in increments of 10% up to a rate-up of 100%. The final rate for the underwritten policy will be determined as the standard rate multiplied by (1 + rate-up-factor). If the migration to the new rating system is delayed for States of California and Illinois, then these states will use the total of three underwriting levels as described in SERFF filing AETN-126737878.

The underwriting classification will be assigned at the time the policy is issued, and will not be changed by Aetna if a member's health deteriorates after purchasing coverage. However, if the member applies to change their benefits, we will consider the member's medical condition at the time of the change request. If their health status at the time of the request warrants a different underwriting classification, then the member can accept the new coverage at the different underwriting classification or remain in their current coverage at their current underwriting classification.

Issue Age Limits

Policies will be issued to individuals through age 64.

Rate Stabilization Fund

The Aetna Essential Premier Health Insurance program is a retrospectively rated group trust arrangement issued to AARP Services Incorporated (ASI). The products available under this program are only available to members of the American Association of Retired Persons (AARP) and their dependents. The program has a Rate Stabilization Fund (RSF). The RSF serves as a buffer to smooth fluctuations in claims experience and to help maximize rate stability. Premiums are paid into the RSF, and expenses, including health plan benefit claims, are paid out of the RSF.

Effective Date

These changes will be effective on January 1, 2012.

Persistency

A persistency of 100% is assumed for this product.

Example of Premium Rate Development

Example 1: 55 year old single male, PPO 1500 (\$1,500 deductible), DC Rating Area 1, Original Effective Date February 1, 2010 (grandfathered)

[1]	\$246.38	Proposed Base Premium Rate – Existing Grandfathered, DC
[2]	x 2.0869	Age/Gender Factor – PPO 1500, Existing Business
[3]	x 0.9820	Area Factor (DC Rating Area 1)
	=	\$504.92

With rounding to the nearest dollar, a 55 year old single male would receive a rate of \$505.

Example 2: 55 year old single male, PPO 1500 (\$1,500 deductible), DC Rating Area 1, Original Effective Date May 1, 2011 (non-grandfathered)

[1]	\$248.59	Proposed Base Premium Rate – Existing Non-Grandfathered, DC
[2]	x 2.0869	Age/Gender Factor – PPO 1500, Existing Business

$$\begin{array}{rcl}
 [3] & \times & 0.9820 \quad \text{Area Factor (DC Rating Area 1)} \\
 & & =\$509.44
 \end{array}$$

With rounding to the nearest dollar, a 55 year old single male would receive a rate of \$509.

Example 3: 55 year old single male, PPO 1500 (\$1,500 deductible), DC Rating Area 1, New Business

$$\begin{array}{rcl}
 [1] & & \$270.73 \quad \text{Proposed Base Premium Rate – New Business, DC} \\
 [2] & \times & 2.0295 \quad \text{Age/Gender Factor – New Business} \\
 [3] & \times & 0.9820 \quad \text{Area Factor (DC Rating Area 1)} \\
 & & =\$539.56
 \end{array}$$

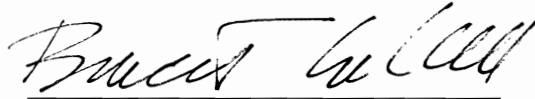

With rounding to the nearest dollar, a 55 year old single male would receive a rate of \$540.

The premium rate development for the other states is given in the appendix.

Resulting Premium Rates

A schedule of proposed rates for the District of Columbia is attached to this memorandum in Exhibit F. This schedule includes three sets of rates, one each for grandfathered business (original effective dates prior to March 23, 2010), non-grandfathered business (original effective date between April 1, 2010 and October 1, 2010) and new business issued on or after October 1, 2010.

I, Bruce T. Campbell, am a member of the American Academy of Actuaries and am qualified in the area of health insurance. I certify that, to the best of my knowledge and judgment, the entire rate filing is in compliance with the applicable laws of the District of Columbia and with the rules of the Department of Insurance, and complies with Actuarial Standard of Practice No. 8, "Regulatory Filings for Health Plan Entities," as adopted by the Actuarial Standards Board, December 2005, which standard is hereby adopted and incorporated by reference, and that the benefits provided are reasonable in relation to the proposed premiums.

Bruce T. Campbell, FSA, MAAA

Subject: Aetna Life Insurance Company, NAIC No. 00160054
Policy Form GR-9N
Aetna Filing # DC-2012-01-AARP-HCR

Dear Mr. Nkojo:

Enclosed is Aetna's rate filing for the medical form referenced above. This filing represents revised premium rates for Aetna's Essential Premier Health Insurance plans, with premium rates increased for annual medical cost trend. The rates in this filing are effective for new business sold on or after January 1, 2012 and existing business renewing on or after January 1, 2012.

Aetna's Essential Premier Health Insurance plans are available only to members of the American Association of Retired Persons (AARP), and are co-branded with AARP.

This submission includes the following:

- Cover Letter
- Actuarial Memorandum
- Exhibit A (Experience)
- Exhibit B (Age/Gender Factors)
- Exhibit C (Area Factors)
- Exhibit D (Base Rates)
- Exhibit E (Number of Dependents Assumption)
- Exhibit F (DC Rate Tables)

If you have any questions regarding this filing, please do not hesitate to contact me at the address or telephone number shown above. We trust that you will find everything in order, and we look forward to your response.

Sincerely,

A handwritten signature in cursive script that reads "Donna Nezames".

Donna Nezames
