

# (DB0) DEPT. OF HOUSING AND COMM. DEVELOPMENT

## **MISSION**

The Department of Housing and Community Development (DHCD) creates and preserves opportunities for affordable housing, promotes economic development, and revitalizes underserved communities in the District of Columbia.

## **BACKGROUND**

The DHCD Property Acquisition and Disposition Division (PADD) uses capital funding to transform vacant and abandoned residential properties in targeted neighborhoods into affordable housing opportunities. In FY 2010, the division created or rehabbed 45 housing units, of which 35 were affordable housing units, through the remediation of vacant properties. PADD acquired 37 properties at an average cost of \$57,771 per property, mostly from tax foreclosures and recaptures from non-performing developers and executed 37 disposition agreements for the redeveloped properties.

DHCD also enables the funding of street and public infrastructure improvements associated with its production of affordable housing and community developments. These infrastructure improvements are vital investments in the creation of over 500 new affordable units throughout the District. DHCD's capital budget provides gap financing to the DC Housing Authority (DCHA) to complete large-scale HOPE VI redevelopment projects. These projects will create more than 600 affordable units to replace the District's most severely distressed public housing.

## **CAPITAL PROGRAM OBJECTIVES**

1. Preserve and increase the supply of quality affordable housing.
2. Revitalize neighborhoods, promote community development, and provide economic opportunities.

## **RECENT ACCOMPLISHMENTS**

- PADD acquired 37 properties in FY 2010, including 12 in the targeted neighborhoods of Ivy City/Trinidad, Historic Anacostia, and Washington Highlands, and executed 37 disposition agreements District-wide.
- PADD created or rehabbed 45 total housing units through the remediation of vacant properties in FY 2010, including 35 affordable housing units.
- PADD collected \$52,410 from the sale of 11 properties, as well as \$610,637 in the recapture of properties and the closure of Homestead escrow accounts, as well as default proceeds from two of the auctioned properties.
- Demolished blighted and vacant apartment buildings in the Bellevue neighborhood to allow for the development of a 119-unit town home project and completed the design for infrastructure improvements, including lighting and signage, along South Capitol Street from MLK to Galveston Street, SW.
- Continued site infrastructure construction associated with development of 99 affordable rental and homeownership units in the Arthur Capper/Carrollburg HOPE VI project.

**Elements on this page of the Agency Summary include:**

- n **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- n **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - 4 **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - 4 **Budget Authority Thru FY 2017 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2012 through 2017
  - 4 **FY 2012 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - 4 **6-Year Budget Authority Thru 2017 :** This is the total 6-year authority for FY 2012 through FY 2017 including changes from the current fiscal year.
  - 4 **Budget Authority Request for 2013 through 2018 :** Represents the 6 year budget authority for 2013 through 2018
  - 4 **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2013 - FY 2018 (change in budget authority is shown in Appendix A).
- n **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- n **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- n **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

### Description:

The goals of the PADD are to encourage property owners to rehabilitate and occupy their properties, to acquire, dispose of, and rehabilitate properties when owners fail to maintain them, and to facilitate the development of affordable housing. The subproject consists of acquisition, assemblage, site preparations, and demolition and stabilization of property to promote housing, affordable housing, and economic development opportunities. Projects for acquisition are identified in areas where the District can make an investment to enhance and complement development projects being undertaken by the private or non-profit sectors, as well as neighborhoods with substantial concentrations of vacant and abandoned property. Acquisition methods include friendly sales, tax foreclosures, and eminent domain. Included are technical studies, appraisals, environmental assessments, title reviews, and other acquisition expenses, in addition to the actual cost of acquisition of real property. Also included are costs of demolition, site improvements and other site preparation costs associated with acquisitions of real property. Finally, once the property is owned by the District, this project pays for costs related to the rehabilitation and the stabilization of the real property, including but not limited to engineering and/or architectural reports and drawings, as well as the development of solicitation for offers. Disposition methods include solicitations for offers, auctions of scattered sites, a combination solicitation and lottery for developers and homebuyers, as well as negotiated sales. Future budget allotment will be paygo capital budget. The program will work closely with DCRA project for the abatement of vacant and blighted property.

### Justification:

The project is needed to transform vacant and abandoned residential properties into homeownership opportunities for residents at all income levels.

### Progress Assessment:

The project is progressing as planned.
