Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.

District of Columbia Direct Payment (Personal Advantage) Rate Filing Year 2015

Actuarial Memorandum

I, Giak Diang Tan Tan, Senior Actuarial Director for Kaiser Foundation Health Plan, Inc. (Kaiser) and Chief Actuary of Kaiser Permanente Insurance Company (KPIC), am a member of the American Academy of Actuaries. I meet the qualification standards for certifying Regulatory Filings for Rates and Financial Projections for Health Plans. This Actuarial Certification applies to the attached filing for a change in premium rates for Personal Advantage, the Direct Payment program. This actuarial memorandum documents the assumptions and sources of data pertaining to the development of Kaiser premium rates effective February, 2015.

The Revenue Requirement for 2015 is developed by accumulating medical and administrative expenses posted for the period May 2013 through April 2014 including the change in incurred but not reported estimates. Utilization and cost data from internal costs, fee for service claims, and prescription drug claims are trended to 2015. Trend considerations include historical trend by type of service, budget analysis for internal medical cost at Kaiser Medical Centers, contracts with fee for service providers and any additional information that would affect either the utilization or cost of services. A trend summary appears in Exhibit 3.

Retention is applied to the resulting claim cost PMPM to establish a projected revenue requirement for the block of business. Exhibit 1 shows the development of the Projected Revenue Target from the period Medical Cost Data. The final 2015 rate increase is applied to the base rates.

Kaiser moved from five-year to single-year age bands, but like last year, Kaiser has made a business decision to cap rates so that no renewing member should receive more than a 25% rate increase as a result of the combination of base rate increase and age band realignment. Therefore, the ultimate single-year age band rate slope will be achieved over a period of years.

The overall rate increase requested is 12.4%. The minimum rate change would be 11.2%, while the maximum rate change would be 13.4%. The maximum rate increase including demographic adjustments would be 18.9%.

Retention includes broker commissions, administrative expenses and capital contribution. Commissions are paid to Brokers of Record. The capital contribution is an amount to maintain and expand medical center facilities where members receive the majority of health care in the Kaiser Foundation Health Plan. As a group model HMO, Kaiser owns a significant portion of the health care delivery system. In other health care delivery models, capital contributions are included in fee for service payments whereas for Kaiser, these are funded through premium rates.

Pool Name	Pool Description
Old Pool	Grandfathered members in unisex rated, closed plans.
New Pool	Grandfathered members in unisex rated, closed plans.
Gender Pool	Grandfathered members in previously gender-rated closed plans.

The following Exhibits list the development of the Base Rates and subsequent factors that are applied to them, which will result in the ultimate rates:

- Exhibit 1 – Development of required rate increase.

- Exhibit 2 – Base rate for Old, New, and Gender pools and premium tax factor.
- Exhibit 4 – Plan factors and billing tier adjustment factors for closed, grandfathered Old and New Pool plans.
- Exhibit 5 – Age factors applied to closed, grandfathered Old and New Pool plans.
- Exhibit 6 – Rate-up factor for Old, New, and Gender Pool members who do not meet underwriting guidelines for standard rates.
- Exhibit 8 – Billing tier adjustment factors for Gender Pool.
- Exhibit 9 – Combined age and plan factors for grandfathered, previously gender-rated Gender Pool plans.

Certification

To the best of my knowledge, the rating methodologies of Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. comply with the applicable state laws and regulations pertaining to employer health insurance. Kaiser has instituted several initiatives designed to improve utilization management and lower costs to the Health Plan through selective contracting with providers. On the basis of these actions being successfully implemented by management, except where noted otherwise in this filing, the rating methodologies produce premiums that are reasonable in relation to benefits and are based on sound and commonly accepted actuarial principle.

Exhibit 6

Post-Health Care Reform Direct Pay Conditional Offering Guidelines

Applicant Aged 19+	Result
0-24	Offer coverage based on filed plans, factors, and rates.
25-40	Offer coverage based on filed plans, factors, and rates loaded by a factor of 1.35 to cover increased expected morbidity.
41+	Decline to offer coverage.
Applicant Aged 0-18	Result
0-24	Offer coverage based on filed plans, factors, and rates.
25+	Offer coverage based on filed plans, factors, and rates loaded by a factor of 1.35 to cover increased expected morbidity.

* Note underwriting is no longer used in rating, but this exhibit is attached to show how members received rate-up rates.

Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.

District of Columbia Direct Payment (Personal Advantage) Rate Filing Year 2015

Actuarial Memorandum

I, Giak Diang Tan Tan, Senior Actuarial Director for Kaiser Foundation Health Plan, Inc. (Kaiser) and Chief Actuary of Kaiser Permanente Insurance Company (KPIC), am a member of the American Academy of Actuaries. I meet the qualification standards for certifying Regulatory Filings for Rates and Financial Projections for Health Plans. This Actuarial Certification applies to the attached filing for a change in premium rates for Personal Advantage, the Direct Payment program. This actuarial memorandum documents the assumptions and sources of data pertaining to the development of Kaiser premium rates effective February, 2015.

The Revenue Requirement for 2015 is developed by accumulating medical and administrative expenses posted for the period May 2013 through April 2014 including the change in incurred but not reported estimates. Utilization and cost data from internal costs, fee for service claims, and prescription drug claims are trended to 2015. Trend considerations include historical trend by type of service, budget analysis for internal medical cost at Kaiser Medical Centers, contracts with fee for service providers and any additional information that would affect either the utilization or cost of services. A trend summary appears in Exhibit 3.

Retention is applied to the resulting claim cost PMPM to establish a projected revenue requirement for the block of business. Exhibit 1 shows the development of the Projected Revenue Target from the period Medical Cost Data. The final 2015 rate increase is applied to the base rates.

Kaiser moved from five-year to single-year age bands, but like last year, Kaiser has made a business decision to cap rates so that no renewing member should receive more than a 25% rate increase as a result of the combination of base rate increase and age band realignment. Therefore, the ultimate single-year age band rate slope will be achieved over a period of years.

The overall rate increase requested is 12.4%. The minimum rate change would be 11.2%, while the maximum rate change would be 13.4%. The maximum rate increase including demographic adjustments would be 18.9%.

Retention includes broker commissions, administrative expenses and capital contribution. Commissions are paid to Brokers of Record. The capital contribution is an amount to maintain and expand medical center facilities where members receive the majority of health care in the Kaiser Foundation Health Plan. As a group model HMO, Kaiser owns a significant portion of the health care delivery system. In other health care delivery models, capital contributions are included in fee for service payments whereas for Kaiser, these are funded through premium rates.

Pool Name	Pool Description
Old Pool	Grandfathered members in unisex rated, closed plans.
New Pool	Grandfathered members in unisex rated, closed plans.
Gender Pool	Grandfathered members in previously gender-rated closed plans.

The following Exhibits list the development of the Base Rates and subsequent factors that are applied to them, which will result in the ultimate rates:

- Exhibit 1 – Development of required rate increase.

- Exhibit 2 – Base rate for Old, New, and Gender pools and premium tax factor.
- Exhibit 4 – Plan factors and billing tier adjustment factors for closed, grandfathered Old and New Pool plans.
- Exhibit 5 – Age factors applied to closed, grandfathered Old and New Pool plans.
- Exhibit 6 – Rate-up factor for Old, New, and Gender Pool members who do not meet underwriting guidelines for standard rates.
- Exhibit 8 – Billing tier adjustment factors for Gender Pool.
- Exhibit 9 – Combined age and plan factors for grandfathered, previously gender-rated Gender Pool plans.

Certification

To the best of my knowledge, the rating methodologies of Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. comply with the applicable state laws and regulations pertaining to employer health insurance. Kaiser has instituted several initiatives designed to improve utilization management and lower costs to the Health Plan through selective contracting with providers. On the basis of these actions being successfully implemented by management, except where noted otherwise in this filing, the rating methodologies produce premiums that are reasonable in relation to benefits and are based on sound and commonly accepted actuarial principle.

Exhibit 6

Post-Health Care Reform Direct Pay Conditional Offering Guidelines

Applicant Aged 19+	Result
0-24	Offer coverage based on filed plans, factors, and rates.
25-40	Offer coverage based on filed plans, factors, and rates loaded by a factor of 1.35 to cover increased expected morbidity.
41+	Decline to offer coverage.
Applicant Aged 0-18	Result
0-24	Offer coverage based on filed plans, factors, and rates.
25+	Offer coverage based on filed plans, factors, and rates loaded by a factor of 1.35 to cover increased expected morbidity.

* Note underwriting is no longer used in rating, but this exhibit is attached to show how members received rate-up rates.

Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc.

District of Columbia Direct Payment (Personal Advantage) Rate Filing Year 2015

Actuarial Memorandum

I, Giak Diang Tan Tan, Senior Actuarial Director for Kaiser Foundation Health Plan, Inc. (Kaiser) and Chief Actuary of Kaiser Permanente Insurance Company (KPIC), am a member of the American Academy of Actuaries. I meet the qualification standards for certifying Regulatory Filings for Rates and Financial Projections for Health Plans. This Actuarial Certification applies to the attached filing for a change in premium rates for Personal Advantage, the Direct Payment program. This actuarial memorandum documents the assumptions and sources of data pertaining to the development of Kaiser premium rates effective February, 2015.

The Revenue Requirement for 2015 is developed by accumulating medical and administrative expenses posted for the period May 2013 through April 2014 including the change in incurred but not reported estimates. Utilization and cost data from internal costs, fee for service claims, and prescription drug claims are trended to 2015. Trend considerations include historical trend by type of service, budget analysis for internal medical cost at Kaiser Medical Centers, contracts with fee for service providers and any additional information that would affect either the utilization or cost of services. A trend summary appears in Exhibit 3.

Retention is applied to the resulting claim cost PMPM to establish a projected revenue requirement for the block of business. Exhibit 1 shows the development of the Projected Revenue Target from the period Medical Cost Data. The final 2015 rate increase is applied to the base rates.

Kaiser moved from five-year to single-year age bands, but like last year, Kaiser has made a business decision to cap rates so that no renewing member should receive more than a 25% rate increase as a result of the combination of base rate increase and age band realignment. Therefore, the ultimate single-year age band rate slope will be achieved over a period of years.

The overall rate increase requested is 12.4%. The minimum rate change would be 11.2%, while the maximum rate change would be 13.4%. The maximum rate increase including demographic adjustments would be 18.9%.

Retention includes broker commissions, administrative expenses and capital contribution. Commissions are paid to Brokers of Record. The capital contribution is an amount to maintain and expand medical center facilities where members receive the majority of health care in the Kaiser Foundation Health Plan. As a group model HMO, Kaiser owns a significant portion of the health care delivery system. In other health care delivery models, capital contributions are included in fee for service payments whereas for Kaiser, these are funded through premium rates.

Pool Name	Pool Description
Old Pool	Grandfathered members in unisex rated, closed plans.
New Pool	Grandfathered members in unisex rated, closed plans.
Gender Pool	Grandfathered members in previously gender-rated closed plans.

The following Exhibits list the development of the Base Rates and subsequent factors that are applied to them, which will result in the ultimate rates:

- Exhibit 1 – Development of required rate increase.

- Exhibit 2 – Base rate for Old, New, and Gender pools and premium tax factor.
- Exhibit 4 – Plan factors and billing tier adjustment factors for closed, grandfathered Old and New Pool plans.
- Exhibit 5 – Age factors applied to closed, grandfathered Old and New Pool plans.
- Exhibit 6 – Rate-up factor for Old, New, and Gender Pool members who do not meet underwriting guidelines for standard rates.
- Exhibit 8 – Billing tier adjustment factors for Gender Pool.
- Exhibit 9 – Combined age and plan factors for grandfathered, previously gender-rated Gender Pool plans.

Certification

To the best of my knowledge, the rating methodologies of Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. comply with the applicable state laws and regulations pertaining to employer health insurance. Kaiser has instituted several initiatives designed to improve utilization management and lower costs to the Health Plan through selective contracting with providers. On the basis of these actions being successfully implemented by management, except where noted otherwise in this filing, the rating methodologies produce premiums that are reasonable in relation to benefits and are based on sound and commonly accepted actuarial principle.

Kaiser Permanente Individual and Family Rate Filing
Exhibit 6

Post-Health Care Reform Direct Pay Conditional Offering Guidelines

Applicant Aged 19+	Result
0-24	Offer coverage based on filed plans, factors, and rates.
25-40	Offer coverage based on filed plans, factors, and rates loaded by a factor of 1.35 to cover increased expected morbidity.
41+	Decline to offer coverage.
Applicant Aged 0-18	Result
0-24	Offer coverage based on filed plans, factors, and rates.
25+	Offer coverage based on filed plans, factors, and rates loaded by a factor of 1.35 to cover increased expected morbidity.

* Note underwriting is no longer used in rating, but this exhibit is attached to show how members received rate-up rates.

Re: NAIC #: 95639
HIOS Issuer ID 94506
Individual Grandfathered Rate Filing
Filing #GFInd1

Dear Mr. Tanhehco,

Attached is the Individual off-exchange rate filing for grandfathered plans from Kaiser Foundation Health Plan of the Mid-Atlantic States, Inc. (Kaiser). This filing is for rates effective February 1, 2015. Kaiser is an HMO company and offers traditional HMO copayment plans covering medical and pharmacy claims expenses. Kaiser also offers Deductible and High Deductible plans, some of which are HSA qualified.

This filing is for a change in rates for grandfathered subscribers in the individual market. There are currently 480 members enrolled, and Kaiser is requesting an increase of 12.4% to base rates.

Sincerely,

Brent Plemons
Senior Actuarial Analyst
Kaiser Foundation Health Plan, Inc.
