For the Fiscal Year Beginning

October 1, 2013

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2013. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the fourteenth in the history of the District of Columbia.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Transmittal Letters

VINCENT C. GRAY
MAYOR

August 7, 2014

The Honorable Barack H. Obama
President of the United States
1600 Pennsylvania Ave, NW
Washington, D.C. 20500

Dear Mr. President:

On behalf of the residents of the District of Columbia, I am pleased to submit to you the District of Columbia Fiscal Year 2015 Budget and Financial Plan entitled *Keeping the Promises*.

This proposal is the District of Columbia's nineteenth consecutive balanced budget. As you know, the District's economy is experiencing a continuing economic recovery, with more than 34,000 private sector jobs created over the past three years and an unemployment rate that has decreased by three-and-a-half-points -- the lowest unemployment rate we have seen in more than five years. These results have been achieved while still maintaining fiscal responsibility and prudent financial management. During the last three years, we have insisted on structurally balanced budgets, in which we spent only what we brought in, even when it meant making tough political choices. As a result, we have posted three straight years of budget surpluses and have rebuilt the District's Fund Balance to the highest level in its history -- \$1.75 billion.

To support our growing population and continue building a more prosperous, equitable, safe, sustainable city for all, our proposed budget continues to provide investment to build on our economic successes while at the same time harnessing our increasing prosperity to build a stronger, more inclusive city for everyone. The document also includes hard choices that were required to build a fiscally sound budget and financial plan. Our intention was to strike a balance to maintain government services while meeting our economic goals. In this spirit, we are proposing enhancements that include:

- \$79 million in new funding for affordable housing initiatives within the Housing Production Trust Fund between Fiscal Years 2014 and 2015;
- \$117 million in additional funding for public education to tackle the unacceptable achievement gap that persists despite the fact that District students are improving faster than those from any other state in the nation; and
- \$434 million for public schools modernization in Fiscal Year 2015.

The District of Columbia faces significant roadblocks to the implementation of its budget because of continued difficulties in Congress regarding the passage of annual Federal appropriations bills and some members' persistent attempts to impose riders to those bills that limit Home Rule in the District of Columbia. Your continued support of budget autonomy for the District is vital to our efforts, and we were gratified that you included language in your budget requesting that Congress act to remove the District of Columbia from the appropriations process. As you know, the District of Columbia raises over 70 percent of its budget in local funds, and it is a travesty of democracy that we are not allowed to utilize those funds without Congressional action.

Mr. President, we also want to extend our sincere appreciation for your support of legislative autonomy for the District of Columbia in your Fiscal Year 2015 budget submission, a goal we have worked hard to achieve since taking office. The District of Columbia is home to more than 647,000 residents who lack the basic right of representative governance. I pledge to work with you, leadership of both the House and Senate, and our allies to achieve the autonomy the District deserves.

I look forward to prompt and favorable Federal consideration of the District of Columbia's Fiscal Year 2015 Budget and Financial Plan.

Sincerely,

A handwritten signature in black ink that reads "Vincent C. Gray". The signature is written in a cursive style with a large, stylized initial "V".

The Honorable Barack H. Obama
President of the United States
1600 Pennsylvania Avenue, NW
Washington, DC 20500

Dear Mr. President:

On behalf of the residents of the District of Columbia, I submit to you the District of Columbia Fiscal Year 2015 Budget and Financial Plan, the District's 19th consecutive balanced budget.

The Fiscal Year 2015 Budget and Financial Plan demonstrates the District's ongoing commitment to ensuring the District remains inclusive, progressive, and competitive by continuing and expanding investments in tax relief, the social safety net, equitable education funding, and sustainable infrastructure investments.

The District of Columbia is a dynamic and rapidly growing city - one that looks very different than it did 20 years ago. As such, this budget enacts major revisions to the District's tax code to make it more progressive, broad, and fair to District residents and businesses. The budget implements a framework that will provide significant low and moderate income tax relief starting on January 1, 2015. Within the next 3 to 5 years, and contingent upon the District's continued revenue growth, District residents and businesses will enjoy considerable tax relief through adjustments to personal income taxes, the estate tax, business taxes, and sales taxes.

As a result of the budget, most District residents will ultimately save between \$400-800 per year in taxes, and District businesses will see their tax bills reduced by 17%. These reforms represent the implementation of the majority of the blue-ribbon Tax Relief Commission established in 2011 and ably headed by former Mayor Anthony Williams.

The Fiscal Year 2015 Budget and Financial Plan also addresses key threats to the wellbeing of District residents, including the ongoing family homelessness and affordable housing crises, the crippling effect of chronic diseases, and the health and mental needs of

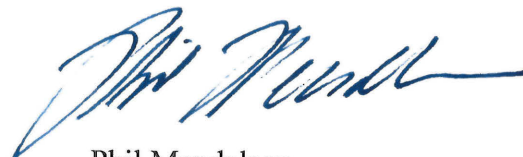

District youth. As evidenced by this past winter's rise in the number of families seeking shelter, this budget continues to make significant investments in preventing, treating, and ending homelessness. To address these goals and the growing problem of family and individual homelessness, the District invested resources in related safety net programs that provide financial resources to stabilize families and keep them from becoming homeless.

This budget reflects the District's commitment to improving public education for all District children. The Council of the District of Columbia strongly believes that adequate funding for public education is imperative to improving social outcomes for youth across the city. In an effort to achieve this, we are providing additional funding to schools with at-risk students to provide critical services to support these students. As always, the District continues to be a leader in investments in viable infrastructure and environmental preservation that encourages and supports the District's long-term economic and population growth.

This year's transmittal of the budget is somewhat unusual, in that the procedure for transmittal is adjusted in the event of the Council's override of a Mayoral veto. This year, Mayor Gray elected to use his line-item veto authority, as provided under the Home Rule Act, to strike certain items and provisions from the budget as passed by the Council. On July 14, 2014, the Council reenacted the vetoed items and provisions. The Home Rule Act requires that in such a situation, the Chairman of the Council shall transmit the reenacted budget to the President, and, thus, I have the honor of addressing you in this letter.

As always, I appreciate your continued support for budget autonomy in the District of Columbia and look forward to prompt and favorable federal consideration of the District's Fiscal Year 2015 Budget and Financial Plan.

Sincerely,

A handwritten signature in blue ink, appearing to read "Phil Mendelson", with a long horizontal flourish extending to the right.

How to Read the FY 2015 Proposed Budget and Financial Plan

The District of Columbia's FY 2015 Proposed Budget and Financial Plan is a communication tool that presents and explains policy priorities, agency operations, including programmatic/organizational structures, and performance measures in the context of the Financial Plan, which shows the District's sources of revenue and planned expenditures. The Budget and Financial Plan includes forecasts of economic and financial conditions, current and planned long-term debt financing, policy decisions, and other important financial information for the District's government, all of which are essential elements for accurate financial reporting and sound management of public resources.

This chapter, How to Read the Budget and Financial Plan, is a guide for understanding the sections of this budget volume that define the budget priorities for the District. These sections are consistent with the National Advisory Council on State and Local Budgeting's recommended budget practices, which call for a presentation of information to provide readers with a guide to government programs and organizational structure. Additionally, these sections are consistent with the standards of the Government Finance Officers Association for the Distinguished Budget Presentation Award.

The FY 2015 Budget and Financial Plan is presented in six volumes summarized as follows:

Executive Summary (Volume 1) - provides a high-level summary of the budget and financial information, including sections describing new initiatives within the District's proposed budget, the transmittal letters from the Mayor and the Chairman of the Council, the District's five-year financial plan, detailed information on the District's projected revenues and expenditures, and summary information about the Capital Improvements Plan. In addition, this volume includes information about the District's budgetary and financial management policies, grant match and maintenance of effort, a glossary of budget terms, budget summary tables by agency and fund type, and the Budget Request Act legislation that serves as the basis for the District's federal appropriations act.

Agency Budget Chapters (Volumes 2, 3, and 4) - describes, by appropriation title, the operating budgets for each of the District's agencies. Appropriation titles categorize the general areas of services provided by the District on behalf

of its citizens and are listed in the table of contents. Examples are Economic Development and Regulation, Public Education System, and Human Support Services.

Operating Appendices (Volume 5) - includes detailed supporting tables displaying the proposed expenditures and full-time equivalents in the operating budgets that are described in Volumes 2, 3, and 4. Please note: This volumes is available exclusively on the Government of the District of Columbia website at <http://cfo.dc.gov/>.

Capital Improvements Plan (Including Highway Trust Fund) (Volume 6) - describes the District's proposed six-year Capital Improvements Plan for all of the District's agencies. The Highway Trust Fund describes the District's proposed FY 2015 to FY 2020 planned transportation projects including federal highway grants.

Detailed information on the chapter contents of each volume include:

Volume 1: Executive Summary

Includes the following sections:

Introduction: FY 2015 Proposed Budget and Financial Plan

This chapter is a narrative and graphic summary of the proposed budget and financial plan. It describes the overall proposed budget, including the sources and uses of public funds, and compares the prior year's approved budget to the current one. The chapter also explains the budget development process and budget formulation calendar for FY 2015.

Financial Plan

The Financial Plan summarizes planned revenues and expenditures from FY 2015 through FY 2018. This chapter includes financing sources, uses, and the assumptions used to derive the District's short-term and long-term economic outlook.

Revenue

This chapter shows current revenue projections for each revenue type as certified by the Office of the Chief Financial Officer. It also details the District's revenue sources, provides an overview of the District's and regional economy and economic trends, and the revenue outlook from FY 2015 through FY 2018.

Operating Expenditures

This chapter describes the District's recent Local funds expenditures. It includes analysis of expenditures between FY 2010 and FY 2013, both by agency and by expense category, e.g. personnel, supplies, and fixed costs.

Capital Improvements Plan (CIP)

This chapter describes the overall CIP, including the sources and uses of Capital funds.

Appendices

The last section of the Executive Summary includes explanations of specific items to the District's budget:

- The D.C. Comprehensive Financial Management Policy provides a framework for fiscal decision-making by the District to ensure that financial resources are available to meet the present and future needs of District citizens;
- The Glossary of Budget Terms section describes unique budgeting, accounting, and District terms that may not be known by the general reader;
- The Basis of Budgeting and Accounting section describes the basis of budgeting and accounting, enabling the readers to understand the presentation methods of the District's finances;
- The Fund Structure and the Budget section relates the District's fund structure to its budget presentation.
- The Grant Match and Maintenance of Effort section includes a table by agency and grant number that provides the required grant match and maintenance of effort contributions for federal and private grants received by the District;
- The Current Services Funding Level (CSFL) Development section describes how the CSFL was developed for the Local funds budget;
- The Summary Tables detail the District's proposed operating budget by agency and fund type for both budgeted dollars and positions; and
- The Budget Request Act is the legislation that the District uses to enact the District's budget via local law, and serves as the basis for the District's federal appropriations act to be enacted into law by the United States Congress and the President through the federal appropriations process.

Volumes 2, 3, and 4: Agency Budget Chapters - Part I, II, and III

These volumes include agency chapters that describe available resources, their uses, and the achieved and anticipated outcomes as a result of these expenditures. Chapters in these volumes are grouped by appropriation title and each chapter contains the following sections, as applicable:

Header Information:

- Agency name and budget code;
- Website address and telephone; and
- FY 2015 proposed operating budget table.

Introduction:

- Agency Mission; and
- Summary of Services.

Financial and Program Information:

- Proposed Funding by Source table;
- Proposed Full-Time Equivalents by Source table;
- Proposed Expenditure by Comptroller Source Group table;
- Division/Program descriptions;
- Proposed Expenditure by Division/Program table;
- FY 2015 Proposed Budget Changes;
- FY 2014 Approved Budget to FY 2015 Proposed Budget reconciliation table;
- Agency Performance Plan Objectives; and
- Agency Performance Measures table.

FY 2015 Proposed Budget Changes

The FY 2015 Proposed Budget Changes section within each agency chapter provides a comprehensive explanation of the FY 2014 Approved Budget to FY 2015 Proposed Budget, by Revenue Type table that appears in nearly every chapter. The following are descriptions of the calculations done for the specific assumptions applied to certain categories within one particular agency or within specific groups of agencies. Please see the Current Services Funding Level (CSFL) Development appendix in this volume for more information about the CSFL methodology.

- **Recurring Budget Items:** Where applicable, recurring budget items were identified to adjust specific expenditure items.
- **Fixed Cost Inflation Factor:** The fixed costs for the FY 2015 CSFL were derived from cost estimates provided by the Department of General Services (DGS). Additionally, the Office of Finance and Resource Management (OFRM) and the Office of the Chief Technology Officer (OCTO) will centrally manage certain costs within their agency budgets.
- **Medicaid Growth Factor:** The Medicaid growth factor for the cost of health care services in the District, provided by the Department of Health Care Finance (DHCF) and the public provider agencies, fluctuated based on the prevailing conditions of the economy and changes in the federal government's Medicaid policy. Based on the 4.4 percent growth factor provided by DHCF, OBP calculated baseline funding for Medicaid in the FY 2015 CSFL.
- **Student Funding Formula Inflation Factor:** The funding formula was adjusted by the 2.0 percent Consumer Price Index (CPI) factor to account for the inflationary costs that are generally associated with educating students in the District of Columbia Public Schools and Public Charters Schools.
- **Debt Service Adjustments:** Projected adjustments were provided by the Office of Finance and Treasury.
- **Operating Impact of Capital:** Projected adjustments to reflect the budgetary impact of completed capital projects.
- **Other Adjustments:** These adjustments were unique to a particular agency and did not meet the criteria of the other adjustment scenarios.

This section includes major changes within the agency budget by program, fund, and full-time equivalents, from the initial request through the policy decisions made by the Mayor. The FY 2015 Proposed Budget Changes section uses the following terms to describe budgetary or programmatic changes:

I. Actions with an impact on services:

- **Enhance:** More funding to improve the quality or quantity of an existing service (e.g., Funding to support the new DMV service center in Georgetown).
- **Reduce:** Reduction, but not elimination, of an existing service (e.g., Close Brentwood Service Center and provide services at other DMV locations; Realign staffing in the Fleet Management division).

II. Actions with no service impact

- **Increase:** Additional funds necessary to continue service at current levels (e.g., Fund recurring operating cost of Automated Traffic Enforcement).
- **Decrease:** Reduction in cost without a service impact (e.g., Align energy budget with revised DGS estimate).
- **Transfer-In:** Shift of an existing program or operation from another District agency (e.g., Transfer the Central Cell Block Security activity from MPD to DOC).
- **Transfer-Out:** Shift of an existing program or operation to another District agency (e.g., Transfer APRA division from DOH to establish DBH).
- **Shift:** Shift an existing program or operation from one Fund type to another (e.g., Shift from Special Purpose Revenue to Local funds to support telecommunications for the D.C. Lottery).

- **Technical Adjustment:** An increase or decrease to the budget that is required because of a legislative mandate and/or to correct an error/omission.
- **No Changes:** The agency has no changes in funding and/or budget structures from FY 2014 to FY 2015.

An example of an agency narrative is at the end of this chapter to help the reader navigate the Agency Budget Chapter volume. The example shows an agency with a performance plan. Callout boxes highlight the features discussed above.

Volume 5: Operating Appendices

This volume provides supporting tables to each agency's proposed operating budget. The tables generally include FY 2013 actual expenditures, the FY 2014 approved budget, the FY 2015 proposed budget, and the change from FY 2014 to FY 2015 (unless noted). The following tables are provided:

Schedule 30-PBB - dollars summarized by program, activity, and governmental fund (governmental fund break-out is for FY 2015 only and includes general fund detail);

Schedule 40-PBB - dollars summarized by program, comptroller source group, and governmental fund;

Schedule 40G-PBB - dollars summarized by program, comptroller source group, and appropriated fund within the General Fund;

Schedule 41 - dollars and FTEs summarized by comptroller source group and governmental fund;

Schedule 41G - dollars and FTEs summarized by comptroller source group and appropriated fund within the General Fund; and

Schedule 80 - dollars and FTEs summarized by appropriated fund, with specific revenue source (for the FY 2015 Proposed Budget only).

Volume 6: Capital Improvements Plan (Including Highway Trust Fund)

This volume covers the District's FY 2015 - FY 2020 Capital Improvements Plan (CIP) and the Highway Trust Fund. The capital volume includes:

- An **Introduction** chapter that describes the overall CIP, including the sources and uses of capital funds, the District's policies and procedures for its capital budget and debt, and the FY 2015 planning process;
- **Project Description Forms** that comprise the major portion of the capital volume. The project description forms provide details on capital projects funded by general obligation bonds, pay-as-you-go (Paygo) capital, the Master Equipment Lease program, and the Local Street Maintenance Fund. Each page shows one subproject's planned allotments for FY 2015 through FY 2020, including a description, its annual operating impact, milestone data, and its location; and
- **Appendices** that provide supporting tables and a glossary about the District's capital budget, including:
 - The **FY 2015 Appropriated Budget Authority Request** table that summarizes proposed new projects and changes (increase or decrease) for ongoing projects by agency, subproject, and funding source;
 - The **FY 2015 - FY 2020 Planned Expenditures from New Allotments** table that summarizes the new allotments' planned FY 2015 - FY 2020 expenditures by agency, project, and subproject;
 - The **FY 2015 - FY 2020 Planned Funding** table that summarizes the FY 2015 and six-year funding sources for all new allotments by agency, subproject, and funding source;

- The **Capital Budget Authority and Allotment Balances** table that summarizes the lifetime budget authority and allotment, life-to-date expenditures, total commitments, and balance of budget authority and allotment for all ongoing capital projects by agency, project, and authority (District versus federal);
- The **Capital Project Cost Estimate Variances** table displays changes of 5 percent or greater to project costs since the FY 2014 Budget;
- FY 2014 year-to-date budget actions; and

The mission of the Office of the Chief Technology Officer (OCTO) is to direct the strategy, deployment, and management of District government technology with an unwavering commitment to Information Technology excellence, efficient government, residents, businesses, and visitors.

This section describes the agency's mission and purpose.

Summary of Services

OCTO is the central technology organization of the District of Columbia Government. OCTO develops, implements, and maintains the District's technology infrastructure; develops and implements major enterprise applications; establishes and oversees technology policies and standards for the District; provides technology services and support for District agencies, and develops technology solutions to improve services to residents, businesses, and visitors in all areas of District government.

Combining these services into a customer-centered, mission-driven organization is the responsibility of the Office of the Chief Technology Officer. Department performance is measured by functional division.

The agency's FY 2015 proposed budget is presented in the following table:

A Summary of Services is a concise explanation of the agency's key functions.

Division Description

The Office of the Chief Technology Officer op

Application Solutions – provides innovative, efficient, and cost-effective application development for the District government and District residents. This division applies standard application development practices to guarantee on-time and on-budget delivery of both custom-built and some selected standard, off-the-shelf software packages.

This division contains the following 9 activities:

- **Application Implementation** – provides project management, application development, application implementation, technical consultations, and application maintenance and support for District agencies to enhance information flow and responsiveness to citizens and to make government more efficient;
- **Web Maintenance** – establishes, maintains, and implements standards, guidelines, policies, and procedures for maintaining the DC.Gov web portal, which has over 100 District agency websites and is visited over 25 million times a year by District residents, businesses, and visitors. The team creates new websites every year for District agencies and provides centralized content management and fee-for-service webmaster support for District agencies;

- **Filenet** – centralizes IT infrastructure support for the various electronic and paper records throughout the District. It provides system administration, maintenance, and application support for agencies using Filenet and Kofax applications. It is a repository for electronic content;
- **Applications Quality Assurance** – implements industry best practices for independent software and system testing for District government agencies. The team utilizes various testing tools and provides a wide range of testing services including functional testing, regression testing, integration testing, performance and load testing to ensure application software and systems conforming to the required specifications and business requirements for high quality functionality and performance;
- **DMV Application Solutions** – provides system development, maintenance, and new functional enhancements for Department of Motor Vehicles’ (DMV’s) business applications, which support vehicle registration, driver’s license/identification cards, dealer tags, residential parking permits, insurance verification, adjudication, and law enforcement services with on-site and back-office services, the DMV web portal, and mobile application development;
- **D.C. Geographic Information System** – provides system development, maintenance, and new functional enhancements for District government agency staff within public safety, city planning and operations areas. Maintaining and enhancing geographic information system applications (and other customer services) improves the application of geospatial data for public safety services through the application of geospatial technologies. The system provides a centralized hub for sharing geospatial data freely and securely while ensuring privacy and security protections;
- **Procurement Application Services** – maintains and enhances the District’s procurement system (including the District of Columbia Public Schools); and delivers a centralized workflow for the procurement function of the District government;
- **Human Resource Application Services** – operates the Human Capital Management technology used by all District employees and the D.C. Department of Human Resources (DCHR). Maintains and upgrades the system and delivers new functionality as needed to expand and enhance the human resources management and payroll system that serves all District employees; and
- **Data Transparency and Accountability (Citywide Data Warehouse)** – collects, analyzes, and publishes government data for easy consumption for both the government and the general public. This program operates a series of applications and data reporting services as a centralized hub for the exchange of citywide data; specialized data sets requested by agencies; and web-accessible “transparency data” on government operations for the public, the Office of the City Administrator, and District agencies.

This indicates the specific programs (or divisions) and activities within an agency. It contains detailed descriptions of their purpose and how they contribute to the lives of District residents and visitors.

Program Management Office – provides management, business consulting services, and business application support to agencies to effectively develop and maintain new technology applications and improve service delivery through effective integration of technology solutions.

This division contains the following 3 activities:

- **Agency Technology Oversight and Support** – consists of multiple management and program management type functions, including agency relationship management and business services, project management, and enterprise contracts. The agency relationship management function acts as the point of contact between all agencies and OCTO and enhances District technology projects with partnership across agency Information Technology (IT) representatives to ensure IT project alignment, cost efficiency, and success. The project management function provides review and approval of IT projects as part of the Project Initiation Phase and during the project life cycle to improve the quality, consistency and performance of IT projects. The enterprise contract function reviews District-wide technology contracts for cost avoidance opportunities;

(Continued on next page)

This table provides an overall budgeted funding level and number of approved FTEs for the FY 2013 actuals, the FY 2014 approved budget, and the FY 2015 proposed budget for specific programs (or divisions) and activities.

FY 2015 Proposed Budget Changes

The Office of Chief Technology Officer's (OCTO) proposed budget represents a 7.9 percent increase over its FY 2014 approved budget, comprised of \$56,268,281 in Local funds, \$13,847,539 in Special Revenue funds, and \$1,000,000 in Intra-District funds.

The FY 2015 Proposed Budget Changes section provides a comprehensive explanation of Table 5; it includes major internal changes within the budget including CSFL changes, changes to the initial adjusted budget, and policy initiatives.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds budget that represents the amount of funding available to operating District agencies, before consideration of policy decisions. The CSFL is calculated by taking the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCTO's FY 2015 CSFL budget is \$56,393,204, which represents an \$8,556,503, or 17.9 percent, increase over the FY 2014 approved Local funds budget of \$47,836,701.

In FY 2015, an explanation of Current Services Funding Level (CSFL) changes is presented separately within the budget. For more detail on the CSFL, please see the appendix in this volume.

CSFL Assumptions

The FY 2015 CSFL calculated for the District is presented in table 5. These adjustments include one-time funding appropriated in FY 2014 to develop and implement the Sustainable Funding Initiative. Additionally, adjustments were made for increases of \$1,474,178 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$552,291 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. OCTO's CSFL funding for the removal of one-time salary lapse reflects an increase of \$618,000 to account for a one-time adjustment of personal services costs in FY 2014 based on projected salary lapse savings. Additionally, adjustments were made for an increase of \$7,945,000 to account for the Operating Impact of Capital and an increase of \$307,200 to prepare a cost-driver analysis for the District.

Agency Budget Submission

Increase: In Local funds, OCTO proposes an increase of \$100,973 primarily due to the reallocation of nonpersonal services to reflect the agency's programmatic goals. Additionally, increases are budgeted for \$53,704 to support the proposed Telephone, Telegraph, Telegram, etc. estimate, and \$19,004 and 0.1 FTE in personal services to support salary step increases and an adjustment for split funding. In Special Purpose Revenue funds, OCTO proposes an increase of \$74,790 in personal services to support salary step increases in the Shared Infrastructure Services division.

OCTO's FY 2015 proposed Intra-District funds budget increased by \$3,363,294, primarily due to an increase in Contractual Services for the Memorandum of Understanding (MOU) with the District of Columbia Public Schools (DCPS) and the citywide MOU for the information technology assessments. Additionally, the agency increased personal services by \$694,714 to support the MOU across the District, and nonpersonal services were increased by \$2,668,580 in the Shared Infrastructure Services divisions, to align with the MOU.

This section describes the changes made to an agency during the overall budget formulation process by fund and by program (or divisions).

Decrease: In Local funds, a decrease of \$173,677 was proposed for software licensing. OCTO's proposed FY 2015 Federal Grant funds budget was decreased by \$985,017 to reflect the completion of several grant-funded projects. In addition, the agency's proposed Special Purpose Revenue funds budget was decreased by \$2,561,374, in anticipation of receiving less revenue from independent agencies to support the PeopleSoft program.

In Intra-District funds, OCTO proposes a nonpersonal services decrease of \$649,560 across multiple divisions, mainly in Other Services and Charges, primarily due to projected savings on hardware and software maintenance. Additionally, the budget reflects a decrease of \$1,237,000 in the Shared Infrastructure Services division for reductions to the Telephone, Telegraph, Telegram, etc. budget by \$1,200,000 and Rentals - Land and Structures budget by \$37,000. This adjustment is based on the discontinuation of payments from OCTO's DC-Net program to the Verizon Customer Contract, known as 'PRI', due to the anticipated completion of the network conversion of the public transport medium, which is scheduled to begin prior to the beginning of FY 2015. The reduction in rent costs is due to previously used storage space that will no longer be needed in FY 2015.

Technical Adjustment: In FY 2015, OCTO will support the costs associated with the Freedom of Information Act (FOIA) Express system. These funds were allocated to the Information Solutions division for \$114,391. The Shared Infrastructure Services division to support the Freedom of Information Act (FOIA) Express maintenance cost for hosting the application on the agency's servers. The FOIA Express system is designed to streamline the delivery of public information requests.

Describes policy changes that are the result of proposed cost-saving initiatives, transfers of funding or function from one agency to another, and other budget changes.

increase of \$1,590,077 to support other related services. The Shared Infrastructure Services division to support the Freedom of Information Act (FOIA) Express maintenance cost for hosting the application on the agency's servers. The FOIA Express system is designed to streamline the delivery of public information requests.

Mayor's Proposed Budget

Reduce: The Local funds budget includes a reduction of \$600,000 to account for the one-time removal of funding for personal services costs in FY 2015 based on projected salary lapse savings.

District's Proposed Budget

Reduce: In Local funds, OCTO's budget includes a reduction of \$382,020 to reflect an adjustment in personal services costs based on the removal of three vacant positions (2.5 FTEs). To achieve greater savings, the agency eliminated \$732,980 in its Contractual Services budget across multiple programs to account for efficiencies in technological services.

How to Read the Agency Chapters

The agency chapters describe available resources for an agency, how the agency will spend them, and the achieved and anticipated outcomes as a result of these expenditures. For a detailed explanation of the fiscal tables and narrative sections, please see the “How to Read the Budget and Financial Plan” chapter in *Volume 1: Executive Summary*.

Each chapter contains the following, if applicable:

The first page of each agency chapter displays the agency name and budget code, website address, and telephone number. The page also shows a table that contains the agency’s gross funds, or total operating budget. The table shows the Fiscal Year (FY) 2013 actual expenditures and Full-time Equivalents (FTEs); the FY 2014 Approved budget and FTEs; the FY 2015 Proposed budget and FTEs; and the percent change from the previous year for the budget and FTEs. Lastly, this page typically contains the agency mission statement and a summary of its services.

Subsequent pages reflect agency fiscal and programmatic levels and changes. The information varies by agency but typically contains the following financial tables and narrative sections:

- ***Proposed Funding by Source table*** displays the agency FY 2012 and 2013 actuals, the FY 2014 Approved, and the FY 2015 Proposed dollars by fund type.
 - ***Proposed Full-Time Equivalents table*** shows the agency FY 2012 and 2013 actuals, the FY 2014 Approved, and the FY 2015 Proposed FTEs by fund type.
 - ***Proposed Expenditure by Comptroller Source Group (CSG) table*** identifies the gross fund changes by CSG, which is a type of budgetary classification that identifies category spending within personal services (personnel costs, such as salaries and fringe benefits) and nonpersonal services (operational costs, such as contracts, supplies, and subsidy payments).
 - ***Proposed Operating Budget and FTEs, by Division/Program and Activity table*** shows the gross fund changes by dollars and FTEs. The Division/Program descriptions section that precedes this table explains the purpose of the divisions/programs and activities funded in the FY 2015 Proposed budget.
 - ***FY 2014 Approved Budget to FY 2015 Proposed Budget reconciliation table*** shows the FY 2015 Proposed budget and FTE changes, by division or program, from the FY 2014 Approved budget. This table also includes a brief description of the change. A detailed narrative of the changes is found in the FY 2015 Proposed Budget Changes section that precedes this table.
 - ***Agency Performance Plan Objectives*** and the accompanying Agency Performance Measures table show the agency-level plan that contains the agency’s mission, summary of services, objectives, initiatives, and performance measures for a set period of time. For some agencies, the initiatives and performance measures are grouped by division/program.

Program Description

The Council of the District of Columbia operates through the following 4 programs:

Council Administration – provides administrative support and technical expertise to the Council of the District of Columbia through the Council Fixed Costs Account and Council Benefits activities, which provide funding for all Council-wide Fixed Costs and Fringe Benefits, respectively.

Council Central Offices – provides administrative support and technical expertise to the Council of the District of Columbia.

This program contains the following 4 activities:

- **Secretary to the Council** – serves as the Chief Administrative Officer; provides records of Council actions including the filing of bills and proposed resolutions, amendments to bills and resolutions, and requests for hearings, committee reports, and other records and reports assigned by the Rules, the Council, or the Chairman; and proposes and administers the fiscal year budget of the Council;
- **General Counsel** – provides advice to the Council on matters of parliamentary procedure, identifies legislative problems, provides members with alternatives in terms of policy options to solve those problems, represents the Council in any legal action to which it is a party, supervises the publication of the District of Columbia Official Code, prepares technical amendment and enactment bills, makes legislative drafting assistance available to all members, engrosses and enrolls measures, makes determinations about

the legal sufficiency of legislation, serves as the Ethics Counselor, and makes necessary technical and conforming changes in measures during enrollment;

- **Office of the Budget Director** – provides advice to Councilmembers on matters related to the budget including the development of annual and multi-year budgets and financial plans, reviews contracts and reprogramming actions, analyzes the fiscal impact of legislation, coordinates the submission of budget reports and the annual Budget Support Act, and provides the support needed for an efficient Council budget process; and
- **Office of Information Technology** – provides planning, acquisition, and maintenance support of information technology hardware and software for Council staff.

Councilmembers – provides for the budgets of the 13 elected Councilmembers of the District of Columbia. Eight of the elected Councilmembers represent identified Wards in the District, and the remaining five members, including the Chairman of the Council, are elected at-large.

This program contains the following 13 activities:

- The Chairman is the presiding and chief executive officer of the Council; and
- Each of the other 12 elected officials is under an activity defining the Ward represented or their position as an at-large representative.

Council Committees – includes the 10 committees of the Council of the District of Columbia. Much of the work of the Council of the District of Columbia is conducted by nine standing committees and the Committee of the Whole, which is chaired by the Chairman of the Council. Committees consider proposed legislation, analyze its fiscal impact, hold public hearings, and vote on legislative measures for action by the Council. Standing committees also conduct oversight hearings on the performance of agencies, government initiatives operation, and policy implementation.

This program contains the following 10 activities:

- Committee of the Whole, which includes all Councilmembers;
- Committee on Business, Consumer and Regulatory Affairs;
- Committee on Economic Development;
- Committee on Education;
- Committee on Finance and Revenue;
- Committee on Government Operations;
- Committee on Health;
- Committee on Human Services;
- Committee on Judiciary and Public Safety; and
- Committee on Transportation and the Environment

Program Structure Change

The Council of the District of Columbia has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Council of the District of Columbia's (Council) proposed FY 2015 gross budget is \$22,575,091, which represents a 7.4 percent increase over its FY 2014 approved gross budget of \$21,026,279. The budget is comprised of \$22,505,371 in Local funds and \$69,720 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Council's FY 2015 CSFL budget is \$22,255,367, which represents a \$1,298,808, or 6.2 percent, increase over the FY 2014 approved Local funds budget of \$20,956,559.

CSFL Assumptions

The FY 2015 CSFL calculated for the Council included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$1,231,308 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$67,500 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The Council's Local funds personal services budget increased by \$148,427 and 4.0 FTEs. This adjustment provides funding to support an analyst position in the Office of the Budget Director, a help desk position in the Office of Information Technology, and two positions to provide support within the Secretary to the Council. Additionally, this budget reflects changes in ongoing operational costs that include funding for Emancipation Day activities.

Decrease: In nonpersonal services, the Council's Local funds budget decreased by \$148,427 across multiple programs as an offset to the personal services increases. Specifically, the agency consolidated certain functions to better meet the needs of its constituents and reduce the costs associated with certain equipment and contract-related expenses.

Mayor's Proposed Budget

No Change: The Council of the District of Columbia's budget proposal reflects no change from the agency's budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: A one-time increase of \$500,000 in Local funds budget authority supports the creation of a Comprehensive Rail Plan. This plan would review the near and long-term impact of freight and passenger rail development through the District and recommend steps to coordinate individual rail projects to enhance rail service.

Transfer Out: The Council's budget reflects the transfer of \$250,000 in Local funds budget authority to the Executive Office of the Mayor (EOM) to support Emancipation Day activities.

Program Description

The Office of the District of Columbia Auditor operates through the following 2 programs:

Audit, Financial Oversight and Investigations – provides assistance to the Council of the District of Columbia in performing its oversight responsibilities; annually audits the accounts, operations, and programs of the District of Columbia government, pursuant to Section 455 of Public Law 93-198; and certifies revenue estimates in support of municipal bond issuances, pursuant to Section 603 of Public Law 93-198. Through this program, the agency is required by the Advisory Neighborhood Commissions Act of 1975, as amended, to provide financial oversight and management to the District government's 37 Advisory Neighborhood Commissions (ANCs) and to manage and administer the ANC Security Fund. The Office of the District of Columbia Auditor is also required (by various laws) to conduct 17 additional audits.

This program contains the following 2 activities:

- **Performance Compliance and Financial Audit** – conducts audits of the accounts, operations, and programs of the District of Columbia on a rotating basis and certifies revenue estimates in support of municipal bond issuances; and
- **Advisory Neighborhood Commissions Audit and Financial Oversight** – provides financial oversight and conducts audits of the financial activities of the District government's 37 ANCs.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of the District of Columbia Auditor has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of the District of Columbia Auditor's (ODCA) proposed FY 2015 gross budget is \$4,240,984, which represents a 0.8 percent decrease from its FY 2014 approved gross budget of \$4,275,981. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

ODCA's FY 2015 CSFL budget is \$4,565,984, which represents a \$290,003, or 6.8 percent, increase over the FY 2014 approved Local funds budget of \$4,275,981.

CSFL Assumptions

The FY 2015 CSFL calculated for ODCA included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$247,479 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$9,599 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

ODCA's CSFL funding for the Fixed Cost Inflation Factor reflects an adjustment for an increase of \$32,925 to account for an increase in the Occupancy Fixed Costs budget based on the estimates provided by the Department of General Services (DGS).

Agency Budget Submission

Increase: In nonpersonal services, Other Services and Charges in the Audit, Financial Oversight, and Investigations program was increased by \$33,003 to support the audit services provided to the District of Columbia Public Schools (DCPS).

Decrease: The personal services budget was decreased by \$33,003 due to several personal services adjustments. This decrease includes adjustments of \$25,644 in personal services costs and a net decrease of \$7,359 in Fringe Benefits, which are associated with the removal of 3.0 FTEs.

Mayor's Proposed Budget

No Change: ODCA's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: ODCA's nonpersonal services budget reflects a reduction of \$325,000 in the Audit, Financial Oversight, and Investigations program for the Public Education Reform Amendment Act (PERAA) study, which is scheduled to be completed in FY 2014.

FY 2015 Proposed Budget Changes

The Advisory Neighborhood Commissions' (ANC) proposed FY 2015 gross budget is \$924,012, which represents a 2.4 percent increase over its FY 2014 approved gross budget of \$902,378. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

ANC's FY 2015 CSFL budget is \$911,612, which represents a \$9,234, or 1.0 percent increase over the FY 2014 approved Local funds budget of \$902,378.

CSFL Assumptions

The FY 2015 CSFL calculated for ANC included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$5,000 to account for the removal of one-time funding appropriated in FY 2014 for Supplies and Materials. Additionally, adjustments were made for increases of \$14,234 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013.

Agency Budget Submission

Increase: The proposed budget includes an increase to Local funds of \$1,096 in Fringe Benefits to align the budget with projected salary costs.

Decrease: The proposed budget includes a decrease to Local funds of \$1,096 in nonpersonal services, primarily in Supplies and Materials, to absorb the proposed increases.

Mayor's Proposed Budget

Enhance: The Advisory Neighborhood Commissions' FY 2015 budget includes an overall increase in Local funds for \$12,400 in the Agency Management program, of which \$5,400 is to support required personal service obligations; \$5,000 is needed to procure necessary Supplies and Materials, and 2,000 is to support the agency's printing, internet service costs, and other programmatic needs.

District's Proposed Budget

No Change: The Advisory Neighborhood Commissions' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Program Description

The Executive Office of the Mayor operates through the following 7 programs:

Office of the Mayor – provides staff support to the Mayor in leading the government and community.

This program contains the following 7 activities:

- **Office of the Mayor** – provides leadership, strategic direction, and policy guidance to EOM, Deputy Mayors, and agencies;
- **Scheduling Unit** – processes scheduling requests and correspondence for the Mayor and provides oversight of the Mayor’s public engagements;
- **Office of Communications** – provides strategic communication directions, media relations, public information dissemination, agency communications review and coordination, government-wide communication standards, and guidance to and training opportunities for agency public information officers;
- **Office of Support Services** – provides operational support to the EOM, Deputy Mayors, the Office of the City Administrator, Criminal Justice Coordinating Council, Office on Latino Affairs, Office of Veterans’ Affairs, Office of Asian and Pacific Islander Affairs, Office of the Secretary, and Office of Risk Management;
- **Mayor’s Correspondence Unit** – responds to written correspondence sent to the Mayor in a timely, thoughtful, and helpful manner;
- **Office of the General Counsel** – advises the Mayor and other activities of the EOM without legal counsel on legal matters; and
- **Emancipation Day** - promotes, advocates, and supports Emancipation Day activities for the District of Columbia.

Office of Policy and Legislative Affairs – coordinates the policy decision-making process by offering policy analysis and advice to inform the implementation of the Mayor’s legislative and policy agenda. Responsibilities include Council relations, policy development, federal relations, and legislative support.

Office of Boards and Commissions – provides assistance to the Mayor in appointing citizens to boards and commissions by recruiting quality candidates, ensuring timely processing of appointments, and providing excellent customer service and support to each participant in the mayoral appointment process.

Office of Community Affairs – provides coordinated leadership and administrative support.

This program contains the following 9 activities:

- **Office of Community Relations and Services** – provides constituent support through accessibility and coordination by resolving neighborhood obstacles and complaints, improving delivery of scheduled services, distributing educational materials, and attending community meetings;
- **Office of African-American Affairs** – supports the activities of the Commission on African-American Affairs to address the concerns of African-American communities with low economic, education, or health indicators in the District;
- **Office of Partnership and Grant Services** – enhances the capacity of the District government and non-profit organizations to obtain and manage diverse resources through effective management and oversight of the government’s donation solicitation, grant development, and grant-making process;
- **Office of African Affairs** – provides constituent services and information to the African communities through programmatic activities and outreach material; serves as a liaison between the Mayor, African communities, and District government agencies; and briefs the Mayor and District government agencies about needs and interests of the African residents of the District of Columbia;

- **Commission on Women** – provides constituent services and information to women through programmatic activities and outreach materials; serves as a liaison between the Mayor, women, and District government agencies; and briefs the Mayor and District government agencies about the needs and interests of the women of the District of Columbia;
- **Office of Lesbian, Gay, Bi-sexual and Transgender Affairs (LGBT)** – provides constituent services and information to the LGBT communities through programmatic activities and outreach materials; serves as a liaison between the Mayor, LGBT communities, and District government agencies; and briefs the Mayor and District government agencies about the needs and interests of the LGBT residents of the District of Columbia;
- **Youth Advisory Council** – provides influence surrounding changes in legislation and policies that impact youth and develops youth and adult partnerships. The D.C. Youth Advisory Council (YAC) advises the Mayor, the District Council, the District of Columbia Public Schools, and other key District government decision makers;
- **Office of Religious Affairs** – provides constituent services and information to the religious community through programmatic activities and outreach materials; serves as a liaison between the Mayor, the religious community, and District government agencies; and briefs the Mayor; and
- **Commission on Fathers, Men, and Boys** – provides constituent services and information to the District’s fathers, men, and boys community through programmatic activities and outreach materials; serves as a liaison between the Mayor, fathers, men, and boys; and briefs the Mayor and District government agencies about the needs and concerns of the fathers, men, and boys population of the District of Columbia.

Mayor’s Office of Budget and Finance – advises the Mayor on financial and budgetary operations of the District government, assists the Mayor in the formulation of the annual operating and capital budgets for the District government, and monitors agency budget performance during the fiscal year.

Serve DC – The Mayor’s Office on Volunteerism – serves as the District of Columbia’s Commission on National and Community Service. The mission of the organization is to strengthen and promote the spirit of service through partnerships, national service, and volunteerism by coordinating regular and episodic volunteer opportunities, as well as serving as the nexus for all volunteer partnerships and related councils, coalitions, and commissions.

This program contains the following 3 activities:

- **Administration** – provides support for staff and initiatives of State Service Commissions to fulfill the agency’s mission and goals to expand volunteerism service in the District, which includes but is not limited to management of federal Corporation for National and Community Service grants;
- **AmeriCorps** – provides AmeriCorps programs to the District of Columbia and facilitates collaboration among all national service programs including AmeriCorps and National Civilian Community Corps; and
- **Outreach** – leads the community outreach components of the DC Citizen Corps initiative.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

FY 2015 Proposed Budget Changes

The Executive Office of the Mayor's (EOM) proposed FY 2015 gross budget is \$12,820,423, which represents a 6.0 percent increase over its FY 2014 approved gross budget of \$12,099,801. The budget is comprised of \$9,321,693 in Local funds, \$2,994,707 in Federal Grant funds, and \$504,023 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

EOM's FY 2015 CSFL budget is \$8,852,019, which represents a \$499,058, or 6.0 percent, increase over the FY 2014 approved Local funds budget of \$8,352,962.

CSFL Assumptions

The FY 2015 CSFL calculated for EOM included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$487,310 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$11,748 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: EOM proposes a Local funds budget that reflects an increase of \$115,814 in personal services, primarily in the Serve DC program, to cover the budget for an additional 1.4 Full-Time Equivalents (FTEs), as well as projected salary step and Fringe Benefit costs.

Decrease: The Local funds budget proposal for nonpersonal services reflects a net reduction of \$115,814, primarily due to adjustments in the Agency Management and Serve DC programs to offset personal services adjustments. In Federal Grant funds, the proposed budget reduces funding by \$54,809 and 0.4 FTE due to the expiration of the Disability and Program Development and Technical Assistance grants for Serve DC in FY 2014. The Intra-District funds budget proposal for the Serve DC program decreased by \$193,300, with a reduction of 2.1 FTEs due to a funding level change on a Memorandum of Understanding with the Homeland Security and Emergency Management Agency.

Mayor's Proposed Budget

Enhance: The Office of Community Affairs' Local funds budget was increased by \$125,800 and 1.0 FTE for the creation of a Statehood Commission Director in the newly created Office of Statehood Commission to support the activities of the 51st Statehood Commission to educate, advocate for, promote, and advance the proposition of statehood for the District of Columbia.

In addition, the Office of Community Affairs' Local funds budget was increased by \$125,800 and 1.0 FTE for the creation of an Executive Director of African-American Affairs for the newly created Office of African-American Affairs, to support the activities of the Commission on African-American Affairs to address the concerns of African-American communities with low economic, education, or health indicators in the District. Additionally, the Local funds budget reflects an increase of \$6,250 to maintain the existing grant program for the African community.

Transfer-Out: In an effort to simplify the reporting structure while increasing operational efficiency by eliminating interagency supervision, support services were consolidated in the Executive Branch with the transfer of \$375,431 and 5.0 FTEs, comprised of \$356,663 in personal services and \$18,768 in nonpersonal services, from the Office of the Mayor to the Office of the Secretary.

District's Proposed Budget

Enhance: The Office of Community Affairs' Local funds budget reflects an overall increase of \$463,055 and 5.0 FTEs. The increase includes \$195,475 for the newly created Commission on Fathers, Men, and Boys, of which \$145,475 is in personal services to support 2.0 new FTEs, a Director and an Administrative Assistant, and \$50,000 is in nonpersonal services. Additionally, the increase includes \$208,125 for the Commission on Women, of which \$158,125 is in personal services to support 2.0 new FTEs, a Policy Analyst and a Communications Assistant, and \$50,000 is in nonpersonal services. Furthermore, the increase includes \$59,455 and 1.0 FTE for the Office of African Affairs to provide translating services for the francophone community.

Transfer-In: The Office of the Mayor program received \$250,000 in Local funds from the Council of the District of Columbia to support Emancipation Day activities in fiscal year 2015.

Transfer-Out: The Local funds budget for the Office of Community Affairs decreased by \$125,800 and 1.0 FTE to support the newly created Statehood Initiative Agency.

Program Description

The Office of the Secretary operates through the following 7 programs:

International Relations and Protocol – provides liaison and outreach services to the diplomatic and international communities on behalf of the Mayor and local residents. This program is responsible for all international visitors to the District government, Sister City relationships, and relations between embassies and their neighbors.

Ceremonial Services – provides ceremonial document services to individuals, businesses, organizations, and government agencies so that they can have their activities and events recognized by the Mayor. Proclamations, greeting letters, and condolence letters are among the most requested documents.

Office of Documents and Administrative Issuances – provides technical, professional, and other legal services to the Mayor, District agencies, and the general public so that they can give and/or have official notice of all proposed and adopted legal mandates.

This program contains the following 2 activities:

- **D.C. Register** – provides review and technical assistance services to District executive and independent agencies so that they can comply with editorial standards and legal requirements of the District of Columbia’s Administrative Procedures Act, implementing regulations, and District of Columbia Documents Act of 1978; and
- **Administrative Issuances** – provides professional and technical assistance services to the Mayor and executive agencies so that they can implement major policies and programs and make appointments in a timely manner to foster the activities of government.

Notary Commission and Authentications – provides commissions for all notaries public in the District of Columbia and authenticates documents signed by District notaries public for domestic and foreign use.

Office of Public Records – provides archives and records management services to District government agencies and the public so that they can gain access to official government documents.

This program contains the following 3 activities:

- **Records Management** – provides temporary records management services to District government agencies and the public so that they can have access to public records stored in the District of Columbia Records Center;
- **Archival Administration** – provides historical records management services to District government agencies and the public so that they can have access to historical public records stored in the District of Columbia Archives; and
- **Library of Government Information** – provides publication management services to District government agencies and the public so that they can have access to publications created by the District government agencies.

Executive Management – manages the work of several commissions, provides official signatory services for the Mayor of the District of Columbia, takes on special projects at the request of the Mayor, and provides support for D.C. Democracy and related activities to attain statehood for the District of Columbia.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

FY 2015 Proposed Budget Changes

The Office of the Secretary's (OS) proposed FY 2015 gross budget is \$3,914,686, which represents a 19.9 percent increase over its FY 2014 approved gross budget of \$3,265,909. The budget is comprised of \$2,914,686 in Local funds and \$1,000,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OS' FY 2015 CSFL budget is \$2,389,255, which represents a \$123,347, or 5.4 percent, increase over the FY 2014 approved Local funds budget of \$2,265,909.

CSFL Assumptions

The FY 2015 CSFL calculated for OS included an adjustment entry that is not described in detail on table 5. This adjustment was made for increases of \$117,116 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$6,231 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The OS proposed Local funds budget reflects adjustments for an increase of \$91,726 in the budget allocation for personal services to support an additional 1.0 Full-Time Equivalent (FTE) position in the Agency Management program. These adjustments, which enable OS to support program management functions, as well as projected salary step and Fringe Benefits costs, consist of increases of \$94,629 in the Agency Management Program, \$3,190 in the Office of Documents and Administrative Issuances, \$440 in the Ceremonial Services, and \$74 in the Office of Public Records, and a reduction of \$6,607 in the International Relations and Protocol programs.

The Special Purpose Revenue (SPR) funds budget increased by \$73,479 in the Office of Public Records program to meet operational needs. In the Notary Commission and Authentications program, the SPR budget for office supplies was increased by \$1,370.

Decrease: The proposed Local funds budget for nonpersonal services reflects a net reduction of \$91,726 to offset the increases in personal services. These adjustments are comprised of reductions of \$2,703 in the Agency Management Program and \$94,727 in the Office of Public Records, and an increase of \$5,704 in the Ceremonial Services programs.

The proposed Special Purpose Revenue funds budget reflects a net reduction in personal services of \$74,848 and 1.0 FTE in the Notary Commission and Authentications program. This adjustment aligns the budget with projected revenues.

Mayor's Proposed Budget

Enhance: The Local funds budget reflects an increase of \$150,000 in the Office of Public Records program to support archive services. Additionally, the Local funds budget increased by \$100,000 to provide grant funding to assist the Statehood Delegation with operational costs.

Transfer-In: In an effort to simplify the reporting structure while increasing operational efficiency by eliminating interagency supervision, support services were consolidated in the Executive Branch with the transfer of \$375,431 and 5.5 FTEs from the Office of the Mayor to the Office of the Secretary. The amount is comprised of \$356,663 in personal services and \$18,768 in nonpersonal services.

District's Proposed Budget

Transfer Out: The Local funds budget decreased by \$100,000 due to the transfer of funds to establish the new Statehood Initiative Agency.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Promote the District of Columbia and its rich history to local, national, and international communities through events and initiatives while supporting the quest for D.C. democracy.

Objective 2: Provide customer friendly and efficient processing of notary commissions and the authentication of documents signed by District notaries public for domestic and foreign use.

Objective 3: Provide support and outreach services to the diplomatic and international communities.

Objective 4: Provide convenient records management services to District government agencies, business community, and the public in order to provide efficient access to public records stored in the District of Columbia Records Center.

Objective 5: Provide timely technical, professional, and other legal services to the Mayor, District of Columbia agencies, and general public in order to give and/or have official notice of all proposed and adopted legal mandates.

The mission of the Office of the City Administrator (OCA) is to facilitate the effective and efficient implementation of the Mayor's policies by providing leadership, support, and oversight of District government agencies.

Summary of Services

Provides oversight and support to the Deputy Mayors and increases government effectiveness with cross-agency and targeted improvement initiatives, including the integration of strategic policy priorities, budgetary constraints, and operational directives.

The City Administrator manages the city's Performance Management activity and organizes multi-agency accountability sessions with the Mayor, via a program called "DC Stat".

OCA also includes the Office of Labor Relations and Collective Bargaining (OLRCB), which represents the District of Columbia as the principal management advocate during labor negotiations and in administering the District's Labor Relations activities.

The agency's FY 2015 proposed budget is presented in the following tables:

Division Description

The Office of the City Administrator operates through the following 3 divisions:

City Administrator – provides support to the City Administrator and District agencies in the areas of budget, management, and policy; organizes accountability sessions with the Mayor and City Administrator; and manages the city’s Performance Management activity.

Labor Relations and Collective Bargaining – represents the District of Columbia as the principal management advocate during labor negotiations and in administering the District’s Labor Relations activity.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Office of the City Administrator has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of the City Administrator's (OCA) proposed FY 2015 gross budget is \$4,052,886, which represents a 19.3 percent decrease from its FY 2014 approved gross budget of \$5,023,418. The budget is comprised of \$3,713,952 in Local funds and \$338,934 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCA's FY 2015 CSFL budget is \$3,591,028, which represents a \$208,416, or 6.2 percent, increase over the FY 2014 approved Local funds budget of \$3,382,612.

CSFL Assumptions

The FY 2015 CSFL calculated for OCA included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$204,096 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$4,320 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: In Local funds, the Labor Relations and Collective Bargaining division moved \$156,445 and 2.0 FTEs from full-time to part-time status to manage the projected impact of collective bargaining negotiations and to support salary step increases and other adjustments. The budget also reflects an increase of \$57,609 in the City Administrator division, primarily for contracts supporting the tracking of District agency performance and certain mayoral task force actions. Additionally, adjustments to Fringe Benefits costs accounted for an increase of \$4,389.

In Intra-District funds, the budget increased by \$3,128 in the Labor Relations and Collective Bargaining division due to changes in salary steps and Fringe Benefits.

Decrease: In Local funds, the budget decreased by \$10,972 to reflect adjustments to salaries and other personal services costs within the agency. The budget decreased by \$76,019 based on projected supply and equipment costs and certain contractual and other service fees across multiple divisions. Also, the budget reflects the reallocation of \$131,451 and 2.0 FTEs from full-time to part-time status in the Labor Relations and Collective Bargaining division. Additionally, in the City Administrator division, the DCStat activity was absorbed into the City Administrator activity.

In Special Purpose Revenue funds, the budget decreased by \$1,305,000 in the City Administrator division due to the elimination of an assessment that supported the Bloomingdale Flood Assistance program. The District of Columbia Flood Assistance Fund Act of 2012 established a non-lapsing fund, which assessed a fee on properties in the District. The program reimbursed District property owners and renters whose personal or residential property sustained damage as a result of flooding or a sewer-line backup, particularly in the Bloomingdale and LeDroit Park neighborhoods. The program also supported a Flood Prevention Task Force that provided recommendations to reduce the likelihood of flooding and sewer system backups. Pursuant to the legislation, the revenue collected from this fee and the associated program existed through September 30, 2013.

Mayor's Proposed Budget

No Change: The Office of the City Administrator's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: In Local funds, the budget reflects an increase of \$122,924 and 1.0 FTE to support an Attorney Advisor position in the Labor Relations and Collective Bargaining division.

Performance Plan End Notes:

¹For the purposes of the FY 2014 performance plan, the (1000) Agency Management division is included in the (2000) City Administrator division to more accurately reflect the functional organization of the office.

²The One City Action Plan has 19 Key Indicators (measurements/targets); the quantity and completion dates are: three in FY 2012; two in FY 2013; seven in FY 2014; one in FY 2015; two in FY 2017; three in FY 2020, and one in FY 2021.

³Re-worded for flexibility with changing numbers; in FY 2013 – 70 District agencies (Under the Mayor’s Authority and some Independent) participated in the Performance Management Program.

⁴“In FY 2013, the OCA added Task Force meetings to this measure because the Task Force meetings were held using the same format, philosophy, and level of staff support as the overall DC Stat program.”

⁵All compensation agreements should have been completed.

The mission of the Office of Risk Management (ORM) is to reduce the probability, occurrence, and cost of risk to the District of Columbia government through the provision of risk identification and insurance analysis support to District agencies, and by efficiently and fairly administering the District’s public sector workers’ compensation, tort liability, and captive insurance programs.

Summary of Services

ORM implements its mission through four programs: the Risk Identification, Assessment and Control Program, the Public Sector Workers’ Compensation Program, the Tort Liability Program, and the Insurance Program. An individual summary of services is provided by program in each section.

Program Description

The Office of Risk Management operates through the following 5 programs:

Risk Identification, Assessment, and Control (RIAC) – coordinates the work of Agency Risk Management Representatives (ARMRs) who systematically identify, measure, analyze, and document the District Government’s exposure to risk. The program also reviews and guides the activities of agency Risk Assessment Control Committees (RACC) relative to risk management plans. The purpose of the RACC is to maintain, in cooperation with ORM, a proactive and comprehensive program of risk assessment and control for agencies that minimizes the frequency, severity, and probability of losses to which agencies are exposed. It also provides training to increase District employees’ knowledge of risk prevention, including the creation of Emergency Response Plans (ERPs). ERPs include agency evacuation plans and responses to various hazards, including the threat of terrorism (for example, intentional releases of hazardous materials, use of explosive devices, or acts of arson).

This program contains the following 2 activities:

- **Risk Inspections and Coordination of ARMRs** – pursuant to subchapter XX of the Comprehensive Merit Personnel Act, ORM has inspectors who conduct safety inspections of District government buildings. The inspections are based on federal Occupational Safety and Health Act guidelines and are intended to ensure a safe and healthful work environment for employees and users of District government facilities. ORM also coordinates a Risk Management Council that is made up of ARMRs. The Risk

Management Council is intended to coordinate the work of ARMRs to reduce District government risk exposure and to cultivate a culture of risk awareness and management in the government; and

- **Risk Analysis** – is tasked with using the information and data from ORM’s various programs, as well as from members of the Risk Management Council and other sources, to conduct analyses for the purpose of reducing the District’s overall exposure to risk.

Insurance – administers the Captive Insurance Agency, which provides medical malpractice insurance to non-profit community health clinics in the District, as well as property insurance for risks to District government real property assets for various hazards. In addition, it works closely with the Office of Contracting and Procurement (OCP) to ensure that contracts over \$100,000 have the appropriate insurance requirements. The Insurance Program also serves as a general resource to all District agencies wishing to obtain policy and other guidance on protecting the District through insurance and other contractual risk management techniques.

This program contains the following activity:

- **Insurance Analysis** – administers the three primary goals of the Insurance program, including the Captive Insurance Agency, the review of OCP contracts, and the provision of guidance to District government agencies on risk management techniques.

Public Sector Workers’ Compensation – responds to workplace injuries with the best, most appropriate medical care at a reasonable cost, and to return employees back to work as soon as medically possible. Workers’ Compensation is a system of benefits provided by law for workers who have job-related injuries or illnesses. The Office of Risk Management oversees the management of the Public Sector Workers’ Compensation program through a third-party administrator. Benefits include medical services, vocational rehabilitation, and compensation for permanent loss of use of a body part or function, and death benefits for beneficiaries. Employees are eligible for benefits when an injury or illness arises out of and in the course and scope of his or her employment. The program also oversees a Return-to-Work initiative, which helps employees get back to work as soon as possible after a job-related injury or illness. Return-to-Work is successful when there is communication between the injured worker and his or her agency, a key factor in his or her recovery.

This program contains the following 2 activities:

- **Claims Examination and Management** – oversees the processing of claims for public sector workers’ compensation benefits that are filed by District government employees; and
- **Return-to-Work** – coordinates workers’ compensation claimants’ return to work after they have recovered from their injuries. Claimants are placed into jobs within the District government that are consistent with any modified duty restrictions they may have, or they are connected with job training and vocational rehabilitation services.

Tort Liability – investigates and resolves tort liability claims filed against the District of Columbia. Effective January 20, 2004, the Mayor delegated to the Office of Risk Management the authority to accept notice of claim letters under D.C. Official Code § 12-309. As such, individuals can file claims against the District of Columbia for loss, damage, or injury. An action may not be maintained against the District of Columbia for unliquidated damages to person or property unless, within six months after the injury or damage was sustained, the claimant, his agent, or attorney has given notice in writing to the Mayor of the District of Columbia of the approximate time, place, cause, and circumstances of the injury or damage. Under certain circumstances, reports of the Metropolitan Police Department may also satisfy the notice requirement provided that they contain all of the information required by the statute. The Tort Liability program also pursues subrogation claims against third parties whose acts of negligence have resulted in damage to District government property.

This program contains the following activity:

- **Claims Examination** – investigates and resolves tort liability claims filed against the District of Columbia under DC Official Code § 12-309, and pursues subrogation claims against third parties.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The proposed program structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2015 Proposed Budget Changes

The Office of Risk Management's (ORM) proposed FY 2015 gross budget is \$3,124,189, which represents a 6.0 percent increase over its FY 2014 approved gross budget of \$2,945,971. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

ORM's FY 2015 CSFL budget is \$3,124,189, which represents a \$178,218, or 6.0 percent, increase over the FY 2014 approved Local funds budget of \$2,945,971.

CSFL Assumptions

The FY 2015 CSFL calculated for ORM included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$161,772 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$16,446 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The proposed budget reflects ORM's commitment to improving the District's risk management practices. The FY 2015 Local budget reflects a net increase of \$34,426, which includes \$19,820 for the purchase of a new database and required software to improve tracking of general liability data for the District and \$14,606 for additional equipment purchases to support the administrative needs of the agency's growing staff.

Decrease: As a result of ORM's FY 2015 organizational restructuring plan, the personal services budget was decreased by \$34,426 to reflect the realignment of staff from Continuing Full-Time to Term Full-Time status.

Mayor's Proposed Budget

Enhance: The Office of Risk Management's budget includes a one-time increase of \$500,000 in the Insurance program to support vehicle insurance appraisals.

District's Proposed Budget

Reduce: The Office of Risk Management's proposed budget includes a reduction of \$500,000 in the funding for the Vehicle Appraisal project.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Risk Identification, Assessment and Control (RIAC) Program

Objective 1: Reduce the level and cost of risk to the District government.

KEY PERFORMANCE INDICATORS

Risk Identification, Assessment and Control (RIAC) Program¹

Measure	FY 2012 Actual	FY 2013 Target	FY 2013 Actual ²	FY 2014 Projection	FY 2015 Projection	FY 2016 Projection

Tort Liability Program

Objective 1: Reduce the number of lawsuits against the District government.

Objective 2: Recover money owed to the District as a result of tortious acts by third parties.⁹

NO KPI TABLE

Insurance Program

Objective 1: Increase contractual risk management and awareness of District agencies.

Objective 2: Ensure District residents' access to affordable health care.

Objective 3: Reduce risks to District property.

KEY PERFORMANCE INDICATORS

Insurance Program

Measure	FY 2012 Actual	FY 2013 Target	FY 2013 Actual ¹⁰	FY 2014 Projection	FY 2015 Projection	FY 2016 Projection
Percent of District government vendors in compliance with ORM minimum insurance requirements	100%	100%	100%	100%	100%	100%

Performance Plan Endnotes:

¹For the purposes of the FY 2014 Performance Plan, ORM elected to organize the Plan at the agency level instead of by budget program because the budget programs do not align with the agency's functional programs. The functional programs of ORM include: (1) Risk Identification, Analysis, and Control; (2) Public Sector Worker's Compensation Program; (3) Tort Liability Program; and (4) Insurance Program.

²The data shows cumulative data totals from October 1, 2012 – September 30, 2013.

³IBID.

⁴In FY 2014, the program will go through a transition period with a new Third-Party Administrator (TPA), which may affect the rate of savings in FY 2014 and FY 2015. The projection for FY 2016 is a 5 percent decrease in spending in anticipation of savings at that time.

⁵The FY 2014 – FY 2016 projections decrease by 5 percent per year. The projections were changed because the actual number for FY 2013 is lower than originally projected.

⁶There is a projected 5 percent decrease for FY 2015. The number of claims per FTE is expected to level off by FY 2016; therefore, the projection is a 3 percent decrease.

⁷This is a new KPI in FY 2014.

⁸This is a new KPI in FY 2014. The data was not tracked in FY 2013. The goal prospectively is to spend 5 percent less on these older claims every year.

⁹There are no KPIs for this objective.

The mission of the D.C. Department of Human Resources (DCHR) is to strengthen individual and organizational performance and enable the District government to attract, develop, and retain a highly qualified, diverse workforce.

Summary of Services

DCHR offers executive management to District government officials and/or agencies by providing personnel-related services to help each agency meet daily mission mandates. Specific services provided include position classification and recruitment services, the interpretation of personnel-related policy, as well as oversight control (such as the adherence to regulatory requirements) for effective recruitment and staffing, strategic and financial restructuring through realignment assistance, and resource management. In addition, the agency provides District government employees with a variety of services, including employee benefits and compensation guidance, performance management, compliance, audit assessments, legal guidance on personnel matters, and training/development.

The agency's FY 2015 proposed budget is presented in the following tables:

Division Description

The D.C. Department of Human Resources operates through the following 7 divisions:

Administration for Recruitment and Classification (ARC) – provides position management, classification, compensation and performance management assistance to District of Columbia Government. ARC establishes official classifications and descriptions, designs and implements pay schedules, and develops classification/compensation/performance management policies, procedures and regulations. ARC delivers expert advice to District government agencies in the areas of classification, total compensation, administration of pay schedules, merit pay, compensation and classification policies, performance management systems, Fair Labor Standards Act (FLSA), and recruitment/retention issues. ARC provides assistance to HR Advisors and management on various performance appraisal and reward systems. In addition, ARC provides staffing and recruitment support to subordinate agencies delegated recruitment and selection authority, as well as other subordinate and independent agencies, and conducts recruitment.

This division contains the following 3 activities:

- **Recruitment and Staffing** – provides recruitment, selection, and placement services to client agencies and oversight controls for effective recruitment and staffing, employee relations, and auditing of subordinate agencies delegated recruitment;

- **Classification** – provides position management, classification and compensation support services to District government agencies. Establishes official classifications and descriptions, designs and implements pay schedules, and develops classification/compensation policies, procedures, and regulations; and
- **Compensation** – provides expert advice to District government management in the areas of classification, compensation, administration of pay schedules, merit pay, compensation and classification policies, FLSA, and recruitment/retention issues.

Legal Administration Division (LD) – provides legal assistance with the Comprehensive Merit Personnel Act and other relevant District and federal laws, rules, and regulations. LD also provides legal advice to the agency on a variety of complex legal issues to accomplish DCHR’s mission. In addition, LD provides legal advice and guidance to both subordinate and independent agencies within the District government regarding matters involving personnel and employment law, and provides litigation support to the Office of the Attorney General in a variety of pending legal matters.

Benefits and Retirement (BRA) Services – is responsible for the service delivery of the District’s benefits program and policies for 32,000 benefit-eligible employees and retirees (pre- and post-October 1, 1987). This includes the plan management, contracting and communication of all health, voluntary, and retirement programs. In addition, BRA oversees the Police and Firefighters’ Retirement and Relief Board, which makes determinations and decisions on all retirement and survivor benefit claims and cases.

This division contains the following 2 activities:

- **Benefits Operation Unit** – provides benefits services that strengthen individuals and organizational performance and assists in enabling the District government to attract, develop, and retain a well-qualified, diverse workforce through the service delivery of the District’s benefits programs to all eligible employees and retirees; and
- **Police and Fire Retirement Relief Board** – provides oversight and support for the Police and Firefighters Retirement Relief Board (PFRRB). The PFRRB hears and rules on optional, disability and survivor cases pertaining to sworn personnel of the Metropolitan Police Department, Fire and Emergency Medical Services Department, U.S. Park Police, and U.S. Secret Service.

Center for Learning and Development (CLD) – provides training, workforce planning and organizational development programs, and activities that increase the knowledge, skills, and competencies of District government employees, to enable them to provide the highest quality and most cost-effective services to the District of Columbia. CLD was formerly known as the Workforce Development Administration.

This division contains the following 2 activities:

- **Training and Development** – provides training, a professional forum for implementing consortiums and programs that increase knowledge, skills, and competencies of District government employees; and
- **Capital City Fellows** – provides central oversight for this two-year training program for recent graduates of master’s degree programs in public administration, public policy, urban planning, and related fields while working for the District government.

Business Operations Group (BOG) – manages the daily operations and business processes for the agency, including customer service, performance management, and strategic initiatives.

Policy and Compliance (PCA) – researches, analyzes, formulates, develops, and distributes a wide range of legal, regulatory, and procedural documents concerning the District government’s personnel management program, including amendments to the Comprehensive Merit Personnel Act and the DC Personnel Regulations (Title 6B of the District of Columbia Municipal Regulations). In addition, PCA focuses on three

main compliance issues: Drug and Alcohol Enforcement, Criminal Background Check, and Residency Preference, and it monitors any such violations. PCA conducts HR assessment audits, reviews HR policies and procedures, conducts HR investigations, monitors internal controls, and makes conclusions and recommendations to assist in promoting optimal performance for the support of the agency.

This division contains the following 2 activities:

- **Compliance** – conducts criminal background investigations of District government employees, applicants and volunteers. Provides drug and alcohol testing services for specified employees and applicants. The unit administers and enforces the District Residency Preference regulations for employment programs and the Domicile Requirement. It also investigates complaints of violations of the District Personnel regulations and makes recommendations for corrective action; and
- **Policy** – provides policy development and consultation services.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

Note: For more detailed information regarding the proposed funding for the activities within this agency's divisions, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2015 Operating Appendices** located on the Office of the Chief Financial Officer's website.

Note: In FY 2015, all prior year funding and FTEs were transferred from the Compliance and Legal Administration and the Recruitment and Staffing Administration Divisions to the newly established Legal Administration and the Administration for Recruitment and Classification Divisions. Please see the FY 2015 Operating Appendices to review detailed changes.

FY 2015 Proposed Budget Changes

The D.C. Department of Human Resources' (DCHR) proposed FY 2015 gross budget is \$13,026,853, which represents an 11.1 percent increase over its FY 2014 approved gross budget of \$11,724,181. The budget is comprised of \$8,385,136 in Local funds, \$291,565 in Special Purpose Revenue funds, and \$4,350,151 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCHR's FY 2015 CSFL budget is \$8,100,922, which represents a \$686,121, or 9.3 percent, increase over the FY 2014 approved Local funds budget of \$7,414,801.

CSFL Assumptions

The FY 2015 CSFL calculated for DCHR included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$496,059 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$62 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. Additionally, DCHR's CSFL funding reflects an increase of \$190,000 to account for the restoration of one-time salary lapse funds in FY 2015.

Agency Budget Submission

Increase: DCHR's goal is to provide quality human resource support services to District agencies. In order to facilitate their objective, DCHR proposed a reallocation of \$1,032,287 and 10.0 FTEs to the new Policy and Compliance division in Local funds. The division was created to ensure operational efficiencies in the agency's management of personnel issues, policies, and procedures, as well as the audit and review of personnel compliance issues. DCHR's budget also includes an increase of \$93,082 and 3.2 FTEs, due to resource reallocation within various division, to support organizational objectives.

In Special Purpose Revenue funds, the personal services budget for salary steps and Fringe Benefits was increased by \$9,030 and allocated to the Benefits and Retirement division to support the processing of retirement benefits for the United States Treasury Department, Park Police, and Secret Service.

In Intra-District funds, DCHR increased the Agency Management division by \$2,738,370 and 1.0 FTE to support human resource services. The budget also includes a Letter of Intent with the Department of Consumer and Regulatory Affairs for enhanced human resource services. The Business Group Operations division was increased by \$158,880 and 1.0 FTE to ensure operational efficiency through the review of policies, procedures, assessments, and investigations, as well as human resource data provided by information technology systems. Personal services in the Administration for Recruitment and Classification division was adjusted by \$52,073 and 1.0 FTE to support recruitment, classification, and compensation activities for various District agencies.

Decrease: In Local funds, personal services in the Compensation and Classification division was reduced by \$1,125,370 and 10.0 FTEs and reallocated to the Policy and Compliance division to achieve operational efficiencies in the District's personnel management. In Special Purpose Revenue funds, DCHR decreased the budget by \$3,585 and 0.1 FTE, due to the restructuring of services from the Legal Administration division to the Benefits Retirement Services division. The Intra-District budget includes a decrease of \$2,622,432 and 1.1 FTEs, which includes the reallocation of \$2,581,351 in nonpersonal services from the Business Operations Group division to the Agency Management division, as well as a reduction of \$41,081 and 1.1 FTEs throughout multiple divisions in an effort to streamline agency operations and objectives.

Mayor's Proposed Budget

Enhance: The proposed budget includes an increase of \$334,214 in Local funds to support 5.0 FTEs for the Capital City Fellows (CCF) program.

District's Proposed Budget

Reduce: In Local funds, DCHR's budget includes a reduction of \$50,000 to reflect an adjustment of personal services costs based on projected salary lapse savings.

²According to the 2011 International City/County Management Association, the mean standard for an organization size of 25,000 - 100,000 employees is 45 days from external recruitment to hire.

³According to the 2011 International City/County Management Association survey, the industry mean for an organization size of 25,000 - 100,000 employees for percent of employees rating overall timeliness of service as "good" is 52 percent.

⁴Data is current as of June 30, 2013.

⁵Data is current as of June 30, 2013.

⁶The measure was slightly changed because the volume is too large to audit 100 percent of new hire/rehire.

⁷The measure was slightly changed because the volume is too large to audit 100 percent of terminations. The KPI projections were increased as DCHR continues to improve the process.

⁸DCHR implemented a new call management system and reporting functionality to better manage and support effective delivery of customer care.

⁹The following KPI's were eliminated in FY 2014 because they do not effectively measure performance since the job specifications portion of the Classification and Compensation Reform was completed: (1) Number of new jobs requested; and (2) Percent of new jobs requested that have an existing job specification.

¹⁰Data is current as of the third quarter of FY 2013.

¹¹The KPI related to Ethics training was moved under the Workforce Development Administration.

¹²Data is current as of June 30, 2013.

¹³The FY 2013 KPI: "Percent of applications submitted online" was removed in FY 2014 because DCHR launched a mandatory paperless job application process in FY 2013.

¹⁴Data is current as of June 30, 2013.

¹⁵According to the 2010 International City/County Management Association, the industry mean standard for an organization size of 25,000 - 100,000 employees is 43.8 - 63.6 days from recruitment to hire. This includes both internal and external hires.

¹⁶Data is current as of June 30, 2013.

The mission of the Office of Disability Rights (ODR) is to ensure that every program, service, benefit, and activity operated or funded by the District of Columbia is fully accessible to, and usable by, qualified people with disabilities, with or without reasonable accommodations or modifications.

Summary of Services

ODR is responsible for oversight of the District's obligations under the Americans with Disabilities Act (ADA), as well as other federal and local disability rights laws. ODR provides technical assistance, training, informal dispute resolution, policy guidance, and expertise on disability rights issues to District agencies and the disability community. ODR coordinates the ADA compliance efforts of all District agencies and works with agency ADA coordinators to ensure that the District is responsive to the needs of the disability community and employees with disabilities.

Program Description

The Office of Disability Rights operates through the following 2 programs:

Disability Rights – promotes the accessibility of District of Columbia government programs and services for individuals with disabilities by coordinating and overseeing a District-wide compliance program.

This program contains the following 6 activities:

- **Operations** – provides overall direction, leadership, and coordination of, and guidance on, activities related to the centralized administrative support system; establishes procedures and protocols for unified operations within the agency; and assists in facilities management;
- **Training and Technical Assistance** – provides ongoing training and technical assistance to the agency’s ADA coordinators and personnel;
- **Public Information and Outreach** – provides information through published literature, and assistance and referrals to individuals who have questions about disability rights or are experiencing obstacles to receiving services;
- **Evaluation and Compliance** – evaluates the District’s compliance with the ADA, section 504 of the Rehabilitation Act, and the disability rights provisions of the Human Rights Act; reports deficiencies to the Office of Human Rights; makes recommendations for addressing deficiencies to the Mayor; and coordinates, facilitates, and supports the Mayor’s Committee on Persons with Disabilities;
- **Investigations** – provides informal dispute resolution into actions or inactions of agencies in alleged violation of the ADA, the District of Columbia Disability Rights Protection Act, other federal disability civil rights legislation, and other disability-related civil rights legislation; and

- **State Developmental Disabilities Council (DDC)** – functions as the Designated State Agency; provides support services; maintains fiscal responsibilities, records, access, and financial reports; and supports the DDC state plan.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Disability Rights has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Disability Rights' (ODR) FY 2015 gross budget is \$1,649,563, which represents a 10.5 percent decrease from its FY 2014 approved budget of \$1,842,443. The budget is comprised of \$1,043,466 in Local funds, \$536,097 in Federal Grant funds, and \$70,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

ODR's FY 2015 CSFL budget is \$1,043,466, which represents a \$63,389, or 6.5 percent, increase over the FY 2014 approved Local funds budget of \$980,077.

CSFL Assumptions

The FY 2015 CSFL calculated for ODR included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$58,987 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$4,402 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: In Local funds, personal services includes increases of \$10,822 in Fringe Benefits and \$5,758 in Regular Pay - Continuing Full Time to support projected salary steps and Fringe Benefit adjustments. ODR's Local funds nonpersonal services budget for Supplies and Materials was increased by \$152, and Other Services and Charges was increased by \$284 to align the budget with operational goals.

ODR's FY 2015 Federal Grant funds budget reflects personal services increases of \$13,997 to support projected changes in salary steps and Fringe Benefit costs. Of this amount, Regular Pay - Continuing Full Time was increased by \$7,333 to support cost-of-living adjustments for federally funded FTEs and to align the budget with the agency's personal services projections. Additionally, the Fringe Benefits budget was increased by \$6,664, primarily due to the Fringe Benefit rate increase from 20.4 percent in FY 2014 to 21.2 percent in FY 2015.

Decrease: The proposed FY 2015 Local funds budget was decreased by \$7,425 in nonpersonal services. This decrease includes \$5,344 in Other Services and Charges, \$1,850 in Supplies and Materials, and \$231 in Equipment and Equipment Rental, to streamline operational efficiency. These adjustments were made to align the budget with projected costs and to support the personal services increases. Additionally, the Disability Rights personal services budget was decreased by \$9,590 in Fringe Benefits to align the budget with projected costs.

ODR's FY 2015 Federal Grants nonpersonal services budget reflects an overall decrease of \$253,000. Of this amount, the Supplies and Materials budget was reduced by \$3,000 to align with the agency's projected spending plans and to partially offset the personal services increases. In addition, the budget includes a \$250,000 decrease in Contractual Services - Other, as a result of the agency's adjustments to match projected grant awards and to partially offset the personal services increases.

In Intra-District funds, the nonpersonal services budget was decreased by \$17,266 to align the budget with the revised estimate for the Sign Language Interpretation (SLI) Memoranda of Understanding (MOUs) with multiple agencies. This reduction is attributed to the decreasing number of SLI MOUs in FY 2014 and the impact of most of these agencies contracting directly with private SLI providers in FY 2015.

Mayor's Proposed Budget

No Change: The Office of Disability Rights' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office of Disability Rights' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Be a model city of accessibility for people with disabilities.

Objective 2: Improve the responsiveness of government systems and employees to the needs of people with disabilities.

Objective 3: Increase employment of people with disabilities in District government.

Objective 4: Expand opportunities for people with disabilities to live in integrated community settings.

KEY PERFORMANCE INDICATORS¹

Number of agency ADA Compliance Plans completed and being implemented ⁴	51	85	87	Not Available	Not Available	Not Available

Performance Plan Endnotes:

¹For the purposes of the FY 2015 Performance Plan, the Office of Disability Rights performance plan is not organized by budget program to more accurately reflect the functional organization of the office.

²This KPI was previously measured as the percent of sign language interpretation requests filled within 5-7 days from the date of the request. The KPI was amended in FY 2014 to the average number of days because the prior metric was consistently 100 percent.

³This KPI was dropped beginning FY 2014 as it was determined this training program was no longer necessary as a result of a new CMS (content management system) implemented by OCTO.

⁴This KPI was dropped because the ADA Self-Assessment project was completed in compliance with Federal ADA guidelines for all applicable District government agencies.

Operating Budget	\$497,848	\$1,802,071	\$1,600,145	-11.2

The mission of the Captive Insurance Agency (“the Captive”) is to provide medical malpractice insurance for local non-profit health centers, as well as property insurance for District government real property assets. The Captive was created by statute in 2008 and is administered by the Chief Risk Officer, Office of Risk Management (ORM). ORM incorporated the Captive and began writing medical malpractice insurance policies in FY 2008. In FY 2014, the scope of the Captive was expanded to include property insurance. The liability of the agency is limited to the funds available to the Captive participants.

The agency’s FY 2015 proposed budget is presented in the following tables:

Program Description

The Captive Insurance Agency operates through the following program:

Captive Operations – funds the management and insurance policies of the Captive Insurance Agency. The Office of Risk Management underwrites and administers medical malpractice insurance policies to non-profit community health centers and offers gap insurance to Federally Qualified Health Centers for claims that are not covered by the Federal Tort Claims Act. It also provides property insurance for risks to District government real property assets for various hazards.

This program contains the following 2 activities:

- **Oversight** – the Chief Risk Officer, with the advice of the Captive Advisory Council, administers the Captive by hiring a Captive manager and other staff, including legal staff; and
- **Growth and Income Strategy and Management** – distributes payments and collects premium and interest income on behalf of the Captive for the establishment, operation, and administration of the agency.

Program Structure Change

The Captive Insurance Agency has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Captive Insurance Agency's ("the Captive") proposed FY 2015 gross budget is \$1,600,145, which represents an 11.2 percent decrease from its FY 2014 approved gross budget of \$1,802,071. The budget is comprised of \$1,545,145 in Local funds and \$55,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Captive's FY 2015 CSFL budget is \$1,795,145, which represents a \$42,074, or 2.4 percent, increase over the FY 2014 approved Local funds budget of \$1,753,071.

CSFL Assumptions

The FY 2015 CSFL calculated for the Captive included adjustment entries that are not described in detail on table 5. These adjustments were made for an increase of \$42,074 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The FY 2015 proposed Local funds budget for the Captive increased by \$240 in Supplies and Materials. In Special Purpose Revenue funds, the budget submission proposes an increase of \$6,000 to align the budget with projected revenue.

Decrease: The Local funds budget decreased by \$240 in Other Services and Charges to offset the increase of \$240 in Supplies and Materials.

Mayor's Proposed Budget

No Change: The Captive Insurance Agency's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: The Captive's Local funds budget decreased by \$250,000 in nonpersonal services to align budget with the agency's non-lapsing fund balance.

Program Description

The Office of Finance and Resource Management operates through the following 3 programs:

Financial Management – provides financial management services to enable agencies to accomplish programmatic goals and ensure financial health and positive recognition of the agency and the District of Columbia government.

This program contains the following 3 activities:

- **Accounting** – provides accounts payable and accounts receivable services to cluster agencies; processes all vendor invoice payments ensuring that the provisions of the District’s Quick Payment Act are adhered to; reconciles all agency-controlled cash accounts; processes all check payments and cash receipts within 24 hours; processes accounting journal entries for cluster agencies and records all financial events in the accounting system within the required timeframes; manages and directs the monthly, interim, and annual closings; and completes cash drawdowns for agencies with federal grant programs;
- **Budget Formulation and Planning** – provides and develops the annual budgets in conjunction with the cluster agencies; provides budget execution, financial analysis, forecasting, and reporting functions on behalf of the agencies in the cluster; and approves and tracks all agency obligations and commitments; and
- **Fixed Costs** – provides timely and accurate fixed costs payments to District vendors and ensures that expenditures are accurately billed to the applicable cluster agency.

Resource Management – performs due diligence analysis to identify financial waste and abuse and accounts for the use of all dollars expended from budgets of client agencies that are related to fixed costs.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Finance and Resource Management has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Finance and Resource Management's (OFRM) proposed FY 2015 gross budget is \$35,347,530, which represents a 5.2 percent increase over its FY 2014 approved gross budget of \$33,590,841. The budget is comprised of \$21,203,360 in Local funds, \$505,527 in Special Purpose Revenue funds, and \$13,638,643 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OFRM's FY 2015 CSFL budget is \$19,931,213, which represents a \$266,609, or 1.4 percent, increase over the FY 2014 approved Local funds budget of \$19,664,604.

CSFL Assumptions

The FY 2015 CSFL calculated for OFRM included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$262,598 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$4,011 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: OFRM's proposed FY 2015 budget proposal for Local funds includes an increase of \$79,174 and 1.0 FTE in personal services primarily due to salary steps, Fringe Benefits, and other personal services adjustments. The agency will absorb the costs associated with the new Accounting Technician position. The proposed Intra-District funds budget includes a personal services increase of \$67,774 in the Financial Management program, mainly to support projected salary steps and Fringe Benefit adjustments.

Decrease: The agency's proposed Local funds budget reflects a net reduction of \$79,174 in multiple programs to align the Telecommunications budget with the agency's operational goals. This reduction is comprised of \$15,331,245 in the Agency Management program, partially offset by an increase of \$15,252,071 in the Financial Management program.

OFRM's proposed Intra-District fund budget was decreased by \$420,288 to account for four agencies whose Telecommunication service costs were previously paid for with Intra-District funds but whose costs are included in OFRM's Local budget in FY 2015.

Technical Adjustment: In FY 2015, the Local funds budget for OFRM reflects an increase of \$1,615,050 in the Financial Management program to reflect higher projections for telephone costs, which are driven by expansion of the communication infrastructure and client usage.

In the Special Purpose Revenue funds budget, an increase of \$505,527 is proposed to account for Telecommunication Fixed Costs from the Health Benefit Exchange Authority agency. Finally, in the Intra-District funds budget, an increase of \$65,000 and 1.0 FTE in the Financial Management program supports a Memorandum of Understanding (MOU) agreement between OFRM and the Department of General Services (DGS) to provide financial services.

Mayor's Proposed Budget

Reduce: In Local funds, OFRM's budget proposal decreased by \$342,903 in the Financial Management program to reflect a MOU agreement between OFRM and DGS to provide financial services.

District's Proposed Budget

No Change: The Office of Finance and Resource Management's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Office of Contracting and Procurement’s (OCP) mission is to procure quality goods and services through a streamlined procurement process that is transparent and responsive to the needs of government agencies and the public, and ensures all purchases are conducted fairly and impartially.

Summary of Services

OCP purchases an average of \$1.1 billion in goods and services per year on behalf of over 74 different District agencies and programs. OCP buying teams include goods, services, transportation, and specialty equipment and information technology. The agency provides oversight and monitoring of agencies with delegated contracting authority, contract administration support, and manages the District’s Purchase Card Program. OCP also provides surplus property management for all District agencies.

The agency’s FY 2015 proposed budget is presented in the following tables:

Division Description

The Office of Contracting and Procurement operates through the following 7 divisions:

Resource Management – works across agency divisions and programs to assist managers with staff recruitment, retention, and development.

Procurement – provides acquisition services to District agencies in accordance with District laws and regulations for the supplies, equipment, and services needed to support agencies' missions and objectives.

This division contains the following 3 activities:

- **Procurement Management and Support** – provides oversight and project management;
- **EOM and Boards Cluster/Simplified Acquisitions** – includes simplified acquisitions and DC Supply Schedule Purchases (DCSS) for all District agencies, including purchases on behalf of designated agencies serviced by this cluster; and
- **Priority Special Projects Cluster** – includes citywide and rapid response initiatives i.e. coordination and execution of emergency procurements.

Procurement Technology – provides consultative and technical support to agencies, vendors, and OCP procurement professionals, including user training and report generation; Works closely with senior management and the Office of the Chief Technology Officer (OCTO) to implement the latest technologies to promote transparency and accountability to achieve the best results.

Training – responsible for the development, maintenance, and delivery of a ‘best-in-class’ procurement training curriculum tailored to the needs of the District’s procurement professionals.

Operations – provides a range of oversight, administrative, and customer servicing support for the Office of Contracting and Procurement and customer agencies.

This division contains the following 4 activities:

- **Procurement Integrity and Compliance** – includes audit and non-audit advisory services to agency leadership, staff and affected stakeholders; initiation and conduct of independent operational performance audits and business process improvement reviews of existing procurement functions, and liaising with external auditors for OCP’s compliance with the Comprehensive Annual Financial Report (CAFR) and Single Audit;
- **Operations Management and Support** – provides oversight and project management of all operations functions, which includes the administration of OCP’s records management program;
- **Customer Service and Communications** – includes the coordination of vendor relations and language access programs; and
- **Purchase Card** – provides overall oversight and administration of the District’s Purchase Cards used in customer agencies. The Purchase Card provides an alternative delegated procurement vehicle that reduces the processing cost and delivery time for purchases within the non-competitive threshold.

Business Resources and Support Services – provides a wide range of mission critical services to OCP divisions and the agency’s customers. This division executes agency acquisitions, maintains facilities – which includes risk management, and administers the OCP fleet management program. Further, this division manages the District’s property disposal program, and in collaboration with OCP’s Procurement Division, coordinates acquisition efforts during declared emergencies.

This division contains the following 2 activities:

- **Surplus Property** – provides surplus property management, re-utilization, and disposal services to District agencies; and
- **Support Services** – includes agency acquisition services and facilities management; coordination of acquisition efforts during declared emergencies; and management of transportation assets designated for District surplus activities.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2015 Proposed Budget Changes

The Office of Contracting and Procurement's (OCP) proposed FY 2015 gross budget is \$17,644,855, which represents a 50.4 percent increase over its FY 2014 approved gross budget of \$11,731,155. The budget is comprised of \$17,269,855 in Local funds and \$375,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCP's FY 2015 CSFL budget is \$12,769,332, which represents a \$1,038,177, or 8.8 percent, increase over the FY 2014 approved Local funds budget of \$11,731,155.

CSFL Assumptions

The FY 2015 CSFL calculated for OCP included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$111,930 to account for the removal of one-time funding appropriated in FY 2014 to support the certification of 41 employees in accordance with the "Procurement Practices Reform Amendment Act of 2010". Additionally, adjustments were made for increases of \$614,896 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$35,211 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

OCP's CSFL funding for the removal of one-time salary lapse reflects an adjustment for an increase of \$500,000.

Agency Budget Submission

Increase: OCP's budget in Local funds reflects an increase of \$425,007 in nonpersonal services; primarily in Supplies, Equipment and Equipment Rental, and Other Services and Charges.

Decrease: The budget proposal in Local funds includes a reduction of \$10,815 to account for projected changes in personal services. It also has a reduction of \$414,193 for Contractual Services.

Technical Adjustment: OCP's proposed budget includes an increase of \$66,079, which represents a technical adjustment to the calculation for cost-of-living adjustments.

Mayor's Proposed Budget

Enhance: In Local funds, OCP's budget proposal includes an increase of \$4,934,444 and 41.0 FTEs to support the agency's Procurement Reform Initiative. In Special Purpose Revenue funds, the budget includes an increase of \$375,000 to support the projected cost of conducting Surplus Property sales.

District's Proposed Budget

Reduce: In Local funds, OCP's budget includes a reduction of \$500,000 to reflect an adjustment of personal services costs based on projected salary lapse savings.

Agency Performance Plan¹

The agency has the following objectives and performance indicators for their divisions:

Procurement Division

Objective 1: Complete all procurements, from small purchases to complex Requests for Proposals (RFPs), as fairly and efficiently as possible.

Objective 2: Increase revenue generated and collected by the District.

Objective 3: Use the District government's purchasing power to support sustainability objectives and serve as model to other large institutions in the District (Sustainable DC Plan Actions FD3.6, JE1.3, and WS2.1).

KEY PERFORMANCE INDICATORS

Percent of Agency Contracting Officer (ACO) Delegations Reviewed / Audited	23.8%	20.0%	8.7%	100%	100%	100%

Performance Plan Endnotes:

- ¹ On November 19, 2013, OCP updated its organizational structure to six divisions including the: Procurement division, Operations division (formerly the Administration and Support), Resource Management division, Business Resources and Support Services division, Training division, and the Procurement Technology division.
- ² According to the FY 2011 ICMA Center for Performance Measurement, the average dollar amount of Central Purchasing Office purchases per FTE was \$11.9 million based on responses from 32 jurisdictions with populations above 100,000.
- ³ For reporting purposes, OCP defines a contract as any purchase order equal to or exceeding \$100,000.
- ⁴ A major, but unknown portion of LSBDE spending is attributable to subcontracting, which is not captured by PASS.
- ⁵ The functions of this division have been integrated into the Operations division. See Endnote 1.
- ⁶ Includes 17 Federal "8A" entities.
- ⁷ This is a new performance measure for FY 2014; therefore, no historical data is available.
- ⁸ The projections reflect an anticipation of a saturated vendor base. The number of new vendors added, declines in later years because OCP anticipates, as use of the E-Sourcing module expands to encompass more agencies and different types of procurement actions, the vendor population will peak, with slower growth shown.
- ⁹ Actual for FY 2013.
- ¹⁰ According to the FY 2011 ICMA Center for Performance Measurement, the mean performance for this metric is 77.1 percent (for jurisdictions with populations exceeding 100,000).
- ¹¹ The Office of Procurement Integrity and Compliance has been re-aligned under OCP's new Operations division. See endnote 1.
- ¹² All objectives and initiatives adhere to Generally Accepted Government Auditing Standards (GAGAS) established by the Comptroller General of the United States. These professional standards provide a framework for performing high-quality audit work with competence, integrity, objectivity, and independence.
- ¹³ As of June 2013.
- ¹⁴ OPIC has adopted a monthly reporting cadence to accommodate the increased scope and complexity of its mandate. Records management functions for the agency were added to the division in FY 2013; the policy recommendation to audit all active delegations in FY 2014 and beyond necessitates the reallocation of resources and adjustments to audit schedules.

The mission of the Office of the Chief Technology Officer (OCTO) is to direct the strategy, deployment, and management of District government technology with an unwavering commitment to Information Technology excellence, efficiency, and value for government, residents, businesses, and visitors.

Summary of Services

OCTO is the central technology organization of the District of Columbia Government. OCTO develops, implements, and maintains the District's technology infrastructure; develops and implements major enterprise applications; establishes and oversees technology policies and standards for the District; provides technology services and support for District agencies, and develops technology solutions to improve services to residents, businesses, and visitors in all areas of District government.

Combining these services into a customer-centered, mission-driven organization is the responsibility of the Office of the Chief Technology Officer. Department performance expectations in FY 2015 are listed by functional division.

Division Description

The Office of the Chief Technology Officer operates through the following 7 divisions:

Application Solutions – provides innovative, efficient, and cost-effective application development for the District government and District residents. This division applies standard application development practices to guarantee on-time and on-budget delivery of both custom-built and some selected standard, off-the-shelf software packages.

This division contains the following 9 activities:

- **Application Implementation** – provides project management, application development, application implementation, technical consultations, and application maintenance and support for District agencies to enhance information flow and responsiveness to citizens and to make government more efficient;
- **Web Maintenance** – establishes, maintains, and implements standards, guidelines, policies, and procedures for maintaining the DC.Gov web portal, which has over 100 District agency websites and is visited over 25 million times a year by District residents, businesses, and visitors. The team creates new websites every year for District agencies and provides centralized content management and fee-for-service webmaster support for District agencies;

- **Filenet** – centralizes IT infrastructure support for the various electronic and paper records throughout the District. It provides system administration, maintenance, and application support for agencies using Filenet and Kofax applications. It is a repository for electronic content;
- **Applications Quality Assurance** – implements industry best practices for independent software and system testing for District government agencies. The team utilizes various testing tools and provides a wide range of testing services including functional testing, regression testing, integration testing, performance and load testing to ensure application software and systems conforming to the required specifications and business requirements for high quality functionality and performance;
- **DMV Application Solutions** – provides system development, maintenance, and new functional enhancements for Department of Motor Vehicles’ (DMV’s) business applications, which support vehicle registration, driver’s license/identification cards, dealer tags, residential parking permits, insurance verification, adjudication, and law enforcement services with on-site and back-office services, the DMV web portal, and mobile application development;
- **D.C. Geographic Information System (GIS)** – provides critical geospatial data to District government agency staff within public safety, economic development, education, transportation, city planning and operations areas. Maintaining accurate geospatial data and reliable systems and applications (and other customer services) improves quality and maximizes the efficiency of District government services through the application of geospatial technology. The program also serves the general public by publishing and sharing geospatial data freely to the fullest extent possible with appropriate privacy and security protections;
- **Procurement Application Services** – supports the Office of Contracting and Procurement by maintaining and enhancing the Procurement Automated Support System (PASS), which enables purchasing, receiving of goods, and contract compliance for all District agencies (including the District of Columbia Public Schools); and delivers a centralized workflow for the procurement function of the District government;
- **Human Resource Application Services** – operates the Human Capital Management technology used by all District employees and the D.C. Department of Human Resources (DCHR). Maintains and upgrades the system and delivers new functionality as needed to expand and enhance the human resources management and payroll system that serves all District employees; and
- **Data Transparency and Accountability (Citywide Data Warehouse)** – collects, analyzes, and publishes government data for easy consumption for both the government and the general public. This program operates a series of applications and data reporting services as a centralized hub for the exchange of citywide data; specialized data sets requested by agencies; and web-accessible “transparency data” on government operations for the public, the Office of the City Administrator, and District agencies.

Program Management Office – provides management, business consulting services, and business application support to agencies to effectively develop and maintain new technology applications and improve service delivery through effective integration of technology solutions.

This division contains the following 3 activities:

- **Agency Technology Oversight and Support** – consists of multiple management and program management type functions, including agency relationship management and business services, project management, and enterprise contracts. The agency relationship management function acts as the point of contact between all agencies and OCTO and enhances District technology projects with partnership across agency Information Technology (IT) representatives to ensure IT project alignment, cost efficiency, and success. The project management function provides review and approval of IT projects as part of the Project Initiation Phase and during the project life cycle to improve the quality, consistency and performance of IT projects. The enterprise contract function reviews District-wide technology contracts for cost avoidance opportunities;

- **Strategic Investment Services** – provides program budget coordination and identifies and monitors the agency’s ongoing priorities and critical new capital investments. The services are provided through routinely generating reliable cost metrics and performance analysis, benchmarking, profitability models, and undertaking value-added activities that support overall strategic decision-making and mission performance. This activity provides end users with insight and understanding to make optimal decisions and transform data into strategic and profitable business goals; and
- **Digital Inclusion Initiative (DII)** – leads OCTO’s efforts to foster technology inclusion through outreach and coordination by developing specialized services, public events, and engagement campaigns to empower District residents and small businesses to embrace an expanding digital landscape.

Shared Infrastructure Services – provides the technology infrastructure foundation for the entire District government’s enterprise technology, including a vast high speed digital network, wireless networking services, telecommunications services, database management, messaging and collaboration services, Cloud services and hosted applications, citywide IT security services, desktop support and management, mainframe and financial system hosted environments, Network Operations Center, a Security Operation Center, disaster readiness services, inter-government cooperative services, data center-based mainframe services, and state-of-the-art IT systems.

This division contains the following 7 activities:

- **Mainframe Operations** – provides reliable, secure and efficient computing environments with sufficient resource capacity to meet the information processing requirements of the mainframe applications in OCTO’s data centers; and sustains the mainframe hardware and software that support mission-critical applications used by DMV, Department of Employment Services, Office of the Chief Financial Officer, and University of the District of Columbia;
- **Data Center Facilities** – maintains the premises for OCTO’s data center sites, including facilities operations and upgrade, resource allocation and access control, power management, and site security, with consideration for environmentally-friendly solutions;
- **Enterprise Cloud and Infrastructure Services (ECIS)** – delivers a cost-effective, highly available, and scalable cloud computing platform capable of meeting the District’s current and future demands. ECIS currently hosts a myriad of mission-critical web and application systems (approximately 2 petabyte of data, 3,000 virtual servers, and 500 shared databases) that are critical to the business operations of over 80 District agencies. ECIS’s core technology focus areas include designing and implementing enterprise-class cloud computing platforms, shared/centralized database services, enterprise storage, and backup systems;
- **Telecommunications Governance** – manages a portfolio of approved vendors and contract vehicles to purchase telecommunications products and services, complying with procurement guidelines; and works with all District agencies to monitor and certify telecommunications inventories (e.g. landlines, cellular devices, pagers, data circuits) to best manage overall telecommunications operations;
- **D.C. Network Operations Center** – provides around-the-clock monitoring of critical data, wireless, and voice network components, along with server and web applications, for the District government; also provides after-hours and weekend call center services that support multiple agencies;
- **Email (Citywide Messaging)** – provides collaborative email services engineering, operations management, and modernization for entirety of the District government; manages mobile messaging systems engineering and operations; delivers over one million email messages daily to 39,000 electronic mailboxes throughout the District government; completes more than 450 Freedom of Information Act searches per year; implements and manages Citywide Active Directory and Identity Management systems for all user logins; manages centralized LDAP systems for specialized application authentication; and creates specialized mobility solutions; and

- **DC-Net** – supplies a fiber-optic telecommunications platform serving as the core foundation and primary backbone conduit of all technology and telecommunications services used by over 35,000 District employees; and manages secure voice, video, and data services throughout the District, supporting District agencies including public schools, public libraries, community centers, health clinics, public safety agencies, administrative offices, and District government public Wi-Fi networks.

Information Security – is responsible for the citywide information security platform and policies as well as credentialing operations and policies for District citizens and employees.

This division contains the following 2 activities:

- **Information Security** – manages and maintains an information security architecture that mitigates security vulnerabilities within the District government's technology infrastructure, provides a secure application and network environment for all District government agency systems, ensures compliance with health information security regulations, and provides an array of information security services for all District government agencies and public partners who conduct daily business activities with the District government; and
- **Identity Management System** – manages the District's identity and access management systems used in support of employees and District residents, provides Personal Identity Verification Interoperability (PIV-I) solutions for District government agencies seeking to issue and use highly secure (identity assurance Level 4) PIV-I credentials, and operates the DC One Card centers that provide identity cards for citizens.

Technology Support Services – allows OCTO to provide around-the-clock support for applications and hardware across the District government. The IT ServUs activity provides around-the-clock support of desktop products and services for District agencies with certified technicians who apply industry best practices with industry-level software tools, combined with service-level agreements to provide solutions for all end-user computer needs.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

FY 2015 Proposed Budget Changes

The Office of Chief Technology Officer's (OCTO) proposed FY 2015 gross budget is \$100,042,984 which represents a 7.9 percent increase over its FY 2014 approved gross budget of \$92,759,844. The budget is comprised of \$56,268,281 in Local funds, \$13,847,539 in Special Purpose Revenue funds, and \$29,927,165 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCTO's FY 2015 CSFL budget is \$56,393,204, which represents an \$8,556,503, or 17.9 percent, increase over the FY 2014 approved Local funds budget of \$47,836,702.

CSFL Assumptions

The FY 2015 CSFL calculated for OCTO included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$2,340,166 to account for the removal of one-time funding appropriated in FY 2014 to develop and implement the Affordable Housing Database. Additionally, adjustments were made for increases of \$1,474,178 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$552,291 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. OCTO's CSFL funding for the removal of one-time salary lapse reflects an increase of \$618,000 to account for a one-time adjustment of personal services costs in FY 2014 based on projected salary lapse savings. Additionally, adjustments were made for an increase of \$7,945,000 to account for the Operating Impact of Capital and an increase of \$307,200 to prepare a cost-driver analysis for the District.

Agency Budget Submission

Increase: In Local funds, OCTO proposes an increase of \$100,973 primarily due to the reallocation of nonpersonal services to reflect the agency's programmatic goals. Additionally, increases are budgeted for \$53,704 to support the proposed Telephone, Telegraph, Telegram, etc. estimate, and \$19,004 and 0.1 FTE in personal services to support salary step increases and an adjustment for split funding. In Special Purpose Revenue funds, OCTO proposes an increase of \$74,790 in personal services to support salary step increases in the Shared Infrastructure Services division.

OCTO's FY 2015 proposed Intra-District funds budget increased by \$3,363,294, primarily due to an increase in Contractual Services for the Memorandum of Understanding (MOU) with the District of Columbia Public Schools (DCPS) and the citywide MOU for the information technology assessments. Additionally, the agency increased personal services by \$694,714 to support salary steps and Fringe Benefit adjustments across multiple divisions, and nonpersonal services were increased by \$151,715 in the Information Security and the Shared Infrastructure Services divisions, to align the Supplies budget with historical trends.

Decrease: In Local funds, a decrease of \$173,674 is attributed to Contractual Services savings for software licensing. OCTO's proposed FY 2015 Federal Grant funds budget was decreased by \$985,017 to reflect the completion of several grant-funded projects. In addition, the agency's proposed Special Purpose Revenue funds budget was decreased by \$2,561,374, in anticipation of receiving less revenue from independent agencies to support the PeopleSoft program.

In Intra-District funds, OCTO proposes a nonpersonal services decrease of \$649,560 across multiple divisions, mainly in Other Services and Charges, primarily due to projected savings on hardware and software maintenance. Additionally, the budget reflects a decrease of \$1,237,000 in the Shared Infrastructure Services division for reductions to the Telephone, Telegraph, Telegram, etc. budget by \$1,200,000 and Rentals - Land and Structures budget by \$37,000. This adjustment is based on the discontinuation of payments from OCTO's DC-Net program to the Verizon Customer Contract, known as 'PRI', due to the anticipated completion of the network conversion of the public transport medium, which is scheduled to begin prior to the beginning of FY 2015. The reduction in rent costs is due to previously used storage space that will no longer be needed in FY 2015.

Technical Adjustment: In FY 2015, the Local funds budget for OCTO reflects an increase of \$1,590,077 to support the costs associated with the Information Technology (IT) Assessment and other related services. These funds were allocated to the Shared Infrastructure Services division for \$1,385,301 and to the Application Solutions division for \$114,391. The budget also includes an increase of \$90,385 in the Shared Infrastructure Services division to support the Freedom of Information Act (FOIA) Express maintenance cost for hosting the application on the agency's servers. The FOIA Express system is designed to streamline the delivery of public information requests.

Mayor's Proposed Budget

Reduce: The Local funds budget includes a reduction of \$600,000 to account for the one-time removal of funding for personal services costs in FY 2015 based on projected salary lapse savings.

District's Proposed Budget

Reduce: In Local funds, OCTO's budget includes a reduction of \$382,020 to reflect an adjustment in personal services costs based on the removal of three vacant positions (2.5 FTEs). To achieve greater savings, the agency eliminated \$732,980 in its Contractual Services budget across multiple programs to account for efficiencies in technological services.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Agency Management

Objective 1: Provide strategic IT leadership and fuel technology innovation for the District government to enhance the delivery of services and adoption for the city's residents, businesses, and visitors.

Objective 2: Provide and maintain a ubiquitous, reliable, and secure computing environment to ensure continuity of government operations and safeguarding the District's equipment, facilities, and information.

Objective 3: Improve service delivery and drive innovation through Open Government.

Objective 4: Manage IT initiatives, programs and assets strategically, efficiently, and economically to lower the cost of government operations.

The goal of the Department of General Services (DGS) is to ensure the delivery of new or modernized, well-equipped, well-maintained, safe and secure buildings and facilities for the benefit of District residents and employees. Further, the agency's mission is to promote the efficient and effective management of the District's real estate investments and interests through strategic portfolio management, construction, and facilities management. To this end, DGS will incorporate best management practices from both the public and private sectors where useful.

Summary of Services

DGS carries out a broad range of real estate management functions. In addition to managing capital improvement and construction programs for a variety of District government agencies, DGS also executes real property acquisitions by purchase or lease; disposes of property through sale, lease or other authorized method; manages space in buildings and adjacent areas; and provides building management services for facilities owned or operated by the District. Among the services provided are engineering, custodial, security, energy conservation, utility management, general maintenance, inspection, planning, and capital repairs and improvement. In all of its endeavors, DGS is dedicated to the following:

- Achieving Efficiency in Operations;
- Achieving Quality in Design and Execution;
- Achieving Excellence in Service and Maintenance;
- Delivering Secure and Safe Places of Work for District Employees; and
- Delivering Aggressive and Attentive Management of the District's Resources.

The agency's FY 2015 proposed budget is presented in the following tables:

Division Description

The Department of General Services operates through the following 8 divisions:

Asset Management – plans and manages the District’s real estate to achieve its highest and best use. This division engages in activities such as lease administration, allocation of owned and leased properties to District agencies, property acquisition and disposition, fixed cost forecasting for District facilities, and rent collection from entities leasing District-owned property.

This division contains the following 4 activities:

- **Lease Management (DGS Realty)** – provides space location and management services for District agencies in both owned and leased buildings;
- **Swing Space** – provides support for services associated with moving agencies from one space to another;
- **Eastern Market** – provides for the operations and management of Eastern Market through the revenue-generating Eastern Market Enterprise Fund; and
- **Public Education Realty** – provides asset management services to public and private entities, allowing access and utilization of school building and grounds by entering into use agreements, licenses, and lease agreements.

Facility Operations – is responsible for the day-to-day operation of many District-owned properties, vacant lots, and homeless shelters, and acts as a liaison for operating purposes between agencies and landlords in leased buildings by maintaining building assets and equipment; performing various repairs and non-structural improvements; and providing janitorial, trash and recycling pickup, postal, and engineering services.

The division contains the following 9 activities:

- **Postal Services** – provides certain postal services to various District agencies in owned property;
- **Facilities/Occupancy** – includes costs associated with operating DGS-managed District buildings. Specifically, Facilities/Occupancy is responsible for elevator and fire alarm maintenance, landscape, air quality, pest control, HVAC and electrical repairs and maintenance, water treatment, salaries for these services, and other related building services contracts;
- **Parking** – provides parking space allocation services and parking revenue monitoring services to the District;
- **RFK/Armory** – provides facilities and security services for Robert F. Kennedy Memorial Stadium and the District of Columbia Armory (non-military portion) based on a Memorandum of Agreement with the District of Columbia Washington Convention and Sports Authority;
- **Janitorial Services** – includes costs associated with operating DGS-managed District buildings;
- **Facilities - Public Education** – includes facility maintenance and repair costs for the District of Columbia Public Schools (DCPS);
- **Facilities - Parks and Recreation** – includes facility maintenance and repair costs for parks and recreation centers under the Department of Parks and Recreation (DPR);
- **Facilities - MPD** – includes facility maintenance and repair costs for Metropolitan Police Department (MPD) buildings; and
- **Facilities - FEMS** – includes facility maintenance and repair costs for Fire and Emergency Medical Services (FEMS) Department buildings.

Protective Services – includes the budget for the Protective Service Department (PSD). PSD provides 24-hour security and law enforcement services to government operations by protecting employees, resources, and facilities at District-owned and leased properties. Security includes patrol operations, contract security guard management, and electronic access control and security systems. PSD also assists District and federal agencies during special events and criminal investigations.

Construction Services – implements and manages the public building needs through the Capital Improvements Plan (CIP) for most District government agencies. The CIP outlines agencies’ capital needs, including the rehabilitation of existing properties and construction of new facilities. This division ensures the timely and cost-effective delivery of superior quality engineering, design, and construction, as well as a variety of other technical services on all relevant capital development projects in the CIP.

This division contains the following 2 activities:

- **DGS Construction Services** – houses the operating budget costs of the division including non-capital eligible positions and administrative costs; and
- **Public Education Construction Services** – houses the operating budget costs of the Public Education activity including non-capital eligible positions and administrative costs.

Contracting and Procurement – provides service and support to DGS (and other agencies as needed) in procuring goods and services that fall into the following categories: construction, architecture, and engineering; facilities maintenance and operation; real estate asset management (including leasing and auditing); utility contracts; and security. Additionally, Contracting and Procurement is responsible for vertical construction procurements for any District agency without independent contracting authority.

Energy - Centrally Managed – contains the forecasted expenditures for utility and energy commodities purchased by DGS: fuel, natural gas, electricity, steam, and water.

This division contains the following 7 activities:

- **Auto Fuel** – includes forecasting for auto fuel expenditures. The District purchases four types of fuel - Oil, Unleaded Gasoline, E85 Ethanol, and Diesel Oil - that are used to fuel vehicles;
- **Heating Fuel** – includes forecasting expenditures for fuel used to heat facilities and to fuel generators;
- **Natural Gas** – includes forecasted natural gas expenditures;
- **Electricity** – includes forecasted electricity expenditures;
- **Steam** – includes forecasted steam expenditures;
- **Water** – includes forecasted water and sewer expenditures; and
- **Sustainability DC** – includes efficiency measures that both (a) reduce demand on resources and support a healthy, productive life for employees and citizens and (b) improve building performance and avoid excess energy consumption. Specific measures that reduce the demand on resources involve enhanced waste diversion from landfills (e.g., recycling and composting), improved storm water management and water reuse, localized urban agriculture, and upgrades to the pedestrian-transit built environment. Specific measures that improve building performance involve capturing and managing highly granular data on building usage by zone, equipment schedules, and specific equipment performance data to guide preventative maintenance and system retrofits. This is a new activity as it is a high Mayoral priority.

Rent: In-Lease – includes the budget for in-leasing space, which is the cost of leasing non-District government-owned buildings. Rent is comprised of four individual components: base rent, operating expenses, real estate tax, and parking. Each one of these four charges is unique to the terms and conditions of the lease agreement with each landlord.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of General Services has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Department of General Services' (DGS) proposed FY 2015 gross budget is \$439,573,617, which represents an 11.3 percent increase over its FY 2014 approved gross budget of \$394,937,969. The budget is comprised of \$300,859,513 in Local funds, \$6,324,893 in Special Purpose Revenue funds, and \$132,389,212 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DGS' FY 2015 CSFL budget is \$276,890,619, which represents a \$16,859,021, or 6.5 percent, increase over the FY 2014 approved Local funds budget of \$260,031,598.

CSFL Assumptions

The FY 2015 CSFL calculated for DGS included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$389,175 to account for the removal of one-time funding appropriated in FY 2014 for the purchase of recycling containers from the Department of Public Works for the Department of Parks and Recreation's 71 facilities. Additionally, adjustments were made for increases of \$3,261,036 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$1,927,791 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. DGS' CSFL funding for the Fixed Cost Inflation Factor reflects an adjustment for an increase of \$10,159,369 to align the budget with Fixed Cost projections. Additionally, an adjustment was made for an increase of \$1,900,000 for the removal of one-time salary lapse that reduced personal services costs in FY 2014 based on projected salary lapse savings.

Agency Budget Submission

Increase: DGS provides cost-effective and centralized facility management services for buildings owned and leased by the District of Columbia. To facilitate this objective, DGS proposed an increase of \$7,867,214 in Local funds due to resource allocation across various divisions, mainly in Facility Operations. DGS is also responsible for managing the District's Fixed Cost portfolio, which includes facilities and utilities management, and protective security services, to ensure cost-effective and efficient use of these resources. The proposed estimates for Fixed Costs were increased by a net of \$5,936,407, which includes increases of \$18,550,928 in Occupancy, \$861,912 in Rent - Land and Structures, and \$190,000 in Telecommunication services, offset by reductions of \$12,493,564 in Security Services, \$50,669 in Energy, and \$1,122,200 in Janitorial Services.

DGS proposes an increase of \$4,474,721 across multiple divisions, particularly for Supplies and Materials in the Facility Operations division in the amount of \$3,712,688. The increase in Supplies and Materials is to support maintenance and supplies repairs and maintenance for District-owned buildings, District of Columbia Public Schools, and parks and recreation centers under the Department of Parks and Recreation.

In addition, the budget for Contractual Services was increased by \$3,631,526 due to the projected increase to contracts to support maintenance costs for surveillance equipment in the Protective Services division, parking management, and a Metropolitan Police Department facility in the Facility Operations division. Lastly, DGS' Local funds budget proposes an increase of \$648,905 and 0.2 FTE in personal services to support projected step increases and other personal service adjustments across multiple divisions.

In Special Purpose Revenue funds, the proposed Fixed Cost estimates were increased by \$329,560 primarily in the Rent: In-Lease and Asset Management divisions, due to the reallocation of funds from Contractual Services to the Fixed Cost commodities. Additionally, the agency proposes an overall personal services increase of \$94,445, which includes \$29,445 for projected step increases and \$65,000 in Overtime Pay, based on historical expenditure trends.

In Intra-District funds, the agency had a similar objective to reallocate Fixed Costs from Contractual Services to the Fixed Cost commodities. This action resulted in an overall increase of \$26,716,600.

Decrease: The Special Purpose Revenue funds budget submission reflects a reduction of \$16,662 and 0.5 FTE in personal services. The agency also proposes a decrease of \$211,451 in the Asset Management and Facility Operations divisions to properly align the budget with programmatic goals.

The Intra-District funds proposed budget was decreased by \$109,183 to recognize savings in Supplies and Materials in the Facility Operations division. Also, a reduction of \$22,995,576 from Contractual Services is made, which is comprised of \$11,014,762 in the Facility Operations and \$11,980,814 in the Protective Services divisions, due to a reallocation of those Fixed Costs services related to the centrally-managed energy, rent, protective services, and occupancy commodities.

Technical Adjustment: DGS' Local funds budget was increased by \$4,763,414 to align with the latest projected estimates for Fixed Costs. This increase was allocated across the following divisions: Protective Services, \$1,864,486; Rent: In-Lease, \$1,648,751; Energy - Centrally Managed, \$1,167,852; and Facility Operations, \$82,325. A portion of the increase in Fixed Costs is needed to fund a new commodity in the Energy - Centrally Managed division, Sustainable Energy. The legislation that established this new energy-related commodity did so to help promote energy efficiency and renewable energy, including clean energy financing and supporting renewable energy incentive programs. It will also promote urban beekeeping, help keep dangerous chemicals out of our rivers, protect children from toxic exposure, and aid in energy assistance for low-income and elderly residents. The Sustainable DC Plan is the District's first sustainability plan, and it lays out a path forward to make the District the healthiest, greenest, most livable city in the nation over the next 20 years.

Mayor's Proposed Budget

Enhance: The St. Elizabeths East Gateway Pavilion is a 400-foot-long facility featuring a 16,300-square-foot open air market with space for 40 vendors, 3,100 square feet of enclosed civic space, and a 21,000-square-foot vegetated green roof and a raised park, which will be available for concerts, festivals, and other large gatherings. In order to ensure that the facility is well maintained, safe, secure, and energy efficient, DGS proposes to incorporate best practices in its operations and services on an annual basis. In Local funds, the budget reflects an overall increase of \$1,283,454 to support the day-to-day operations of the Pavilion. Of this amount, \$102,000 was allocated to the Energy - Centrally Managed division, \$551,445 to the Protective Services division, and \$630,009 to the Facility Operations division.

Reduce: The Local funds budget includes a reduction of \$1,000,000 to reflect a one-time removal of personal services costs in FY 2015 based on projected salary lapse savings.

District's Proposed Budget

Enhance: To implement the Smoking Restriction Amendment Act of 2013, DGS' budget includes a one-time increase of \$186,000 in nonpersonal services. This act amends the Smoking Restriction Act of 1979 as follows: "The owner, manager, or person in charge of a playground or play area shall conspicuously post at least 4 signs at the 25 foot boundary of the playground or play area stating that smoking is not permitted on the playground or play area." DGS is charged with erecting the signs at all District public playgrounds.

Reduce: In Local funds, DGS' budget includes a reduction of \$1,150,000, which includes \$1,000,000 in Occupancy Fixed Costs based on revised estimates and \$150,000 in professional fees to account for efficiencies. In addition, the agency reduced its Local personal services budget by \$2,672,749, which includes \$2,500,000 to reflect an adjustment of personal services costs based on projected salary lapse savings and \$172,749 to reflect an adjustment in personal services costs based on the removal of 3 vacant positions.

The mission of the Contract Appeals Board (CAB) is to provide an impartial, expeditious, inexpensive, and knowledgeable forum for the hearing and resolving of contractual disputes, protests, debarments, and suspensions involving the District and its contracting communities.

Summary of Services

The Contract Appeals Board reviews and determines: de novo protests of District contract solicitations and/or awards; appeals by contractors of the District Contracting Officer's final decisions; claims by the District against a contractor; appeals by contractors of suspensions and/or debarments; and contractor appeals of interest payment claims under the Quick Payment Act.

Program Description

The Contract Appeals Board operates through the following 2 programs:

Adjudication – adjudicates protests of District contract solicitations and awards, appeals by contractors of District contracting officer final decisions, claims by the District against contractors, appeals by contractors of suspensions and debarments, and contractor appeals of interest payment claims under the Quick Payment Act.

Contract Appeals Board (Agency Management) – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Contract Appeals Board has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Contract Appeals Board's (CAB) proposed FY 2015 gross budget is \$1,426,098, which represents a 34.6 percent increase over its FY 2014 approved gross budget of \$1,059,490. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CAB's FY 2015 CSFL budget is \$1,126,098, which represents a \$66,608, or 6.3 percent, increase over the FY 2014 approved Local funds budget of \$1,059,490.

CSFL Assumptions

The FY 2015 CSFL calculated for CAB included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$66,131 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$477 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: CAB's FY 2015 proposed budget includes a net increase of \$34,606 in nonpersonal services to support projected supplies and contract-related costs due to increased adjudication services. This increase includes an allocation of \$30,370 in the Adjudication program and \$4,236 in the Control Appeals Board program.

Decrease: The FY 2015 Local funds budget reflects a net decrease of \$34,606 in personal services, primarily in the Adjudication program, as an offset to the increase in nonpersonal services.

Mayor's Proposed Budget

No Change: The Contract Appeals Board's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: CAB's proposed budget includes an increase of \$300,000 and 2.0 FTEs to support new attorney positions in the Adjudication program.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Promote public confidence in the integrity of the procurement process through timely, efficient, and legally correct adjudication of disputes and protests.

Objective 2: Enhance the Board's ability to efficiently and inexpensively manage and adjudicate cases.

Objective 3: Educate government and private contracting parties on resolving disputes through alternative dispute resolution methods.

The Board of Elections, a chartered independent agency, is comprised of a three-member Board along with a small, dedicated staff that carries out the agency’s mission. The mission of the Board is to enfranchise eligible residents, conduct elections, and assure the integrity of the electoral process as mandated by both federal and local laws.

Summary of Services

The Board of Elections (BOE) achieves its mission through the execution of the following services and programs: voter registration services; voting system technologies; voter information services including public and media outreach and candidate services; information technology and information services systems that support voting, ballot tabulation, and electronic mapping of election district boundaries; planning and implementation of District of Columbia elections; and through the aid of legal counsel, rulemaking and adjudication functions.

Program Description

The Board of Elections operates through the following 3 programs:

Board of Supervisors – provides assistance to the BOE in carrying out their duties. This policy-making board manages all activities relating to the BOE, including meetings. The Board members meet a minimum of once a month with the Office of the General Counsel, the Office of the Executive Director, and the Office of Campaign Finance to discuss any situation or concern that the BOE may have.

Election Operations – provides the administrative functions for the agency’s overall operations. This program directs election-related program operations and support activities; conducts elections; provides voter registration services; and provides voter roll maintenance, technology and information, and administration and support.

This program contains the following 3 activities:

- **Voter Registration** – operates the voter registration system; conducts the absentee voter program, including in person, by mail, overseas citizen services, and absentee registration and voting; maintains voter history data; disseminates and provides access to voter registry data products; determines registration status for special ballots and petition signatures; assists in automated ballot tabulation and recount operations; conducts the biennial voter canvass; and executes the statutorily mandated requirements for the management and maintenance of the District’s voter registry, including data processing systems support for on-line voter registration;
- **Voter Services** – provides centralized voter assistance, public reception, and information services; provides candidates with the information and documentation necessary for them to qualify for office, including petitions and declarations of candidacy; administers ballot access procedures for candidates and initiative, referendum, and recall measures; ensures petition sufficiency, voter qualification and eligibility, absentee registration and voting, and documentation for certification of election results; conducts ballot position lotteries and assists in automated ballot tabulation and recount operations; and conducts the in-person absentee voting program; and
- **Election Operations** – provides central planning, administrative, and logistical support for all agency operations, including those directly associated with the conduct of elections and their subsequent clean-up. This activity is responsible for resource planning and financial management, including budgeting, accounting, procurement activity, and Intra-District charges for services; contractual support for elections; and maintenance of agency facilities, specialized equipment, and other material. This activity also coordinates special elections and recall; develops election ballot layouts and design; effects procurement, monitors production, and ensures proper distribution of ballots for each voting precinct; performs comprehensive planning and support to election operations; and ensures that elections are carried out in an open and accessible manner for voters of the District of Columbia.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Board of Elections has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Board of Elections' (BOE) proposed FY 2015 gross budget is \$7,239,921, which represents a 9.4 percent increase over its FY 2014 approved gross budget of \$6,615,030. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

BOE's FY 2015 CSFL budget is \$4,420,821, which represents a \$2,194,209, or 33.2 percent, decrease from the FY 2014 approved Local funds budget of \$6,615,030.

CSFL Assumptions

The FY 2015 CSFL calculated for BOE included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$2,443,100 to account for the removal of one-time funding appropriated in FY 2014 for the 2014 District of Columbia Primary Election. Additionally, adjustments were made for increases of \$235,214 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$13,678 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The budget proposal reflects an increase of \$198,170 and 8.0 FTEs in personal services for Regular Pay – Other to align budget with programmatic needs. Furthermore, the agency increased its nonpersonal services budget by \$99,475, primarily in the Election Operations program to support the purchase of administrative supplies and Telecommunication services for the District's upcoming General Election in November 2014.

Decrease: The agency's personal services budget includes a decrease of \$82,056 to reflect the actual costs of Fringe Benefits. Additionally, a reduction of \$215,590 and 7.8 FTEs was made to redirect funds from Regular Pay – Continuing Full Time to Regular Pay – Other to support the agency initiatives.

Technical Adjustment: In anticipation of the District's November 2014 General Election, BOE's proposed budget was increased by \$2,819,100 in the Election Operations program. This funding was allocated as follows: \$800,000 in personal services for the compensation of temporary workers and to support Overtime Pay; \$788,100 for transportation, security, and other contractual services; \$548,000 to support the costs associated with facilities, ballots, and voting systems; \$245,000 for printing and publication costs; \$150,000 for general supplies; \$125,000 for postage; \$75,000 for IT supplies; \$66,000 for media, advertising, and voter education costs; and \$22,000 for automobile rentals.

Mayor's Proposed Budget

No Change: The Board of Elections' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Board of Elections' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Election Operations

Objective 1: Prepare for and execute successful election events.

Objective 2: Efficiently update voter registration records to ensure accuracy.

Objective 3: Inform District residents about voting opportunities and increase voter education and participation.

Note: The Board of Supervisors, as a budgetary division, represents the compensation earned by the Chairman and members of the Board of Elections. See Title I, Subtitle M of the Fiscal Year 2013 Budget Support Act of 2012, effective September 30, 2012 (D.C. Law 19-168). The Board of Supervisors provides assistance to the BOE in carrying out its duties, mainly as a policy-making and quasi-judicial Board. Accordingly, no performance plan is associated to this budgetary division.

Agency Management, as a budgetary division, is a standard program for all agencies using performance-based budgeting. For the Board of Elections, the Agency Management budgetary division represents the administrative and legal support required to achieve operational and programmatic results in its main budgetary division (Election Operations). Accordingly, no performance plan is associated with this budgetary division.

Performance Plan Endnotes:

¹In any fiscal year, BOE will conduct one regularly scheduled election. In fiscal years where a special election has been conducted, performance data has been separated. The following data measures performance for all District-wide elections (regularly scheduled primary and general elections and special elections). Performance data for ward-wide special or Advisory Neighborhood Commission recall elections is not included.

²This is a new performance measure for Fiscal Year 2014. Accordingly, no historical data is provided.

Program Description

The Office of Campaign Finance operates through the following 2 programs:

Oversight Support Services – provides desk analysis reviews, investigations, hearings, field audits, statistical reports, recommendations, and summaries of all financial reports submitted by candidates, political committees, constituent service programs, public officials, lobbyists, and statehood funds that focus efforts on ensuring accurate reporting and full disclosure, pursuant to the Campaign Finance Laws, so that the public is well informed and confident in the integrity of the electoral process and government services. The program also provides public information and educational seminars.

This program contains the following 3 activities:

- **Public Information and Records Management** – provides public information and educational seminars, receives electronically submitted financial reports, enters financial reports received by hard copy, and compiles information for publication in the D.C. Register so that the public is well informed and confident in the integrity of the electoral process and government service;
- **Reports Analysis and Audit Division** – provides desk analysis reviews, field audits, statistical reports, and summaries of all financial reports submitted by candidates, political committees, constituent service programs, public officials, lobbyists, and statehood funds that focus efforts on ensuring accurate reporting and full disclosure, pursuant to the Campaign Finance Laws; and
- **Office of the General Counsel** – provides enforcement by conducting investigations and hearings and issuing recommendations for decisions on charges of violations of the Campaign Finance Act. The Office drafts regulations and interpretive opinions that focus efforts on promoting voluntary compliance with the Campaign Finance Act.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Campaign Finance has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Campaign Finance's (OCF) proposed FY 2015 gross budget is \$2,798,476, which represents a 6.5 percent increase over its FY 2014 approved gross budget of \$2,628,515. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCF's FY 2015 CSFL budget is \$2,798,476, which represents a \$169,961, or 6.5 percent, increase over the FY 2014 approved Local funds budget of \$2,628,515.

CSFL Assumptions

The FY 2015 CSFL calculated for OCF included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$167,603 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$2,358 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: OCF's Local funds budget increased by \$37,391 in personal services to reflect projected changes in salary steps and Fringe Benefits costs. This adjustment is the combination of a reduction of \$73,508 in the Oversight Support Services program and an increase of \$110,898 in the Agency Management program.

Decrease: OCF's budget proposal reflects a reduction of \$37,391 in nonpersonal services to offset projected cost increases in personal services.

Mayor's Proposed Budget

No Change: The Office of Campaign Finance's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office of Campaign Finance's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Obtain full and complete disclosure of documents and actions relevant to the Campaign Finance Act through efficient and effective educational, audit, and enforcement processes.

Objective 2: Assimilate, maintain, and compile financial disclosure records received through electronic filing and by hard copy into an integrated, relational database.

Objective 3: Disseminate financial disclosure records and statistical reports.

Performance Plan Endnotes:

¹OCF is an independent agency. For the purposes of the FY 2015 Performance Plan, the OCF elected to organize the Plan at the agency level instead of by budget division due to significant overlap across budget divisions.

²Data is current as of June 30, 2013.

³This measure is greater than 100 percent because of an overlap of matters carried from the second quarter for the conduct of second hearings during the third quarter.

⁴The District Council is considering legislation in FY 2013/FY 2014 to mandate 100 percent electronic filing.

Program Description

The Public Employee Relations Board operates through the following 2 programs:

Adjudication – provides assistance in resolving labor-management disputes between the District government and labor organizations representing employees of various District agencies.

This program contains the following 3 activities:

- **Legal Support** – provides assistance in resolving labor-management disputes between the District government and labor organizations representing employees of various District agencies;
- **Court Appeals and Enforcement** – defends appeals filed by an aggrieved party. Also, if the Board's order is reversed by the District of Columbia Superior Court, the Board may file an appeal with the District of Columbia Court of Appeals. Seeks enforcement of the Board's orders; and
- **Public Employee Relations Board** – through Board meetings, provides final resolution of labor-management disputes between the District government and labor organizations representing employees of various District agencies.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

FY 2015 Proposed Budget Changes

The Public Employee Relations Board’s (PERB) proposed FY 2015 gross budget is \$1,253,206, which represents a 7.8 percent increase over its FY 2014 approved gross budget of \$1,162,066. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

PERB's FY 2015 CSFL budget is \$1,228,206, which represents a \$66,140, or 5.7 percent increase, over the FY 2014 approved Local funds budget of \$1,162,066.

CSFL Assumptions

The FY 2015 CSFL calculated for PERB included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$62,714 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and an increase of \$ 3,427 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: PERB'S FY 2015 proposed budget includes an increase of \$3,918 in personal services to support projected salary step and Fringe Benefit costs increases. This adjustment is comprised of an increase of \$8,885 in the Adjudication program, which was offset by a reduction of \$4,967 in the Agency Management program.

Decrease: The agency's budget proposal for nonpersonal services decreased by \$3,918 in Contractual Services-Other, primarily in the Adjudication program, to absorb proposed personal services increases. This change is the result of a net adjustment that is comprised of an increase of \$4,346 in the Agency Management program and a reduction of \$8,264 in the Adjudication program,

Mayor's Proposed Budget

No Change: The Public Employee Relation Board's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: The budget includes an increase of \$25,000 in one-time funding to support workshops and a lecture series for District-wide agency management.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Efficiently resolve labor management disputes between District agencies and labor organizations.

Objective 2: Maintain and/or increase the number of matters that are settled through mandatory mediation program.

Objective 3: Maintain a high rate of success concerning matters that are appealed to either the D.C. Superior Court or the D.C. Court of Appeals.

Objective 4: Continue to review PERB's rules in order to determine if PERB needs to amend its rules or promulgate new rules.

FTEs	13.9	14.0	14.0	0.0

The mission of the Office of Employee Appeals (OEA) is to render impartial, legally sufficient, and timely decisions on appeals filed by District of Columbia government employees. OEA has jurisdiction over appeals in which an employee has been removed as a result of an adverse action for cause, placed on enforced leave for 10 days or more, suspended for 10 days or more, reduced in grade, or been subjected to a reduction in force.

Summary of Services

OEA offers District government agencies and employees the following three-part appeal process: mediation, adjudication, and petitions for review. The mediation process allows the employee and the agency an opportunity to resolve their disputes without going through the lengthy and costly adjudication process. The adjudication process results in disputes being resolved by an administrative judge who issues an initial decision and finds in favor of either the agency or employee. The petition for review process provides an impartial review of initial decisions by OEA's Board.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The Office of Employee Appeals operates through the following 2 programs:

Adjudication – provides mediation sessions, impartial hearings, and adjudication appeals for District government employees who challenge an agency’s final decision on personnel matters.

This program contains the following 3 activities:

- **Adjudication Process** – provides impartial, fair decisions to employees for timely resolution of their appeal;
- **Appeals** – provides an impartial review by the Office of Employee Appeals Board of the decisions filed; and
- **Mediation** – provides both parties an opportunity to resolve or settle disputes without going through the lengthy and costly adjudication process.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Employee Appeals has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Employee Appeals' (OEA) proposed FY 2015 gross budget is \$1,570,426, which represents a 6.1 percent increase over its FY 2014 approved gross budget of \$1,479,993. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OEA's FY 2015 CSFL budget is \$1,570,426, which represents a \$90,433, or 6.1 percent increase over the FY 2014 approved Local funds budget of \$1,479,993.

CSFL Assumptions

The FY 2015 CSFL calculated for OEA included adjustment entries that are not described in detail on table 5. Additionally, adjustments were made for increases \$87,365 in personal services, to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost of living adjustments implemented in FY 2013; and an increase of \$3,068 in nonpersonal services, based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: OEA's Local funds includes an increase of \$31,530 in personal services for projected changes in salary steps and Fringe Benefit costs. This adjustment is the combination of an increase of \$30,893 in the Agency Management program and an increase of \$636 in the Adjudication program.

Decrease: The proposed budget reflects a reduction of \$31,530 in nonpersonal services to offset projected cost increases in personal services.

Mayor's Proposed Budget

No Change: The Office of Employee Appeals' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office of Employee Appeals' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Render impartial, legally sound decisions in a timely manner.

Objective 2: Streamline the adjudication process.

Objective 3: Maintain a system to allow the public to have access to all decisions rendered by the Office.

Performance Plan Endnotes:

¹For the purposes of the FY 2014 Performance Plan, (1000) Agency Management is included with the (2000) Adjudication division to more accurately reflect the functional organization of the OEA.

²The months indicated represent the time from which an appeal is filed with OEA until an Initial Decision is issued by an Administrative Judge.

³The months indicated represent the time from which an appeal is filed with the OEA Board until a final decision is rendered.

⁴In FY 2012, OEA reversed fourteen Agency decisions of the 436 total cases decided.

⁵In FY 2013, OEA reversed nineteen agency decisions of the 347 total cases decided.

⁶In FY 2012, there were twenty-six decisions issued by the Superior Court of the District of Columbia and four decisions issued by the Court of Appeals. Two of the twenty-six decisions reversed OEA rulings.

⁷In FY 2013-to-date, there have been Sixteen decisions issued by the Superior Court for the District of Columbia and four decisions issued by the Court of Appeals. All of OEA's decisions have been upheld.

“Region Forward” is the vision and commitment by Metropolitan Washington Council of Governments (MWCOG) and its member governments, who together seek to create a more accessible, sustainable, prosperous, and livable National Capital Region. MWCOG’s overarching mission is to make “Region Forward” a reality by being a discussion forum, expert resource, issue advocate, and catalyst for action.

In the District’s budget, the MWCOG agency represents the District’s annual payment to MWCOG.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The District's payment to the Metropolitan Washington Council of Governments is reflected as one program in the District's financial system. However, MWCOG operates through the following 9 programs:

Transportation Planning – provides transportation planning for the metropolitan Washington area through the Transportation Planning Board, in cooperation with the area's local governments and federal, state, and regional agencies responsible for funding and implementing highway, bridge, transit, and other projects. Transportation planning is a key part of the Region Forward initiative.

Commuter Connections – coordinates programs aimed at alleviating road congestion and reducing vehicle emissions through ride-matching services, employer outreach, telecommuting programs, integrated ride-share information kiosks, and mass marketing campaigns, to encourage alternatives to driving alone.

Metropolitan Planning and Economic Development – assists local governments in developing the planning databases and analytic tools needed to analyze regional economic and demographic change. The program provides MWCOG member jurisdictions with analyses of current and projected growth trends and provides data to the Transportation Planning Board as it develops transportation plans for the region. This work also is related to the efforts of the Region Forward Coalition, an advisory body whose membership includes area government officials and stakeholder groups representing businesses, nonprofits, and community-based organizations.

Housing Opportunities and Community Management – covers an array of issues that are important to the policy developments of area local governments and their housing authorities. The program provides data on the region's housing stock, Section 8 housing, homelessness, and housing affordability. Both the Region Forward Coalition and the Human Services and Public Safety Policy Committee help direct this work.

Child Welfare – facilitates regional foster care and adoption initiatives to help area children lead happy, healthy, and productive lives.

Public Safety, Health and Homeland Security – coordinates regional programs and policies on a broad range of issues, including law enforcement, fire safety, public health, and emergency preparedness. The program helps to keep the region safe and healthy by supporting innovative regional policies and programs, developing regional mutual aid agreements, providing technical assistance and training to public safety and health officials, and developing public education and prevention measures. The National Capital Region Emergency Preparedness Council, an advisory body at MWCOG, is responsible for oversight of regional homeland security programs in partnership with Maryland, Virginia, and the federal government.

Water Resources Planning and Management – facilitates efforts to clean the region's waterways including the Chesapeake Bay, the Anacostia River watershed, and the Potomac River. The program includes water quality management policy, technical analysis, storm water management, water health issues, drought coordination, and water-related homeland security planning. The Chesapeake Bay and Water Resources Policy Committee and the Anacostia Watershed Restoration Partnership also help guide this work program.

Environmental Resources – provides support to local government programs in the region that address solid waste management, recycling, energy, airport noise, pollution, and alternative fuels. The Climate, Energy and Environment Policy Committee guides this work program.

Air Quality Planning – supports the Metropolitan Washington Air Quality Committee, which is certified to prepare federally mandated plans to clean the region's air. This program also tracks pollution levels on a daily basis through the Air Quality Index, provides seasonal forecasts, and organizes public education campaigns.

The mission of the Office of the Attorney General (OAG) is to enforce the laws of the District of Columbia and to provide legal services to the District government.

Summary of Services

OAG is charged with conducting the District's legal business. OAG represents the District in virtually all civil litigation, prosecutes certain criminal offenses on the District's behalf and represents the District in a variety of administrative hearings and other proceedings. In addition, OAG is responsible for advising the Executive Office of the Mayor, the D.C. Council, the D.C. Courts, and various Boards and Commissions; for reviewing legislation and regulations; and for supervising lawyers working in the general counsel offices of 28 agencies. All told, the Attorney General supervises the legal work of about 434 attorneys and an additional 350 administrative/professional staff.

The agency's FY 2015 proposed budget is presented in the following tables:

FY 2015 Proposed Budget Changes

The Office of the Attorney General's (OAG) proposed FY 2015 gross budget is \$109,453,730, which represents an 8.1 percent increase over its FY 2014 approved gross budget of \$101,247,546. The budget is comprised of \$65,986,606 in Local funds, \$21,202,251 in Federal Grant funds, \$390,903 in Private Donations, \$1,844,200 in Special Purpose Revenue funds, and \$20,029,769 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OAG's FY 2015 CSFL budget is \$62,784,236, which represents a \$2,812,664, or 4.7 percent, increase over the FY 2014 approved Local funds budget of \$59,971,573.

CSFL Assumptions

The FY 2015 CSFL calculated for OAG included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$2,077,918 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$134,121 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

OAG's CSFL funding for the removal of one-time salary lapse reflects an increase of \$500,000 to account for personal services costs in FY 2014. Additionally, adjustments were made for increases of \$100,625 for the Fixed Cost Inflation Factor.

Agency Budget Submission

Increase: In Local funds, the proposed budget includes an increase of \$448,785 in the personal services budget. This funding supports within-grade increases of \$341,000 and position reclassifications of \$107,785. In addition, the realignment of Ruff Fellow positions within the agency resulted in an increase of 3.4 FTEs in the Civil Litigation division. Another adjustment in Local funds impacting personal services reflects an increase of \$94,189 to cover projected increases in Fringe Benefits costs. In order to align the budget with the FY 2015 Fixed Costs estimates provided by the Department of General Services (DGS), OAG proposes an increase of \$40,568 in Local funds. Included in this adjustment for various Fixed Costs commodities are increases of \$29,543 for Occupancy and \$19,924 for Energy, together with reductions of \$8,619 for Security Services and \$280 for Telecommunications.

In Federal Grant funds, the proposed budget includes an increase of \$778,591 and 5.3 FTEs in the Child Support Services division to support a project aimed at enforcing support for children who are close to “aging out” of the system. Some of the positions were converted from part-time to full-time status. This adjustment also covers projected salary step increases, cost-of-living adjustment, and Fringe Benefits costs. Funding sources for OAG’s budget include grants from the U.S. Department of Health and Human Services for child support enforcement.

In Private Donations, OAG proposes to increase the budget by \$58,911, primarily in the Civil Litigation Division to support salary increases. The proposed adjustment supports an additional 1.0 FTE to support 2 Ruff Fellows (the Ruff Fellowship program is named after Charles Ruff, the former Attorney General for the District). These Fellows will provide litigation services assistance. These funds are donations from George Washington University and American University, and they are matched by the District. An adjustment to increase the budget by \$13,055 covers projected increases in Fringe Benefits costs.

In Special Purpose Revenue funds, OAG proposes an adjustment that increases the budget by \$10,000 in the Public Safety division to support the Nuisance Abatement program. This adjustment includes \$6,000 for litigation support services, \$3,000 for training, and \$1,000 for travel related to investigations and training. Furthermore, the agency adjusted the personal services budget to reflect an increase of \$7,506 in the Child Support Services division to provide essential legal services to eligible District residents.

In Intra-District funds, OAG proposes an increase of \$1,629,804 in the personal services budget to support an additional 5.8 FTEs, mainly in the Public Interest and Commercial divisions. An increase of \$542,927, primarily in the Public Safety division, provides funding to cover equipment costs and to purchase D.C. Codes.

Decrease: In Local funds, the proposed budget includes a reduction \$2,108 in Other Services and Charges and Supplies across various programs to offset the projected increases in personal services. Additionally, OAG reduced the personal services budget by \$168,484 and 3.4 FTEs in the Child Support Services division to partially offset the corresponding FTE increases in the Civil Litigation Division. Furthermore, the agency proposes a reduction of \$412,951 in Local funds to align the budget with projected personal services costs.

In Federal Grants funds, the agency adjusted the budget for Fixed Costs to reflect a decrease of \$13,719 for Telecommunications based on DGS estimates. OAG adjusted the personal services budget to reflect a decrease of \$245,000 and 5.9 FTEs in the Child Support Services division due to the conversion of term full-time staff to permanent full-time status. The budget in Federal Grant funds also includes a reduction of \$551,608 due to lower-than-anticipated services with regard to the job program contracts and a minor adjustment for administrative operations. In Intra-District funds, a reduction of \$39,714 accounts for adjustments in Supplies, Other Services and Charges, and Contractual Services based on FY 2015 MOUs and service agreements.

Technical Adjustment: OAG's proposed budget in Local funds includes an increase of \$618,757, which represents a technical adjustment to the calculation for the cost-of-living adjustments.

Mayor's Proposed Budget

Enhance: The proposed budget includes a personal services enhancement of \$2,064,084 and 13.0 FTEs to account for Procurement Reform. In addition, OAG increased the proposed budget by a one-time funding of \$531,525 to implement a new internal document management system. To effectively handle truancy-related cases, OAG's budget in Local funds includes an increase of \$165,000 and 2.0 additional FTEs.

District's Proposed Budget

Reduce: The budget proposal includes a reduction of \$14,000 in Local funds to reflect programmatic cost savings in equipment expenses. In addition, a reduction of 1.0 FTE in the Commercial Division will save \$163,084 in personal services costs.

⁴The KPI Manager web interface is set up to report numbers quarterly. The amount chosen as the goal (70) is for the quarter, rather than as a yearly number, as previously expressed. Therefore, this is an increase over prior year goals.

⁵In FY 2012, the method of counting enrolled parents was changed to include only those in the EDSI program.

⁶Depends on available funding and existing resources of community-based organizations.

⁷No data reported after FY 2012 as this performance measure is no longer tracked.

⁸This goal is being raised significantly to reflect the expanded range of the measurement.

The Board of Ethics and Government Accountability (BEGA) is responsible for overseeing the Office of Government Ethics and the Office of Open Government. The Office of Government Ethics administers and enforces the District of Columbia Code of Conduct. The Office of Open Government is an independent office under BEGA and is tasked with ensuring government-wide compliance with the D.C. Freedom of Information Act and the Open Meetings Act.

Summary of Services

Specifically, BEGA is responsible for:

- Investigating alleged violations of the Code of Conduct, holding adversarial hearings and, where appropriate, levying sanctions;
- Issuing Advisory Opinions, providing “safe-harbor” for good-faith reliance on these opinions;
- Issuing Advisory Opinions on its own initiative;
- Conducting mandatory ethics training for District government employees;
- Updating and maintaining the District Ethics Manual;
- Receiving and reviewing public financial disclosure statements from public officials and certification statements from Advisory Neighborhood Commissioners;
- Overseeing compliance of certain government employees who must file confidential financial disclosure statements with their agency heads;
- Receiving and auditing lobbyist registration forms and lobbyist activity reports;
- Enforcing the Open Meetings Act;
- Monitoring the District’s compliance with the Freedom of Information Act; and
- Assisting government agencies in the implementation of open government practices.

FY 2015 Proposed Budget Changes

The Board of Ethics and Government Accountability's (BEGA) proposed FY 2015 gross budget is \$1,497,583, which represents a 13.9 percent increase over its FY 2014 approved gross budget of \$1,315,283. The budget is comprised of \$1,437,583 in Local funds and \$60,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

BEGA's FY 2015 CSFL budget is \$1,302,464, which represents a \$47,181, or 3.8 percent, increase over the FY 2014 approved Local funds budget of \$1,255,283.

CSFL Assumptions

The FY 2015 CSFL calculated for BEGA included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$45,430 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$1,751 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: An increase of \$112,308 in Local funds reflects the realignment of 2.0 positions in the Board of Ethics program from full-time to part-time status to improve ethical compliance and to support projected salary steps and other personal services adjustments. The budget also increased by \$1,066 due to Fringe Benefits adjustments within the agency.

Decrease: The Local funds budget reflects a decrease in personal services of \$5,626 due to salary steps and other savings in the Office of Open Government program. Also within the Office of Open Government program, a reduction of \$5,916 in nonpersonal services is related to the alignment of the agency's operational costs for office support, stipends, and equipment purchases. Additionally, the budget reflects a decrease of \$101,832 due to the realignment of 2.0 positions from full-time to part-time status within the Board of Ethics program.

Mayor's Proposed Budget

Enhance: The Local funds budget increased by \$135,119 and 2.0 FTEs in the Board of Ethics program to allow BEGA to effectively investigate ethics complaints and to timely process financial disclosure and lobbyist activity filings.

District's Proposed Budget

No Change: The Board of Ethics and Government Accountability's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Board of Ethics

Objective 1: Conduct timely and appropriate investigations and enforcement actions.

Objective 2: Conduct mandatory training on the Code of Conduct and produce ethics training materials and a plain-language guide.

Objective 3: Issue formal, written Advisory Opinions upon application made by an employee or public official subject to the Code of Conduct and issue, on its own initiative, an advisory opinion on any general questions of law it deems of sufficient public importance.

KEY PERFORMANCE INDICATORS¹

Percent of enforcement actions completed within 75 days (from issuance of the Notice of Violation to final order of the Ethics Board)	Not Available	Not Available	67%	75%	80%	80%

Office of Open Government

Objective 1: Ensure Compliance with the Freedom of Information Act (FOIA) and the Open Meetings Act (OMA).

Objective 2: Present legislative amendments to FOIA that will allow the Office of Open Government (OOG) greater enforcement authority by providing formal mediation of disputes among FOIA requestors and agencies; and making the OOG the formal body, in addition to the District of Columbia Superior Court, to receive formal appeals and provide binding opinions.

Objective 3: Work with the Executive Office of the Mayor to create a citywide transparency and open government policy addressing the city's formal intake of structured data from District agencies and making the data available to the public through open source platforms.²

Objective 4: Present legislative amendments to the OMA allowing the OOG greater enforcement and oversight authority by raising the \$250 limit on sanctions against public bodies for non-compliance; and requiring all Advisory Neighborhood Commissioners to comply with the OMA.

¹ BEGA is a new government entity, created in FY 2013. Therefore, this program does not have historical data for prior fiscal years.

² As referenced in Mayor's Memorandum 2011-01, Transparency and Open Government Policy.

³ BEGA is a new government entity, created in FY 2013. Therefore, this program does not have historical data for prior fiscal years.

⁴ OOG is staffed with one person, the director. One Attorney Advisor FTE has been approved for FY 2014 to assist with the training of 176 current boards and commissions. Current staffing levels will not allow for in-person training of all boards and commissions. OOG will offer training slides on the BEGA/OOG Website.

⁵ From April 22, 2013 to September 30, 2013, the Office of Open Government, in collaboration with the Office of Boards and Commissions, conducted two trainings of all Board points of contact on the Open Meetings Act. Approximately 90 people attended each meeting. For the purposes of FY 2013 tracking, OOG considers the Board points of contact meetings to be individual trainings, rather than trainings of all Boards and Commissions represented by way of attendance.

⁶ OOG will conduct yearly citywide trainings of all District government agencies and will perform agency specific trainings upon request.

⁷ A transparency plan for the Council is included in the calculation.

Innovation Fund

Description	FY 2014 Approved	FY 2015 Proposed	% Change from FY 2014
Operating Budget	\$15,000,000	\$0	-100.0

Note: The Innovation Fund is an established District of Columbia agency pursuant to the “Innovation Fund Establishment Act of 2013.”

The mission of the Innovation Fund is to provide competitive grant funds to District nonprofit organizations in education, job training, health, senior services, arts, public safety, and the environment for the purpose of growing and diversifying our economy, educating and preparing our residents for the emerging new economy, improving the quality of life for all residents, and increasing our city’s sustainability.

The Innovation Fund, to be administered by the Community Foundation for the National Capital Region, was established in 2013 as part of the District’s FY 2014 budget. The Innovation Fund was created under the “Innovation Fund Establishment Act of 2013.” The Community Foundation for the National Capital Region does not provide direct services to families; however, it sub-grants funds and provides technical assistance to nonprofit organizations that provide direct services to District residents and families and thereby, promote a growing economy, educational improvement, increasing sustainability, and improved quality of life for all residents. By housing the Innovation Fund outside the government with strict rules that insulate it from politics, grant decisions are kept at arm’s length from the District government and made entirely on the merits of various organizations’ proposals.

The agency’s FY 2015 budget is presented in the following tables:

FY 2015 Proposed Budget Changes

The Innovation Fund's proposed FY 2015 gross budget is \$0, which represents a 100.0 percent decrease from its FY 2014 approved gross budget of \$15,000,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Innovation Fund's FY 2015 CSFL budget is \$0, which represents a \$15,000,000, or 100.0 percent decrease, from the FY 2014 approved Local funds budget of \$15,000,000.

CSFL Assumptions

The FY 2015 CSFL calculated for the Innovation Fund included an adjustment entry that is not described in detail on table 4. The adjustment was for a reduction of \$15,000,000 to account for the removal of one-time funding appropriated in FY 2014 for the grant to the Community Foundation for the National Capital Region (CFNCR).

Agency Budget Submission

No Change: The Innovation Fund's budget proposal reflects no change from the Current Services Funding Level to the agency budget submission.

Mayor's Proposed Budget

Enhance: A one-time enhancement of \$15,000,000 in Local funds is provided as a grant to the Community Foundation for the National Capital Region. As a non-District government entity, CFNCR will sub-grant the funds and provide technical assistance to nonprofit organizations that provide direct services to District residents and families.

District's Proposed Budget

Reduce: The Innovation Fund's proposed budget is reduced by \$15,000,000 to eliminate funding in FY 2015.

Program Description

The Office of the Inspector General operates through the following 3 programs:

Accountability, Control, and Compliance – provides audits and inspections of and for the District government that focus efforts on mitigating risks that pose the most serious challenges to District agencies and other stakeholders. Through this work, District government entities can better maintain fiscal integrity and operational readiness to reduce fraud, waste, and mismanagement.

This program contains the following 2 activities:

- **Audit** – conducts audits, reviews, and analysis of financial, operational, and programmatic functions; and
- **Inspections and Evaluations** – inspects and evaluates District agencies in accordance with defined performance criteria. Evaluates management and programs and makes recommendations relating to improving overall efficiency and effectiveness.

Law Enforcement and Compliance – conducts investigations of allegations of waste, fraud, and abuse relating to the programs and operations of the District government.

This program contains the following 3 activities:

- **Investigations** – investigates fraud and other misconduct by District government employees and contractors doing business with the District of Columbia;
- **Medicaid Fraud Control Unit (MFCU) 25% Match** – represents the Local match associated with the MFCU federal grant; and
- **Medicaid Fraud Control Unit** – investigates and prosecutes cases of patient abuse and neglect and cases of Medicaid fraud by health care providers.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of the Inspector General has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of the Inspector General's (OIG) proposed FY 2015 gross budget is \$16,919,885, which represents a 6.1 percent increase over its FY 2014 approved gross budget of \$15,947,792. The budget is comprised of \$14,347,682 in Local funds and \$2,572,202 in Federal Grant funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OIG's FY 2015 CSFL budget is \$14,202,682, which represents a \$737,944, or 5.5 percent, increase over the FY 2014 approved Local funds budget of \$13,464,738.

CSFL Assumptions

The FY 2015 CSFL calculated for OIG included adjustment entries that are not described in detail on table 5. These adjustments include increases of \$655,803 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$82,140 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: To continue providing quality investigative services to the District, OIG proposed the following FY 2015 budget changes. In Local funds, the budget was increased by \$4,185 to support the purchase of equipment and machinery for Medicaid Fraud Control Unit activities within the Law Enforcement and Compliance program. Personal services was increased by \$2,526 throughout multiple programs to support projected Fringe Benefit costs.

In Federal Grant funds, the personal services budget was increased by \$83,595 in the Law Enforcement and Compliance program to provide additional support for fraud investigations. In addition, OIG's budget was increased by \$5,645 to support fleet maintenance costs.

Decrease: OIG reduced its Local funds personal services budget for continuing full-time positions by \$2,530 to align with projected salaries. The Local nonpersonal services budget was reduced by \$4,181, which includes \$3,187 from Other Services and Charges for projected reductions in travel, maintenance, repairs, and tuition expenses; \$438 to align the budget with revised Fixed Cost estimates; and \$556 from Supplies and Materials. In Federal Grant funds, Fixed Costs were reduced by \$91 to align the budget with revised estimates from the Department of General Services (DGS).

Technical Adjustment: OIG's Local funds budget was increased by \$145,000 to annualize contractual services costs to support the development of the Comprehensive Annual Financial Report (CAFR).

Mayor's Proposed Budget

No Change: The Office of the Inspector General's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office of the Inspector General's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Use the Accountability, Control, and Compliance program to conduct audits and inspections for the District government, focusing efforts on mitigating risks that pose the most serious challenges to District agencies and other stakeholders.

Objective 2: Use the Law Enforcement and Compliance program to conduct investigations into allegations of waste, fraud, and abuse relating to the programs and operations of the District government.

The mission of the Tax Revision Commission (TRC) is to conduct a broad and deep review of the District's tax laws, tax expenditures, revenues, tax base, and economy, and to provide the Council and the Mayor with recommendations for reform.

The Commission was established pursuant to the Tax Revision Commission Reestablishment Act of 2011 ("the Act") to prepare comprehensive recommendations to the Council and the Mayor that provide for fairness in apportionment of taxes; broaden the tax base; make the District's tax policy more competitive with surrounding jurisdictions; encourage business growth and job creation; and modernize, simplify, and increase transparency in the District's tax code.

The Act (as amended by Tax Revision Commission Report Extension and Procurement Streamlining Congressional Review Emergency Declaration Resolution of 2013) stipulated that upon the submission of its final report on the District's tax policy to the Council and the Mayor at the end of Fiscal Year 2013, it would be abolished. To complete its duties, the approved Fiscal Year 2014 budget provided funding to allow the agency to operate through the end of the first quarter of the District's fiscal year, that is, through December 2013, with certain closing functions occurring through March 2014.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The Tax Revision Commission (TRC) operates through the following program:

Tax Revision Commission – conducts a broad review of the District’s tax laws, tax expenditures, revenues, tax base, and economy, and provides the Council and the Mayor with recommendations for reform.

In the FY 2013 approved budget, the District allocated \$808,000 in Local funds to the Office of the Chief Financial Officer (OCFO) to re-establish the TRC. The OCFO reallocated these funds to the TRC during FY 2013; however, the TRC was not formally established as a separate agency in the FY 2013 approved budget. The FY 2013 actual expenditures reflect the transfer of the FY 2013 funds from the OCFO, as well as Section 26 of the “Fiscal Year 2014 Budget Request Act of 2013,” which states that any portion of funding left unexpended at the end of fiscal year 2013 shall be available for the same purpose in FY 2014. In addition, although the agency allocated funding to cover salaries within the agency, the positions do not fall under the District’s personnel authority and are therefore not reflected in this budget.

Program Structure Change

The Tax Revision Commission has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Tax Revision Commission’s (TRC) proposed FY 2015 gross budget is \$0, which represents a 100.0 percent decrease from its FY 2014 approved gross budget of \$200,000.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments

to the FY 2014 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

TRC's FY 2015 CSFL budget is \$0, which represents a \$200,000, or 100.0 percent, decrease from the FY 2014 approved Local funds budget of \$200,000.

CSFL Assumptions

The FY 2015 CSFL calculated for TRC included an adjustment entry that is not described in detail on table 4. This adjustment is for a reduction of \$200,000 to account for the removal of one-time funding appropriated in FY 2014. These funds supported the completion of the agency's mission, which was to provide the Council and the Mayor with recommendations for tax reform.

The mission of the Office of the Chief Financial Officer (OCFO) is to provide financial management services to the government and the people of the District of Columbia to sustain long-term fiscal and economic viability.

Summary of Services

The Office of the Chief Financial Officer provides enhanced fiscal and financial stability, accountability, and integrity for the Government of the District of Columbia. The OCFO ensures that District spending levels remain within approved budgets and available revenues for each fiscal year so that spending deficits do not occur; maintains adequate cash balances; minimizes receivables balances; manages the District's debt and finances in a manner that provides optimal opportunities to maximize bond ratings and minimize the cost of borrowed capital; ensures that the ratio of total debt service to General Fund expenditures remains within a maximum of 12 percent; improves tax payment compliance by increasing collections from the accounts receivable balance and the non-filer population, as measured by percentage change in delinquent collections; develops and supports financial management systems that provide accurate and timely information; and produces the District's Comprehensive Annual Financial Report (CAFR) on time with an unqualified clean opinion.

Program Description

The Office of the Chief Financial Officer operates through the following 9 programs:

Financial Operations and Systems – carries out the District’s accounting operations, including critical functions such as District-wide general ledger accounting, financial reporting, and pay and retirement services. The program produces the CAFR, which shows the District’s financial position at the end of each fiscal year. The program also develops accounting policies and procedures, policies that support the System of Accounting and Reporting (SOAR), the District’s formal book of record, and policies and procedures for other areas of financial management throughout the OCFO.

This program contains the following 6 activities:

- **Operations and Administration** – provides leadership, general program management, personnel, procurement, automated accounting system access security, fixed asset accountability, and other logistical support services to Office of Financial Operations and Systems staff for general accounting services, specialized accounting systems management, payroll, financial reporting, accounting policies and procedures, and benefits administration for employees, agencies, and District leaders for their use in decision-making. Additionally, this activity provides citizens with financial information so that they can keep abreast of the District’s financial position;
- **Accounting Operations** – provides District-wide General Ledger accounting in order to maintain the official automated book of record on which the financial position of the District is ascertained for the District’s elected and appointed leaders, Congress, District agencies (directors, financial managers, and employees), public and private financial communities, and the general public. This activity ensures timely and accurate information on the District’s financial position and facilities to decision-makers;
- **Financial Policies and Procedures** – provides recorded references for standard government accounting practices (policies and theories) and guidelines for operation (procedures and process flows) of the District’s daily accounting functions and the supporting automated system of record to ensure that accounting and financial managers and their staff follow the District’s financial policy and procedures;
- **Financial Control and Reporting** – provides statements of financial position for the Mayor, Council of the District of Columbia, Congress, District managers, national bond-rating agencies, and the general public to enable informed decisions based on timely and accurate financial information;
- **Federal Annuitant Benefits Administration** – provides accurate and timely annuity payments and related benefits to former and retired federal law enforcement officers; and
- **Payroll Disbursements and Wage Reporting** – provides a record of compensation and related payments to District employees with accurate and timely paychecks.

Budget and Planning (Budget Development and Execution) – prepares, monitors, analyzes, and executes the District government’s budget, including operating, capital, and enterprise funds, in a manner that facilitates fiscal integrity and maximizes services to taxpayers. This program also provides advice to policy-makers on the District government’s budget and has the primary responsibility for ensuring that the budget is balanced at the time of budget formulation and maintaining that balance throughout the year as the budget is executed.

This program contains the following 4 activities:

- **Executive Direction and Support** – provides general program management, leadership, technical assistance, and support services to Office of Budget and Planning staff and other District government personnel facilitating financial planning, budgetary, performance, and cost analysis of decision-makers to enable them to make effective decisions and achieve strategic goals. This activity also provides citizens with information on District finances;

- **Financial Planning and Analysis** – monitors and analyzes the District’s budget and expenditures; provides technical support for the District’s Anti-Deficiency Board; provides technical support of system applications to District staff; coordinates and monitors the District’s Financial Review Process (FRP) by ensuring the timely submission of agencies’ FRP reports, which include expenditure forecasts. This activity also develops and reports on budget revisions, Intra-District modifications, and monthly operating budget expenditures; analyzes and forecasts compensation costs; provides historical information for bond issuance statements; provides supporting budget documentation to auditors; and prepares the District’s five-year Financial Plan for the budget books;
- **Operating Budget Formulation and Development** – provides the framework for formulation of the District’s annual operating budget; publishes the operating budget on behalf of the Mayor and the District; executes the operating budget during the fiscal year; monitors agency spending, including analysis of spending pressures; reviews and approves federal and private grant budget authority requests from District agency heads; and provides other financial and budgetary services to the Mayor, Council, and other stakeholders on a timely and accurate basis enabling District officials to make informed decisions on allocations of District operating resources among policy priorities; and
- **Capital Budget Formulation and Development** – provides the framework for formulation of the District’s 6-year capital budget; publishes the capital budget on behalf of the Mayor and the District; executes the capital budget during the fiscal year; provides detailed reviews of available capital financing and aligns such financing with the District’s annual capital funds budget authority within the debt cap; and provides other financial and budgetary services to the Mayor and Council on a timely and accurate basis to enable them to make informed decisions on District capital resources.

Revenue and Analysis – provides revenue estimates, revenue policy analysis, and analysis supporting economic development. The program area is divided into two offices, both of which report directly to the CFO: the Office of Revenue Analysis (ORA) and Economic Development Finance (EDF).

ORA services include the preparation of (i) analyses of revenue sources and development of quarterly revenue estimates that set the hard budget constraint for the District of Columbia budget; (ii) fiscal impact statements, which provide estimates of direct costs to the four-year financial plan; (iii) periodic reports on economic and revenue trends and the monthly Economic Indicators for the District of Columbia; (iv) the chapter on revenue in each annual Budget and Financial Plan that is prepared by the District of Columbia; and (v) special studies, including on metropolitan and nationwide household tax burden comparisons, a bi-annual Tax Expenditure Study detail on statutory provisions of District taxes, a running historical update of major changes in District revenue laws, an Annual Revenue Data Book, and the monthly Cash Report of District tax collections.

EDF provides sophisticated analyses of fiscal, economic, financial, and administrative impacts of proposed projects; analyzes the financial feasibility of economic development projects in the District; and advises the CFO and Mayor on proposed economic development debt issuances. EDF oversees all Tax Increment Financing (TIF) and Payment-in-Lieu-of-Taxes (PILOT) projects into which the District enters; provides guidance on changes in development policy options and long-term financial expectations; reviews legislative proposals that include tax abatements or exemptions, and provides an advisory tax abatement financial analysis (TAFA) for submission to Council; coordinates with ORA to provide fiscal impact analyses on proposed tax-supported financings, land transfers, and economic development projects; and represents the OCFO on the boards of Events DC (formerly the Washington Convention and Sports Authority) and Destination D.C.

This program contains the following 6 activities:

- **Executive Direction and Support** – provides general program management, leadership, technical assistance, and support services to staff including research and analytical services on revenue and economic data and analysis of fiscal and administrative impacts to decision-makers;

- **Financial Data Quality Assurance** – provides quality assurance of all products and materials developed by ORA. It also establishes records maintenance and retention standards for all work products and work papers supporting products that ORA prepares;
- **Revenue Estimation** – provides economic and revenue data and analysis and District tax structure data and analysis to the Mayor, Council, and Congress so that they can have timely and quality information for policy formulation and decision-making;
- **Economic Development** – provides analysis of the fiscal, economic, financial, and administrative impact on real estate projects to the Chief Financial Officer, the Mayor, the Deputy Mayor for Planning and Economic Development, and the Council so that they can effectively assess economic development initiatives and ensure maximum economic benefit to the city;
- **Legislative and Fiscal Analysis** – provides legislative fiscal impact analysis for the Mayor, the Council, and Congress so that they can have timely and quality information for policy formulation and decision-making; and
- **Economic Affairs** – develops and presents documents detailing the economic and revenue affairs of the District of Columbia to components of the OCFO, the Mayor, the Council, and Congress so that all can have timely and quality information for policy formulation and decision-making.

Tax and Revenue (Tax Administration) – provides fair, efficient, and effective administration of the District's business, income, excise, and real property tax laws.

This program contains the following 7 activities:

- **Executive Direction and Support** – provides general program management, leadership and support services to the Tax Administration program so that it can coordinate comprehensive tax services for District taxpayers and ensure that the District is collecting the accurate amount of tax revenue;
- **External Customer Service, Information, and Education** – provides customer service through walk-in and telephone customer service centers, which assist approximately 300,000 taxpayers annually. This activity also consists of developing and distributing public tax forms; supporting various electronic tax filing and payment options, including electronic self-service and account management functions; initiating and responding to mail correspondence with taxpayers; and tax registration and certification services;
- **Recorder of Deeds** – provides support for the transfer and titling of real property in the District and responds to requests for title documents from individuals and the real estate and real estate title industries;
- **Real Property Tax Administration** – provides for the assessment and billing of real property taxes and first-level assessment appeals;
- **Tax Audits and Investigations** – enforces tax compliance by identifying potential non-filers and performing other tax compliance checks to ensure that the District is collecting the correct amount of tax payments due from all taxpayers. This activity also identifies and investigates cases of tax fraud;
- **Revenue Accounting** – provides for the proper accounting of and reporting on revenue collections and supports issuance of tax refunds; and
- **Receipts and Delinquent Collections** – provides for the processing of more than one million tax returns annually and the recording and prompt deposit of billions of dollars in tax payments. This includes collections of delinquent tax payments.

Information Technology – provides for the development and maintenance of state-of-the-art financial information systems to support the District of Columbia's payroll, pension, accounting, tax, budget, treasury, and web-based financial reporting systems. The principal objectives of the program are to maintain accurate systems, modify systems in response to the changing needs of the District, and maintain compliance with federal, state, and local regulations.

Finance and Treasury – provides management of the financial assets and liabilities of the Government of the District of Columbia. This includes investing, collecting, safe-keeping, disbursing, recording, and acquiring District financial resources.

This program contains the following 7 activities:

- **Executive Direction and Support** – provides leadership, strategic direction, and administrative support services to department managers and employees so that they can achieve organizational and individual performance results;
- **Debt and Grants Management** – provides for the issuance of bonds, notes, and other financing vehicles for the District so that it can finance capital infrastructure projects and help ensure seasonal cash needs, and manages the cash and accounting of District agencies' federal grant draw-downs;
- **Cash Management and Investment** – provides for the management of the cash resources of the District so that the District can meet its cash obligations and maximize its return on investments;
- **Disbursement Management** – provides check-printing and disbursement services for District agencies so that they can fulfill their payment obligations;
- **Cash Receipts and Accounting** – provides revenue collection services, including cashiering at various District sites, and provides for the management of banking services for all District agencies;
- **Asset Management** – provides for the management of the District-run pension plans, college savings plan, and unclaimed property; and
- **Central Collection Unit** – consolidates several District agency collection programs into the OCFO to pursue the collection of outstanding debts owed to the District.

Integrity and Oversight – ensures the maintenance of the accountability, integrity, and efficiency of the District of Columbia's financial management and tax administration systems. Through its audit and investigative activities, this program provides the Chief Financial Officer with independent reviews and appraisals of OCFO operations and ensures the maintenance of the highest standards of integrity and security of OCFO employees.

This program contains the following 3 activities:

- **Audit Services** – provides audit and review services to assist the District's financial managers to ensure the integrity, efficiency, and effectiveness of District programs; manages the review and response to external audit reports; and coordinates District single audits and management letter comments for District agencies so that they can improve operations;
- **Security Integrity Oversight** – provides security and integrity oversight for the OCFO by administering the emergency response program for the OCFO and conducting integrity probes and integrity awareness presentations aimed at detecting and preventing fraud and other misconduct in OCFO programs; and
- **Investigations** – maintains public confidence in the integrity of the OCFO by investigating alleged misconduct by OCFO employees, as well as by conducting background investigations to determine suitability for employment. This investigative service provides reports to OCFO management so that they can take administrative action as appropriate.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of the Chief Financial Officer has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of the Chief Financial Officer's (OCFO) proposed FY 2015 gross budget is \$166,347,577, which represents a 19.7 percent increase over its FY 2014 approved gross budget of \$138,980,401. The budget is comprised of \$114,377,803 in Local funds, \$525,000 in Federal Grant funds, \$43,825,897 in Special Purpose Revenue funds, and \$7,618,877 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCFO's FY 2015 CSFL budget is \$110,204,429, which represents a \$3,461,249, or 3.2 percent, increase over the FY 2014 approved Local funds budget of \$106,743,180.

CSFL Assumptions

The FY 2015 CSFL calculated for OCFO included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$2,000,000 to account for the removal of one-time funding appropriated in FY 2014 to support Enhanced Income Tax Matching and real property appraiser certification in the Tax Administration program. Additionally, adjustments were made for increases of \$3,378,287 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$482,962 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

The OCFO's CSFL funding for Operating Impact of Capital reflects an increase of \$1,600,000 to account for support of small area networks, which decentralizes OCFO's technology network requirements to potentially lower overall costs, and other technology needs.

Agency Budget Submission

Increase: The Local funds budget increase of \$328,682 and 4.5 FTEs reflects the reallocation of certain resources from nonpersonal services and temporary salaries to fund full-time positions in the Agency Management, Agency Financial Operations, Information Technology, and Tax Administration programs. These positions provide additional support to personnel functions, accounting operations, systems infrastructure support and revenue accounting services, respectively. An increase of \$223,442 in the Tax Administration program reflects higher professional services fees, office support, and administrative costs in the Real Property Administration and in the Tax Audit and Collections divisions. An increase of \$78,001 across multiple programs supports personal services costs in salaries, including step increases and other adjustments. Additionally, the budget increased by \$56,685 to support agency-wide changes to Fringe Benefit costs.

In Federal Grant funds, the budget supports an increase of \$525,000 in the Finance and Treasury program to cover funds for contracts that disburse electronic benefits to eligible District residents. Of this amount, a total of \$425,000 represents a shift of funding from intra-District funds. In prior fiscal years, these funds were classified as intra-District funding, with the agency requesting an enhancement to designate the funding as Federal funds. The OCFO made a programmatic change to properly reflect the transactional relationship and avoid the reclassification of those funds during the year. The remaining amount of \$100,000 supports an increase of grant funding for the program.

In Special Purpose Revenue funds, the budget increased by \$11,085,000 in the Finance and Treasury program to support additional collections and cover certain contractual costs in the Central Collections Unit. In the Tax Administration program, the budget increased by \$8,223,940 to primarily support a transfer pricing

analysis contract, which will help the District evaluate the financial performance and collection of taxes in the District, and to align revenue with projected spending. Additionally, the budget increased by \$204,720 in multiple programs to support changes in salary, salary step increases, and other personal services adjustments.

The Intra-District funds budget increased by \$308,586 and 2.5 FTEs in full time salaries and reflects an increase of 1.5 FTEs in the Tax Administration program and 1.0 FTE in the Finance and Treasury program to support collection and cash management functions, respectively. In addition, the budget reflects modest changes to salaries and the impact of step increases.

Decrease: In Local funds, the budget decreased by \$83,450 across multiple programs due to reductions in supplies, equipment, and other operational costs. The budget also decreased by \$295,359 and 3.0 FTEs due to cost savings from the reduction of certain positions. The budget decreased by \$308,002 in the Budget Development and Execution program as a result of the transfer of funds related to the cost drivers project, which integrates the unit costs of agency services with the District's accounting system, to the Office of the Chief Technology Officer.

In Special Purpose Revenue funds, the budget decreased by \$3,594 within multiple programs to align the budget with projected revenues for equipment and other operational costs. Additionally, the budget decreased by \$70,834 to support agency-wide adjustments to Fringe Benefit costs.

In Intra-District Funds, the budget decreased by \$13,972 across multiple programs to reflect the realignment of equipment, supplies, and other costs with operational needs. The budget decreased by a total of \$33,596 to align the budget with projected Fringe Benefit adjustments. The budget reflects a total savings of \$67,771 and 2.0 FTEs due to reductions to certain temporary positions across multiple programs and other salary adjustments.

Shift: A total of \$425,000 moved from Intra-District funds to Federal Grant funds in the Finance and Treasury program. This change reflects the realignment of the funds to Federal grants, which will support electronic benefits transfers for eligible District residents.

Technical Adjustment: The budget reflects an increase of \$1,700,000 in Local funds within the Information Technology program to cover certain costs associated with the replacement of the District's accounting system, also known as SOAR. Specifically, these funds support a system hosting and licensing contract.

Mayor's Proposed Budget

Enhance: The Local funds budget increased by \$2,623,374 and 33.0 FTEs. Of this amount, a total of \$2,345,374 and 31.0 FTEs support enhancements to the OCFO budget that will address critical operating needs by restoring positions and funding that were lost in recent years and also augment the collection of revenue without increases to taxes or fees. Focused on needs within the Tax Administration and Revenue Analysis programs, the enhancements are projected to yield \$6.1 million in annual revenue.

The enhancements include the following:

- Creating a Quality Assurance and Control Unit within Customer Service Administration to improve business and income tax customer service;
- Improving real property tax sales to strengthen data analysis and avoid erroneous tax sales in the Real Property Tax Assessment Services Division;
- Expediting the review of delayed tax returns due to staff losses and the application of a more stringent criteria to indicate potential fraud;
- Expanding the number of staff at the Recorder of Deeds to prevent processing backlogs and enhance customer service in the cashiering and recordation of property transactions;
- Providing support to the Compliance Adjustment Unit to improve internal controls by limiting access to taxpayer accounts; and
- Strengthening professional development and enforcement capacity in the Compliance Administration.

The Local funds budget for the OCFO also increased by \$128,000 and 2.0 FTEs in the Tax Administration program to support certain provisions within the “Residential Real Property Equity and Transparency Act of 2014”. The funding establishes a delinquent tax deferred payment program for District residents, which would allow plan participants with outstanding property taxes to pay off their tax liability over a four-year period.

Lastly, the Local funds budget increased by \$150,000 in the Tax Administration program to support an enhanced Earned Income Tax Credit (EITC) education initiative for District residents. The DC Earned Income Tax Credit is a special tax break, based on the federal EITC, designed specifically for low and moderate-income workers. People who qualify for the EITC will pay less in taxes or even receive cash back when they file a tax return.

District’s Proposed Budget

Transfer-Out: The OCFO’s proposed Local funds budget reflects a transfer of \$150,000 to the Office of the Deputy Mayor for Planning and Economic Development (DMPED) to support the Earned Income Tax Credit (EITC) education initiative for District residents.

How to Read the Agency Chapters

The agency chapters describe available resources for an agency, how the agency will spend them, and the achieved and anticipated outcomes as a result of these expenditures. For a detailed explanation of the fiscal tables and narrative sections, please see the “How to Read the Budget and Financial Plan” chapter in *Volume 1: Executive Summary*.

Each chapter contains the following, if applicable:

The first page of each agency chapter displays the agency name and budget code, website address, and telephone number. The page also shows a table that contains the agency’s gross funds, or total operating, budget. The table shows the Fiscal Year (FY) 2013 actual expenditures and Full-time Equivalents (FTEs); the FY 2014 Approved budget and FTEs; the FY 2015 Proposed budget and FTEs; and the percent change from the previous year for the budget and FTEs. Lastly, this page typically contains the agency mission statement and a summary of its services.

Subsequent pages reflect agency fiscal and programmatic levels and changes. The information varies by agency but typically contains the following financial tables and narrative sections:

- ***Proposed Funding by Source table*** displays the agency FY 2012 and 2013 actuals, the FY 2014 Approved, and the FY 2015 Proposed dollars by fund type.
 - ***Proposed Full-Time Equivalents table*** shows the agency FY 2012 and 2013 actuals, the FY 2014 Approved, and the FY 2015 Proposed FTEs by fund type.
 - ***Proposed Expenditure by Comptroller Source Group (CSG) table*** identifies the gross fund changes by CSG, which is a type of budgetary classification that identifies category spending within personal services (personnel costs, such as salaries and fringe benefits) and nonpersonal services (operational costs, such as contracts, supplies, and subsidy payments).
 - ***Proposed Operating Budget and FTEs, by Division/Program and Activity table*** shows the gross fund changes by dollars and FTEs. The Division/Program descriptions section that precedes this table explains the purpose of the divisions/programs and activities funded in the FY 2015 Proposed budget.
 - ***FY 2014 Approved Budget to FY 2015 Proposed Budget reconciliation table*** shows the FY 2015 Proposed budget and FTE changes, by division or program, from the FY 2014 Approved budget. This table also includes a brief description of the change. A detailed narrative of the changes is found in the FY 2015 Proposed Budget Changes section that precedes this table.
 - ***Agency Performance Plan Objectives*** and the accompanying Agency Performance Measures table show the agency-level plan that contains the agency’s mission, summary of services, objectives, initiatives, and performance measures for a set period of time. For some agencies, the initiatives and performance measures are grouped by division/program.

The Office of the Deputy Mayor for Planning and Economic Development (DMPED) supports the Mayor in developing and executing the District’s economic development vision.

Summary of Services

DMPED assists the Mayor in coordinating, planning, supervising, and executing programs, policies, proposals, and functions related to economic development in the District of Columbia. DMPED sets development priorities and policies, coordinates how the District markets itself to businesses and developers, and recommends and ensures implementation of financial packaging for District development, attraction, and retention efforts. DMPED also works to achieve its mission by focusing on outreach to the business community and neighborhood stakeholders, and by forging partnerships between government, business, and communities to foster economic growth for residents of the District of Columbia.

The agency’s FY 2015 proposed budget is presented in the following tables:

Program Description

The Office of the Deputy Mayor for Planning and Economic Development operates through the following 7 programs:

Deputy Mayor for Planning and Economic Development – provides specialized and strategic economic development assistance. This includes program and policy development and inter-agency coordination services between businesses, developers, and community stakeholders to enable them to pursue ventures that revitalize neighborhoods, expand and diversify the local economy, and provide economic opportunity for District residents.

This program contains the following 2 activities:

- **Agency Oversight** – monitors agency performance and provides resources or direction to mayoral agencies so that they can overcome obstacles and achieve their strategic goals; and

- **Community Outreach** – provides information and referrals to individuals, businesses, and organizations so that raised issues are resolved by the appropriate economic development cluster agency in accordance with District customer service standards.

Business and Workforce Development – creates and retains jobs for District residents by growing and supporting businesses currently in the District, attracting new businesses, and ensuring that District residents have the training necessary to compete for jobs.

This program contains the following 4 activities:

- **Business Development** – promotes local business opportunities and strengthens the business climate to attract and retain businesses and expand entrepreneurship;
- **Corporate Assistance** - attracts and retains large-scale commercial tenants and employers;
- **Workforce Investment** – provides workforce education, training, and counseling services to promote job readiness; and
- **Workforce Investment Council** – provides administrative support to the Workforce Investment Council Board, which oversees implementation of the District of Columbia's Strategic Five-Year Plan for Provision of Services under the Workforce Investment Act and provides advice on the development, implementation, and continuous improvement of an integrated and effective workforce investment system.

Instrumentality Economic Development – implements neighborhood revitalization and economic development projects.

Project Investment - provides gap financing and other economic assistance services to businesses and organizations to leverage private sector investment in neighborhood retail, commercial, employment, and housing opportunities for District residents.

This program contains the following 4 activities:

- **Economic Development Financing** – provides access to tax-exempt Industrial Revenue Bond and tax increments financing to help businesses and non-profit organizations renovate and build new construction, make tenant improvements, and purchase capital;
- **Great Streets Initiative** - issues small business capital improvement grants and makes catalytic investments within retail priority areas;
- **Grants** – makes other project investments; and
- **DC China Center** - attracts Chinese foreign direct investment to the District and facilitates District company entry into the Chinese market.

Real Estate Development - implements real estate development projects and coordinates the implementation of the Anacostia Waterfront Initiative, which supports the District's goals of promoting environmentally and socially responsible redevelopment along the Anacostia River and increasing public access to the river and riverfront parks.

This program contains the following 4 activities:

- **Development and Disposition** - manages a portfolio of real estate development projects;
- **New Communities Initiative** – manages projects envisioned to revitalize severely distressed subsidized housing and redevelop neighborhoods into vibrant mixed-income communities;
- **St. Elizabeths** – manages a project designed to create well-planned, multiuse, mixed-income, walkable, livable community on the St. Elizabeths East Campus; and
- **Walter Reed** – provides administrative support to the Walter Reed Army Medical Center Local Redevelopment Authority and manages implementation of the reuse plan.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The proposed program structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2015 Proposed Budget Changes

The Office of the Deputy Mayor for Planning and Economic Development's (DMPED) proposed FY 2015 gross budget is \$43,381,362, which represents a 20.2 percent increase over its FY 2014 approved gross budget of \$36,102,016. The budget is comprised of \$21,049,201 in Local funds, \$1,800,000 in Federal Grant funds, \$20,088,271 in Special Purpose Revenue funds, and \$443,890 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DMPED's FY 2015 CSFL budget is \$13,714,264, which represents a \$385,824, or 2.9 percent, increase over the FY 2014 approved Local funds budget of \$13,328,440.

CSFL Assumptions

The FY 2015 CSFL calculated for DMPED included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$250,000 to account for the removal of one-time funding appropriated in FY 2014 to finance a neighborhood stabilization loan that supports affordable housing in the Nannie Helen Burroughs community, which is part of the Great Streets Initiative. Additionally, adjustments were made for increases of \$256,915 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$128,909 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. Additionally, DMPED's CSFL funding for the removal of one-time salary lapse reflects an increase of \$250,000 to account for a one-time adjustment of personal services in FY 2014.

Agency Budget Submission

Increase: The proposed budget includes a net increase to Local funds in the amount of \$912,332. This includes an increase of \$899,869 in Regular Pay – Other to accommodate for a shift of 7.0 FTEs from Regular Pay – Continuing Full Time, as well as the addition of 4.0 new FTEs. The net increase also includes an adjustment to the agency's Fringe Benefit rate in the amount of \$12,463.

Special Purpose Revenue funds were increased by \$3,048,532 in Other Services and Charges, which is made possible because the agency's Fixed Costs were transferred to the Department of General Services (DGS) Local funds budget. Originally, these funds were allocated across several Fixed Cost commodities within DMPED's Special Purpose Revenue budget. The reallocation to DGS resulted in a savings that redistributed to Other Services and Charges to support the agency's professional service needs, including the operating costs associated with the St Elizabeths East Campus project. Subsidies and Transfers were increased by \$300,000 in the Deputy Mayor for Planning and Economic Development program to support citywide economic development initiatives. Additionally, personal services were increased by \$235,004 to support the shift of 4.0 FTEs from Regular Pay – Other to Regular Pay – Continuing Full Time.

Intra-District funds had net increase of \$92,109 in personal services. This is the result of projected salary increases and the reallocation of funding from Regular Pay – Other to Regular Pay – Continuing Full Time to support 1.0 FTE.

Decrease: The proposed budget includes a net reduction to Local funds in nonpersonal services in the amount of \$61,511 to offset the increased costs of projected salary increases and additional personnel. Local funds also includes a decrease of \$850,820 due to the shift in funding of 7.0 FTEs from full time to term.

Special Purpose Revenue funds were decreased by \$15,000 due to a reduction in the agency's need for certain items. This includes reductions of \$10,000 in Equipment and Equipment Rental and \$5,000 in Supplies and Materials. In addition, the Special Purpose Revenue funds budget realized a decrease of \$513,551 in personal services in the Deputy Mayor for Planning and Economic Development program to offset the increase to Regular Pay – Continuing Full Time. This includes a reduction of \$450,843 in Regular Pay – Other and \$62,708 in Fringe Benefits. Both reductions are due to the shift of 4.0 FTEs and the reduced availability of funds in Regular Pay – Other. The agency's Special Purpose Revenue Fixed Costs budget reflects an overall decrease of \$3,366,713, as a result of DGS assuming the responsibility for managing the agency's Fixed Costs. As such, all Fixed Costs, with the exception of telecommunication service costs, were reduced by 100 percent. These reductions include \$13,122 in Security Services, \$52,847 in telecommunication services, \$740,447 in Energy, Communications, and Building Rentals, \$904,969 in Rentals – Land and Structures, and \$1,655,329 in Occupancy Fixed Costs. The remaining telecommunication services budget will support the RTS (a "request for telecommunication service") for work on the circuit board in the building.

Intra-District funds were reduced by \$4,000 in Supplies and Materials due to the reduced need in the Deputy Mayor for Planning and Economic Development program. Additionally, Intra-District funds reflects a net decrease of \$81,166 and 1.0 FTE in personal services in the Deputy Mayor for Planning and Economic Development program to offset the increase to Regular Pay – Continuing Full Time. This includes a reduction of \$77,308 in Regular Pay – Other and \$3,858 in Fringe Benefits. Other Services and Charges were also reduced by \$136,629 to support the personal services increase.

Technical Adjustment: The proposed budget includes an increase of \$1,000,000 in Local funds due to the transfer of the Poplar Point project from the Capital budget to the operating budget.

Mayor's Proposed Budget

No Change: The Office of the Deputy Mayor for Planning and Economic Development's budget proposed reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

The proposed FY 2015 budget for the Office of the Deputy Mayor for Planning and Economic Development has been restructured to ensure accessibility and transparency for how taxpayer dollars will be disbursed. Programs and activities in the restructured budget will better reflect the organizational structure of the agency as listed on the agency's website.

Enhance: In order to align the budget in Local funds with operational goals, DMPED has reallocated its resources amongst four new programs described in the Program Description section of this chapter. The proposed budget includes increases to the newly established Agency Management program in the amount of \$9,683,398 and 32.0 FTEs. A one-time increase to Local funds totaling \$5,000,000 will fund an operating grant that will provide improvements to facilities and operations for animal care and control. In addition, the new Real Estate Development and Business and Workforce Development programs realized increases of \$3,156,643 and 26.0 FTEs, and \$1,683,314 and 11.0 FTEs, respectively. The increase to Business and Workforce Development program includes \$104,937 in personal services costs for a new position, Career Pathways Coordinator, to support the Workforce Investment Council. Additionally, Local funding is increased by \$1,070,000 to support the following one-time initiatives: \$1,000,000 to support the DC Economic Partnership in fostering and promoting business opportunities within the District, and \$70,000 to support the human capital component within the New Communities Initiative to provide assistance with adult literacy. A one-time \$10,000 increase to Local funds will fund improvements to walkways and footpaths on District-owned property located in Southwest, DC. Federal Grant funds were increased by \$1,800,000 in the Real Estate Development program to reflect the reallocation of funds to support the agency's new programmatic

priorities. Additionally, the Special Purpose Revenue funds budget is adjusted as follows: the Real Estate Development program is increased by \$8,500,000; the Project Investment program by \$6,000,514 and 8.0 FTEs; the Agency Management program by \$5,484,675; and the Business and Workforce Development program by \$103,082 and 1.0 FTE. In Intra-District funds, the Agency Management and the Business and Workforce Development programs were increased by \$41,221, and \$402,668 and 4.0 FTEs, respectively.

Transfer-In: The proposed budget includes a transfer of Local funds from the Office of the Chief Financial Officer (OCFO) in the amount of \$150,000. This increase will support Earned Income Tax Credit (EITC) education grants.

Reduce: DMPED’s proposed budget includes reductions to Local funds in the amounts of \$5,499,235 and 48.0 FTEs from the Instrumentality Economic Development program, and \$8,919,184 and 19.0 FTEs from the Deputy Mayor for Planning and Economic Development program. Both reductions reflect the reallocation of resources due to the agency’s restructuring. Federal Grant funds were reduced by \$1,800,000 to reflect the reallocation from the Instrumentality Economic Development program. Special Purpose Revenue funds realized the following reductions due to the redistribution of agency funds: the Instrumentality Economic Development program was reduced by \$5,226,500, and the Deputy Mayor for Planning and Economic Development program was decreased by \$14,861,770 and 10.0 FTEs. Intra-District funding is reduced by \$443,889 and 4.0 FTEs in the Deputy Mayor for Planning and Economic Development program as an offset to the reallocations between the new Agency Management and Business and Workforce Development programs.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Manage and deliver the District's economic development programs and projects.

Objective 2: Help businesses relocate to and expand within the District of Columbia, generating jobs for District residents.

Objective 3: Promote the development of an integrated workforce investment system, delivering high-quality services that help District residents gain skills that meet business needs.

Objective 4: Communicate DMPED projects and priorities to internal and external stakeholders.

The mission of the Office of Planning (OP) is to guide development of the District of Columbia, including the preservation and revitalization of our distinctive neighborhoods, by informing decisions, advancing strategic goals, encouraging the highest quality development outcomes, and engaging all communities.

Summary of Services

OP performs planning for neighborhoods, corridors, districts, historic preservation, public facilities, parks and open spaces, and individual sites. In addition, OP engages in urban design, land use, and historic preservation review. OP also conducts historic resources research and community visioning and manages, analyzes, maps, and disseminates spatial and U.S. Census data.

Division Description

The Office of Planning operates through the following 4 divisions:

Development Review and Historic Preservation – assesses plans and projects that range from large, complex developments that are precedent-setting in their potential to change the character of an area, to small individual building permits affecting individual property. This division also promotes stewardship of the District’s historic and cultural resources through planning, protection, and public education; administers the District’s local preservation program under the District’s Historic Landmark and Historic District Protection Act; and acts as the certified state historic preservation program under the National Historic Preservation Act. The staff also provides recommendations to the Historic Preservation Review Board, the Board of Zoning Adjustment, and the Zoning Commission.

This division contains the following 2 activities:

- **Development/Zoning Review** – provides the Board of Zoning Adjustment and the Zoning Commission with professional analyses of large and/or complex zoning cases that may involve variances, special exceptions, campus plans, or planned unit development proposals. The staff also assesses the zoning applied to various areas to make sure that it is consistent with the Comprehensive Plan and recommends changes if necessary; and

- **Historic Preservation** – provides individual technical assistance to any person applying for a District building permit that affects a historic property under the city’s preservation law. The staff provides support to the Historic Preservation Review Board, which determines the appropriateness of changes to historic landmarks and historic districts.

Revitalization/Design and Neighborhood Planning – provides a broad range of plan development, implementation, and project coordination services for District neighborhoods, central Washington, and the waterfront areas. Neighborhood Planning’s main areas of responsibility include developing small-area plans and planning studies and coordinating and tracking plan implementation. Revitalization/Design’s main areas of responsibility include developing plans and projects for districts and development areas within Center City, with a focus on design strategies and guidelines, coordinating and tracking plan implementation, managing the public space program, and incorporating environmentally sound action into the ongoing development of the District.

This division contains the following 2 activities:

- **Neighborhood Planning** – provides a team of neighborhood planners, including one assigned to each ward, to craft and oversee the implementation of small-area plans, which guide growth and development in neighborhoods in accordance with agreed-upon goals and objectives. Neighborhood planners work in collaboration with Advisory Neighborhood Commissions, citizen associations, residents, businesses, and District agencies to develop and implement the plans; and
- **Revitalization and Design** – develops comprehensive strategies for large-area development that emphasize progressive planning, high-quality urban design, and community engagement, through its expertise in urban design, real estate development, land use planning, architecture, environmental sustainability, and community engagement.

Citywide Planning – develops and monitors the District Elements of the Comprehensive Plan, and works with regional and other District agencies to create strategies for emerging employment sectors, meeting retail needs, and coordinating the city’s land use and transportation. The division provides data analysis, information, and long-range planning services to OP staff, neighborhood stakeholders, citizens, businesses, other District and federal agencies, and other decision-makers so that they can have the information needed to plan, develop, and preserve the District.

This division contains the following 3 activities:

- **Citywide Planning** – develops and monitors the District Elements of the Comprehensive Plan, the District’s 20-year blueprint for the city, and works with regional and other city agencies to create strategies for emerging employment sectors, meeting retail needs, and coordinating land use and transportation;
- **Geographic Information Systems and Information Technology** – provides mapping, spatial information, and analysis to District agencies, citizens, and a variety of other stakeholders. These services complement the automated tools available on www.dc.gov; and
- **State Data Center** – serves as the District’s official source of data. It provides a variety of demographic, social, economic, and housing data for the District by ward, census tract, block-group, and block to District agencies, residents, and other stakeholders.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Office of Planning has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Planning's (OP) proposed FY 2015 gross budget is \$9,948,827, which represents a 41.1 percent increase over its FY 2014 approved gross budget of \$7,052,878. The budget is comprised of \$9,358,827 in Local funds, \$509,000 in Federal Grant funds, \$1,000 in Private Grant funds, and \$80,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OP's FY 2015 CSFL budget is \$6,808,827, which represents a \$327,949, or 5.1 percent, increase over the FY 2014 approved Local funds budget of \$6,480,878.

CSFL Assumptions

The FY 2015 CSFL calculated for OP included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$271,665 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$6,284 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. Additionally, OP's CSFL funding for removal of one-time salary lapse reflects an increase of \$50,000.

Agency Budget Submission

Increase: OP's Local funds budget reflects adjustments for projected step increases, position changes and Fringe Benefits that amount to an increase of \$159,601 and 2.0 FTEs across all divisions. The proposed budget in the Agency Management division is increased by \$9,384 to account for a contractual obligation for the receptionist. In the Development Review and Historic Preservation division's budget, Federal Grant funds reflect a \$6,096 increase for salary step and Fringe Benefits adjustments. In Private Grant funds, the budget for the Revitalization/Design and Neighborhood Planning division is increased by \$1,000. The Special Purpose Revenue funds budget reflects an increase of \$30,000 based on the agency's forecast of fund balance and revenue trends from applicant and vendor fees collected for Historic Landmark and Historic District filings (DC Law 13-281, Subch. 6-1104.09).

Decrease: The OP Local funds budget decreased by \$50,624 and 2.0 FTEs across multiple divisions to reflect adjustments to salaries and agency positions. The budget decreased by \$118,361 in the Agency Management and Development Review and Historic Preservation divisions to offset the increases in personal services costs. The Federal Grant funds budget decreased by \$19,096 based on grant spending plans allocated between the FY 2014 and FY 2015 grant budget period.

Technical Adjustment: The Office of Planning's budget proposal reflects an increase of \$2,500,000 in the Revitalization/Design and Neighborhood Planning division for projects previously funded with Capital funds. This is comprised of \$1,393,677 in nonpersonal services and \$1,106,323 in personal services for 11.0 FTEs. The District Public Plans and Studies project funds planning, zoning, historic preservation studies and projects, and facility plans linked to important city and other development projects that are to be implemented by the District and/or its partners.

Mayor's Proposed Budget

No Change: The Office of Planning's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: The Local funds budget increased by \$100,000 to reflect one-time funding in the Development Review and Historic Preservation division to support Historic Homeowner grants.

Reduce: In Local funds, OP's budget includes a reduction of \$50,000 to reflect an adjustment of personal services costs based on projected salary lapse savings.

FY 2015 Proposed Budget Changes

The Department of Small and Local Business Development's (DSLBD) proposed FY 2015 gross budget is \$9,445,947, which represents a 15.8 percent increase over its FY 2014 approved gross budget of \$8,154,832. The budget is comprised of \$8,985,254 in Local funds and \$460,693 in Federal Grants funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DSLBD's FY 2015 CSFL budget is \$7,240,549, which represents a \$223,065, or 3.0 percent, decrease from the FY 2014 approved Local funds budget of \$7,463,614.

CSFL Assumptions

The FY 2015 CSFL calculated for DSLBD included adjustment entries that are not described in detail on table 5. These adjustments include reductions of \$200,000 and \$100,000 to account for the removal of one-time funding appropriated in FY 2014 for the creation of a new Rhode Island Avenue, N.E. Main Street and for a Clean Team on Bladensburg Road, N.E., respectively. Additionally, adjustments were made for increases of \$57,900 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$19,035 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The DSLBD proposed Local funds budget reflects an increase of \$195,715 in the budget allocation for personal services to support an additional 2.0 Full-Time Equivalent (FTE) positions, as well as projected salary step and Fringe Benefit costs. This adjustment in DSLBD's budget proposal for personal services is the combination of increases of \$315,241 in the Business Opportunities and Access to Capital program and \$187,212 in the Certification division and reductions of \$98,778 from the Commercial Revitalization division and \$207,960 from Agency Management.

Decrease: The budget proposed in Local funds for nonpersonal services reflects a net reduction of \$195,715 to offset personal services adjustments. This change is comprised of increases of \$184,313 in the Agency Management program and \$101,727 in the Business Opportunities and Access to Capital division, and reductions of \$4,576 from the Certification program and \$477,179 from the Commercial Revitalization division.

In Federal Grant funds, the proposed budget reduces funding by \$230,525 and 2.8 FTEs to account for the expiration of the DC State Trade and Export Promotion (STEP) pilot grant in FY 2014.

Mayor's Proposed Budget

Enhance: The Department of Small and Local Business Development's budget proposal reflects an increase to Local funds in the amount of \$1,094,705 for projects previously funded by Capital. These recurring costs are associated with the process of clarifying the definition of small business enterprise and certified business enterprise (CBE), to classify developers as beneficiaries, and to define what constitutes a government-assisted project that is subject to the requirements of the CBE program. Additionally, the Local funds budget reflects an increase of \$50,000 to support the expansion of the Clean Team Job Training program in Ward 8.

District's Proposed Budget

Enhance: The Local funds budget increased in the Commercial Revitalization division by \$300,000 for Clean Teams in Wards 3, 5 and 7 and by \$200,000 in one-time funding for the H Street corridor Main Street improvement program. The budget in Local funds increased in Agency Management by \$100,000 to reflect one-time funding for a study to consider Lower Georgia Avenue for the Main street program.

Reallocate: DSLBD's Local funds budget reflects a reallocation of \$277,848 in the Commercial Revitalization division to support Clean Teams based on the elimination of 2.0 FTEs.

The Office of Motion Picture and Television Development (MPTD) implements, manages, and administers programs, initiatives, and services in support of media industry economic activity, growth, and employment in the District of Columbia.

Summary of Services

MPTD provides various services to local and out-of-state film, television, video, interactive, multimedia, and digital media content creators. Those services include: production and parking permitting; location scouting; production support; hotel, restaurant and transportation assistance; and job placement assistance. MPTD creates and administrates programs designed to support the local media economy and promote District resident workforce development and employment. MPTD also serves as a liaison between the media industry and District residents, local government, local businesses, business development groups, and non-profits.

Program Description

The Office of Motion Picture and Television Development operates through the following 2 programs:

Motion Picture and Television Development – promotes the District in the United States and abroad as a major venue for production activity. These outreach efforts generate revenue for the District and include the following forms of production: feature films; short films; television series; television specials; commercials; documentaries; and corporate, music, and education videos. This program also promotes the use of local film and video resources and provides pre-production, production, and post-production assistance to producers filming in the District. In addition, this program stimulates employment opportunities in the District through the production of film, video, photography, and multimedia projects.

This program contains the following 3 activities:

- **Marketing and Promotions** – provides the industry with information on the District’s film/video industry, studio and production facilities, and first-rate technicians and creative talent;
- **Production Support** – provides filmmakers with a range of services designed to save them time, money, and effort so that they will perceive the District as a “film-friendly” environment; and
- **Community Outreach** – provides filmmakers an opportunity to become involved in the community in which they are working.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Motion Picture and Television Development has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Motion Picture and Television Development's (MPTD) proposed FY 2015 gross budget is \$3,699,820, which represents a 28.3 percent decrease from its FY 2014 approved gross budget of \$5,160,398. The budget is comprised of \$3,604,820 in Local funds and \$95,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

MPTD's FY 2015 CSFL budget is \$5,104,820, which represents a \$39,422, or 0.8 percent, increase over the FY 2014 approved Local funds budget of \$5,065,398.

CSFL Assumptions

The FY 2015 CSFL calculated for MPTD included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$33,569 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$5,853 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: In Local funds, the personal services budget reflects an increase of \$133,737, which is comprised of \$129,820 in the Office of Motion Picture and Television Development program and \$3,917 in the Agency Management program. These adjustments support additional funding related to salary steps, Fringe Benefits, and an additional 1.0 FTE for production support.

Decrease: MPTD's budget proposal in Local funds includes a net reduction of \$133,737 in nonpersonal services to offset the increases in personal services. This adjustment consists of a reduction of \$133,960 in the Office of Motion Picture and Television Development program and an increase of \$223 in the Agency Management program.

Mayor's Proposed Budget

Reduce: The Local funds budget includes a reduction of \$3,000,000 from the DC Film Incentive Fund.

District's Proposed Budget

Enhance: The budget proposal reflects a one-time increase of \$1,500,000 in Local funds to support the DC Film Incentive Fund.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Maximize economic activity, incentivize infrastructure development, and support workforce development and job creation within the District's media industry.

Objective 2: Increase the level of media content production and the quality of production support services in the District.

Objective 3: Market and promote the District as a location welcoming to media makers, media industry businesses, and media industry professionals.

Objective 4: Expand community outreach and enhance constituent communication to create a greater understanding of the media industry, the content/media-making process, and the professional skills required to become a marketable media industry professional.

The mission of the Office of Zoning (DCOZ) is to provide administrative, professional, and technical assistance to the Zoning Commission (ZC) and the Board of Zoning Adjustment (BZA) in support of their oversight and adjudication of zoning matters in the District of Columbia.

Summary of Services

DCOZ administers the zoning application processes for the ZC and the BZA. The agency reviews and accepts applications, schedules hearings to determine whether cases meet specified zoning criteria, schedules meetings to make determinations with respect to pending applications, and issues legal orders. Technology plays a critical role in support of this process by enhancing effectiveness and transparency. DCOZ also spearheads outreach to citizens of the District of Columbia to ensure a robust understanding of the zoning application process.

Program Description

The Office of Zoning operates through the following 2 programs:

Zoning Services – provides assistance, information and services to the ZC, BZA, other government agencies, applicants, businesses, and the general public regarding the District’s zoning processes.

This program contains the following 4 activities:

- **Zoning Services** – provides administrative, professional, and technical assistance to the ZC and BZA in support of their oversight and adjudication of zoning matters in the District, and provides public outreach to ensure that the District’s zoning processes are easily understandable and accessible to the public;
- **Compliance Review** – investigates and evaluates complaints of non-compliance with the conditions of ZC and BZA orders to the public, so that non-compliance issues can be resolved by or referred to the Department of Consumer and Regulatory Affairs for enforcement;
- **Information Management** – provides new systems to automate zoning information and facilitates delivery of zoning services to the public and other District agencies; and
- **Zoning Certifications** – provides authentication of zoning classification of property to the public, including developers, architects, lawyers, realtors, tax assessors, land owners, and others in the land use business, and provides certified copies of ZC and BZA case files so that courts can have full case documents required for decision-making.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Zoning has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Zoning's (DCOZ) proposed FY 2015 gross budget is \$2,728,735, which represents a 2.9 percent increase over its FY 2014 approved gross budget of \$2,651,758. The budget is comprised of \$2,704,735 in Local funds and \$24,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCOZ's FY 2015 CSFL budget is \$2,704,735, which represents a \$76,976, or 2.9 percent, increase over the FY 2014 approved Local funds budget of \$2,627,758.

CSFL Assumptions

The FY 2015 CSFL calculated for DCOZ included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$60,867 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$16,109 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: In order to leverage new and existing technology and further ensure that the agency's processes are transparent and easily accessible to the public, the Local funds Contractual Services budget was increased by \$15,700 to cover the costs associated with the Zoning Map Development and IZIS Website Integration contracts. This adjustment also provides support for printing and Purchase Card contracts, which will enable the agency to create a convenient zoning process for residents and businesses alike. The Local funds budget also includes an increase of \$3,900 in personal services to reflect projected changes in salary steps and Fringe Benefit costs.

Decrease: The Local funds nonpersonal services budget reflects a net reduction of \$19,600, which includes \$16,299 from Other Services and Charges, \$2,581 from Supplies and Materials, and \$720 from Equipment and Equipment Rental, to offset the Contractual Services and personal services increases.

Mayor's Proposed Budget

No Change: The Office of Zoning's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office of Zoning's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Create a convenient, easy to use, and understandable zoning process through website development, expansive outreach and educational programs for District residents and businesses.

Objective 2: Leverage new and existing technologies to further ensure that the District of Columbia's zoning processes are easily understandable and accessible to the public.

Objective 3: Streamline zoning regulations to enhance efficiency and transparency of zoning processes.

The mission of the Department of Housing and Community Development (DHCD) is to create and preserve opportunities for affordable housing and economic development, and to revitalize underserved communities in the District of Columbia.

Summary of Services

DHCD's fundamental activities consist of financial operations, program delivery, administration of regulations, and support of the independent Rental Housing Commission. The specific strategic objectives that DHCD focuses on to stimulate economic development and spur the dream of home ownership in underserved communities are (1) preserve and increase the supply of quality affordable housing throughout the District, (2) increase homeownership opportunities to residents of low and moderate income households, and (3) revitalize District neighborhoods by promoting community development that embraces economic opportunities for local businesses. DHCD creates and preserves affordable housing by providing low-cost gap financing and subsidies for single-family residential rehabilitation and multi-family construction projects to garner affordable rental and homeownership opportunities throughout the city. DHCD also leverages its appropriated local and federal funding to help finance community facilities, acquire property, and administer disposition activities for vacant and abandoned properties to help stabilize District neighborhoods and provide new local opportunities. DHCD partners with community-based organizations citywide to implement residential and community services that include homeownership assistance programs, housing counseling services, storefront facade improvement initiatives, and small business technical assistance services. In addition, DHCD administers the rental housing regulations that govern condominium and cooperative conversions, rent control, inclusionary zoning, and affordable dwelling unit programs. The Affordable Housing Locator is also a service of DHCD and is available online at dchousingsearch.org. All of these programs and services can be accessed through DHCD's Housing Resource Center located in the Historic Anacostia neighborhood in Ward 8.

Division Description

The Department of Housing and Community Development operates through the following 9 divisions:

Development Finance Division (DFD) – provides funding for the development of rental, homeownership and community facility developments that serve District of Columbia neighborhoods. As both the creation and preservation of affordable housing units are important to DHCD, DFD plays a prominent role in helping the agency achieve its annual multifamily housing production goals.

This division contains the following 2 activities:

- **Affordable Housing Project Financing** – provides funding through a competitive Request for Proposal (RFP) funding process that targets communities and types of development needed to revitalize neighborhoods. The bulk of the funds come from Intra-District funding from the Housing Production Trust Fund. This activity also provides development financing and regulatory oversight to nonprofit and for-profit developers so that they can develop properties as affordable ownership and rental units. This activity includes the preparation of Notice of Funding Availability and RFP documents, management of the application and selection process, project management meetings, construction overviews, underwriting, architectural reviews, monitoring reports, funding request presentations, loan closings, and project monitoring services; and
- **Community Facilities Project Financing** – provides funding through a competitive Request for Proposal (RFP) funding process for development financing and regulatory oversight to nonprofit and for-profit developers so that they can develop properties as neighborhood community/commercial facilities. This activity includes the preparation of Notice of Funding Availability and RFP documents, management of the application and selection process, project management meetings, construction overviews, underwriting, architectural reviews, monitoring reports, funding request presentations, loan closings, and project monitoring services.

Residential and Community Services Division (RCS D) – provides funding for programs focused on household level housing needs and neighborhood revitalization. RCS D works through neighborhood-based organizations providing comprehensive housing counseling, small business technical assistance and facade improvement opportunities. RCS D administers the District’s Home Purchase Assistance Program and Employee Assisted Housing Programs, which provide financial assistance for low and moderate-income households and District government employees for the purpose of first-time home purchase. The division also provides rehabilitation resources, including grants for lead hazard remediation to eligible units and loans as well as grants to income-qualified owner-occupant District residences in order to preserve homeownership in the District.

This division contains the following 6 activities:

- **Community Services – Housing Counseling (Neighborhood Based Activities)** – provides funding for counseling services to tenants, potential homeowners, and current homeowners; and for technical assistance to small businesses in support of various DHCD programs;
- **Community Services – Commercial Revitalization** – provides grants to neighborhood-based organizations for storefront facade improvements in commercial corridors;
- **Residential Services – Home Purchase Assistance Program (HPAP)** – provides down payment and closing cost assistance to low and moderate income District residents so that they can become first-time homebuyers in the District of Columbia;
- **Residential Services – Employer Assisted Housing Program (EAHP)** – provides down payment and closing cost assistance to qualified District of Columbia government employees;
- **Residential Services – Lead Safe Washington** – provides funding to reduce lead-based paint hazards in eligible single- and multi-family dwellings; and

- **Residential Services – Single Family Rehabilitation** – helps households finance up to \$75,000 in loans for home repairs that will address District housing code violations, such as repairing walls and floors, replacing windows, and repairing plumbing, electrical, and heating systems.

Property Acquisition and Disposition Division (PADD) – stabilizes neighborhoods by decreasing the number of vacant and abandoned residential properties in the District, and transforming vacant and/or abandoned residential properties into homeownership opportunities for District of Columbia residents at all income levels. PADD has three main functions: (1) encourage property owners to rehabilitate and/or occupy their vacant and abandoned residential property; (2) acquire vacant, abandoned and deteriorated properties through negotiated friendly sale, eminent domain, donation, for tax sale foreclosure; and (3) dispose of properties in the PADD inventory by selling the properties to individuals or developers to be rehabilitated into high quality affordable and market-rate single-family and/or multifamily for-sale housing in District neighborhoods.

This division contains the following 3 activities:

- **Property Acquisition** – acquires vacant, abandoned, and deteriorated properties through negotiated friendly sale, eminent domain, donation, or tax sale foreclosure when owners are unwilling or unable to maintain their properties;
- **Property Disposition** – disposes of properties in the PADD inventory by selling the properties to individuals or developers to be rehabilitated into high quality affordable and market-rate single-family and/or multifamily for-sale housing in District neighborhoods; and
- **Property Management** – provides funding for the maintenance of properties in PADD’s inventory until they can be disposed of to create affordable housing units.

Portfolio and Asset Management Division (PAMD) – provides portfolio management and oversight of outstanding loans to DHCD and manages the allocation of Low Income Housing Tax Credits (LIHTC). Established in FY 2008, the division monitors the status of existing loans to ensure compliance with loan covenants and collections of loans that are due and conducts the reviews of the risks and relationships of potential borrowers to protect the department’s assets.

Program Monitoring Division (PMD) – conducts oversight and reviews of DHCD projects and funding recipients. Its core functions include the following types of oversight: (1) contract compliance – completing various federally required compliance reviews as part of the underwriting and project development process; (2) quality assurance – monitoring the compliance of DHCD funded sub-recipients with federal HOME Investments Partnership Program (HOME) and Community Development Block Grant Program (CDBG) funding requirements; and (3) compliance monitoring – ensuring projects developed by DHCD through the Housing Production Trust Fund (HPTF), CDBG, HOME and Low Income Housing Tax Credit (LIHTC) programs remain in compliance with federal and local program requirements throughout the duration of the project’s period of affordability.

This division contains the following 3 activities:

- **Contract Compliance** – provides oversight and monitoring services of DHCD projects to ensure the department's use of project funds fully complies with the Department of Housing and Urban Development (HUD) and District regulations;
- **Quality Assurance** – provides program review and performance evaluation to DHCD and contractors so that they can operate in full compliance with regulations in the most effective and efficient manner possible; and
- **Homelessness Prevention Compliance** – monitors programs aimed at preventing individuals and families from becoming homeless to ensure compliance with federal rules and regulations.

Housing Regulation Administration (HRA) – administers residential housing regulations relating to condominium and cooperative conversions, rent adjustment procedures, licensing and other related matters. It includes the Rental Accommodation Division (RAD) and the Rental Conversion and Sales Division (CASD) and manages the DHCD Housing Resource Center, including the Office of the Tenant Advocate.

This division contains the following 4 activities:

- **Rental Conversion and Sales Division (CASD)** – administers the District’s tenant opportunity to purchase program, regulates the conversion of property to condominiums and cooperatives, registers condominium and cooperative projects, and administers the structural defect warranty claim program;
- **Housing Resource Center (HRC)** – provides rental housing services to landlords and tenants as well as information to the public on all of the department’s services for first-time homebuyers, developers of affordable housing projects, and low-income homeowners. The Housing Resource Center also includes the Office of the Tenant Advocate, access to the Affordable Housing Locator, and an office of University Legal Services for on-site housing counseling;
- **Inclusionary Zoning/Affordable Dwelling Units (IZ/ADU)** – is established as a new activity in 2015 to separate DHCD current resources budgeted in CASD to provide subject matter focus in the administration of the District's new Inclusionary Zoning (IZ) and Affordable Dwelling Unit programs; and
- **Rental Accommodations Division (RAD)** – administers the District’s rent stabilization program, including registering and licensing rental housing, administering rent adjustments procedures, processing landlord and tenant petitions, providing conciliation services, and acting as a repository for notices to vacate and all rental property records.

Rental Housing Commission (RHC) – enforces the Rental Housing Act of 1985, as amended. The commission has three statutory functions in order to preserve and increase the supply of quality affordable housing in the District: (1) to issue, amend, and rescind regulations that are promulgated for enforcement of the Act; (2) to certify and publish the annual adjustment of general applicability to rents and/or rent ceilings, which adjustment is based upon annual changes (if any) in the Consumer Price Index for the applicable region in which the District of Columbia is located; and (3) to decide appeals brought to the commission from the Rent Administrator and the Office of Administrative Hearings (OAH). Although the commission is an independent quasi-judicial body, it has direct reporting responsibility to DHCD on administrative, management, and budgetary matters.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

FY 2015 Proposed Budget Changes

The Department of Housing and Community Development's (DHCD) proposed FY 2015 gross budget is \$196,865,670, which represents a 5.2 percent decrease from its FY 2014 approved gross budget of \$207,703,383. The budget is comprised of \$15,125,092 in Local funds, \$41,354,299 in Federal Grants funds, \$6,500,000 in Special Purpose Revenue funds, and \$133,886,279 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DHCD's FY 2015 CSFL budget is \$11,400,092, which represents a \$346,156, or 3.1 percent, increase over the FY 2014 approved Local funds budget of \$11,053,937.

CSFL Assumptions

The FY 2015 CSFL calculated for DHCD included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$256,725 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$24,431 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. Additionally, DHCD's CSFL funding reflects an increase of \$65,000 to account for the removal of a one-time salary lapse in FY 2014.

Agency Budget Submission

Increase: DHCD's Local funds budget increased by \$3,648, primarily in the Agency Management division, for the Local fund portion for the services of subject matter experts that provide technical assistance on audit methods and process improvements for the Home Purchase Assistance Program (HPAP). Additionally, the budget in Local funds reflects an increase of \$1,207, primarily in the Agency Management division, to cover projected Fringe Benefits costs.

In Federal Grant funds, DHCD proposes an increase of \$2,353,729 to the personal services budget. This adjustment supports 23.4 additional Full-Time Equivalent (FTE) positions added for compliance and project delivery related to the Community Development Block Grant (CDBG) and the Home Program Related Activities (HOME) grant. The additional funding also covers projected salary steps and Fringe Benefits costs for the new and existing FTEs. In nonpersonal services, the Federal Grant funds budget includes an increase of \$100,898 in the Agency Management division. This change is primarily related to the federal funding portion of the Housing Production Trust Fund (HPTF) bond maintenance fees for financing services related to debt service.

In Special Purpose Revenue (SPR) funds, DHCD proposes a budget increase of \$891,720 primarily in the Agency Management division. This increase is comprised of \$504,936 related to the SPR portion for the services of subject matter experts that provides technical assistance on audit methods and process improvements for the HPAP, and \$386,784 related to the SPR portion of the HPTF bond maintenance fees for financing services related to debt service. Additionally, in the SPR funds budget for the Agency Management division, the agency projects an increase of \$30,411 to cover costs related the FY 2015 Fixed Costs estimates primarily for Rentals – Land and Structures.

The budget for Intra-District funds increased by \$8,116,000 primarily in the Development Finance division. This change is related to the Intra-District portion of the annual HPTF bond maintenance fees. DHCD's Intra-District fund's budget also increased by \$470,114 to reflect projected changes in salary steps

and Fringe Benefits costs. Other adjustments in Intra-District funds include increases of \$281,084, primarily in the Portfolio Management division, for the services of subject matter experts for technical assistance on audit methods and process improvements for HPAP.

Decrease: The Local funds budget for personal services reflects a decrease of \$1,127 in salaries with a reduction of 1.8 FTEs. The savings associated with the reduction of these FTEs offset the increases for salary steps and Fringe Benefits costs. DHCD's Local funds budget is also decreased by \$3,917 in nonpersonal services to offset projected changes in salary steps and Fringe Benefits costs.

In Federal Grant funds, DHCD's budget reflects a decrease of \$18,994 in the Agency Management division for projected Fixed Costs related to utilities, telecommunication, security services, and occupancy. DHCD also proposes a decrease of \$1,902,588 in Contractual Services due to a change in program needs and to offset the increase of funding related to the 23.4 FTEs for the Community Development Block Grant project delivery.

The SPR fund budget for personal services reflects a decrease of \$1,758,618 to account for the reduction of 16.8 FTEs across multiple divisions. The savings associated with the reduction of these FTEs offset the increases in salary steps and Fringe Benefits costs. Furthermore, the budget in SPR funds includes a decrease of \$2,284,064 in Contractual Services and Subsidies and Transfers primarily in Agency Management. This adjustment is due to lower revenue projections for the sale of properties by the Property Acquisition and Disposition division.

In Intra-District funds, the budget reflects a decrease of \$17,053 for projected Fixed Costs related to Utilities, Security, and Occupancy in the Agency Management division. Other adjustments in Intra-District funds include reductions of \$357,245 and 4.8 FTEs in personal services across multiple divisions, \$4,129,504 in Contractual Services, and \$25,423,866 in Subsidies and Transfers. These reductions reflect the expected FY 2015 funding level for the Affordable Housing Initiative Memorandum of Understanding (MOU) with the Housing Production Trust Fund (HPTF).

Technical Adjustment: The Department of Housing and Community Development's budget proposal reflects an increase of \$2,425,000 in Local funds in the Property Acquisition and Disposition division for projects previously funded with Capital funds.

Mayor's Proposed Budget

Enhance: Local funds increased by \$1,500,000 in Subsidies and Transfers in the Residential and Community Services division, which is comprised of \$1,000,000 for the Home Purchase Assistance Program (HPAP) and \$500,000 for commercial revitalization façade improvements for Ward 8. Additionally, Local funds increased by \$300,000 to create an East End Homeownership Campaign for Wards 7 and 8.

District's Proposed Budget

Enhance: The Local funds budget includes an increase of \$700,000 in one-time funding, along with an additional \$300,000 for the Residential and Community Services division to support the Housing Purchase Assistance Program (HPAP), which provides down payment and cost assistance to low and moderate income District residents so that they may become first time homebuyers in the District of Columbia.

The Intra-District funds budget increased by \$13,038,768 from the Housing Production Trust Fund (HPTF) in the Development Finance division for Affordable Housing Project Financing, which is comprised of \$8,738,768 to provide affordable housing for very low income persons with serious and persistent mental or emotional illness or those at risk of developing such illness; \$4,100,000 to support the development of affordable housing for senior citizens, age 65-years and older; and \$200,000 for the development of a pilot project that would study how best to develop affordable housing and wrap-around services for the District's Lesbian, Gay, Bi-sexual and Transgender (LGBT) seniors, age 65-years and older. In addition, Intra-District

funds increased by \$1,500,000 in the Property Acquisition and Distribution division to acquire vacant, abandoned, and deteriorated properties for rehabilitation into high quality affordable housing.

Reduce: The Local funds budget for the Property Acquisition and Disposition division was reduced by \$1,500,000.

The Intra-District transfers from the HPTF to the Residential and Community Services division were decreased by \$5,800,000 in the Lead Safe Washington program in order to support enhancements in the Residential and Community Services division for seniors, age 65-years and older.

Performance Plan Endnotes:

- ¹ This is a new Key Performance Indicator based on the Sustainable DC report and recommendations. At the time this plan was drafted, there was no decision on what the Walk Score would be for this metric. DHCD will adjust the Performance Plan as this number becomes available.
- ² Number of inclusionary units built goals are still being compiled due to the number of agencies that are co-coordinating in the creation of these units. The Office of the Deputy Mayor for Planning and Economic Development is producing a database that tracks all these units; DHCD will update the numbers when DMPED completes this database.
- ³ This is a new metric that will be tracked in FY 2014.
- ⁴ In FY 2013, DHCD imposed a moratorium on property acquisition in an attempt to focus on the disposition of properties in PADD's inventory and create a more strategic acquisition plan. DHCD will update future goals as they are developed.
- ⁵ In months.
- ⁶ In 2013, the United States Environmental Protection Agency changed the way that elevated blood level is recorded. DHCD is awaiting proper guidance on what new goals should be based on.

The Department of Employment Services (DOES) fosters and promotes the welfare of job seekers and wage earners by advancing opportunities for employment, connecting employers with qualified workers, administering re-employment training, collecting unemployment tax and maintaining integrity of the District's Unemployment Insurance Trust Fund, tracking changes in employment and other national economic measurements impacting the District of Columbia, and improving employee working conditions.

Summary of Services

DOES, the District of Columbia's lead labor and workforce development agency, provides customers with a comprehensive menu of workforce development services funded through a combination of federal grants and Local appropriations. DOES delivers basic income support services to unemployed or underemployed persons who lost their jobs through no fault of their own through the Unemployment Insurance division. The Labor Standards division ensures a safe and healthy work environment for workers in the District, administers a program to provide benefits to qualified individuals with employment-related injuries or illnesses, administers the District's wage-and-hour laws, and provides hearing and adjudication services to settle workers' compensation disputes. DOES's Workforce Development division provides job seekers with workforce development and training programs and services to ensure employers have access to qualified job candidates. Finally, DOES provides District youth with job training, academic enrichment, leadership, and employment opportunities through its Year-Round, Summer Youth, Mayor's Youth Leadership Institute, and other youth programs.

Division Description

The Department of Employment Services operates through the following 5 divisions:

Unemployment Insurance (UI) – provides basic income replacement insurance to workers unemployed through no fault of their own, thereby contributing to the economic stability of the Washington, D.C. metropolitan area.

This division contains the following 4 activities:

- **Tax Collections** – collects quarterly taxes from for-profit local employers and reimbursement payments from local non-profit employers, which finance the payment of weekly benefits to workers unemployed without fault;
- **Benefits** – provides cash payments to customers who are unemployed through no fault of their own and are able, available, and actively seeking work;

- **Benefit Payment Control Unit (BPC)** – promotes and maintains integrity of the UI division through prevention, detection, investigation, prosecution, and recovery of UI overpayments made to claimants. BPC is also responsible for the investigation and determination of fraudulent and/or erroneous payment cases; and
- **Compliance and Independent Monitoring** – collects and analyzes necessary data to assess the validity of UI benefit payment activities, assesses the underlying causes of error in the UI benefit payment and collection of UI taxes, and recommends corrective action to the problems identified.

Labor Standards – provides worker protection and dispute resolution services for the workers and employers of the District so that disputes are resolved fairly and the safety of the workplace is ensured.

This division contains the following 5 activities:

- **Office of Wage Hour** – enforces the District’s wage-hour laws through compliance audits for the benefit of private-sector employees so that they can be paid at least the minimum wage, required overtime, all earned and promised wages, living wage, and required sick leave;
- **Office of Occupational Safety and Health** – provides on-site consultation services, investigations, training, and program assistance to private-sector employers so that they can identify and correct workplace hazards;
- **Office of Workers’ Compensation** – processes claims and provides informal dispute resolution, insurance-coverage compliance monitoring, and related services to private-sector injured workers, employers, insurance carriers, and other stakeholders;
- **Administrative Hearings Division** – provides formal administrative hearings to employees, employers, and the District government so that rights and responsibilities are determined fairly, promptly, and in accordance with the workers’ compensation acts; and
- **Compensation Review Board** – provides administrative review of case decisions (compensation orders) issued by the Administrative Hearings Division and/or the Office of Workers’ Compensation.

Workforce Development – provides employment-related services for unemployed or underemployed persons so that they can achieve economic security and compete in the global economy.

This division contains the following 14 activities:

- **Senior Services** – provides subsidized employment placements to District residents who are both 55 years old or older and economically underprivileged so that they can develop or enhance their job skills and be placed in unsubsidized employment;
- **Program Performance Monitoring** – provides compliance, oversight, and technical assistance to training vendors, procurement staff, and departmental administrators;
- **Local Adult Training** – provides training programs that teach job skills that will facilitate in the expansion of employment opportunities for District adult residents;
- **Office of Apprenticeship Information and Training** – provides apprenticeship promotional services and assistance to District residents and apprenticeship sponsors, and administers the pre-apprenticeship program;
- **Transitional Employment** – provides an array of employment-related services that will assist hard-to-employ District residents to become self-sufficient;
- **Employer Services** – provides technical assistance, recruitment, referral, placement, planning, and oversight services to area employers/businesses so that they can hire qualified individuals;
- **First Source** – establishes hiring requirement of District residents for jobs associated with government-assisted projects in order to combat the under-employment of District residents;

- **Veteran Affairs** – administers the two federal grants, Local Veteran’s Employment Representative (LVER) and Disability Veterans Outreach Program (DVOP), that the agency receives from the Department of Labor (DOL). All services provided through these programs are directly for veterans;
- **One-Stop Operations** – provides comprehensive employment support, unemployment compensation, training services, and supportive services through a network of easily accessible locations;
- **Labor Market Information** – administers five Bureau of Labor Statistics programs and an Employment and Training Administration program under a Federal/State cooperative agreement;
- **Year-Round Youth Program** – provides year-round services to eligible youth, including subsidized employment, academic enrichment activities, and vocational training to prepare participants for the world of work;
- **Summer Youth Employment Program** – provides temporary, subsidized summer employment and academic/workforce enrichment activities to eligible District youth;
- **Mayor’s Youth Leadership Program** – administers a four-level youth leadership training and development program emphasizing citizenship and leadership skills; and
- **State-Wide Activities** – includes 15 percent reserved for statewide activities including incentive grants, technical assistance, management information systems, evaluation, and “One-Stop” system building. In addition, permissible statewide activities include incumbent worker projects, authorized youth and adult activities, and additional system building. For additional information, please refer to the Workforce Investment Act, Public Law 105-220, which was signed into law August 7, 1998.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for agencies using performance-based budgeting.

Division Structure Change

The Department of Employment Services has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Department of Employment Services' (DOES) proposed FY 2015 gross budget is \$150,765,308, which represents a 4.4 percent increase over its FY 2014 approved gross budget of \$144,411,617. The budget is comprised of \$54,903,150 in Local funds, \$61,413,736 in Federal Grant funds, \$80,000 in Private Donations, and \$34,368,423 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOES' FY 2015 CSFL budget is \$49,462,165, which represents a \$1,300,149, or 2.7 percent, increase over the FY 2014 approved Local funds budget of \$48,162,016.

CSFL Assumptions

The FY 2015 CSFL calculated for DOES included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$470,924 to account for the removal of one-time funding appropriated in FY 2014, of which \$300,000 was awarded to administer a competitive grant for eligible students and \$170,924 was awarded to partially support 5.0 FTEs to comply with the Workplace Fraud Amendment Act of 2011. Additionally, adjustments were made for increases of \$1,133,778 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$240,836 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. DOES' CSFL funding for the removal of one-time salary lapse reflects an increase of \$400,000. Additionally, an adjustment was made for a decrease of \$3,542 for the Fixed Costs Inflation Factor.

Agency Budget Submission

Increase: In the budget submission for Local funds, DOES proposes an increase of \$1,609,898, primarily for the Workforce Development division, which enables the agency to continue to improve available resources for state-wide activities pertaining to technical assistance, referral, and placement services for qualified District residents, and the agency's commitment to serving under-employed District residents. In order to align the budget with the FY 2015 Fixed Costs estimates provided by the Department of General Services (DGS), DOES proposes an increase of \$257,623 in Local funds. Various DOES' Fixed Costs commodities are impacted by this adjustment, which includes increases of \$124,827 in Occupancy, \$85,881 in Security Services, \$80,642 in Telecommunications, and \$72,404 in Energy, partially offset by decreases of \$17,599 in Janitorial Services and \$88,532 in Rentals - Land and Structures.

In the Federal Grant funds, an increase of \$7,540,740 is primarily due to the anticipated increase in federal funding from the Unemployment Insurance State and Workforce Investment Act for Dislocated Workers grant awards. This increase in funding provides programmatic enhancements to the Unemployment Insurance and Workforce divisions.

Additionally, in the FY 2015 budget submission for Federal Grant funds, DOES continues to address the challenges of fraudulent activities in unemployment insurance filings. The budget proposal includes an increase of \$5,016,486, primarily in the Unemployment Insurance division, for the procurement of computer hardware that will enable the agency to maximize the use of federal funding in its efforts to mitigate fraudulent unemployment insurance filings in the District.

Furthermore, in Federal Grant funds, DOES proposes an increase of \$3,885,294 to support an additional 44.2 FTEs. The proposed additional staffing is comprised of 28.0 Temporary Full-Time positions, and 16.2 Continuing Full-Time positions. Projected salary costs including steps and cost-of-living increases account for \$3,129,306 of the increase amount, while the remaining \$755,988 covers projected Fringe Benefits costs.

Special Purpose Revenue (SPR) funds include an increase of \$2,525,596, primarily in the Unemployment Insurance division, to support DOES' commitment to address fraudulent filings. In part, these funds will be used for professional service fees and contracts.

Decrease: In Local funds, a reduction of \$147,808 across multiple divisions is related to projected cost savings associated with operational efficiencies as DOES continues to streamline agency operations. Additionally, a decrease of \$658,132 in the Workforce Development division aligns the budget with DOES' operational goals as the agency continues to monitor employers to ensure they are in compliance with the law with regard to giving District residents fair and equitable hiring opportunities. Furthermore, the agency made several adjustments across personal services, which reflect a net decrease of \$1,061,580 across multiple divisions. These adjustments are primarily related to cost savings associated with the elimination of 7.9 FTEs in FY 2015.

In Federal Grant funds, Fixed Costs are budgeted across multiple divisions to remain compliant with grant requirements. A net reduction of \$389,733 encompasses changes to the following commodities: decreases of \$472,548 in Energy, \$222,301 in Telecommunications, \$86,526 in Occupancy, and \$14,678 in Security Services, partially offset by an increase of \$406,319 in Rentals - Land and Structures. The Workforce Development, Unemployment Insurance, and Labor Standards divisions will absorb an overall decrease of \$3,190,287 as the agency improves operational efficiencies in relation to expenses for professional fees and supplies. Cost savings achieved through this adjustment partially offset the funding needed for additional FTEs.

In Special Purpose Revenue (SPR) funds, Fixed Costs are budgeted in the Labor Standards and Agency Management divisions. A net decrease of \$651,861 is based on revised DGS projections as provided for the following commodities: \$252,687 for Energy, \$215,668 for Rentals - Land and Structures, \$79,458 for Telecommunications, \$78,098 for Security Services, and \$25,951 for Occupancy. The SPR budget reflects several adjustments in personal services across several divisions. The budget reflects the elimination of a total of 25.3 FTEs, saving \$1,568,376 in salary and Fringe Benefits costs. Finally, a decrease of \$13,555,304 in the Labor Standards division primarily impacts services directly related to the processing of workers compensation claims, of which DOES projects a reduction. This action properly aligns the budget as the amount of revenue anticipated from the Workers' Compensation Administration fund is expected to decrease.

Technical Adjustment: DOES' Local funds budget includes an increase of \$150,060 to support a Compliance Specialist and an administrative support position in the Labor Standards division. These 2.0 FTEs will be responsible for the implementation of the "Earned Sick and Safe Leave Amendment Act of 2013" activities.

Mayor's Proposed Budget

Enhance: The Department of Employment Services is dedicated to providing services for the adult population to assist in their effort to obtain the skills needed to secure employment opportunities; therefore, the agency will receive \$4,200,000 for Adult Job Training activities. DOES will be required to meet the new minimum wage requirements in the Transitional Employment Program (TEP) as a matter of law in FY 2015. An additional \$500,000 is necessary to meet this mandate.

District's Proposed Budget

Enhance: In Local funds, DOES' budget includes an increase of \$590,925 to support the implementation of the Wage Theft Prevention Amendment Act. This adjustment includes \$452,325 and 5.0 FTEs to support personal services and \$138,600 in Contractual Services for start-up costs, of which \$59,000 is designated as one-time.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Workforce Development Division

Objective 1: Expand the District's integrated workforce system to improve customer service and outcomes for employers and job seekers. (One City Action Plan: Actions 1.1.5, 2.3.1, 2.3.6, 3.1.1 and Indicators 1A, 1C, 1D and 2C, and the Sustainable DC Plan: Actions 3.3 and 3.4).

Objective 2: Ensure the District's youth employment program provides occupational skills training, work experience, academic enrichment and life skills training to facilitate the development of work habits and skills that are essential for success in the workplace. (One City Action Plan: Action 2.3.4, and 5-Year Economic Development Strategy 2.10).

³The source for this indicator is U.S. Census Bureau, On the Map. On the Map, data refers to calendar (as opposed to fiscal) years, and there is a 2-year lag time in when the data is collected and when it is reported. The current base line is from 2011 data. 2013 data will not be available until 2015.

⁴July 2012 - June 2013 12-month average.

⁵DOES' On-The-Job Training Initiative was suspended in early FY 2013 and will not operate as outlined. DOES will report on specialized training progress mid-year FY 2014.

⁶125 customers enrolled in OJT during the period of October 1 – December 31, 2012. Out of the 125 trainees, 70 were retained in jobs after their training period was completed.

⁷Projection numbers could change given current and historical trends.

⁸0.42 percent reflects the U.S. DOL Bureau of Labor Statistics' revised estimate for job growth in D.C. The BLS revises employment figures for prior years around January of every year, and the actuals for any recent period typically change as a result.

⁹This figure represents the annual growth rate from August 2012 through August 2013. The September 2013 data will not be available from the U.S. DOL Bureau of Labor Statistics until at least late October.

¹⁴USDOL identifies re-employment as a core measure linked with the following: "Percent of UI claimants who become re-employed within the quarter following their first UI payment." Please note that the performance data charts generated by USDOL regarding the re-employment query are based on data extracted from the UI database on the date and time this query is executed. Because the UI database is dynamic, data extracted at other times may differ as states occasionally submit amended reports. USDOL also attempts to verify outliers and correct obviously erroneous data from time to time.

The mission of the Real Property Tax Appeals Commission (RPTAC) is to conduct fair and impartial hearings to review disputed real property tax assessments (to ensure that properties are assessed at 100 percent of market value), to resolve claims of improper real property classifications, homestead (domicile) issues, and senior eligibility issues.

Summary of Services

The real property assessment appeals process provides a second-level administrative remedy for property owners to adjudicate property assessments prior to having to pay the tax and sue for a refund in D.C. Superior Court.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The Real Property Tax Appeals Commission operates through the following 3 programs:

Real Property Appeals Process – provides a second-level administrative remedy for property owners to adjudicate property assessments prior to formal litigation in the D.C. Superior Court.

This program contains the following 2 activities:

- **Appeals Process** – provides a second-level administrative remedy for property owners to adjudicate property assessments prior to formal litigation in the D.C. Superior Court. Under the Real Property Assessments Process program, the agency schedules all real property assessment appeals and coordinates the hearings process with board members to ensure that property assessments reflect 100 percent of fair market value; mails all decisions; performs inspections, as required, and renders solid decisions based on the actual condition of properties; and updates rules and regulations to include legislative revisions; and
- **Commission Operations** – supports direct Commission operations, including the development of Commission policies and procedures, direct office support, and Commission training and development.

Real Property Outreach Education – provides assessment appeal services and education to residents, communities, and businesses in the District of Columbia.

This program contains the following 2 activities:

- **Outreach Education** – provides assessment appeal services and education to residents, communities, and businesses in the District of Columbia; and
- **Commission Outreach** – supports outreach operations to residents, communities, and businesses in the District of Columbia provided directly by the Commission.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Real Property Tax Appeals Commission has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Real Property Tax Appeals Commission's (RPTAC) proposed FY 2015 gross budget is \$1,749,390, which represents a 3.9 percent increase over its FY 2014 approved gross budget of \$1,684,101. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

RPTAC's FY 2015 CSFL budget is \$1,749,390, which represents \$65,289, or 3.9 percent, increase over the FY 2014 approved Local funds budget of \$1,684,101.

CSFL Assumptions

The FY 2015 CSFL calculated for RPTAC included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$53,440 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$11,849 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The budget proposal includes an increase of \$60,410, primarily in the Real Property Appeals Process program for legislative audits pertaining to the agency's operations. This audit is conducted every three years by the Office of the Inspector General.

Decrease: RPTAC's budget reflects a decrease of \$60,410, primarily in the Real Property Appeals Process program to support the increase in nonpersonal services.

Mayor's Proposed Budget

No Change: The Real Property Tax Appeals Commission's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Real Property Tax Appeals Commission's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The Department of Consumer and Regulatory Affairs (DCRA) protects the health, safety, economic interests, and quality of life of residents, businesses, and visitors in the District of Columbia by ensuring code compliance and regulating business.

Summary of Services

DCRA is responsible for regulating construction and business activity in the District of Columbia. The agency operates a consolidated permit intake center and reviews all construction documents to ensure compliance with building codes and zoning regulations. To protect consumers, DCRA issues business licenses, professional licenses, and special events permits; registers corporations; and inspects weighing and measuring devices used for monetary profit. Construction activity, building systems, and rental housing establishments are inspected, and building code violations are abated if necessary.

The agency's FY 2015 proposed budget is presented in the following tables:

Division Description

The Department of Consumer and Regulatory Affairs operates through the following 7 divisions:

Permitting – certifies compliance with current building and land use codes, manages a consolidated permit application intake center hosting multiple agencies, issues permits for District construction projects, and maintains land records.

This division contains the following 5 activities:

- **Plan Review** – conducts technical building plan reviews for approval and issues building permits;
- **Homeowner Center** – functions as a dedicated resource center for homeowners conducting small interior and exterior renovations of their personal residences;
- **Development Ambassador** – assists large-scale projects through the permit processing to the issuance of a permit;
- **Permits** – serves as the District’s central intake and issuance center for building permits and certificates of occupancy; and
- **Surveyor** – produces and maintains the District’s land records.

Enforcement - coordinates and monitors enforcement of violations cited by the agency's regulatory programs and works closely with the Office of the Attorney General to ensure that actions taken are legally sufficient. The division also registers vacant properties to encourage their return to productive use and condemns existing properties for the existence of unsafe and deteriorating conditions.

This division contains the following 6 activities:

- **Scheduling and Enforcement Unit** – processes all civil infractions with the Office of Administrative Hearings, represents DCRA in most civil proceedings, collects fines, and places property liens on unpaid fines;
- **Vacant Property** – registers vacant properties in the District of Columbia and condemns properties that endanger the health or lives of the occupants or persons living in the vicinity;
- **Regulatory Investigations** – investigates unlicensed business activity;
- **Rehabilitation** – abates housing and building code violations when cited property owners fail to do so, processes abatement contracts, and collects unpaid abatement costs;
- **Consumer Protection** – serves as the District of Columbia's central clearinghouse for consumer complaints, mediates disagreements between consumers and businesses, and investigates claims of illegal and unfair trade practices; and
- **Weights and Measures** – inspects all commercially used weighing and measuring devices in the District of Columbia.

Inspections – protects District residents and visitors and ensures habitable housing by performing residential inspections and by inspecting construction sites for code compliance and proper permits, manages the District's third-party inspection program, monitors elevators and boilers in District buildings, and maintains the District's building codes to ensure that the District's state-of-the-art and unique buildings are structurally sound.

This division contains the following 3 activities:

- **Building Inspection** – manages commercial building and permit-related inspection requests and issues citations for violations of the District's Building Codes and District's Zoning Regulations to correct construction code violations;
- **Residential Inspections** – manages inspection requests for residential properties and issues citations of housing code violations; and
- **Construction Compliance** – manages and coordinates revisions to the District's building and trade codes to meet current demands for adequate and safe construction and the maintenance of new and existing building structures as outlined by the International Code Council Family of Codes.

Zoning and Construction Compliance – interprets and enforces the District's zoning regulations.

This division contains the following 2 activities:

- **Zoning Administrator** – provides zoning interpretation, inspections, and enforcement services to contractors, developers, and property owners so that they can be in compliance with the zoning ordinances of the District; and
- **Construction Compliance** – provides inspections of developers and property owners so that they can comply with the construction regulations and laws of the District of Columbia.

Licensing – serves as a central point of the agency's customer service intake and issuance responsibilities for business, corporate, and professional licenses, and for compliance with business regulations.

This division contains the following 4 activities:

- **Business Service Center** – provides a public-facing office where customers can inquire about, apply for, and receive business licenses and vending licenses and can register corporations;
- **Corporations** – protects the health, safety, and welfare of the residents of the District of Columbia and the community through maintenance services and timely registration, including trade name registration of corporations, limited liability companies, and partnerships conducting affairs within the District of Columbia;
- **License and Registration Renewal** – processes and conducts research for business license applications, renewals, and certifications for businesses seeking to conduct business in the District; and
- **Occupational and Professional Licenses** – develops licensing standards, administers examinations, processes license applications, makes recommendations for board rulings, issues licenses and certificates, and provides technical support and administrative assistance.

Administrative Services (Agency Management) – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Department of Consumer and Regulatory Affairs has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Department of Consumer and Regulatory Affairs' (DCRA) proposed FY 2015 gross budget is \$47,701,358, which represents a 20.8 percent increase over its FY 2014 approved gross budget of \$39,476,318. The budget is comprised of \$14,400,266 in Local funds and \$33,301,092 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCRA's FY 2015 CSFL budget is \$15,661,938, which represents a \$1,090,920, or 7.5 percent, increase over the FY 2014 approved Local funds budget of \$14,571,018.

CSFL Assumptions

The FY 2015 CSFL calculated for DCRA included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$545,475 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$45,445 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

DCRA's CSFL also includes an increase of \$500,000 resulting from the removal of one-time salary lapse savings.

Agency Budget Submission

Increase: The Local funds budget reflects an increase of \$1,135,366 in personal services to support an additional 11.0 Full-Time Equivalents (FTEs), projected step increases, and Fringe Benefits. The additional positions are in the Permitting and Enforcement divisions.

In Special Purpose Revenue (SPR) funds, DCRA projects an increase of a total of \$8,396,217. The revenue is derived from the application and renewal fees for the District's Basic and Master Business Licenses (per D.C. Code 47-2851.08 (a)(1)). The majority of this adjustment reflects an increase of \$7,207,810 in the Licensing division to support contracts related to the One-City Portal and Green Building funds; and in the Enforcement division to support Other Services and Charges costs, Supplies and Materials, and Equipment and Equipment Rental. The remaining funding increase of \$1,188,407 will support an additional 14.0 FTEs, projected step increases, and Fringe Benefits. The new FTEs will be allocated to the Enforcement, Licensing, and Administrative Services divisions.

Decrease: In the Local funds budget, nonpersonal services decreased by a net \$1,135,366, which serves as an offset to increased funding allocations associated with the newly created 11.0 FTEs. The distribution of adjustments in nonpersonal services is as follows: an increase of \$7,526 in Supplies and Materials and decreases of \$410,774 in Other Services and Charges, primarily in the Inspection division; \$617,629 in Contractual Services - Other, primarily in the Enforcement division; and \$114,488 in Equipment and Equipment Rental, primarily in the Inspection division.

Mayor's Proposed Budget

Reduce: The Local funds budget includes a reduction of \$500,000 to reflect a one-time adjustment of personal services costs in FY 2015, based on projected salary lapse savings.

District's Proposed Budget

Reduce: DCRA's budget was reduced by \$350,000 in Local funds in the Administrative Services telecommunications budget. The Local funds personal services budget also decreased by \$411,672 as a result of eliminating 5.0 vacant Full-Time Equivalents (FTEs) positions in multiple programs.

The mission of the Office of the Tenant Advocate (OTA) is to provide technical advice and other legal services to tenants regarding disputes with landlords; to educate and inform the tenant community about tenant rights and rental housing matters; to advocate for the rights and interests of District renters in the legislative, regulatory, and judicial contexts; and to provide financial assistance to displaced tenants for certain emergency housing and tenant relocation expenses.

Summary of Services

OTA provides a range of services to the tenant community to further each aspect of its mission. The agency:

- advises tenants on resolving disputes with landlords, identifies legal issues and the rights and responsibilities of tenants and landlords, and provides legal and technical assistance for further action such as filing tenant petition;
- provides in-house representation for tenants in certain cases and refers other cases to pro bono or contracted legal service providers and attorneys;
- works with other governmental and non-governmental officials and entities, including the District Council, the Mayor's office, executive agencies, the courts, tenant stakeholders, advocates, and others, to promote better tenant protection laws and policies in the District;
- conducts educational seminars in a variety of contexts to inform tenants about their rights and other rental housing concerns; and
- provides financial assistance for certain emergency housing and relocation expenses to tenants displaced by fires, floods, property having been closed by the government, or other unanticipated emergencies.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The Office of the Tenant Advocate operates through the following 6 programs:

Legal Representation – implements the agency’s statutory duty to represent tenants, at its discretion and as it determines to be in the public interest, in federal or District judicial or administrative proceedings.

This program contains the following 3 activities:

- **In-House Legal Representation** – provides in-house legal representation in certain “high-impact” cases if certain criteria are met, and refers other clients to pro bono or contracted legal service providers and attorneys or assists them in finding other representation;
- **Legal Hotline** – provides advice and analysis regarding legal rights in response to individual tenant inquiries regarding disputes with their landlords. Assists tenants in completing and filing tenant petitions and drafting other court documents. Provides in-house legal representation based on public interest impact and as resources allow; or provides funding for other legal service providers; or otherwise assists tenants in finding representation for court and administrative proceedings; and
- **Legal Service Provider** – provides a web-based “Ask the Director” forum and responds to Mayoral, Council, interagency, and community inquiries about tenant rights and rental housing law.

Policy Advocacy Program – provides support to community-based programs that inform tenants regarding their legislative and regulatory legal protections. It serves as the legal expert on all legislation relating to tenant rights, other affordable housing, tenant, and housing-related laws. The agency tracks legislative and regulatory issues and recommends appropriate changes.

OTA Educational Institute – provides a more formal series of educational and outreach forums with educational material regarding rental housing laws, rules, and policies, especially rights to petition and to form tenant associations.

Emergency Housing – implements the agency’s statutory duty to “provide emergency housing and relocation assistance to qualified tenants” in certain situations by:

- Providing financial assistance to temporarily house tenants displaced by fires, floods, or government closures;
- Providing assistance to tenants regarding the packing, moving, and storing of personal possessions;
- Providing first month’s rent, security and/or utility deposits, and application fees for replacement rental housing; and
- Coordinating with other District agencies and community-based organizations to ensure that displaced tenants receive appropriate services.

Case Management Administration and Community Outreach – implements the agency’s statutory duty to advise tenants and tenant organizations on filing complaints and petitions, including petitions in response to disputes with landlords.

This program contains the following 2 activities:

- **Case Management Administration** – provides legal and technical assistance to tenants regarding rental housing disputes with landlords, including identifying legal issues and the tenant’s and the landlord’s respective rights and responsibilities, and assisting with follow-up action items, such as completing and filing tenant petitions and monitoring rental housing case hearings; and petitions and monitors rental housing case hearings; and
- **Community Outreach** – provides outreach and educational programs regarding tenant rights and rental housing matters and sends “rapid response” letters to tenants affected by certain administrative actions to apprise them of their rights and of OTA’s availability to provide further assistance.

Administrative Services (Agency Management) – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of the Tenant Advocate has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of the Tenant Advocate's (OTA) proposed FY 2015 gross budget is \$2,488,012, which represents a 16.7 percent increase over its FY 2014 approved gross budget of \$2,132,106. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OTA's FY 2015 CSFL budget is \$2,142,012, which represents a \$9,906, or 0.5 percent, increase over the FY 2014 approved Local funds budget of \$2,132,106.

CSFL Assumptions

The FY 2015 CSFL calculated for OTA included adjustment entries that are not described in detail on table 5. These adjustments were made for a decrease of \$7,378 in personal services, to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and an increase of \$17,284 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: OTA's budget includes a net increase of \$320 in personal services, primarily to support projected Fringe Benefit adjustments.

Decrease: OTA's nonpersonal services budget was reduced by \$320 to offset the increase in the personal services budget.

Mayor's Proposed Budget

Enhance: The Office of the Tenant Advocate's budget reflects an increase of \$250,000 in the Emergency Housing program to ensure that the agency meets all the statutory mandates of the Housing Act of 1985, the amendments to the Act of 2006, and also the relocation and other requirements of the Emergency Housing program.

District's Proposed Budget

Enhance: OTA's FY 2015 proposed Local budget includes a personal services increase of \$96,000 and 1.0 FTE to support an Attorney Advisor position.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Create and enhance communication venues to better serve the tenant population.

Objective 2: Expand OTA's programmatic outreach into the student off-campus rental housing market.

Objective 3: Provide financial assistance to cover certain emergency housing and tenant relocation expenses under the OTA's "Emergency Housing Assistance Program" (EHAP).

The mission of the D.C. Commission on the Arts and Humanities (DCCAHA) is to provide grants, programs, and educational activities that encourage diverse artistic expressions and learning opportunities so that all District of Columbia residents and visitors can experience the rich culture of our city.

Summary of Services

DCCAHA offers a diverse range of grant programs and cultural activities to support practicing artists, arts organizations and community groups. In partnership with the community, both nationally and locally, DCCAHA initiates and supports lifelong cultural experiences that are reflective of the diversity of Washington, D.C.

Program Description

The D.C. Commission on the Arts and Humanities operates through the following 5 programs:

Arts Building Communities – provides grants, performances, exhibitions, and other services to individual artists, arts organizations, and neighborhood and community groups so that they can express, experience, and access the rich cultural diversity of the District. A particular emphasis is placed on traditionally underserved populations, including first-time applicants, seniors, young emerging artists, experimental artists, folk and traditional artists, and artists in East of the River neighborhoods.

D.C. Creates Public Art – provides the placement of high-quality art installations and administrative support services for the public so that they can benefit from an enhanced visual and cultural environment, with a particular emphasis on geographically challenged areas of the city. This program places artwork within the Metro transit system and the numerous murals and sculptures in and around the city's neighborhoods. The goals are promoting economic development and building sustainable neighborhoods. Projects are identified through the culmination of intensive public realm planning processes in partnership with neighborhood advisory groups, Main Street programs, other District government agencies, and private developers. Large-scale works are permanently installed in prominent public locations throughout all eight wards of the District. The program is a citywide benefit because it produces tangible art installations for display in public spaces. The art is inventoried, maintained and owned by the District. The program also provides partial financial support for artists and organizations to produce public art in public space that the artist or arts organization owns, manages, and maintains.

Arts Learning and Outreach – provides grants, educational activities, and outreach services for youth, young adults, and the general public so that they can gain a deeper appreciation for the arts, and to enhance the overall quality of their lives. Specific focus is on providing quality arts education and training experiences to District youth from those in pre-kindergarten through 21 years of age, as well as grants and cultural events to the general public so that they can access and participate in educational opportunities in the arts.

This program contains the following 2 activities:

- **Arts Learning for Youth** – provides grants, program consulting, and advocacy services to school and community partners so that they can deliver quality and age-appropriate arts learning opportunities both in and out of school. The goal is to ensure a quality arts experience for District youth from pre-kindergarten through 21 years of age; and
- **Lifelong Learning** – provides grants and cultural events to the public so that they can access and participate in educational opportunities in the arts. The goal is long-term development of interest and education in the arts to the broader community.

Administration – provides technical assistance and legislative services to the Commission so that it can provide funding opportunities to District artists and arts organizations.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The D.C. Commission on the Arts and Humanities has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The D.C. Commission on the Arts and Humanities' (DCCA) proposed FY 2015 gross budget is \$17,460,085, which represents a 48.6 percent increase over its FY 2014 approved gross budget of \$11,752,516. The budget is comprised of \$15,602,585 in Local funds, \$657,500 in Federal Grant funds, \$1,000,000 in Federal Payments, and \$200,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCCA's FY 2015 CSFL budget is \$9,602,585, which represents a \$1,204,431, or 11.1 percent, decrease from the FY 2014 approved Local funds budget of \$10,807,016.

CSFL Assumptions

The FY 2015 CSFL calculated for DCCA included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$1,250,000 to account for the removal of one-time funding appropriated in FY 2014 to support grants for District-based art institutions. Additionally, adjustments were made for increases of \$24,524 in personal services to account for Fringe Benefit costs based on trend and comparative analysis and the impact of cost-of-living adjustments implemented in FY 2013, and \$21,045 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: In an effort to continue providing ongoing activities for the arts communities, District residents, and visitors to the District, DCCA proposes adjustments to the budget. In Local funds, the nonpersonal services budget reflects an overall increase of \$642,405 to meet the agency's operational needs. This increase is comprised of \$356,271 in Contractual Services - Other to support art initiatives throughout the District; \$261,798 in Subsidies and Transfers, primarily in the Arts Learning and Outreach program, to align the budget with additional grants that support art programs in underserved communities; and \$24,337 in support of the Information Technology assessment, office supplies, and telecommunication service costs across multiple programs. In personal services, the Local funds budget increased by \$119,101 to support projected salary steps and Fringe Benefit increases and an additional 2.0 FTEs.

The Special Purpose Revenue budget remains unchanged from the FY 2014 approved budget. However, DCCA did reallocate \$200,000 in resources within the Arts Learning and Outreach program for office support costs.

Decrease: DCCA's Local funds budget was decreased by a net \$761,507 in the DC Creates Public Art program. Included in this adjustment is an increase of \$37,831 to support neighborhood and public art and a decrease of \$799,338 and 2.0 FTEs, which is attributed to the elimination of the Lincoln Theatre budget due to a transfer in responsibility from DCCA to a private entity. In Federal Grant funds, personal services were decreased by \$12,074, primarily due to a change in the Fringe Benefit rate. In addition, nonpersonal services were reduced by \$75,926 to adjust the budget for projected grant awards.

The Special Purpose Revenue funds budget was decreased by \$200,000 within the Arts Learning and Outreach program to offset the increase for office support costs.

Technical Adjustment: The D.C. Commission on the Arts and Humanities' Local funds budget proposal reflects an increase of \$5,000,000 for projects previously funded with Capital funds, for the Arts Building Communities and Arts Learning and Outreach programs. This funding support grants, program consulting, and advocacy services to school and community partners so that they can deliver quality and age-appropriate art learning opportunities, both in and out of school.

On January 17, 2014, the Federal Payments budget for Appropriation Year 2014 was approved in the Consolidated Appropriations Act, 2014. The FY 2015 Federal Payments request for D.C. Commission on the Arts and Humanities is increased by \$1,000,000 to align the budget with the President's budget request.

Mayor's Proposed Budget

No Change: The D.C. Commission on the Arts and Humanities' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: In Local funds, DCCAH's budget includes an increase of \$1,000,000 of one-time funding to support local arts programs.

Agency Performance Plans

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Provide access to the arts for all District residents.

Objective 2: Promote lifelong learning and interest in the arts and arts education for all ages.

Objective 3: Enhance communities through public and private engagement in the arts.

KEY PERFORMANCE INDICATORS

Measure	FY 2012 Actual	FY 2013 Target	FY 2013 Actual	FY 2014 Projection	FY 2015 Projection	FY 2016 Projection
Percent of grants to new applicants ¹	11.2%	5%	15.8%	7%	8%	9%

Dollars invested from non-District government sources per dollar investment by DCCAHA ³	\$9.56	\$6.75	\$6.76	\$7.25	\$7.50	\$7.75
Percent of grant payments processed within six to eight weeks	100%	97%	98.6%	97%	97%	97%
Percent of scheduled monitoring reports as defined in agency monitoring plan completed for each grant award ⁴	100%	100%	94.3%	100%	100%	100%

Performance Plan Endnotes:

¹New applicants are those who have not received funding from DCCAHA within the prior five years.

²This measure now reflects a hard number, rather than a percentage, because of constantly changing data on the number of active schools and recreation centers in the District.

³This is the ratio of funds leveraged for DCCAHA-funded projects to funds invested directly by DCCAHA.

⁴Pursuant to 11.4 of the Grants Manual and Source Book, all District agencies must complete monitoring reports. All District agencies should be in compliance with this standard. The standard is 100 percent.

Program Description

The Alcoholic Beverage Regulation Administration operates through the following 4 programs:

Licensing - issues new and renewal licenses to liquor stores, grocery stores, restaurants, hotels, nightclubs, and other establishments that manufacture, distribute, sell, or serve alcoholic beverages in the District of Columbia, and works with Records Management to keep accurate and accessible paper and data records of all licensing program activities. This program provides customer services directly to the general public, the business community, ANCs, and community groups and associations.

Investigations - conducts regulatory and voluntary agreement compliance inspections, underage compliance checks, and joint investigations as needed with the Metropolitan Police Department, the Fire and Emergency Medical Services Department, the Office of Tax and Revenue, the Department of Consumer and Regulatory Affairs, and others; and conducts various inspections associated with licensing and adjudicatory processes such as final, compliance, placard, special event, and financial audit investigations. All activities serve to strengthen the awareness of, and compliance with, the appropriate laws and regulations of the District of Columbia.

Records Management - provides files, documents, and database information to ABRA staff, the Alcoholic Beverage Control (ABC) Board, and the general public so that they can receive accurate information and files. The program also provides certification services, responds to and tracks Freedom of Information Act requests, and responds to subpoena requests.

Agency Management - provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Alcoholic Beverage Regulation Administration has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Alcoholic Beverage Regulation Administration's (ABRA) proposed FY 2015 gross budget is \$7,445,930, which represents a 1.6 percent decrease from its FY 2014 approved gross budget of \$7,565,140. The budget is comprised of \$1,170,000 in Dedicated Taxes and \$6,275,930 in Special Purpose Revenue funds.

Agency Budget Submission

Increase: In Special Purpose Revenue funds, the proposed budget includes an increase of \$215,103, which is comprised of \$196,814 in the Agency Management, \$158,589 in the Investigations, and \$6,050 in the Licensing programs, and includes redirections of \$87,047 from the Records Management and \$59,303 from the Adjudication programs. These adjustments to the personal services budget support projected increases for salary steps, overtime, and also provide funding for an additional 3.0 FTEs.

In order to ensure adequate funding to cover board member's stipends, professional fees, transcription, translation, and video production services, the budget proposal in Special Purpose Revenue funds includes an increase of \$93,570. This adjustment is comprised of increases of \$58,570 in the Agency Management and \$35,000 in the Licensing programs. An increase of \$3,504 in ABRA's budget proposal supports funding for Fixed Costs pertaining to telecommunications, based on estimates from the Office of Finance and Resource Management.

Decrease: In Special Purpose Revenue funds, ABRA's budget reflects a reduction of \$11,200 for maintenance of electrical equipment. This change is due to the combination of reductions of \$10,000 in the Agency Management and \$1,200 in the Investigation programs. Additionally, Fixed Costs related adjustments amount to a reduction of \$420,186 for Energy, Security, and Occupancy. These adjustments, which impact the Agency Management program, were based on estimates from the Department of General Services.

Mayor's Proposed Budget

No Change: The Alcoholic Beverage Regulation Administration's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Alcoholic Beverage Regulation Administration's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Educate licensees on the District's alcoholic beverage laws and regulations.

Objective 2: Ensure that licensed establishments are in compliance with the ABC laws and regulations.

Objective 3: Engage in community outreach regarding the licensing process.

Performance Plan Endnotes:

¹ABRA is an independent agency. For the purposes of the FY 2014 Performance Plan, ABRA elected to organize the Plan at the agency level instead of by budget division due to the relatively small size of the agency and the overlap of agency functions across divisions.

The mission of the Public Service Commission (PSC) is to serve the public interest by ensuring that financially healthy electric, natural gas, and telecommunications companies provide safe, reliable, and quality services at reasonable rates for District of Columbia residential, business, and government customers. This mission includes:

- Protecting consumers to ensure public safety, reliability, and quality utility services;
- Regulating monopoly utility services to ensure that their rates are just and reasonable;
- Fostering fair and open competition among utility service providers;
- Conserving natural resources and preserving environmental quality;
- Resolving disputes among consumers and utility service providers;
- Educating utility consumers and informing the public; and
- Motivating customer and results-oriented employees.

Summary of Services

The Public Service Commission regulates public utilities operating in the District of Columbia by issuing orders in formal proceedings that may include written comments or testimony, hearings, studies, and investigations; ensuring fair and appropriate utility prices; fostering competition by licensing utility service providers and supervising the competitive bidding process; ensuring utility providers meet various environmental regulations and standards by operating in ways that conserve natural resources and preserve environmental quality; and resolving disputes among consumers and utility service providers.

In addition to its regulatory services, the Commission also conducts outreach via its website, public forums, and various literature in order to educate utility consumers and inform the public.

Program Description

The Public Service Commission operates through the following 5 programs:

Natural Gas Pipeline Safety – conducts inspections of natural gas construction projects, investigates incidents, audits Washington Gas’ records, and issues notices of probable violations to ensure compliance with federal and District standards.

Utility Regulation – regulates natural gas, electric, and local telecommunications services to ensure providers offer safe, reliable, and quality services at reasonable rates to District of Columbia residential, business, and government customers. This program contains a newly created activity that will consolidate all of the previous six activities that housed different functions of the program in prior years and will cover the following Commission duties and responsibilities for issuing orders with respect to: (1) monitoring utility service suppliers’ and providers’ plans and implementation in compliance with quality of service and reliability standards; (2) setting monopoly service rates; (3) mediating and resolving consumer complaints; and (4) facilitating public access to the Commission through its website, electronic filing system, mobile app and media streaming. The activity also includes (5) promoting fair and open competition; (6) promoting solar energy, processing Renewable Energy Portfolio Standards applications, monitoring the fuel mix of electricity suppliers, and participating in the Sustainable Energy Utility now under the jurisdiction of the District Department of the Environment; and (7) overseeing the undergrounding of Pepco’s overhead lines and the replacement of Washington Gas Light Companies couplings to enhance their system reliability.

One Call Grant – prevents damage to underground facilities. To that end, on a daily basis, the Commission’s One Call Grant Inspector conducts field inspections of underground facility location markings to test and verify the accuracy of the maps and markings and to ensure compliance with the District’s One-Call (811) laws by facility locators.

Agency Management – provides administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The proposed program structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2015 Proposed Budget Changes

The Public Service Commission's (PSC) proposed FY 2015 gross budget is \$12,548,506, which represents a 5.0 percent increase over its FY 2014 approved gross budget of \$11,950,981. The budget is comprised of \$367,253 in Federal Grant funds, \$22,000 in Private Donations, and \$12,159,253 in Special Purpose Revenue funds.

Agency Budget Submission

Increase: In Federal Grant funds, the proposed budget includes an increase of \$64,798 in the Pipeline Safety programs to support personal services adjustments related to salary steps, Fringe Benefit costs, and an additional 0.6 FTE. Additionally, PSC's budget reflects an increase of \$23,643 in the Pipeline Safety program for clothing and uniforms, employee training, and equipment rentals. An increase of \$4,403 in the Pipeline Safety program supports funding for clothing and uniforms, telecommunications, and building rentals based on awards from U.S. Department of Transportation. In Private Donations, the agency proposed an increase of \$2,000 in the Agency Management program to support educational training and travel expenses.

In Special Purpose Revenue, the proposed budget includes an increase of \$352,789 for personal services adjustments related to salary steps, Fringe Benefit costs, and 3.4 additional FTEs. These adjustments primarily impact the Utility Regulation program. Additional increases include \$205,515, primarily in the Agency Management program to support professional services, training and travel, and other miscellaneous administrative operations.

Decrease: A redirection of \$45,000 in Federal Grant funds is included in the budget to offset the projected increase in funding for personal services in the Pipeline Safety program. In Special Purpose Revenue funds, PSC adjusted funding allocations for energy, telecommunication, rentals, and occupancy costs, which are reflected as a decrease of \$11,041 in the Agency Management and Pipeline Safety programs.

Mayor's Proposed Budget

No Change: Public Service Commission's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: Public Service Commission's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Description	FY 2013 Actual	FY 2014 Approved	FY 2015 Proposed	% Change from FY 2014
Operating Budget	\$5,168,748	\$6,565,523	\$6,911,031	5.3
FTEs	32.8	38.4	40.4	5.2

The mission of the Office of the People's Counsel ("OPC" or "Office") is to advocate for the provision of safe and reliable quality utility service and equitable treatment at rates that are just, reasonable, and nondiscriminatory; assist individual consumers in disputes with utility providers; provide technical assistance, education and outreach to consumers and ratepayers, community groups, associations and the Consumer Utility Board; and provide legislative analysis and information to the Council of the District of Columbia on matters relating to utilities. The Office's mission further includes consideration of the District's economy and promotion of the environmental sustainability of the District. Specifically, OPC's mission includes:

- Advocating on behalf of District consumers in adjudicatory and regulatory proceedings before the Public Service Commission, federal agencies, and courts;
- Representing District consumers in individual disputes involving gas, electric, and telephone companies providing residential service in the District of Columbia;
- Educating consumers about ongoing and emerging utility issues;
- Collaborating and forming alliances with District agencies and other stakeholders involved in the utility regulatory process;
- Informing and advising District policy makers, including the Executive Office of the Mayor and the District Council, of emerging utility issues affecting their constituents;
- Advising the District Council on the need for legislative action to address consumer-based utility issues;
- Serving as a statutory member on the Sustainable Energy Utility Advisory Board to assist in the development of a city-wide sustainable energy policy; and

- Providing consultative services and technical assistance to utility consumers to facilitate their participation in utility proceedings and to ensure that their interests are adequately represented in these proceedings.

Summary of Services

OPC is a party to all utility-related proceedings before the D.C. Public Service Commission and represents the interests of District ratepayers before local and federal regulatory agencies and courts. The Office assists individual consumers in disputes with utility companies about billing or services and provides consumer education and outreach to community groups and associations on emerging issues impacting the quality, reliability and affordability of their utility services and associated environmental issues. The Office provides technical assistance to consumers, the Consumer Utility Board (CUB), as well as other District community groups. OPC also provides legislative analysis for, assistance to, and testimony before, the District Council on utility matters.

FY 2015 Proposed Budget Changes

The Office of the People’s Counsel’s (OPC) proposed FY 2015 gross budget is \$6,911,031, which represents a 5.3 percent increase over its FY 2014 approved gross budget of \$6,565,523. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Increase: OPC’s Special Purpose Revenue budget increased by \$339,977 and 2.0 FTEs in personal services to reflect projected changes in salary steps and Fringe Benefit costs. This adjustment is comprised of \$319,172 in the Office of People’s Counsel program, \$15,835 in the Agency Management program, and \$4,969 in the Agency Financial Operations program. In addition, OPC’s budget includes an increase of \$95,183 in the Agency Management program to account for the new lease agreement and telecommunication costs.

Decrease: OPC reduced funding allocations for occupancy and automotive fuel in the Agency Management program by \$38,782 to comply with projections from the Department of General Services. The budget proposal also reflects a reduction of \$50,869 to partially offset the personal services increase. This adjustment includes \$44,869 in the Agency Management program and \$6,000 in the Office of People’s Counsel program, primarily from projected equipment cost savings, but also to account for various anticipated administrative cost savings.

Mayor’s Proposed Budget

No Change: The Office of the People’s Counsel’s budget proposal reflects no change from the agency budget submission to the Mayor’s proposed budget.

District’s Proposed Budget

No Change: The Office of the People’s Counsel’s budget proposal reflects no change from Mayor’s proposed budget to the District’s proposed budget.

Division Description

The Department of Insurance, Securities, and Banking operates through the following 9 divisions:

Insurance – monitors the financial solvency of insurance companies and Health Maintenance Organizations (HMO) operating in the District of Columbia; issues licenses to insurance companies, insurance producers, and related entities; resolves consumer complaints; approves rates and policy forms of insurance products marketed in the District; and monitors underwriting, policy holder services, claims, marketing, producer licensing, and the complaint handling processes of licensed insurers to ensure a viable insurance market in the District.

This division contains the following 5 activities:

- **Insurance Products** – reviews all types of insurance policy forms and actuarial memoranda to determine whether they conform to District insurance laws and regulations; analyzes rating rules, rate manuals and rating schedules; conducts actuarial and statistical analysis of rate increase requests; and maintains a database for claims and investment experience;
- **Financial Surveillance** – provides solvency and compliance monitoring, rate approval, and technical assistance for the insurance industry, other regulators, and the public so that there is a viable insurance market in the District;

- **Health Maintenance Organization (HMO)** – provides solvency and compliance monitoring, rate approval, and technical assistance for the HMO industry, other regulators, and the public so that there is a viable managed care insurance market in the District;
- **DC Market Operations Insurance** – provides for administrative support and the required tools for the bureau to achieve operational and programmatic results; and
- **Health Insurance Review** – reviews health insurance rate filings submitted for products sold in the District to ensure compliance with District law and federal health care reform; conducts analysis on rate filing trends; and provides consumer information on health insurance rates.

Securities – oversees the regulatory activities of stock brokerage and investment firms in the District to proactively protect District residents against malpractice and fraud by securities professionals, and to ensure proper marketing and disclosure of securities products in compliance with the District Code.

This division contains the following 3 activities:

- **Corporate Finance** – reviews and analyzes securities offerings to investors to ensure full disclosure with the District’s securities laws;
- **Securities Licensing** – reviews and approves, subject to District laws, investment advisors, investment advisor representatives, broker-dealers, and broker-dealer agents doing business in the District; and
- **DC Market Operations Securities** – provides for administrative support and the required tools for the bureau to achieve operational and programmatic results.

Enforcement – directs programs designed to detect and take actions against individuals and companies engaged in fraudulent financial operations and services, and investigates compliance complaints.

This division contains the following 3 activities:

- **Enforcement** – ensures observance of District laws by providing remedies to individuals, insurance, securities and banking entities and other jurisdictions in order to prevent, detect, and prosecute insurance, securities and banking fraudulent activities;
- **Investigations** – responds to inquiries and complaints from consumers, and investigates and establishes the underlying facts to ensure adherence with the District’s financial services and relevant consumer protection laws; and
- **DC Market Compliance Enforcement** – provides technical and administrative support for the bureau to achieve operational and programmatic results.

Banking – regulates the activities of depository and non-depository financial institutions within the District to protect consumers from unfair practices by conducting timely financial examinations and providing a fair financial market that benefits District consumers and businesses.

This division contains the following 3 activities:

- **Licensing** – reviews and approves, subject to District laws, District chartered banks, mortgage lenders and brokers, loan originators, money transmitters, check cashers, money lenders, and consumer credit service organizations doing business in the District;
- **Market Services** – administers the foreclosure mediation, Certified Capital Company (CAPCO), and State Small Business Credit Initiative programs; and
- **DC Market Operations Banking** – provides for administrative support and the required tools for the bureau to achieve operational and programmatic results.

Risk Finance – reviews and approves licensing applications for the formation of captive insurance companies and maintains regulatory oversight of captive insurers and risk retention groups that operate or plan to do business in the District.

This division contains the following 3 activities:

- **Compliance** – provides solvency and compliance monitoring and technical assistance for the captive insurance industry and other regulators to maintain a viable alternative insurance market in the District;
- **Regulatory Review and Licensing** – reviews and approves, subject to District laws, licensing applications of captive insurance companies and risk retention groups, and provides technical assistance to other regulators; and
- **DC Market Operations Risk Finance** – provides for administrative support and the required tools for the bureau to achieve operational and programmatic results.

Market Examination – conducts on-site examinations of all domiciled insurance companies; inspects District-based investment advisers and broker-dealers, District-chartered banks, and non-depository financial services institutions doing business in the District; monitors solvency of financial firms doing business in the District of Columbia; and develops comprehensive analysis of financial services market to identify current and emerging systematic issues and coordinate regulatory actions.

This division contains the following 5 activities:

- **Insurance Exams** – provides solvency and compliance monitoring of insurance companies to ensure compliance with District laws;
- **Securities Exams** – performs examinations of financial condition and regulatory compliance of securities firms and their representatives;
- **Banking Exams** – provides chartering, examination and enforcement services pertaining to District chartered banks and District licensed non-depository institutions;
- **Risk Finance Exams** – provides solvency and compliance monitoring, and technical assistance for captive insurance industry and other regulators; and
- **DC Market Compliance Exams** – provides technical and administrative support for the bureau to achieve operational and programmatic results.

Compliance Analysis – provides research and analysis of industry sectors to establish best practices, and coordinates information from the Market Examinations Bureau with other bureaus to identify and define key market factors that drive changes in each industry sector.

This division contains the following 3 activities:

- **Consumer Services** – reviews consumer complaints regarding financial institutions and firms operating in the District to determine compliance with District laws and regulations, and conducts analysis and investigates matters regarding consumer issues;
- **Market Research Analysis** – provides research and analysis of industry sectors to establish “best practices” standards and guidelines for design, delivery, and results monitoring of financial products and services; and
- **DC Market Compliance Analysis** – provides technical and administrative support for the bureau to achieve operational and programmatic results.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

FY 2015 Proposed Budget Changes

The Department of Insurance, Securities, and Banking's (DISB) proposed FY 2015 gross budget is \$22,117,944, which represents a 2.1 percent increase over its FY 2014 approved gross budget of \$21,661,575. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Shift/Increase: The agency's proposed FY 2015 budget reflects a shift of \$2,414,015 and 8.0 FTEs from Federal Grant funds and \$462,003 and 3.0 FTEs from Private Grant funds to Special Purpose Revenue (SPR) funds. This action has resulted in the elimination of the agency's grant budget.

In SPR funds, DISB's FY 2015 proposed budget increased by \$3,332,387, primarily in the Securities and Banking Fund. The increase is attributed to a shift of \$2,414,015 and 8.0 FTEs and \$462,003 and 3.0 FTEs from Federal and Private Grant funds, respectively, and \$456,369 in additional projected revenue. The increase in projected revenue is used to support an additional 11.0 FTEs.

Mayor's Proposed Budget

No Change: The Department of Insurance, Securities, and Banking's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Department of Insurance, Securities, and Banking's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of the Office of Cable Television (OCT) is to: (1) regulate the provision of “cable service” in the District of Columbia (as that term is defined by the District’s cable television laws); (2) protect and advance the cable television-related interests of the District and its residents; and (3) produce and cablecast live and recorded video and other programming by way of the District’s public, educational and government (PEG) cable channels.

Summary of Services

The Office of Cable Television (OCT) is the District government agency responsible for regulating cable television in the District, as well as the administration of the District’s government access channels TV-13, District of Columbia Network (DCN), and the District’s Education Access Channel, District Knowledge Network (DKN). OCT creates content that informs viewers via the District of Columbia’s public, educational and government (PEG) channels and other forms of content outlets. The award-winning content provides resourceful information on government activity, education, current events, history and arts and entertainment. Through its three cable television channels, OCT provides public access to the governmental process and insights into life in the District. OCT is dedicated to providing quality diverse programming and services that seek to educate the residents of the District of Columbia. Department performance expectations in FY 2015 are listed by functional division.

The agency’s FY 2015 proposed budget is presented in the following tables:

Division Description

The Office of Cable Television operates through the following 3 divisions:

Programming - provides 24-hour informative programming on TV-13, DCN, and DKN. Programs include gavel-to-gavel coverage of Council hearings, Mayoral press conferences and meetings and activities of government agencies, and live and recorded coverage of the activities of the Mayor, the public, and the Office of the State Superintendent of Education. Programming also includes educational resources to support students, parents, teachers, and community members.

This division contains the following 2 activities:

- **Originated Programming** - provides original television production and programming services for District cable viewers, enabling them to have access to information about citywide events as well as gain information about the operation and management of the District; and
- **Fee for Service Programming** - provides contracted television production and programming services to District government agencies by offering professionally produced programs at competitive prices.

Regulatory - provides customer service and franchise oversight services for District cable subscribers and for the District government to ensure they receive reliable services that comply with District and federal laws and regulations. This division performs the regulatory functions of the agency, which include enforcing (and, when appropriate, proposing amendments to) the provisions of the District Cable Act; negotiating new cable television franchise agreements; renewing cable franchise agreements with local cable providers; providing general legal counsel to the agency; managing and resolving regulatory and other disputes between cable operators and the District government and/or its residents; and enforcing the provisions of District cable franchise agreements and other applicable laws.

This division contains the following 2 activities:

- **Franchise Regulation** - provides cable company oversight services for District cable subscribers, allowing them to receive cable television services that are in compliance with District and federal laws and regulations; and
- **Customer Service** - facilitates complaint resolution, installation and repair services to District cable subscribers and District government agencies to ensure that they receive reliable cable television service and problem resolutions in a timely manner.

Agency Management - provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Office of Cable Television has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Cable Television's (OCT) proposed FY 2015 gross budget is \$9,444,066, which represents an 11.6 percent increase over its FY 2014 approved gross budget of \$8,463,899. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Increase: An increase of \$505,000 in the Programming division supports additional funding for PEG channels. Also, in the Programming division, an increase of \$300,000 supports the acquisition of additional video production equipment and other items needed in the agency's new facility located at 1899 9th Street, NE. An increase of \$126,165 across multiple divisions in Fringe Benefits reflects the impact of cost-of-living adjustments and miscellaneous benefit changes. Across multiple divisions, an increase of \$120,081 supports salary step increases, the impact of cost-of-living adjustments and other changes. The budget reflects an increase of \$119,992 across multiple divisions to support adjustments to agency-managed telecommunication costs, programming for District Knowledge Network, closed captioning and staffing services, production support, and other operational costs. Also, the budget increased by \$86,906 and 1.5 FTEs in the Agency Management program, which reflects changes in salary and position adjustments. Additionally, an increase of \$15,500 in Overtime Pay across multiple divisions supports the annualized cost of the Council of the District of Columbia hearing coverage and other District government events.

Decrease: A decrease of \$78,338 in the Agency Management program reflects operational cost savings from the agency's relocation to a new facility. Also in the Agency Management program, a decrease of \$110,202 and 2.0 FTEs reflects changes in salary and position adjustments.

Mayor's Proposed Budget

No Change: The Office of Cable Television's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: OCT's budget was reduced by \$104,937 in personal services due to the elimination of 1.5 FTEs within the Programming division. The cost savings recognized by the reduction in FTEs will improve operational efficiency within the agency.

Program Description

The Housing Authority Subsidy operates through the following program:

Housing Authority Subsidy – provides rental assistance support for District of Columbia households, supports the Local Rent Supplement Program (LRSP), and supports DCHA’s Public Safety program.

This program appears as a single entity in the District’s financial system but contains the following 3 activities:

- **Rental Assistance Support** – provides continued rental assistance to low-income District of Columbia households that are currently housed;
- **Local Rent Supplement** – provides rental assistance for extremely low-income families and individuals through a housing program similar to the Federal Housing Choice Voucher program. The housing subsidy is provided through tenant-based assistance, project-based, and sponsor-based. Funding under this program also allows DCHA to provide LRSP housing providers with needed capital funds to bring LRSP units on-line; and
- **Public Safety** – provides funding that supports DCHA’s Public Safety force, which complements local law enforcement efforts by focusing on crime prevention and law enforcement in and around DCHA’s public housing communities.

Program Structure Change

The Housing Authority Subsidy has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Housing Authority Subsidy's proposed FY 2015 gross budget is \$45,963,276, which represents an 18.0 percent increase over its FY 2014 approved gross budget of \$38,963,276. The budget is comprised entirely of Local funds.

Agency Budget Submission

The Housing Authority Subsidy's budget proposal reflects no change from the Current Services Funding Level to the agency's budget submission.

Mayor's Proposed Budget

Enhance: The proposed budget includes an increase of \$3,000,000 to support the Project-and Sponsor-Based LRSP vouchers for individuals and families within the 30th percentile Area Median Income (AMI). AMI is the median income of a certain geographic region defined annually by the U.S. Department of Housing and Urban Development (HUD). In addition, Local funds increased by \$1,000,000 to support the Tenant-Based LRSP that will assist low income seniors with affordable housing opportunities throughout the District.

District's Proposed Budget

Enhance: The proposed budget includes an increase of \$3,000,000 to support additional Tenant-Based LRSP vouchers for low-income families.

Housing Production Trust Fund Subsidy

www.dhcd.dc.gov

Telephone: 202-442-7200

Description	FY 2013 Actual	FY 2014 Approved	FY 2015 Proposed	% Change from FY 2014
Operating Budget	\$66,931,000	\$0	\$0	N/A

The subsidy account previously reflected the total Dedicated Taxes (General Fund) transfer to the Housing Production Trust Fund (HPTF) to fulfill its operational obligations during a budgetary year.

The HPTF, which is administered by the District of Columbia's Department of Housing and Community Development (DHCD), is a legally separate entity for which the elected officials of the District of Columbia are financially accountable. Details of the HPTF's operating budget are provided in the Enterprise and Other Funds section of the budget document.

In FY 2007, a subsidy account for this entity was created to show the annual transfer of dedicated deed recordation and deed transfer taxes from the District's General Fund to the HPTF. In total, 15 percent of these tax revenues are dedicated to the HPTF. This 15 percent share was budgeted in two agencies. First, the amount required for debt service on borrowing for New Communities projects was budgeted in the Repayment of Revenue Bonds agency, in the Financing and Other appropriation title. Second, the remaining amount of the 15 percent share was budgeted in the HPTF Subsidy agency, to be transferred to the HPTF. In FY 2013, these funds were deposited directly into the HPTF, thus there is no transfer of Dedicated Taxes through the General Fund. There was a transfer of Local funds to the HPTF through this agency in FY 2013.

The agency's FY 2015 proposed budget is presented in the following tables:

Operating Budget	\$23,290,317	\$23,000,000	\$25,000,000	8.7

The Business Improvement Districts Transfer agency records the transfer of revenues to Business Improvement Districts (BIDs).

This agency was created in the FY 2010 approved budget. These transfers were previously budgeted in the Office of the Deputy Mayor for Planning and Economic Development. The Chief Financial Officer collects assessments from businesses in BID areas through property taxes and then refunds the proceeds to each BID. Decisions on the assessment rate, who is assessed, and how the proceeds are spent are made by the BID, not the District of Columbia.

There are currently nine BIDs in the District:

- Adams Morgan Partnership BID;
- Capitol Hill BID;
- Capitol Riverfront BID;
- Downtown DC BID;
- Georgetown BID;
- Golden Triangle BID;
- Mount Vernon Triangle Community Improvement District;
- NoMa BID; and
- Anacostia BID.

FY 2015 Proposed Budget Changes

The Business Improvement Districts Transfer's proposed FY 2015 gross budget is \$25,000,000, which represents an 8.7 percent increase over its FY 2014 approved gross budget of \$23,000,000. The budget is comprised entirely of Special Purpose Revenue funds.

Agency Budget Submission

Increase: The Business Improvement Districts Transfer's budget increased by \$2,000,000 due to the addition of the Anacostia BID. The Chief Financial Officer collects assessments from business entities in BID areas through property taxes and then refunds the proceeds to each BID.

Mayor's Proposed Budget

No Change: The Business Improvement Districts Transfer's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Business Improvement Districts Transfer's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

How to Read the Agency Chapters

The agency chapters describe available resources for an agency, how the agency will spend them, and the achieved and anticipated outcomes as a result of these expenditures. For a detailed explanation of the fiscal tables and narrative sections, please see the “How to Read the Budget and Financial Plan” chapter in *Volume 1: Executive Summary*.

Each chapter contains the following, if applicable:

The first page of each agency chapter displays the agency name and budget code, website address, and telephone number. The page also shows a table that contains the agency’s gross funds, or total operating budget. The table shows the Fiscal Year (FY) 2013 actual expenditures and Full-time Equivalents (FTEs); the FY 2014 Approved budget and FTEs; the FY 2015 Proposed budget and FTEs; and the percent change from the previous year for the budget and FTEs. Lastly, this page typically contains the agency mission statement and a summary of its services.

Subsequent pages reflect agency fiscal and programmatic levels and changes. The information varies by agency but typically contains the following financial tables and narrative sections:

- ***Proposed Funding by Source table*** displays the agency FY 2012 and 2013 actuals, the FY 2014 Approved, and the FY 2015 Proposed dollars by fund type.
 - ***Proposed Full-Time Equivalents table*** shows the agency FY 2012 and 2013 actuals, the FY 2014 Approved, and the FY 2015 Proposed FTEs by fund type.
 - ***Proposed Expenditure by Comptroller Source Group (CSG) table*** identifies the gross fund changes by CSG, which is a type of budgetary classification that identifies category spending within personal services (personnel costs, such as salaries and fringe benefits) and nonpersonal services (operational costs, such as contracts, supplies, and subsidy payments).
 - ***Proposed Operating Budget and FTEs, by Division/Program and Activity table*** shows the gross fund changes by dollars and FTEs. The Division/Program descriptions section that precedes this table explains the purpose of the divisions/programs and activities funded in the FY 2015 Proposed budget.
 - ***FY 2014 Approved Budget to FY 2015 Proposed Budget reconciliation table*** shows the FY 2015 Proposed budget and FTE changes, by division or program, from the FY 2014 Approved budget. This table also includes a brief description of the change. A detailed narrative of the changes is found in the FY 2015 Proposed Budget Changes section that precedes this table.
 - ***Agency Performance Plan Objectives*** and the accompanying Agency Performance Measures table show the agency-level plan that contains the agency’s mission, summary of services, objectives, initiatives, and performance measures for a set period of time. For some agencies, the initiatives and performance measures are grouped by division/program.

The mission of the Metropolitan Police Department (MPD) is to safeguard the District of Columbia and protect its residents and visitors by providing the highest quality police service with integrity, compassion, and a commitment to innovation that integrates people, technology, and progressive business systems.

Summary of Services

MPD provides crime prevention and response services through patrols, investigations, and homeland security services. The Patrol Services and School Security division delivers community policing to the District's neighborhoods through 46 police service areas in seven police districts and oversees the provision of security services to the District of Columbia Public Schools. The Investigative Services division investigates violent, property, narcotic and other crimes and provides crime scene processing for those cases. The Homeland Security division coordinates domestic security and intelligence operations as well as traffic safety and for special events. The Internal Affairs Bureau investigates the use of force, potential equal employment opportunity violators, and other complaints against MPD officers and employees. The Strategic Services, Professional Development and Corporate Support Bureaus support the work of the entire department through research, crime analysis, strategic direction, recruitment, hiring and training personnel, fleet management, procurement, and other administrative support services.

Division Description

The Metropolitan Police Department operates through the following 9 divisions:

Patrol Services and School Security Bureau – coordinates crime prevention and reduction efforts in the seven police districts. In addition to providing professional and effective patrol services throughout the District, this division responds to all calls for police service. The division also manages security in all District of Columbia Public Schools and works to reduce juvenile victimization and delinquent behavior through a variety of programs.

This division contains the following 4 activities:

- **Patrol Districts** – provides focused law enforcement, responds to calls for service, and provides crime prevention services to residents, visitors, and commuters;
- **Special Liaison Unit (Patrol Division)** – provides targeted outreach and specialized response to historically underserved communities;
- **Community Services and Youth Outreach** – coordinates proactive outreach to community members and youth, directs the School Resource Officer program, and manages the security contract for D.C. Public Schools; and
- **Central Cell Block** – processes and supervises persons arrested in the District.

Investigative Services Bureau – works with the community to solve crimes, helps bring offenders to justice, supports the recovery of victims, and protects witnesses. As part of this responsibility, this division, in conjunction with the Department of Forensic Sciences, operates the District’s Consolidated Forensic Laboratory to enhance the District’s capabilities for crime scene investigations and evidence analysis.

This division contains the following 5 activities:

- **Firearms and Tool Mark Examination Division** – conducts ballistics and unique mark identification analysis on criminal firearms evidence;
- **Office of the Superintendent Detectives** – investigates and solves crimes so that offenders are brought to justice, and provides assistance to victims;
- **Narcotics and Special Investigations Branch** – provides proactive criminal enforcement services so that citizens can live in neighborhoods free from drug dealing, drug-related crime, and prostitution;
- **Forensic Science Division** – processes crime scenes and coordinates evidence collection; and
- **Youth Investigations Services Division** – investigates abuse of minors, sexual abuse, internet-related crimes against minors, and human trafficking; and processes all juvenile arrestees.

Strategic Services Bureau – integrates training, research, program and policy development, and strategic analysis and planning to support MPD and the District by identifying and implementing innovative policing and business practices.

This division contains the following 3 activities:

- **Strategic Change Division** – coordinates strategic planning, government relations, legislative affairs, and performance management;
- **Research and Analytical Services Division** – performs crime analysis and research; and
- **Policy and Standards Division** – develops policies and procedures for the department.

Corporate Support Bureau – oversees the major administrative, technical, and business functions of the department that are critical to keeping the complex and large agency running effectively and efficiently, including fleet management, equipment and supply, and evidence and property control.

This division contains the following 2 activities:

- **General Support Services Division** – provides support for equipment and supply, evidence and property control, reproduction, and fleet services; and
- **Police Business Services Division** – provides services to the public and the criminal justice community by maintaining police records, regulating security officers, and registering firearms.

Professional Development Bureau – helps the department strategically manage its human capital through recruiting, hiring, training, and personnel services, and provides medical support for the agency's sworn members.

This division contains the following 2 activities:

- **Office of Human Resource Management** – hires, retains, and makes appropriate duty status determinations for sworn personnel; and
- **Police Academy** – provides training to MPD recruits and MPD-sworn personnel to create a capable, knowledgeable, and professional staff.

Assistant Chief for Internal Affairs Bureau – acts as the guardian of MPD's reputation and ensures MPD's accountability through comprehensive investigations of alleged misconduct and uses of force.

This division contains the following 5 activities:

- **Internal Affairs Branch** – conducts general investigations into allegations of police misconduct and use of force by MPD-sworn personnel, and serves as the liaison to the Office of Police Complaints;
- **Force Investigations Branch** – conducts investigations into the use of force by MPD-sworn personnel and administers the Use of Force Review Board;
- **Equal Employment Opportunity Commission (EEOC) Branch** – ensures compliance with equal employment opportunity laws and regulations;
- **Memorandum of Agreement (MOA) Compliance Monitoring Team** – ensures that MPD complies with an MOA established with the Department of Justice; and
- **Court Liaison Division** – coordinates officer appearances related to criminal and traffic cases.

Homeland Security Bureau – integrates intelligence and operational functions to ensure that the District is well protected and that the government prevents and is prepared to respond to threats and critical incidents. The division also works directly to support patrol operations to reduce crime and fear of crime with specialized patrol and tactical resources, and works constantly to improve information-sharing, process relevant information, and provide actionable intelligence to relevant personnel.

This division contains the following 2 activities:

- **Special Operations Division** – provides specialized patrol, tactical, rescue, and security services to the public, businesses, and government in the District; and
- **Intelligence Fusion Division** – seeks to improve information-sharing, process information, and provide actionable intelligence to relevant personnel; and coordinates gang-related and intelligence operations.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services, to and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Metropolitan Police Department has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Metropolitan Police Department's (MPD) proposed FY 2015 gross budget is \$513,637,845, which represents a 1.0 percent increase over its FY 2014 approved gross budget of \$508,767,136. The budget is comprised of \$477,499,964 in Local funds, \$4,010,029 in Federal Grants funds, \$7,370,000 in Special Purpose Revenue funds, and \$24,757,852 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

MPD's FY 2015 CSFL budget is \$474,021,266, which represents a \$2,268,029, or 0.5 percent, decrease from the FY 2014 approved Local funds budget of \$476,289,295.

CSFL Assumptions

The FY 2015 CSFL calculated for MPD included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$9,076,836 to account for the removal of one-time funding appropriated in FY 2014 of which \$8,301,836 supports the Automated Traffic Enforcement program, \$750,000 for Information Technology initiatives, and \$25,000 for bicycle safety training. Additionally, adjustments were made for increases of \$5,106,775 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$1,202,032 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Additionally, MPD's CSFL funding reflects an increase of \$500,000 to account for removal of one-time salary lapse savings in FY 2014.

Agency Budget Submission

In view of its fundamental role as a first responder agency, MPD's FY 2015 budget proposal aims to enable and facilitate the agency's stated goal of safeguarding the District of Columbia and protecting its residents and visitors by providing the highest quality police service. MPD routinely reviews its available resources in order to ensure that they are dynamically positioned in a way that will be most beneficial to citizens of the District of Columbia and its numerous national and international visitors.

Increase: The FY 2015 proposed budget for MPD increased funding for personal services in Local funds by \$2,951,760 to support an additional 44.3 FTEs and an equipment purchase. In the budget proposal, 28.0 of the new FTEs replace the contractors that now support the Automated Traffic Enforcement program, while the remaining 16.3 FTEs will provide support to various initiatives of the agency. Furthermore, an increase of \$2,444,126 and 0.2 FTE in Local funds for personal services supports projected increases in salary steps and Fringe Benefits costs. Other adjustments in the Local funds budget include increases of \$653,090 for contractual services related to the Automated Traffic Enforcement program and \$239,939 to support two crime lab technicians at the Department of Forensic Sciences.

In Federal Grant funds, MPD proposes an increase of \$1,193,977 to account for projected increased grant funding regarding the Motor Carrier Safety, Boating Safety, and Safety Data Improvement Grants, which support various initiatives. In order to align the budget with projected revenue, MPD's proposal includes an increase of \$242,060 in Special Purpose Revenue (SPR) funds. The budget in SPR funds also includes an increase of \$134,994 to support an additional 1.3 FTEs.

In anticipation of additional revenue from intra-District agreements with various District agencies, MPD proposes to increase the budget by \$2,332,105 in Intra-District funds. This adjustment is primarily attributable to projected increases in reimbursement from the Fire and Emergency Medical Services Department for the use of the Police and Fire clinic. MPD also expects additional intra-District revenue from provision of security services, fingerprinting services, and background checks to various District agencies.

Decrease: For MPD to submit a budget that balances adequate funding to meet its operational goals with the limits of its funding allocation, strategic reductions are proposed in key areas of the budget in Local funds. These adjustments include reductions of \$1,050,062 based on allocation of funding for Fixed Costs, and \$5,238,713 in projected cost savings by streamlining the agency's operations.

In Federal Grant funds MPD proposes a budget reduction of \$41,907 and 3.3 FTEs. This adjustment enables MPD to maximize its grants resources by achieving savings through reduction of FTEs. The budget in Intra-District funds reflect reductions of \$17,000 based on anticipated revenues, and \$183,645 and 4.5 FTEs to account for projected changes in the budget for fingerprinting.

Technical Adjustments: With high demands on law enforcement and budget constraints, MPD's Automated Traffic Enforcement program provides a practical solution for making the District's streets safer for motorists, bicyclists, and pedestrians. Consequently, the agency proposes a budget increase of \$4,078,698 in Local funds to support and sustain the Automated Traffic Enforcement contract, which was funded in FY 2014 through a redirection.

Mayor's Proposed Budget

No Change: The Metropolitan Police Department's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: In Local funds, MPD's budget includes a reduction of \$600,000 to reflect an adjustment of personal services costs based on projected salary lapse savings.

The mission of the Fire and Emergency Medical Services Department (FEMS) is to promote safety and health through excellent pre-hospital medical care, fire suppression, hazardous materials response, technical rescue, homeland security preparedness, and fire prevention and education in the District of Columbia.

Summary of Services

FEMS provides emergency medical services (EMS), fire suppression, homeland security and special operations response for the District of Columbia, including planned events and activities unique to the nation's capital. The department is responsible for fire and life safety code enforcement, along with community-based education and prevention programs. FEMS is the lead first-response agency for managing consequences resulting from natural disasters or other catastrophic events impacting the national capital region.

Program Description

The Fire and Emergency Medical Services Department (FEMS) operates through the following 8 programs:

Fire Prevention and Education – provides investigation, public safety outreach, and inspection services to residents, property owners, and businesses so that they can have the information needed to prevent emergency incidents.

This program contains the following 4 activities:

- **Inspections** – executes facility inspections, building plan approvals, code enforcement, fire code advice, information, and referral services to residents, business owners and developers, and event planners in order to maintain required inspection coverage, ensure code compliance, and reduce occurrence of fires;
- **Investigations** – provides investigation and intervention services to property owners, occupants, and other victims in order to determine the origin and causes of fires that occur in the District of Columbia; performs public outreach and education efforts to prevent reoccurrence; and supports monetary recovery of property losses. This activity also supports the investigation of all fires determined to be caused by arson and facilitates the arrest of those responsible for the cause of those fires;
- **Public Outreach** – makes fire-safety and health education and information available to residents, property-owners, and businesses so that they can prevent fire and emergency medical incidents; and
- **Technical Inspections** – performs facility inspections, building plan approvals, code enforcement, fire code advice, and information and referral services for residents, business owners, developers, and event planners in order to maintain required inspection coverage, ensure code compliance, and reduce fires. These include mandatory inspections that require a higher degree of knowledge by the inspector and may require the inspector to obtain additional certifications.

Field Operations – provides emergency medical service, fire suppression, rescue, and special operations services to citizens, visitors, and employees in order to minimize loss of life and property.

This program contains the following 4 activities:

- **Fire Rescue Operations** – provides fire suppression, fire rescue, property salvage and overhaul, and vehicle accident rescue and extrication;
- **Special Operations** – provides specialized rescue, evacuation, and pre-emergency planning services for those in danger during hazardous material incidents, Metro and rail emergencies, mass casualty incidents, and technical rescue incidents;
- **Emergency Medical Services Operations** – provides emergency medical services including pre-hospital basic/advanced life support care, emergency transport services, and public service assistance on non-emergency incidents; and
- **Homeland Security** – provides pre-emergency planning services for those in danger during possible terrorist incidents, including those involving weapons of mass destruction, and for response to natural disasters so that the District residents and visitors can be safely protected, rescued, and treated.

Employee Preparedness – provides employee wellness and specialized training services to employees so that they can meet prescribed standards and are prepared to safely perform the mission of the agency.

This program contains the following 2 activities:

- **Employee Wellness** – extends health and counseling services to FEMS employees so that they can be prepared to safely perform the mission of the agency; and
- **Specialized Training** – facilitates driver training, EMS certification, field operations training, recruit training, and other training services to FEMS employees so that they can meet prescribed standards.

Operations Support – provides emergency vehicle and facility maintenance and specialized network management services to employees so that they can perform their assigned duties in a safe, effective, and efficient manner.

This program contains the following 2 activities:

- **Field Infrastructure** – provides maintenance, repair, replacement of firehouses, and major capital improvements to firehouses and other facilities to keep them in operational condition and to provide emergency service providers with a functional base so that they can perform their assigned duties in an environment that is safe, code-compliant, and within accepted standards; and
- **Inventory Management** – maintains adequate levels of equipment and supply resources to employees so that they can perform their assigned duties in a safe, cost-effective, and efficient manner.

Policy and Planning – establishes strategic directions and coordinates District-consequential management for incidents. This program also identifies and addresses problems by developing initiatives to reduce mortality rates, property loss, and hazardous conditions. This program develops and implements regulations governing public safety, inter-agency response, inter-governmental coordination, and mitigation efforts. This program is also responsible for compliance with policy and Equal-Employment Opportunity (EEO) regulations.

This program contains the following 4 activities:

- **Office of Standards** – maintains the department’s policies and procedures, as well as the national standards for operational staff;
- **Office of Compliance** – enforces the policies and procedures, as well as the national standards for operational staff;
- **Office of Equity and Diversity** – offers a mechanism for staff to insure that they are treated fairly without prejudice; and
- **Emergency Communications** – provides technological support so that communication is seamless and emergency dispatch is efficient.

State Safety Oversight – provides program standards and supporting procedures for the State Oversight and Security Agency, and reviews and approves all rail transit agency System Safety Plans.

Administrative Support (Agency Management) – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Fire and Emergency Medical Services Department has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Fire and Emergency Medical Services Department's (FEMS) proposed FY 2015 gross budget is \$204,720,653, which represents a 1.8 percent increase over its FY 2014 approved gross budget of \$201,079,518. The budget is comprised of \$201,562,924 in Local funds, \$1,637,729 in Federal Grant funds, and \$1,520,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

FEMS' FY 2015 CSFL budget is \$202,840,812, which represents a \$4,889,753, or 2.5 percent, increase over the FY 2014 approved Local funds budget of \$197,951,059.

CSFL Assumptions

The FY 2015 CSFL calculated for FEMS included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$335,000 to account for the removal of one-time funding appropriated in FY 2014 to support staff training and development and cover advertising costs for the recruitment of Paramedic-Fighters. Additionally, adjustments were made for an increase of \$3,177,263 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$347,045 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

FEMS' CSFL funding for recurring budget items reflects an adjustment for an increase of \$900,445 to account for the full funding of several positions. Additionally, adjustments were made for an increase of \$800,000 for removal of FY 2014 one-time salary lapse savings.

Agency Budget Submission

Increase: In Local funds, the budget increases by \$6,243,590 in the Field Operations program primarily to cover cumulative and projected longevity pay. An increase of \$876,257 within multiple programs provides funding for FEMS support at special events, holiday pay, and shift differential costs. An increase of \$176,470 and 2.0 FTEs in the Policy and Planning and the State Safety Oversight programs provides support for additional staff to aid in policy and procedure compliance and the maintenance of security and safety plans.

In Federal Grant funds, the budget increased by \$29,270 to cover salary and Fringe Benefit adjustments associated with a projected grant award.

Decrease: In Local funds, a net decrease of \$157,177 and 1.0 FTE reflects changes across multiple programs in salaries, step increases, and other personal services adjustments. Also, a decrease of \$602,271 reflects agency-wide Fringe Benefits adjustments. Additionally, a decrease of \$6,536,869 and 1.0 FTE in the Field Operations program reflects the realignment of operational resources within personal services to cover longevity pay and other salary adjustments.

Mayor's Proposed Budget

No Change: The Fire and Emergency Medical Services Department's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Reduce: The FEMS budget reflects an overall reduction of \$1,277,888 in Local funds. Of this amount, \$1,000,000 is attributed to an adjustment of personal services costs based on projected salary lapse savings and \$277,888 and 3.0 FTEs represents the elimination of vacant positions.

- ¹Data is current as of June 30, 2013.
- ²National Fire Protection Association (NFPA) measure. “Response time” sums the measures of call “turnout time” (NFPA 1710, section 3.3.53.8) and “travel time” (NFPA 1710, section 3.3.53.7) as defined by NFPA 1710, section 4.1.2.1.
- ³International City/County Management Association (ICMA) comparative measure (October 2008).
- ⁴Data is current as of June 30, 2013.
- ⁵A “cohort” is a group of patients tracked over the period of one year by the Street Calls program.
- ⁶The number of patients in the original cohort declined after individuals were removed from the program. Beginning in FY 2014, this measure will begin to track a new patient cohort with the most number of ambulance transports and ambulance crew contacts identified by the Street Calls Program at the end of FY 2013.
- ⁷Cardiac arrest patients (with cardiac etiologies) who sustained return of spontaneous circulation (ROSC) in out-of-hospital settings and maintained heartbeat until transferred to hospital care. This measure is tabulated from electronic patient care report (ePCR) data.
- ⁸The FY 2012 measure was revised to correct a data query error identified by the EMS Bureau CQI division after the FY 2012 reporting period closed.
- ⁹Data is current as of June 30, 2013.
- ¹⁰Accidents include vehicle “collisions” (an emergency vehicle striking another vehicle) or “incidents” (an emergency vehicle striking a stationary object) that occurred while an emergency vehicle was responding to a call or transporting a patient. This measure is tabulated from vehicle accident investigation form data completed by safety officers.
- ¹¹The FY 2012 measure was revised to correct a data tabulation error identified by the Risk Management division after the FY 2012 reporting period closed.
- ¹²Employee injuries that occurred during a fire or EMS call. This measure is tabulated from employee injury investigation form data completed by safety officers.
- ¹³The FY 2012 measure was revised to correct a data tabulation error identified by the Risk Management division after the FY 2012 reporting period closed.
- ¹⁴Usable vehicle hours, divided by total vehicle hours, for all vehicles within a classification. This measure is tabulated from FASTER Fleet Management System data. Usable vehicle hours are the number of hours a vehicle was reported to be available for use. Total vehicle hours are all hours within the reporting time period, multiplied by the number of vehicles within a classification. The number of vehicles and total vehicle hours for a classification may change on a quarterly basis as vehicles are removed or added to the vehicle fleet inventory.
- ¹⁵Data is current as of June 30, 2013.
- ¹⁶This measure is tabulated from National Fire Incident Reporting System (NFIRS) data, required by the United States Fire Administration (USFA). Previously, fire incident statistics presented in this table were reported using Fire Investigator written reports. Not all fire incidents were investigated, meaning fire incident statistics were under reported (by the NFIRS standard) in previous fiscal years. For example, a Fire Investigator may not have completed a written report for a cooking fire involving a pan of food that was quickly extinguished. NFIRS may classify such fires as “structural fires,” meaning they should be reported as part of NFIRS based fire incident statistics. FY 2012 represents the first full fiscal year of NFIRS based fire incident data. Because of this, the FY 2012 “end-of-fiscal-year percent change in number of structural fires” reported by the department’s FY 2012 Performance Accountability Report (PAR) and this table still needed to be calculated by Fire Investigator written reports for comparing FY 2012 to FY 2011 data. However, the FY 2013 end-of-fiscal year measure will be reported by comparing FY 2013 to FY 2012 NFIRS data. Additionally, the FY 2012 and FY 2013 workload measures for “number of structural fires” and “number of other fires” were updated using the FY 2012 and FY 2013 NFIRS data, while the FY 2011 workload measures were still calculated by Fire Investigator written reports. Finally, all measures in this table with ICMA references combine NFIRS “property use” codes according to ICMA “service descriptors.” Each measure (including the FY 2012 and FY 2013 workload measures) is tabulated from an ICMA report available in the department’s fire records management system (FRMS) indicating that “extinguishment” took place during a “structure fire,” combined with other FRMS reports indicating that “extinguishment” occurred during a reported fire incident. Measures comparing counts of structures use 2011 “property type” information obtained from the District’s data warehouse. Measures comparing population counts use 2011 and 2012 information obtained from the United States Census Bureau.
- ¹⁷“Room of origin” reflects the first level of fire containment. “Structure of origin,” reflects the second level of containment. Combining both measures equates to the effectiveness of controlling fire extension to other structures. For example, during FY 2013 (year to date), 98 percent of residential structure fires have been contained to the room or structure of origin.
- ¹⁸USFA measure.
- ¹⁹This measure is tabulated from Fire Investigator UCR data. According to the 2004 FBI UCR Handbook, an “arson” offense is cleared by arrest “when at least one person is (1) arrested, (2) charged with the commission of the offense, and (3) turned over to the court for prosecution (whether following arrest, court summons, or police notice).” An “arson” offense cleared by exceptional means (1) the “identity of the offender” can be “definitely established” during the investigation, (2) enough information exists to “support an arrest, charge, and turning over to the court for prosecution,” (3) “the exact location of the offender (is) known so the subject (can) be taken into custody now,” and (4) “some reason, outside law enforcement control,” exists “that precludes arresting, charging, and prosecuting the offender.” Arson fire cases may not be cleared in the same fiscal year they occur. For example, an arson fire that occurred in FY 2012 might not be cleared by an arrest until FY 2013. As such, arson fire clearance rates for previous fiscal years may be updated by new Performance Management Plans published during subsequent fiscal years. Population counts use 2011 and 2012 information obtained from the United States Census Bureau.
- ²⁰Data is current as of June 30, 2013.
- ²¹Beginning in FY 2014, this measure will begin to track AED devices registered during the reporting period, instead of all previously registered devices. One AED registration may include more than one device. The count reflects new and re-registered devices after a four-year registration period expired. The FY 2012 Actual, FY 2013 Target, and FY 2013 YTD values were revised to reflect the change in measurement definition.
- ²²Data is current as of June 30, 2013.

Description	FY 2013 Actual	FY 2014 Approved	FY 2015 Proposed	% Change from FY 2014
Operating Budget	\$96,314,000	\$110,766,000	\$111,330,000	0.5

The mission of the Police Officers' and Fire Fighters' Retirement System is to provide the District's required contribution as the employer to these two pension funds, which are administered by the District of Columbia Retirement Board (DCRB).

Summary of Services

Under provisions of the Police Officers, Fire Fighters, and Teachers Retirement Benefit Replacement Plan Act of 1998 ("the Act"), the federal government assumed the District's unfunded pension liability for the retirement plans for teachers, police officers, fire fighters, and judges. Pursuant to the Act, the federal government will pay the retirement and death benefits, and a defined share of disability benefits, for employees for service accrued prior to July 1, 1997. The costs for benefits earned after June 30, 1997 are the responsibility of the Government of the District of Columbia. This budget reflects the required annual District contribution to fund these earned benefits. Pursuant to District Code section 1-907.02(a) (2006 Repl.), the District is required to budget the pension contribution at an amount equal to, or greater than, the amount certified by the DCRB on the basis of a prescribed actuarial study and formula calculation that is set forth in section 1-907.03. On January 6, 2014, DCRB transmitted the certified contribution for inclusion in the District's FY 2015 proposed budget, as reflected in this chapter.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The Police Officers' and Fire Fighters' Retirement System operates through the following program:

Police/Fire Fighters' Retirement System – D.C. Code section 1-907.02(a) requires the District to appropriate funds that are equal to, or greater than, the actuarially determined amount certified by the DCRB on the basis of a prescribed actuarial study and formula calculation that is set forth in section 1-907.03.

Program Structure Change

The Police Officers' and Fire Fighters' Retirement System has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Police Officers' and Fire Fighters' Retirement System's proposed FY 2015 gross budget is \$111,330,000, which represents a 0.5 percent increase over its FY 2014 approved gross budget of \$110,766,000. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 4 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Police Officers' and Fire Fighters' Retirement System's FY 2015 CSFL budget is \$110,766,000, which represents no change from the FY 2014 approved Local funds budget.

Agency Budget Submission

Technical Adjustment: The pension contribution decreased by \$7,336,000, based on the actuarial report certified by the District of Columbia Retirement Board and transmitted to the Mayor in a letter dated January 6, 2014.

Mayor's Proposed Budget

No Change: The Police Officers' and Fire Fighters' Retirement System's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: The proposed budget includes an increase of \$7,900,000 to support the costs related to back pay awarded to the Fire Fighters' Union.

The projected FY 2015 retirement payout for Police Officers is \$69,367,000, which represents a 4.5 percent decrease from the FY 2014 payout of \$72,617,000. Additionally, the projected FY 2015 retirement payout for Fire Fighters is \$41,963,000, which represents a 10.0 percent increase over the FY 2014 payout of \$38,149,000.

The mission of the Department of Corrections (DOC) is to provide a safe, secure, orderly, and humane environment for the confinement of pretrial detainees and sentenced inmates, while affording those in custody meaningful opportunities for successful reintegration into the community.

Summary of Services

The DOC operates the Central Detention Facility (CDF) and houses inmates in the Correctional Treatment Facility (CTF) through a contract with the Corrections Corporation of America; both facilities are nationally accredited by the American Correctional Association (ACA). The department has contracts with three private and independently operated halfway houses: Extended House, Inc.; Fairview; and Hope Village. These are often used as alternatives to incarceration. Like other municipal jails, 75 to 85 percent of inmates in DOC's custody have one or more outstanding legal matters that require detention, and the median length of stay for released inmates is fewer than 31 days. Ninety-three percent of DOC's inmates are male. DOC also houses female inmates and a small number of juveniles charged as adults at the CTF. Each facility offers inmates a number of programs and services that support successful community re-entry. These include:

- Residential Substance Abuse Treatment (RSAT);
- Re-entry preparation (Re-Entry);
- Institutional Work Details and Community Work Squads; and
- Special Education through the District of Columbia Public Schools (DCPS), Adult Education, and GED preparation provided by DOC.

ACA and National Commission on Correctional Health Care (NCCHC) accredited comprehensive health and mental health services are provided through Unity Health Care (contractual) and the Department of Behavioral Health. In addition, DOC provides support services to inmates, such as culinary, laundry, visitation, law library, and an inmate grievance resolution process. DOC facilities operate 24 hours a day, 365 days a year.

Division Description

The Department of Corrections operates through the following 5 divisions:

Inmate Services – provides services necessary to ensure humane, hygienic, and constitutionally mandated care of inmates.

This division contains the following 3 activities:

- **Inmate Personal Services** – provides for inmates’ personal needs and ensures that each service is provided in a timely, accurate, and economical manner;
- **Inmate Adjustment and Development Support** – provides inmates with opportunities for personal development and facilitates adjustment to institutional custody; and
- **Inmate Health Services** – provides constitutionally mandated levels of health care to inmates in DOC custody.

Inmate Custody – provides facilities and technology to detain pretrial defendants and sentenced misdemeanants safely and securely, and in accordance with constitutional requirements.

This division contains the following 3 activities:

- **Institutional Security and Control** – provides effective management of arrestee and inmate populations and ensures safe and secure DOC-administered detention environments, inmate transportation, and off-site security such as medical outposts;
- **Security Enhancement** – provides operational technologies that improve institutional security; and
- **Community Corrections** – provides community support and involvement for sentenced misdemeanants and pretrial inmates awaiting adjudication of charges.

Community Affairs – serves as a liaison between the Mayor, the returning citizen community, and District government agencies; and briefs the Mayor and District government agencies on the needs and interests of returning citizens of the District of Columbia. Also, provides constituent services and information to the returning citizen community through programmatic activities and outreach materials.

Agency Management – provides the administrative support required to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive financial management services to, and on behalf of, District agencies so the financial integrity of the District of Columbia can be maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The proposed division structure changes are provided in the Agency Realignment appendix to the proposed budget, which is located at www.cfo.dc.gov on the Annual Operating Budget and Capital Plan page.

FY 2015 Proposed Budget Changes

The Department of Corrections' (DOC) proposed FY 2015 gross budget is \$151,579,311, which represents an 8.1 percent increase over its FY 2014 approved gross budget of \$140,254,069. The budget is comprised of \$123,149,408 in Local funds, \$28,260,449 in Special Purpose Revenue funds, and \$169,494 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOC's FY 2015 CSFL budget is \$123,349,408, which represents a \$4,545,925, or 3.8 percent, increase over the FY 2014 approved Local funds budget of \$118,803,483.

CSFL Assumptions

The FY 2015 CSFL calculated for DOC included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$3,043,974 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$1,001,950 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. DOC's CSFL funding for the removal of one-time salary lapse reflects an increase of \$500,000.

Agency Budget Submission

In FY 2015, DOC realigned its programs to attain a better framework for planning, programming and budgeting. Additionally, the agency has implemented a performance-based budgeting strategy to better reflect the agency's programmatic activities. As part of this initiative, DOC established the Community Affairs division and abolished the Institutional Support Services and the Office of Community Affairs divisions.

Increase: In order to align the budget in Local funds with operational goals, DOC reallocated its resources from the Institutional Support Services division by increasing the budget in the Agency Management division in the amount of \$7,002,810 and 56.0 FTEs. Additional resources were redirected to the Inmate Services division totaling \$5,453,667 and 65.0 FTEs. These reallocations will enable DOC to provide documentation on each inmate's security risk and legal status and also ensure that DOC's facilities are well-maintained and that all building and safety codes are met.

To support and annualize the costs for existing programs in FY 2015, DOC proposes a budget increase of \$2,213,185 across multiple divisions. In view of its program realignment, DOC eliminated the Office of Community Affairs in FY 2015 and created a Community Affairs division. This action increased the budget by \$376,026 and 4.0 FTEs to support the programmatic initiatives in the new division. The new division will provide outreach programs, constituent services, and information to the returning citizens; communicate through programmatic activities and outreach materials; serve as a liaison between the Mayor, the returning citizen community, and District government agencies; and brief the Mayor and District government agencies about the needs and interests of returning citizens of the District of Columbia.

In Special Purpose Revenue (SPR) funds, the budget includes an increase of \$7,110,449 due to higher revenue estimates based on projected increases in inmate population. DOC's SPR fund is mainly derived from agency trustee reimbursements and the operation of commissary stores in detention facilities. Fees from trustee reimbursements are based upon per diem costs to house, feed, and provide medical care for federal inmates in DOC's care. SPR funds in DOC support the Agency Management, Inmate Services, and Inmate

Custody divisions. This budget supports bed space for 600 inmates and 200 short-term felons from the Federal Bureau of Prisons. In Intra-District funds, an increase of \$55,434 will support 0.8 FTE.

Decrease: To align its resources with operational goals, DOC eliminated the Office of Community Affairs and redirected \$280,435 and 3.0 FTEs to the Community Affairs division. To streamline operations, the Inmate Custody division was reduced by \$978,185 and 0.8 FTE. In addition, to offset projected salary step and Fringe Benefits costs, the budget was decreased by \$2,178,126. To align the resources with operational goals, DOC eliminated the Institutional Support Services division and reallocated \$11,608,943 and 121.0 FTEs across multiple divisions.

Revenue for DOC's Intra-District funds is generated through the use of inmates to provide services to the District Department of Public Works, Department of General Services, and Department of Transportation. These services are provided through the Inmate Work Squad program. DOC's Intra-District arrangements support the Agency Management, Inmate Custody, and Inmate Services divisions. Based on projected changes to existing intra-District obligations, the FY 2015 budget submission proposes a decrease of \$186,565 across multiple divisions.

Technical Adjustment: DOC's FY 2015 budget includes a reallocation of \$1,500,000 from Capital to Operating funds to support expansion of the Central Detention Facility's security camera system.

Mayor's Proposed Budget

Reduce: The Local funds budget includes a one-time reduction of \$500,000 to account for the removal of funding for personal services costs in FY 2015 based on projected salary lapse savings.

District's Proposed Budget

Reduce: The budget proposal reflects a decrease of \$1,200,000 in Local funds due to anticipated savings from the healthcare contracts.

Performance Plan Endnotes:

¹DOC is changing the metric to reflect the part of the process controlled by DOC, the referral for prosecution.

²Since the time this metric was first reported, the number of incidents has decreased; however, the severity of incidents is such that most merit forwarding for prosecution. Successful prosecution tends to dampen both incidence and severity of assaults; therefore, the projections in out-years have been downward adjusted from FY 2013 actuals.

³DOC is changing the metric to reflect the part of the process controlled by DOC, the referral for prosecution.

⁴DOC is changing the metric to reflect the part of the process controlled by DOC, the referral for prosecution.

⁵This represents only fourth quarter FY 2012 data.

⁶This has been discontinued and is no longer tracked in KPI.

⁷Projections are slightly higher in out-years based on the assumption that DOC will be authorized an additional GED instructor.

⁸The slight downward projection in the out-years reflects declining inmate population.

⁹This is being changed to an annual metric that reflects the distinct count of inmates (unique persons) who were served by the Residential Substance Abuse Treatment (RSAT) program.

¹⁰In response to inmate advocate requests, DOC from FY 2013 forward is reporting total unresolved grievances, both IGP (Inmate Grievance Process), and IRC (Informal Resolution Complaints) outstanding more than 30 days.

Joint Force Headquarters - District of Columbia (JFHQ-DC) maintains and provides trained and ready D.C. National Guard (DCNG) units, personnel, and equipment to achieve the federal war-fighting mission, to support the District of Columbia Emergency Response Plan, and to add value to the community through local programs. JFHQ-DC facilitates the integration of federal and state activities to provide expertise and situational awareness to the District of Columbia and the Department of Defense.

Summary of Services

- Federal Mission: Support the readiness of D.C. National Guard (DCNG) units to perform federally assigned missions, both at home and abroad. District of Columbia personnel provides direct support to key functional areas including operations, training, and readiness, to ensure DCNG units can defend the nation and the capital.
- District Mission: Emergency Preparedness/Emergency Response: Prepare for and respond to requests for National Guard support from the Mayor, lead federal agencies within the National Capital Region, and Joint Force Headquarters - National Capital Region (JFHQ - NCR).
- Community Mission: Maximize the use of available Department of Defense family and youth programs to support the citizens of the District of Columbia.

Program Description

The District of Columbia National Guard operates through the following 3 programs:

Joint Force Headquarters, D.C. – maintains trained and equipped forces in a state of readiness, prepared to respond to Presidential orders to support federal and District government agencies. DCNG also provides continuous assistance to District public safety agencies. Non-deployable personnel are required to maintain continuity of operations under Title 49, Military, of the D.C. Official Code.

This program contains the following 9 activities:

- **Command Element** – provides leadership and direction to agency command staff in all matters pertaining to military support, training, Joint Air, and Joint Counter Drug Operations;
- **US Property and Fiscal Office** – provides comprehensive and efficient financial management services, including contract administration, appropriate federal billings, and the transfer of federal funds;
- **Army Aviation Support Facility (AASF)** – supports the military aviation unit within the command;
- **J1 Personnel/Human Resource Office** – is the military personnel branch of the agency;
- **Department of Engineering and Department of Engineering - Air** – provides agency facilities planning, maintenance, and repair services;
- **J3/Operations** – is the planning, operations, and training branch, which ensures that troops are combat ready; and
- **J6/IT and J6/IT – Distance Learning** – maintains secure technologies to produce and communicate information within and between the various military command elements.

Youth Programs – sponsors a variety of programs for youth including the National Guard Youth ChalleNGe program and a Youth Leaders' Camp.

This program contains the following 2 activities:

- **ChalleNGe** – is a voluntary community-based program that leads, trains, and mentors at-risk youth; and
- **Youth Leaders' Camp** – is a free, annual 14-day residential camp that provides youth an opportunity to learn and implement principles of leadership, citizenship, and sportsmanship.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The District of Columbia National Guard has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The District of Columbia National Guard's (DCNG) proposed FY 2015 gross budget is \$12,704,408, which represents a 20.2 percent increase over its FY 2014 approved gross budget of \$10,565,147. The budget is comprised of \$5,065,881 in Local funds, \$435,000 in Federal Payment funds, and \$7,203,527 in Federal Grant funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCNG's FY 2015 CSFL budget is \$3,555,554, which represents a \$614,403, or 20.9 percent, increase over the FY 2014 approved Local funds budget of \$2,941,151.

CSFL Assumptions

The FY 2015 CSFL calculated for DCNG included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$29,601 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$9,802 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. Additionally, DCNG's CSFL funding reflects an increase of \$575,000 to account for a Local dollar match for increased funding for the Youth ChalleNGe program.

Agency Budget Submission

Increase: DCNG's Local funds budget includes an increase of \$530,692 in the Youth Programs personal and nonpersonal services budgets. This adjustment also includes an increase of 14.2 FTEs and reflects an increase in the Local match for Federal Grant funds for the Youth ChalleNGe program, which will be fully operational in FY 2015.

On January 17, 2014, the Federal Payments budget for Appropriation Year 2014 was approved in the Consolidated Appropriations Act, 2014. The FY 2015 Federal Payments request for DCNG is increased by \$60,000 to align the budget with the President's budget request.

DCNG's FY 2015 Federal Grant funds budget includes an increase of \$1,508,426 and 42.8 FTEs in Youth Programs to support the fully operational Youth ChalleNGe program.

Decrease: The proposed Local funds budget includes a reduction of \$527,300 and 12.5 FTEs in multiple programs to realign the budget with the anticipated increases in Federal Grant matches, mainly for Youth Programs. In Federal Grant funds, the agency decreased the budget in multiple programs by \$1,553,896 and 35.5 FTEs to offset the increases for Youth Programs.

Technical Adjustment: DCNG's Local funds budget includes an increase of \$1,103,392 to support maintenance costs for the Oak Hill Facility.

Mayor's Proposed Budget

Enhance: The District of Columbia National Guard's budget proposal reflects an increase of \$403,543 in Youth Programs to fund operating costs for the Youth ChalleNGe Program.

District's Proposed Budget

No Change: The District of Columbia National Guard's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Rapidly and efficiently respond with un-mobilized units to contingency requests from the Executive Office of the Mayor by providing contingency response to protect life and property and to support continuous operations for the government of the District of Columbia.

Objective 2: Ensure timely support to the District government during emergencies, civil disturbances, and natural disasters.

Objective 3: Increase the number of applicants, etc.

Division Description

The Homeland Security and Emergency Management Agency operates through the following 4 divisions:

Plans and Preparedness – coordinates the preparedness, response, and recovery efforts of the District and its federal and regional partners. The division is responsible for the creation, implementation, and revision of plans dictating the operational alignment and tempo of steady-state, threat-initiated, and incident-state scenarios.

This division contains the following 2 activities:

- **Planning** – provides training and education to individuals and organizations in the District of Columbia and surrounding jurisdictions with the goals of saving lives, protecting property, and safeguarding the environment; and
- **Training** – conducts training for emergency personnel and citizens.

Operations – serves as the central hub of information within HSEMA, processing and analyzing information from a myriad of sources and disseminating it to create situational awareness. Provides well-coordinated critical and essential services during and immediately after emergencies and disasters within the District of Columbia and surrounding jurisdictions. The goals of these services are to protect health and property, to expedite the return to a state of normality, and to guard against the effects of future disasters.

Homeland Security Grants – serves as the State Administrative Agent (SAA) for the Federal Homeland Security Grant programs that are awarded to the District of Columbia, and for grant programs awarded to the National Capital Region (NCR), which encompasses neighboring counties in Maryland and Virginia.

This division contains 11 activities in the following 2 categories:

- **Homeland Security/State** – identifies and mitigates threats, risks, and vulnerabilities within the District of Columbia; and
- **Homeland Security/Regional** – serves as the SAA for the Department of Homeland Security grants awarded to the District and the NCR.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Homeland Security and Emergency Management Agency has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Homeland Security and Emergency Management Agency's (HSEMA) proposed FY 2015 gross budget is \$109,552,607, which represents a 16.7 percent increase over its FY 2014 approved gross budget of \$93,892,951. The budget is comprised of \$2,085,250 in Local funds and \$107,467,357 in Federal Grant funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

HSEMA's FY 2015 CSFL budget is \$2,085,250, which represents a \$58,433, or 2.9 percent, increase over the FY 2014 approved Local funds budget of \$2,026,818.

CSFL Assumptions

The FY 2015 CSFL calculated for HSEMA included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$51,291 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$7,142 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: HSEMA's budget proposal for Local funds includes a net personal services increase of \$2,292 in multiple programs, mainly to support salary steps and Fringe Benefit costs. In Federal Grant funds, the agency proposes an increase of \$15,019,316 in the Homeland Security Grants division due to anticipated increases in federal funding for the FY 2015 award. Additionally, in Federal Grant funds, the budget includes a personal services increase of \$1,120,745 to reflect the reclassification of employees from part-time to Regular Pay - Continuing Full-Time status and an increase of \$527,198, mainly in Other Services and Charges, due to increased grant funding.

Decrease: HSEMA's Local nonpersonal services budget was reduced by \$2,292 in the Agency Management division to offset the personal services increases. In Federal Grant funds, HSEMA's budget includes a reduction of \$1,066,036 in the budget for part-time employees to offset the increase for Regular Pay - Continuing Full-Time employees.

Mayor's Proposed Budget

No Change: The Homeland Security and Emergency Management Agency's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Homeland Security and Emergency Management Agency's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Planning and Preparedness Division

Objective 1: Establish, promulgate, and institutionalize a standardized preparedness planning system that delineates the structure, plans, process, and personnel needed to effectively execute the District's preparedness planning activities.

Objective 2: Identify the District's greatest risks, prioritize our preparedness efforts according to those risks, and enhance capabilities that address the risks through the engagement of District, regional, federal, and private sector partners when appropriate.

Objective 3: Ensure compliance with Homeland Security Exercise and Evaluation Program (HSEEP) requirements and the National Incident Management System (NIMS).¹

Performance Plan Endnotes:

¹HSEEP is a capabilities and performance-based exercise program, which provides a standardized policy, methodology, and terminology for exercise design, development, conduct, evaluation, and improvement planning. HSEEP Policy and Guidance is presented in detail in HSEEP Volumes I-III, US Department of Homeland Security. Adherence to the policy and guidance presented in the HSEEP Volumes ensures that exercise programs conform to established best practices and helps provide unity and consistency of effort for exercises at all levels of government. https://hseep.dhs.gov/pages/1001_About.aspx.

²The Planning and Preparedness Division will review and examine each HSEMA corrective action to ensure that they are valid and appropriate for implementation. Corrective actions may be implemented as part of a short-term or long-term strategy, or tabled until resources are available.

³The AARs may be a short AAR, Summary with Evaluations, Quick look, or full AAR depending on depth and breadth of exercise.

⁴This key performance indicator responds to DC Auditor Report (March 3, 2009) recommendation that HSEMA should regularly track and update the lists of Emergency Liaison Officers (ELOs).

⁵Procedures were changed following several activations to reflect the need to validate ELO contact information more frequently.

⁶Operations Division performs tests on the following systems three times daily: HMARS, RITTIS Login, TTDY, EMNET, RICCS, RSAN, Alert DC, Maryland Circuit, DCIO1 Radio Drop, WAWAS, NAWAS, DCFD Radio, MPD Radio, Conference Call System, Desk Telephone, WebEOC Login, HSEMA TAC1 800 Radio Group, Fax Machine, HSEMA Computer Monitors, Security Cameras/ Monitors, Copier Machine, Hotlines, Activu System, HSEMA Clocks.

⁷This key performance indicator responds to Mayor's Order 2012-61 (April 27, 2012), which mandates that each District of Columbia cabinet-level agency shall create or update their Continuity of Operations Plan (COOP), update the plan annually, exercise the COOP annually, evaluate, and if necessary, revise the COOP.

⁸DHS grants are audited annually in the District of Columbia's Single Audit of federal grant expenditures; it can be concluded that the fewer number of audit exceptions reported is an indicator of stronger management and oversight by HSEMA.

⁹Pursuant to 11.4 of the Grants Manual and Source Book, all District agencies must complete monitoring reports. All District agencies should be in compliance with this standard. The standard is 100 percent. This measure was previously tracked as a percentage but did not accurately reflect the progress of HSEMA, and tracking has been changed to raw numbers starting in FY 2013. This action has been approved by the Office of the City Administrator.

Program Description

The Commission on Judicial Disabilities and Tenure operates through the following 2 programs:

Judicial Disabilities and Tenure - provides administrative support to the Judicial Disabilities and Tenure Commission to ensure the Commission fulfills its mission, pursuant to section 11-1521 of the D.C. Official Code.

Agency Management - provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Commission on Judicial Disabilities and Tenure has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Commission on Judicial Disabilities and Tenure's proposed FY 2015 gross budget is \$295,000, which represents no change from the FY 2014 approved gross budget of \$295,000. The budget is comprised entirely of Federal Payments.

Agency Budget Submission

Increase: In order to align the budget with programmatic needs, the nonpersonal services budget was increased by \$3,680, primarily in Supplies and Materials as a result of projected costs for office supplies.

Decrease: The personal services budget reflects a net decrease of \$3,680 in Fringe Benefits. This decrease is based on the agency's three-year average spending.

Mayor's Proposed Budget

No Change: The Commission on Judicial Disabilities and Tenure's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Commission on Judicial Disabilities and Tenure's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Number of judicial reappointment evaluations completed ²	2	5	3	4	6	4
Number of senior judge reviews completed	17	13	12	12	13	15

Performance Plan Endnotes:

¹ The Commission's enabling statutes mandate the completion of judicial reappointment evaluations and senior judge reviews within strict time frames. The target numbers projected reflect the actual number of associate and senior judges of both Courts whose terms will expire during FY 2013 through FY 2015.

² The statutes mandate that Commission investigations are limited to matters concerning the conduct or health of a judge. The Commission complies with the statutory requirements, and the projection numbers reflected for complaints and investigations represent the average the Commission receives and conducts annually.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see **Schedule 30-PBB Program Summary by Activity** in the **FY 2015 Operating Appendices** located on the Office of the Chief Financial Officer's website.

FY 2015 Proposed Budget Changes

The Judicial Nomination Commission's (JNC) proposed FY 2015 gross budget is \$270,000, which represents no change from the FY 2014 approved gross budget of \$270,000. The budget is comprised entirely of Federal Payments.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

JNC's FY 2015 CSFL budget is \$0, which represents a \$65,000, or 100.0 percent, decrease from the FY 2014 approved Local funds budget of \$65,000.

CSFL Assumptions

The FY 2015 CSFL calculated for JNC includes an adjustment entry that is not described in detail on table 5. This adjustment includes a reduction of \$65,000 to account for the removal of one-time funding appropriated in FY 2014, which was used to obtain technical resources to enhance the agency's new online application system.

Agency Budget Submission

Technical Adjustment: On January 17, 2014, the Federal Payments budget for Appropriation Year 2014 was approved in the Consolidated Appropriations Act, 2014. The FY 2015 Federal Payments request for the Judicial Nomination Commission is increased by \$65,000 to align the budget with the President's budget request.

Mayor's Proposed Budget

No Change: The Judicial Nomination Commission's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Judicial Nomination Commission's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of the Office of Police Complaints (OPC) is to increase public confidence in the police and promote positive community-police interactions.

Summary of Services

OPC receives, investigates, adjudicates, and mediates police misconduct complaints filed by the public against the Metropolitan Police Department (MPD) and the District of Columbia Housing Authority (DCHA) police officers. In addition to these responsibilities, the agency issues policy recommendations to the Mayor, the Council of the District of Columbia, and the Chiefs of Police of MPD and DCHA's Office of Public Safety proposing reforms that will promote greater police accountability by reducing the level of police misconduct or improving the citizen complaint process.

Program Description

The Office of Police Complaints operates through the following 4 programs:

Complaint Resolution – investigates, adjudicates, and mediates misconduct complaints against sworn officers of MPD and DCHA in a fair, impartial, and timely manner.

This program contains the following 3 activities:

- **Investigation** – investigates and produces reports related to complaints of misconduct against sworn MPD and Office of Public Safety (OPS) officers;
- **Adjudication** – renders final determinations of police misconduct complaints against sworn officers of MPD and OPS; and
- **Mediation** – provides a forum for complainants and subject officers to interact and develop a better awareness and understanding of the incident that led to the filing of a misconduct complaint and, if possible, reach an agreement to resolve the conflict.

Public Relations – informs and educates the public through outreach concerning OPC’s mission, authority, and processes to ensure that the agency's services can be fully accessed; performs liaison functions between the office, other District agencies, and the public.

Policy Recommendation – proposes to the Mayor, District Council, and Chiefs of Police for MPD and DCHA improvements concerning the citizen complaint process and the elements of management of the covered law enforcement agencies that have a bearing on police misconduct, such as recruitment, training, evaluation, discipline, and supervision of police officers.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Police Complaints has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Police Complaints' (OPC) proposed FY 2015 gross budget is \$2,241,298, which represents a 6.2 percent increase over its FY 2014 approved gross budget of \$2,110,487. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OPC's FY 2015 CSFL budget is \$2,192,481, which represents an \$81,994, or 3.9 percent, increase over the FY 2014 approved Local funds budget of \$2,110,487.

CSFL Assumptions

The FY 2015 CSFL calculated for OPC included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$78,026 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$3,968 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: OPC's Local fund budget increased by \$48,666 in personal services across multiple programs to properly align the budget with the agency's priorities for improving customer service and supporting projected salary step adjustments.

Decrease: OPC's Local funds budget decreased by \$48,666 across multiple programs to offset personal services increases.

Mayor's Proposed Budget

Enhance: The Office of Police Complaints' budget proposal reflects a Local fund increase of \$48,817 in nonpersonal services, primarily in the Complaint Resolution program to support the agency's contracting needs for mediation, complaint adjudication, and legal assistance services.

District's Proposed Budget

No Change: The Office of Police Complaints' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Resolve police misconduct complaints in an impartial, timely, and professional manner.

Objective 2: Promote positive community-police interactions through public education and awareness.

Objective 3: Enhance OPC's ability to effect police reform by issuing policy recommendations to the Mayor, the District Council, MPD, and DCHA.

KEY PERFORMANCE INDICATORS

Measure	FY 2012 Actual	FY 2013 Target	FY 2013 Actual	FY 2014 Projection	FY 2015 Projection	FY 2016 Projection
Percent of investigations completed and reports produced by the agency within six months	60.6%	60%	45.3%	60%	60%	60%
Percent of Complaint Examiner decisions issued within 120 days	92.9%	80%	88.2%	80%	80%	80%
Percent of complaints resolved through mediation ¹	7.6%	9%	6.7%	9%	9%	9%
Number of outreach activities sponsored or attended by OPC	24	24	28	24	24	24

Performance Plan Endnotes:

¹This Key Performance Indicator is also an industry measure. In assessing the effectiveness of mediation programs used by different police oversight agencies, experts in the field consider the percentage of all complaints that were successfully mediated by an oversight agency. See Samuel Walker, Carol Archbold, and Leigh Herbst, *Mediating Citizen Complaints Against Police Officers: A Guide for Police and Community Leaders*, U.S. Department of Justice, Office of Community Oriented Policing Services (2002). With 8.7 percent of its complaints resolved through mediation in FY 2011, OPC's performance places it at or near the top when compared to other mediation programs in the United States.

The mission of the District of Columbia Sentencing and Criminal Code Revision Commission is to implement, monitor, and support the District's voluntary sentencing guidelines, to promote fair and consistent sentencing policies, to increase public understanding of sentencing policies and practices, and to evaluate the effectiveness of the guidelines system in order to recommend changes based on actual sentencing and corrections practice and research.

Summary of Services

The Commission advises the District of Columbia on policy matters related to criminal law, sentencing and corrections policy. The Sentencing and Criminal Code Revision Commission Amendment Act of 2007 established permanent voluntary felony sentencing guidelines and requires the Commission to monitor and make adjustments as needed to promote sentencing policies that limit unwarranted disparity, while allowing adequate judicial discretion and proportionality. The sentencing guidelines provide recommended sentences that enhance fairness so that offenders, victims, the community, and all parties will understand the sentence, and sentences will be both more predictable and consistent. The commission provides analysis of sentencing trends and guideline compliance to the public and its representatives to assist in identifying sentencing patterns for felony convictions. In addition, the Advisory Commission on Sentencing Amendment Act of 2006 requires the commission to undertake a multi-year study of the District of Columbia Criminal Code reform, including analysis of current criminal statutes and developing recommendations for revisions to District's Criminal Code that promote clarity, consistency, and cohesiveness within the District's Criminal Code.

Program Description

The District of Columbia Sentencing and Criminal Code Revision Commission operates through the following 2 programs:

Data Collection, Analysis, and Implementation – undertakes sentencing-related research for the Commission and the Council; monitors and evaluates sentencing practices and trends in the District; and provides the sentencing guideline manual, assistance with the application of the guidelines, and training for criminal justice professionals to effectively and efficiently work within a structured sentencing system.

This program contains the following 5 activities:

- **ACS Offense and Offender Sentencing Database** – transfers data electronically from the court into the agency’s database, which includes both historic and real-time sentencing information. Criminal history information provided by Court Services and Offender Supervision Agency (CSOSA) is integrated into the agency database and matched with court sentencing information, enabling offender and offense-based analysis of the application of the sentencing guidelines and sentencing trends;
- **Sentencing Guidelines Monitoring** – monitors compliance with the recommended sentencing guidelines by using the agency's database. Departures from the sentencing guidelines are examined to determine if the guidelines may require modification or revision by the Commission to ensure their effectiveness;
- **Policy Reports and Proposals** – develops reports and recommendations for the Commission to improve and modify criminal justice programs focused on sentencing policy. In addition, revises and proposes recommendations to the D.C. Criminal Code to ensure clarity and consistency in the District’s criminal laws making their application more fair and efficient;

- **Sentencing Guidelines Training** – provides training to criminal justice professionals focusing on the calculation of criminal history, proper application of the guidelines, determination of the recommended guideline sentence, and recent revisions or modification to the sentencing guidelines. The Commission also monitors both Appellate and Supreme Court sentencing-related decisions and provides training on the impact of these rulings on the D.C. Sentencing Guidelines; and
- **Prep Sentencing Guidelines Materials** – develops and updates yearly the D.C. Sentencing Guideline manual, which contains offense rankings, sentencing protocol, special sentencing provisions, and other guideline related information. The Guideline manual is used by practitioners on a daily basis when applying the guidelines to felony convictions.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

FY 2015 Proposed Budget Changes

The District of Columbia Sentencing and Criminal Code Revision Commission's (SCCRC) proposed FY 2015 gross budget is \$1,401,315, which represents a 0.4 percent decrease from its FY 2014 approved gross budget of \$1,406,556. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

SCCRC's FY 2015 CSFL budget is \$1,401,315, which represents a \$5,241, or 0.4 percent, decrease from the FY 2014 approved Local funds budget of \$1,406,556.

CSFL Assumptions

The FY 2015 CSFL calculated for SCCRC included adjustment entries that are not described in detail on table 5. These adjustments were made for a decrease of \$13,319 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and an increase of \$8,078 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The budget proposal in Local funds includes an increase of \$16,017 in the Data Collection program to support the agency's contractual services. In the Management program, the Local funds support SCCRC's FY 2015 operational goals by including an increase of \$12,300 for the operation and maintenance of the agency's data systems and purchase of general office supplies.

Decrease: In Local funds, the budget proposal reflects a reduction of \$28,316 based on projected funding allocations for personal services. This adjustment is comprised of reductions of \$14,557 in the Management program and \$13,759 in the Data Collection program.

Mayor's Proposed Budget

No Change: The District of Columbia Sentencing and Criminal Code Revision Commission's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Promulgate the accurate, timely, and effective use of the sentencing guidelines in every felony case.

Objective 2: Promulgate compliance with the guidelines in at least 93 percent of all felony cases.

Objective 3: Analyze the District of Columbia's current criminal code and propose reforms in the criminal code to create a uniform and coherent body of criminal law in the District of Columbia.

Performance Plan Endnotes:

¹Judicial Compliance is considered an Industry Standard measure among Sentencing Commissions and a measure of the extent to which judges follow the sentencing guidelines when imposing a felony sentence. Compliance is defined as a judge imposing a sentence that is within the range recommended by the sentencing guidelines given the defendant's current offense and prior criminal history. The National Association of Sentencing Commissions identifies 80 percent compliance as standard, indicating the imposition of judicial discretion in 20 percent of cases.

The mission of the Office of the Chief Medical Examiner (OCME) is to ensure that justice is served and that the health and safety of the public is improved by conducting quality death investigations and certification, and providing forensic services for government agencies, health care entities, and grieving families.

Summary of Services

OCME provides forensic services to local and federal government agencies, health care providers, institutions of higher learning, and citizens in the District and metropolitan area. Forensic services include: forensic investigation and certification of certain deaths (i.e., deaths occurring as a result of violence (injury) as well as those that occur unexpectedly, without medical attention, in custody, or pose a threat to public health); review of deaths of specific populations; grief counseling; performance of a full range of toxicological examinations; cremation approvals; and public dispositions of unclaimed remains.

Division Description

The Office of the Chief Medical Examiner operates through the following 5 divisions:

Death Investigations and Certifications – is responsible for forensic pathology, forensic investigation, and forensic support services. Forensic pathology involves conducting decedent examination, determining the cause and manner of death and providing that information to next of kin, law enforcement, designated government entities, and interested parties. Forensic investigation includes evidence-gathering, medical interpretation, and provision of information to aid in the determination of the cause and manner of death. The purpose of forensic support services is to provide body disposition and autopsy support to forensic pathology staff and the funeral industry.

This division contains the following 3 activities:

- **Forensic Pathology** – provides, in a timely manner, decedent external and/or internal examination, documentation (i.e., medical transcription), and analysis services to law enforcement, government agencies, interested parties, and families to determine and understand the cause and manner of death;
- **Forensic Investigations** – provides information, evidence gathering, and medical interpretation services to OCME, law enforcement agencies, legal counsel, and the community to identify decedents and determine the cause and manner of death; and
- **Forensic Support Services** – provides body disposition and autopsy support services to OCME, the funeral industry, and the public so that they can have a body that is properly prepared for autopsy or disposition in a timely manner.

Forensic Toxicology – maintains standards of practice for the detection, identification, and quantization of alcohol, drugs, and other toxins in biological specimens. The laboratory provides scientific support services to OCME so that the agency may provide accurate death investigation information in a timely manner to the next of kin, law enforcement agencies, legal counsel, and the community, when required. It also provides services to various external government entities regarding specified types of testing.

Fatality Review Committees – reviews the circumstances of the deaths of individuals within certain populations, including their interaction with District government services. The purpose of the reviews is to provide analysis and recommendations to the public and District entities serving defined populations so that they can address systemic problems and provide better services.

Administrative/Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

The Office of the Chief Medical Examiner has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of the Chief Medical Examiner's (OCME) proposed FY 2015 gross budget is \$9,518,949, which represents an 8.3 percent increase over its FY 2014 approved gross budget of \$8,789,575. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OCME's FY 2015 CSFL budget is \$9,225,501, which represents a \$435,926, or 5.0 percent, increase over the FY 2014 approved Local funds budget of \$8,789,575.

CSFL Assumptions

The FY 2015 CSFL calculated for OCME included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$133,610 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$25,315 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Additionally, OCME's CSFL funding for the Operating Impact of Capital reflects an adjustment for an increase of \$277,002 to account for the operating budget impact of completed capital projects.

Agency Budget Submission

Increase: OCME's budget proposal in Local funds includes a net increase of \$150,460 in personal services to support the projected expenditures for Overtime Pay in multiple divisions, primarily in the Forensic Toxicology division.

Decrease: To offset the increases in personal services, OCME reduced its nonpersonal services budget by a net of \$150,460, primarily in the Death Investigations and Certifications division.

Mayor's Proposed Budget

Enhance: The Office of the Chief Medical Examiner's Local personal services budget reflects an overall increase of \$293,448. This adjustment includes \$150,000 to support the salary shift of non-union employees to union, and \$143,448 to meet operational needs, primarily in the Death Investigations and Certifications division.

District's Proposed Budget

No Change: The Office of the Chief Medical Examiner's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Offices of the Chief and Administration

Objective 1: Complete initial steps toward agency accreditation; perform a needs assessment of agency operations within all divisions/units to identify gaps in staffing, work processes and service delivery; develop recommendations and solutions to address observed issues and gaps; and establish a phased implementation of such recommendations.

Objective 2: Maintain high quality office and system operations to support effective medicolegal death investigation, efficient and quality autopsy reporting, and accurate certification of deaths.

Death Investigation

Objective 1: Complete initial steps toward agency accreditation; perform a needs assessment of agency operations within all divisions/units to identify gaps in staffing, work processes and service delivery; develop recommendations and solutions to address observed issues and gaps; and establish a phased implementation of such recommendations.

Objective 2: Provide efficient, timely, and accurate death investigation and certification of cases within the jurisdiction of the agency as statutorily mandated.

Program Description

The Office of Administrative Hearings operates through the following 6 programs:

Judicial – ensures due process while working to improve the quality, efficiency, and efficacy of justice management. This program provides pretrial management, hearings, appeals, and mediations.

Court Counsel – supports the administrative court's judicial function by assisting judges in legal analysis, research, and drafting orders and notices; ensures agency compliance with applicable laws; assists with the tracking of legislative and regulatory initiatives; and maintains the law library.

Clerk of Court – provides an efficient intake of cases and supports the agency's case management system and caseload reporting, maintains forms and documentation, and serves as the primary customer service interface.

Executive – provides agency direction and performance oversight, including administering the agency's infrastructure and related support services and functions.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Administrative Hearings has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Administrative Hearings' (OAH) proposed FY 2015 gross budget is \$10,404,300, which represents a 9.3 percent increase over its FY 2014 approved gross budget of \$9,516,654. The budget is comprised of \$8,703,036 in Local funds, \$60,000 in Federal Medicaid Payments, and \$1,641,264 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OAH's FY 2015 CSFL budget is \$8,703,036, which represents a \$470,669, or 5.7 percent, increase over the FY 2014 approved Local funds budget of \$8,232,367.

CSFL Assumptions

The FY 2015 CSFL calculated for OAH included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$227,840 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and an increase of \$17,829 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. Additionally, OAH's CSFL funding reflects an adjustment for an increase of \$225,000 to account for the reversal of one-time salary lapse in FY 2014.

Agency Budget Submission

Increase: The FY 2015 Local funds budget proposal for nonpersonal services was increased by \$80,411, primarily in the Judicial program, to support projected increases in contractual costs for hearings, appeals, and mediations. Additionally, the Intra-District budget reflects increases of \$370,000 to support the establishment of a new contract with the D.C. Health Exchange agency for the Affordable Healthcare Program, and \$57,976 in personal services to reflect projected changes in salary steps and Fringe Benefit costs.

Decrease: The Local funds personal services budget was decreased by \$22,400 to reflect a lower Fringe Benefit rate from FY 2014. Additional Local fund decreases include \$58,011, primarily from Supplies and Materials, as an offset to the proposed contractual services increases. The Intra-District budget was also reduced by \$11,000 due to the discontinuance of a Memorandum of Understanding with the D.C. Lottery and Charitable Games Control Board.

Mayor's Proposed Budget

No Change: The Office of Administrative Hearings' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: The Office of Administrative Hearings' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of the Criminal Justice Coordinating Council (CJCC) is to serve as the forum for identifying issues and their solutions, proposing actions, and facilitating cooperation that will improve public safety and the criminal and juvenile justice system of the District of Columbia for its residents, visitors, victims, and offenders.

Summary of Services

Provide a forum for effective collaboration and problem solving among criminal and juvenile justice agencies. Identify, develop, and coordinate innovative interagency solutions to address District of Columbia public safety challenges. Research and analyze critical issues identified by the criminal and juvenile justice system. Facilitate and provide long-term performance monitoring of collaborative solutions to public safety and criminal justice challenges.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The Criminal Justice Coordinating Council (CJCC) operates through the following 4 programs:

Research, Analysis and Evaluation – enhances the knowledge base of the justice community in the District so that informed decisions and strategic planning occur based on factual information and evaluation of initiatives to determine their value.

This program contains the following 2 activities:

- **Research, Analysis and Evaluation (Fed and ID)** – enables CJCC agencies with sound approaches to emerging or chronic challenges within the District’s criminal justice system to plan effectively and measure the effectiveness of key CJCC initiatives and committee progress for the year to determine success and to recommend initiatives for replication.

Collaboration and Planning Across Justice Agencies – provides a structure for joint work by District, federal, and judicial criminal justice and juvenile justice stakeholders toward a stronger and more responsive justice system.

This program contains the following 4 activities:

- **Operational Infrastructure (Local and Fed)** – provides an operational infrastructure for criminal justice agencies across the city to identify public safety priorities and to plan and solve problems;
- **Topical Work Groups (Fed)** – examines emerging and chronic trends and issues that impact multiple agencies in the District of Columbia’s criminal justice system, and provides recommendations that enable the CJCC to plan appropriate responses; and
- **CJCC Meetings (Fed)** – provides member agencies a regular forum to collectively review and consider the implementation of recommendations from committees, subcommittees, and workgroups, and provides research and training to address barriers and execute necessary action items.

Integrated Information Sharing System – connects criminal and juvenile justice agencies through technology to share public safety information and to mobilize effectively when responding to issues that extend beyond any one agency, by providing authorized criminal justice users an integrated criminal and juvenile justice information-sharing system called JUSTIS for effective tracking and monitoring of criminal activities across agencies and jurisdictions.

Agency Management (ASMP) – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Criminal Justice Coordinating Council has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Criminal Justice Coordinating Council's (CJCC) proposed FY 2015 gross budget is \$2,496,111, which represents a 3.7 percent increase over its FY 2014 approved gross budget of \$2,406,265. The budget is comprised of \$526,107 in Local funds, \$1,900,000 in Federal Payments, and \$70,004 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CJCC's FY 2015 CSFL budget is \$526,107, which represents a \$10,539, or 2.0 percent, increase over the FY 2014 approved Local funds budget of \$515,568.

CSFL Assumptions

The FY 2015 CSFL calculated for CJCC included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$4,415 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$6,124 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: In order to facilitate systemic changes across the District's juvenile and criminal justice system through shared commitments and collaboration, CJCC proposes an increase of \$68,270 in Local funds. This adjustment supports funding for a portion of the Justice Information System (JUSTIS) contract that pertains to a web-based application, developed and administered by CJCC.

Decrease: The proposed adjustments in CJCC's Local funds budget enable the agency to reinforce the achievement of its operational goals through the use of integrated information technology systems. The budget for personal services is therefore reduced by \$68,270 to free up funding in support of the JUSTIS contract.

The budget proposal for Intra-District funds includes a reduction of \$20,693 due to a modification in the Memorandum of Understanding with the Office of Justice Grant Administration for the Compliance Monitoring sub-grant.

Technical Adjustment: On January 17, 2014, the Federal Payments budget for Appropriation Year 2014 was approved in the Consolidated Appropriations Act, 2014. The FY 2015 Federal Payments request for the Criminal Justice Coordinating Council is increased by \$100,000 to align the budget with the President's budget request. The allocation of the additional funding of \$100,000 in CJCC's Federal Payments budget reflects an increase of \$268,023 to support projected personal services costs related to salary steps, cost-of-living adjustment, and Fringe Benefits, and a decrease of \$168,023 in nonpersonal services that partially offsets funding for personal services.

Mayor's Proposed Budget

No Change: The Criminal Justice Coordinating Council's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

Enhance: In support of JUSTIS, CJCC's budget proposal increased by 1.0 FTE in the Integrated Information System program. Existing budget within the agency will fund the new position.

Agency Performance Plan

The agency's performance plan has the following objectives for FY 2015:

Objective 1: Improve multi-agency collaboration and planning and encourage data-driven decision-making by providing CJCC members with updated information and analysis.

Objective 2: Provide a multi-agency structure to facilitate strategic planning, tracking priorities, evaluating progress, generating reports, and implementing pilot projects.

Objective 3: Assist member agencies with information sharing across the federal and local criminal justice system.

The mission of the Office of Unified Communications (OUC) is to provide a fast, professional, and cost-effective response to emergency (911) and non-emergency (311) calls in the District. The OUC also provides centralized, District-wide coordination and management of public safety voice radio technology and other public safety wireless and data communication systems and resources.

Summary of Services

The 911 Operations Division develops and enforces policy directives and standards regarding public safety communications. The 311 Operations Division processes city service requests and handles telephone reporting of specific crimes. The Technology Operations Division operates and maintains public safety voice radio technology and oversees all land and mobile radio systems tied to the response network. The Transcriptions Division provides audio transcribing for the District of Columbia Metropolitan Police Department (MPD), the District of Columbia Fire and Emergency Services (FEMS), and the 311 Operations Division. Agency Management administers programs supporting the call center and public safety communications. In addition, Agency Management oversees the employee performance management system, new employee training, and in-service training for OUC personnel.

Division Description

The Office of Unified Communications operates through the following 6 divisions:

Emergency (911) Operations – receives and processes 911 calls accurately and efficiently. Police and fire incidents are created through Computer-Aided Dispatch (CAD) and transferred to the Fire and Emergency Medical Services Department (FEMS) and/or the Metropolitan Police Department (MPD), as well as additional agencies in the National Capital Region (NCR), by voice transmission and computer-to-computer dispatch. Emergency Operations personnel receive ongoing training and updates through the training unit. The policy unit is also part of the division.

This division contains the following 4 activities:

- **911 Call Taking** – processes calls for emergency response;
- **911 Dispatching** – dispatches calls for emergency services to first responders of MPD and FEMS;
- **911 Training** – provides training to emergency call takers and dispatchers to accurately and expeditiously handle calls for emergency service; and
- **Quality Assurance** – maintains and monitors performance.

Non-Emergency (311) Operations – serves as the access point for customers seeking assistance in situations that are not life-threatening, not serious, or not currently in progress. It is the single access number for constituents, residents, and visitors in search of District government services and information.

This division contains the following 2 activities:

- **Customer Service** – provides customer service policies and directives and administers related quality assurance activities; and
- **311 Call Taking** – processes calls for non-emergency city services.

Technology Operations – provides centralized District-wide coordination and management of public safety and other city services communication technology including voice radio, 911/311 telephony, CAD systems, customer interaction relationship management (CIRM) systems, mobile data computing systems (MDC), and other technologies such as wireless and data communication systems and resources.

This division contains the following 4 activities:

- **911 and 311 Telephone Operations** – responsible for the maintenance and upkeep of all voice and data telecommunications equipment located in two separate locations. The infrastructure consists of mission-critical voice, video, and data equipment staffed by engineering and technical personnel 24 hours per day, 365 days a year;
- **Radio Engineering** – responsible for all radio engineering planning, coordination, implementation, and operation of the District’s Public Safety Radio Networks in order to ensure adequate support to the city’s first responders. This includes maintaining, upgrading, and supporting all radio communications for FEMS and MPD;
- **Information Technology (IT) Management** – responsible for enhancing the overall operations of the OUC IT group by managing, coordinating, and updating the different processes within the IT group. IT Management maintains all procurement and documentation for the OUC IT group and supports the agency through IT help desk support and application management; and
- **Mobile Data Computing** – responsible for the maintenance and equipment replacement related to mobile data computing, which is technology that enables public safety first-responders to receive critical and developing information while in the field. The OUC is responsible for the mobile data terminals utilized by MPD and FEMS, which are critical in determining the closest response units for deployment using GPS, text-messaging, and video feeds, which are essential components in Next Generation-911.

Transcription and Quality – provides audio transcriptions of conversations between field providers, call takers, dispatchers, and callers requesting emergency and non-emergency service to members of MPD and FEMS and other public safety and governmental organizations.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Division Structure Change

The Office of Unified Communications has no division structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of Unified Communications' (OUC) proposed FY 2015 gross budget is \$43,759,607, which represents a 0.6 percent decrease from its FY 2014 approved gross budget of \$44,013,830. The budget is comprised of \$28,250,102 in Local funds, \$15,231,328 in Special Purpose Revenue funds, and \$278,178 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OUC's FY 2015 CSFL budget is \$28,550,102, which represents a \$1,200,325, or 4.4 percent, increase over the FY 2014 approved Local funds budget of \$27,349,777.

CSFL Assumptions

The FY 2015 CSFL calculated for OUC's included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$125,000 to account for the removal of one-time funding appropriated in FY 2014 for the in-person 911 call emergency call training for staff. Additionally, adjustments were made for an increase of \$1,150,325 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013. OUC's CSFL also reflects an increase of \$175,000 to account for the restoration of one-time salary lapse funds in FY 2015.

Agency Budget Submission

Increase: The OUC Local funds budget reflects an increase of \$24,080 in the Agency Management division for projected fleet maintenance based on the projections from the Department of Public Works.

In Special Purpose Revenue (SPR) funds, the budget increased by \$1,216,613, primarily in the Technology Operations division for professional services and information technology software maintenance fees.

Intra-District funds increased in the Non-Emergency Operations (311) division by \$17,205 for adjustments to salary, step, and Fringe Benefits.

Decrease: In Local funds, funding allocation for personal services decreased by \$24,080 to absorb projected increases for fleet maintenance.

The agency made an adjustment in SPR funds to decrease the funding allocation for office supplies by \$20,750 based on a lower need. Furthermore, in SPR funds, the budget proposal for Fixed Costs was decreased by \$67,617 in the Agency Management division based on the Telecommunications estimates provided by the Office of Finance and Resource Management. In FY 2015, OUC does not require the same level of SPR fund resources after the purchase of office equipment and furniture for the call centers in FY 2014. This realignment of SPR resources is reflected in a decrease in the Technology Operations division totaling \$2,300,000 in equipment costs.

Mayor's Proposed Budget

Reduce: The Local funds budget includes a reduction of \$300,000 to reflect a one-time adjustment of personal services costs in FY 2015, based on projected salary lapse savings.

District's Proposed Budget

No Change: The Office of Unified Communications' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

Homeland Security Grants records Intra-District budget authority provided from multi-year grants from the Department of Homeland Security. These grants are under the purview of the Director of the District's Homeland Security and Emergency Management Agency.

Prior to FY 2005, Intra-District authority was provided within individual agency budgets. Until FY 2014, the Intra-District budget authority for Homeland Security Grants was provided at the request of the Director of the Homeland Security and Emergency Management Agency and was reflected as a revised budget. Effective FY 2014, available unspent, unobligated multi-year Intra-District budget authority will be provided during budget formulation.

The agency's FY 2015 proposed budget is presented in the following tables:

FY 2015 Proposed Budget Changes

Homeland Security Grants' proposed FY 2015 gross budget is \$5,341,920, which represents a 16.2 percent decrease from its FY 2014 approved gross budget of \$6,375,612. The budget is comprised entirely of Intra-District funds.

The Homeland Security and Emergency Management Agency sub-grants several multi-year federal grant dollars to various District agencies through the intra-District transfer process. Homeland Security Grants is the vehicle used to track and record the intra-District transactions with the various agencies. Prior to FY 2014 budget formulation, budget authority was not given until after the beginning of each fiscal year. To avoid the delay in making funds available at the beginning of the fiscal year and to improve the efficiency of the intra-District process, the agency proposes an Intra-District budget of \$5,341,920 in nonpersonal services, with no FTEs. The proposed budget includes \$3,741,920 in Contractual Services - Other and \$1,600,000 in Other Services and Charges.

Furthermore, the breakdown by program of the multi-year Memoranda of Understanding (MOUs) is as follows: three agencies within the Homeland Security Grants (Public Safety) program totaling \$4,962,570, which includes the Metropolitan Police Department, the Fire and Emergency Medical Services Department, and the Office of Unified Communications; one agency within the Homeland Security Grants (Human Support) program, the Department of Health, in the amount of \$307,350; and one agency within the Homeland Security Grants (Government Direction) program, Serve DC, in the amount of \$72,000.

Agency Budget Submission

Increase: Homeland Security Grants' proposed FY 2015 Contractual Services - Other budget was increased by \$916,903. Additionally in the Homeland Security Grants (Public Safety) program, the Other Services and Charges budget was increased by \$768,380, to align the budget with the intra-District and projected grant awards for FY 2015.

Decrease: Homeland Security Grants' proposed FY 2015 budget includes several nonpersonal services reductions, primarily due to a large number of expiring grants, for which future federal support has not been identified. These adjustments include a decrease of \$16,466, which constitutes a decrease of \$12,500 in Supplies and Materials and \$3,966 in Telecommunication services to eliminate the budget from the prior year. Additionally, the budget reflects reductions of \$150,000 from the Homeland Security Grants (DRES) program, \$432,387 from the Homeland Security Grants (Public Works) program, and \$493,934 from the Homeland Security Grants (Government Direction) program. The budget for Equipment and Equipment Rental was also decreased by \$804,807, which constitutes a decrease of \$797,301 in the Homeland Security Grants (Public Safety) program and \$7,506 in the Homeland Security Grants (DRES) program. In addition, the agency's Contractual Services – Other budget was decreased by \$821,382 from the Homeland Security Grants (Human Support) program to align the budget with anticipated grant awards and intra-District transactions with several agencies.

Mayor's Proposed Budget

No Change: Homeland Security Grants' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

District's Proposed Budget

No Change: Homeland Security Grants' budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of the Department of Forensic Sciences (DFS) is to produce high-quality, timely, accurate, and reliable forensic science with the use of the best available technology and practices, unbiased science, and transparency with the overall goal of enhancing public health and safety.

Summary of Services

DFS provides independent analysis of evidence and samples submitted by agencies within the District of Columbia and its federal neighbors. The Forensic Science Laboratory Division analyzes evidence submitted from criminal cases, including DNA, fingerprints, firearms, materials, and digital evidence. DFS also provides expert witness testimony in defense of their analytical reports in the District's courts of law. The Public Health Laboratory Division provides diagnostic and analytical testing for biological pathogens and chemical agents from clinical, environmental, or food sources and provides emergency response testing. The Crime Scene Sciences Division provides the collection, analysis, processing, and preservation of evidence found at crime scenes in the District. The DFS Directorate supports the work of the entire agency through strategic direction, training, quality assurance, research, recruitment and hiring of personnel, information technology, data management, fleet management, procurement, and other administrative support services.

Program Description

The Department of Forensic Sciences operates through the following 4 programs:

Investigative Forensic Services – supports the evidence analysis that is typically needed by law enforcement entities within the District of Columbia.

This program contains the following 6 activities:

- **Administrative and Support Services** – provides administrative support for the needs of the Investigative Forensic Lab;
- **Forensic Biology Unit** – provides support for DNA, blood and other biological evidence examination for human identification;
- **Trace Evidence Analysis** – provides support for hair, fiber and other materials evidence identification;
- **Fingerprinting Analysis** – provides support for fingerprint identification;
- **Firearms and Tool Mark Examination** – conducts ballistics and unique mark identification analysis on criminal firearms evidence; and
- **Digital and Documents** – provides photographic and computer analysis of evidence used to solve crimes.

Public Health Laboratory Services – provides analytical and diagnostic support services within the District of Columbia government, as well as for free and nonprofit clinics.

This program contains the following 3 activities:

- **Administrative and Support Services** – provides administrative and ancillary support services for the Public Health Laboratory;
- **Biological Science Services** – provides testing for naturally occurring or man-made infectious agents responsible for human illness or mortality; and
- **Chemical Science Services** – provides testing for chemical agents in clinical or environmental specimens that negatively impact human health.

Crime Scene Sciences – provides the collection, analysis, processing, and preservation of evidence found at a crime scene that is critical to solving criminal cases in the District.

This program contains the following 3 activities:

- **Administrative and Support Services** – provides administrative support for the needs of the Crime Scene Sciences department;
- **Central Evidence Unit** – responsible for the intake and transfer of evidence with stakeholder agencies; and
- **Crime Scene Response** – provides the science applied at a crime scene to collect, analyze, process, and preserve evidence.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Department of Forensic Sciences has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Department of Forensic Sciences' (DFS) proposed FY 2015 gross budget is \$16,218,598, which represents a 22.2 percent increase over its FY 2014 approved gross budget of \$13,267,629. The budget is comprised of \$14,471,514 in Local funds, \$759,042 in Federal Grant funds, and \$988,042 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DFS' FY 2015 CSFL budget is \$12,847,363, which represents a \$456,651, or 3.7 percent, increase over the FY 2014 approved Local funds budget of \$12,390,712.

CSFL Assumptions

The FY 2015 CSFL calculated for DFS included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$30,000 to account for the removal of one-time funding appropriated in FY 2014 for vehicle leases for the Crime Scene Sciences division. Additionally, adjustments were made for increases of \$161,523 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$42,456 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent. DFS' CSFL funding for removal of one-time salary lapse reflects an increase of \$282,672.

Agency Budget Submission

Increase: The Department of Forensic Sciences' FY 2015 budget submission in Local funds reflects an increase of \$1,132,909 and 6.2 FTEs to align continuing full-time positions and Fringe Benefits with projected costs.

Federal Grants funds were increased by \$230,041 in personal services to support 3.0 FTEs in the Investigation Forensic Services division. In addition, nonpersonal services increased by \$98,480 to support costs related to purchases of medical, surgical, and laboratory supplies.

The Intra-District funds budget increased by \$291,645 to support a new Memorandum of Understanding (MOU) with the Deputy Mayor for Public Safety and Justice. The MOU will support an additional 2.1 FTEs and provide testing services for victims of abuse or domestic violence and also cover laboratory costs.

Decrease: The Local funds budget proposal for personal services includes a reduction of \$441,886 to recognize savings from a reduction in 8.0 FTEs. Additionally, nonpersonal services reflect a decrease of \$691,023 to partially offset projected increases in personal services costs.

Mayor's Proposed Budget

Enhance: The FY 2015 proposed budget includes an increase of \$1,418,146 and 7.8 FTEs to support the digital evidence unit staffing, public health laboratory operations, agency harmonization shift work, and a secure network connection to MPD.

District's Proposed Budget

Enhance: The Local funds budget proposal increased by \$206,005 to support the Laboratory Director's position. The budget in Intra-District funds includes an increase of \$250,000 to account for the transfer of the Public Health Laboratory's federal grant funds from the Department of Health via intra-District agreement.

Performance Plan Endnotes:

- ¹All performance metrics use the definitions of the FORESIGHT method; see Appendix A.
- ²In FORESIGHT terms, turnaround time is measured as the time in days from receipt of evidence to the issuance of a report in a case.
- ³FORESIGHT AVERAGE IS 44.
- ⁴FORESIGHT AVERAGE IS 80.

- ¹⁰For this table, “Unk” means that the previous agency either did not collect this data or collected it in a way that conflicts with the FORESIGHT approach; the values for these entries are therefore unknown.
- ¹¹FORESIGHT AVERAGE IS 269.
- ¹²The Fingerprint Analysis Unit lost 2.0 FTEs, one who stayed at MPD (and did not transfer) and another by attrition.
- ¹³FORESIGHT AVERAGE IS 170.
- ¹⁴Measures for the Firearms Examination Unit prior to FY 2013 included test fires.
- ¹⁵FORESIGHT measure; FORESIGHT is a business benchmarking project of the National Institute of Justice and West Virginia University; see <http://www.be.wvu.edu/forensic/foresight.htm>.
- ¹⁶FORESIGHT metrics were created for forensic laboratory operations but are transferable to public health laboratory operations; this has yet to be done and is an ongoing project with the Centers for Disease Control. Once developed and put in place for FY 2014, these values will be provided in the FY 2015 Performance Plan.
- ¹⁷Any requests for clinical samples from a hospital. See Initiative 1.2.
- ¹⁸Response time for CSS is the time in minutes from when DFS is notified that services are requested by a stakeholder to arrival at the scene.
- ¹⁹For this table, CSS was not operational yet and, therefore, could not provide the services listed. These are projected measures for out-years.
- ²⁰Turnaround time is the same as for FSL and is measured as the time in days from receipt of evidence (for CSS, collection at the scene) to the issuance of a report in a case (results of processing or analysis).
- ²¹Accreditation is an external recognition that an agency meets certain standards of quality and process. Accreditation is comprehensive, including the entirety of operations, from administration to documentation to policies to protocols to staff and even signage.

The mission of the Office of the Deputy Mayor for Public Safety and Justice is to provide direction, guidance, support, and coordination to the District's public safety agencies to develop and lead interagency public safety initiatives that improve the quality of life in the District's neighborhoods.

Summary of Services

The Office of the Deputy Mayor for Public Safety and Justice was created in January 2011 to provide guidance, support, and coordination of public safety and justice agencies of the District. In the FY 2012 budget, the role of the agency was expanded to include oversight of service programs that previously had operated as independent agencies. This structure has enhanced the oversight function and improved service delivery.

The agency's FY 2015 proposed budget is presented in the following tables:

Program Description

The Office of the Deputy Mayor for Public Safety and Justice operates through the following 7 programs:

Access to Justice – provides financial assistance to organizations and individuals who provide direct civil legal services to low-income and underserved District residents.

This program contains the following 2 activities:

- **Access to Justice** – provides financial assistance to organizations and individuals who provide direct civil legal services to low-income and underserved District residents; and
- **Poverty Lawyer Loan Repayment Assistance Program** – provides educational loan repayment assistance to lawyers who live and work in the District of Columbia and are employed in areas of legal practice that serve low-income residents.

Homeland Security/Continuity of Operation Plan (COOP) – provides direction, planning and coordination to local and regional partners to ensure that the Public Safety and Justice cluster is ready to respond to an emergency of any size, and implements a comprehensive COOP framework that allows Public Safety and Justice cluster agencies to continue essential criminal justice functions during an emergency affecting normal operations.

Office of Victim Services – provides Federal grants and administers the District Crime Victims Assistance fund and Local funds that support victims of domestic violence, sexual assault, homicide, child abuse, assault, and neglect by providing safe temporary transitional housing for victims of domestic violence; coordinates with area hospitals to improve their rape-trauma services and counseling; maintains outreach programs to area teens and residents regarding dynamics and impact of victimization from violent crime; and provides direction to the Executive Office of the Mayor on law and policies that enhance victims’ rights to justice, care, and safety in the aftermath of a crime.

Justice Grants Administration (JGA) – receives and accounts for United States Department of Justice grants awarded to the District of Columbia and provides resources to governmental and non-governmental organizations with an emphasis on improving District public safety and justice issues. The JGA manages the life-cycle of Federal and Local grants, subgrants, and pass-through funds to other non-profit and government agencies in compliance with federal and local grant guidelines. JGA is responsible for gathering stakeholder input and identifying cross-cutting funding priorities each year; identifying subgrantees that are well-positioned to advance these funding priorities; and providing financial, administrative, and programmatic oversight, training, and technical assistance to ensure program outcomes are achieved.

Corrections Information Council (CIC) – provides comprehensive inspections of District prisoners and represents their interests and well-being in the Federal Bureau of Prisons facilities. The CIC consist of three members, two appointed by the Mayor and one appointed by the Council of the District of Columbia.

Agency Oversight – provides administrative support to the Deputy Mayor of Public Safety and Justice while enhancing the Office’s ability to coordinate all of the agencies that report to the Deputy Mayor.

Administrative Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of the Deputy Mayor for Public Safety and Justice has no program structure changes in the FY 2015 proposed budget.

FY 2015 Proposed Budget Changes

The Office of the Deputy Mayor for Public Safety and Justice's (ODMPSJ) proposed FY 2015 gross budget is \$30,258,119, which represents an 18.7 percent increase over its FY 2014 approved gross budget of \$25,501,267. The budget is comprised of \$20,472,355 in Local funds, \$8,179,371 in Federal Grant funds, \$1,406,000 in Special Purpose Revenue funds, and \$200,393 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2014 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2015 CSFL adjustments to the FY 2014 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

ODMPSJ's FY 2015 CSFL budget is \$16,905,642, which represents a \$877,444, or 4.9 percent, decrease from the FY 2014 approved Local funds budget of \$17,783,086.

CSFL Assumptions

The FY 2015 CSFL calculated for ODMPSJ included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$1,000,000 to account for the removal of one-time funding appropriated in FY 2014 in Subsidies and Transfers to support grants related to truancy reduction. Additionally, adjustments were made for increases of \$40,822 in personal services to account for Fringe Benefit costs based on trend and comparative analyses and the impact of cost-of-living adjustments implemented in FY 2013, and \$81,734 in nonpersonal services based on the Consumer Price Index factor of 2.4 percent.

Agency Budget Submission

Increase: The FY 2015 proposed Local funds budget includes a net increase of 0.8 FTE in personal services across multiple programs due to personal services adjustments.

The agency proposes a net increase in Federal Grant funds of \$2,240,925 over the agency's FY 2014 approved budget, which consists of \$1,873,599 in the Crime Victims Assistance Program and \$367,326 for the Violence Against Women Act grant. The Intra-District budget reflects an increase of \$20,700 to support salary, steps increases, and cost-of-living adjustments in the Agency Oversight program.

Decrease: The FY 2015 proposed Federal Grant funds budget was decreased by \$22,936 and 0.1 FTE to reflect cost savings in personal services. The Special Purpose Revenue funds budget was decreased by \$171,106 based on projected fund balance in the Office of Victim Services program.

Mayor's Proposed Budget

Enhance: The Local funds budget was increased by \$1,000,000 in the Justice Grants Administration program to support existing funding for Truancy grants. The Access to Justice program is responsible for providing financial assistance to organizations and individuals who provide direct civil legal services to low-income and underserved District residents. ODMPSJ proposes an increase of \$450,000 in the Access to Justice program to further support this objective.

Additionally, the agency proposes an increase of \$149,000 and 3.0 FTEs in the Corrections Information Council program to support its goals. The 3.0 FTEs consist of an Administrative Assistant, an Outreach Assistant, and an Analyst position.

District's Proposed Budget

Enhance: The Local funds nonpersonal services budget was adjusted by a one-time increase of \$2,000,000 in the Justice Grants Administration (JGA) program to provide grants to District agencies to support the development of strategies for addressing truancy within the District. In addition, the budget reflects a nonpersonal services increase of \$16,713 in the JGA program to support the cost of transportation tokens/passes and birth certificates for returning citizens.

Reduce: In Local funds, ODMPSJ's budget includes a reduction of \$49,000 to reflect an adjustment of personal services costs based on projected salary lapse savings.
