

The logo for the DC Department of Insurance, Securities and Banking (DISB) features the letters "DISB" in a bold, white, sans-serif font. The letters are centered within a dark blue rectangular box. Above and below the text are three horizontal white lines of varying lengths, creating a stylized frame.The text "2025 RX GUIDE" is displayed in a white, sans-serif font. The year "2025" is significantly larger than "RX GUIDE". The text is set against a light blue, semi-transparent rectangular background that is positioned over a blurred image of various pills and capsules.

MULTIPLE SCLEROSIS

If you or a family member covered under your health plan has a diagnosis of multiple sclerosis, knowing the cost of medications can help you make a more informed decision when selecting a plan.

This guide, developed by the DC Department of Insurance, Securities and Banking, provides an overview of several commonly prescribed drugs to treat multiple sclerosis. For each insurance company offering plans for sale on DC Health Link, the chart on the next page depicts the name of each drug along with the corresponding drug cost-sharing.

Reference the chart on the next page alongside the Summary of Benefits and Coverage (SBC) for your potential plan to get an idea of your out-of-pocket prescription costs. Once you have identified the drug's cost-sharing tier, use each plan's SBC on DC Health Link to find the actual out-of-pocket cost-sharing of the drug.

As you consider different plan options, also check your SBC to see whether your cost-sharing on prescription drugs will apply before or after you reach your deductible.

2025 Multiple Sclerosis Rx Review Guide

Reference your Summary of Benefits Coverage when comparing these plans.
