Actuarial Memorandum for VIP2 Series

January 11, 2013

Policy Forms

The premium rate schedule increase for which we are seeking approval will apply to the following individual long-term care policy forms:

- LTC2-FAC
- LTC2-VAL
- LTC2-IDEAL
- LTC2-PREM

These forms were developed as part of a nationwide series and were issued in DC from March, 2005 to May, 2011, but are no longer being marketed in any state. Nationwide, the last policies under this series were issued in 2012.

Policy forms LTC2-FAC, LTC2-VAL, LTC2-IDEAL, and LTC2-PREM (subsequently referred to as LTC2-FAC, LTC2-VAL, LTC2-IDEAL, and LTC2-PREM, respectively) are existing individual tax-qualified policy forms and were previously approved in 2004, along with any rider or endorsement forms that were contemporaneously or subsequently approved for use with these policy forms. Note, however, that the increase will only apply to those policies issued to policyholders in your state in connection with policy applications dated on or before 1/15/2009, because policies issued in connection with later applications were subject to a revised premium rate schedule. No in-force premium rate schedule increase has been previously implemented for these forms.

Policy form LTC2-FAC provides coverage for long-term care services received in a nursing home, assisted living facility (ALF), or hospice facility. Policy forms LTC2-VAL, LTC2-IDEAL and LTC2-PREM provide comprehensive long-term care coverage.

1. Purpose of Filing

This actuarial memorandum has been prepared for the purpose of demonstrating that the anticipated loss ratio standard of this product meets the minimum requirements of your state and may not be suitable for other purposes. Section 5 of this memorandum demonstrates compliance with District of Columbia Bulletin 03-PPI-005-11/24.

2. Description of Benefits

LTC2-FAC is part of a nationwide series of individually underwritten policy forms which reimburses 100% of charges, up to a maximum facility benefit amount, for confinement in a

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

licensed nursing home or assisted living facility. Benefits are payable under skilled, intermediate, or custodial levels of care, as well as inpatient hospice care.

The daily benefit amount and the maximum benefit period are selected at issue. Additional benefits for needs assessment expenses and transition expenses are also provided. In addition, LTC2-FAC provides benefits for international coverage, caregiver training, and alternate services.

LTC2-VAL is part of a nationwide series of individually underwritten policy forms which reimburses 100% of charges, up to a maximum facility benefit amount, for confinement in a licensed nursing home. Benefits are payable under skilled, intermediate, or custodial levels of care, as well as inpatient hospice care.

LTC2-VAL also includes an assisted living/home care/community-based care benefit which reimburses 100% of charges from formal caregivers, up to a maximum assisted living/home/community-based care benefit amount, for services received at home or assisted living facility or at an adult day care center for maintenance or personal care, including hospice care.

The daily benefit amount, assisted living/home care/adult day care percentage, and maximum benefit period are selected at issue. Additional benefits for needs assessment expenses are also provided. In addition, LTC2-VAL provides benefits for respite care, international coverage, caregiver training, and alternate services.

LTC2-IDEAL is part of a nationwide series of individually underwritten policy forms which reimburses 100% of charges, up to a maximum facility benefit amount, for confinement in a licensed nursing home or assisted living facility. Benefits are payable under skilled, intermediate, or custodial levels of care, as well as inpatient hospice care.

LTC2-IDEAL also includes a home care/community-based care benefit which reimburses 100% of charges from formal caregivers, up to a maximum home care/community-based care benefit amount, for services received at home or at an adult day care center for maintenance or personal care, including hospice care.

The daily benefit amount, home care/adult day care percentage, and maximum benefit period are selected at issue. Additional benefits for needs assessment expenses and transition expenses are also provided. In addition, LTC2-IDEAL provides benefits for respite care, international coverage, caregiver training, alternate services, and supportive services/specialized transportation.

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

LTC2-PREM is part of a nationwide series of individually underwritten policy forms which reimburses a maximum facility benefit amount, for confinement in a licensed nursing home. Benefits are payable under skilled, intermediate, or custodial levels of care, as well as inpatient hospice care.

LTC2-PREM also includes a home/community-based care benefit which reimburses a maximum home/community-based care benefit amount, for services received at home or assisted living facility or at an adult day care center for maintenance or personal care, including hospice care.

The daily benefit amount, home care/adult day care percentage, and maximum benefit period are selected at issue. Additional benefits for needs assessment expenses and international coverage are also provided.

LTC2-FAC, LTC2-VAL, LTC2-IDEAL, and LTC2-PREM

For all these policies, benefit eligibility is based on the inability to perform at least two of six activities of daily living (ADLs) including bathing, continence, dressing, eating, toileting, and transferring, for a period of at least 90 days due to loss of functional capacity; or due to severe cognitive impairment.

Benefit payments commence after a specified number of days in a waiting period, selected at issue, which accumulate over the lifetime of the policy. The waiting period need not be satisfied before receiving coverage for hospice care (except LTC2-PREM) or (if covered under the policy form) respite care, needs assessment or caregiver training; however, receipt of these services does not count towards satisfying the waiting period. Waiver of premium is provided beginning on the first day of the policy month coincident with or following the day the insured becomes eligible for benefit payments (includes completion of the waiting period).

At issue, the insured had the option of choosing one of the following benefit increase riders: 5% Compound, 5% Simple, or Future Purchase (in some states, a 3% Compound Inflation Rider was also available).

At issue, the insured had the option of selecting the following riders: Nonforfeiture Coverage Rider, Return of Premium Rider, Restoration of Benefits Rider, Shared Care Rider, Home Care Elimination Period Waiver Rider (except LTC2-PREM), Indemnity Rider (LTC2-VAL only), Calendar Day Elimination Period Rider (except LTC2-FAC and LTC2-PREM), Ten Year Premium Payment Rider, (except LTC2-FAC and LTC2-PREM), Paid-up Rider, Double Pay First Year Rider or Reduced Pay at 65 Rider. A Contingent Benefits Upon Lapse Rider is attached to all policies, except those that select the Nonforfeiture Coverage Rider, for no additional premium.

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

3. Renewability

These policy forms are guaranteed renewable for life.

4. Applicability

This filing is applicable to inforce policies only, as these policy forms are no longer being sold in the market. The premium changes will apply to the base forms as well as all applicable riders. Note, however, that the increase will only apply to those policies issued to policyholders in your state in connection with policy applications dated on or before 1/15/2009, because policies issued in connection with later applications were subject to a revised premium rate schedule. No in-force premium rate schedule increase has been previously implemented for these forms.

5. Actuarial Assumptions

- a. Expected Claim Costs are the product of attained age frequency rates and continuance curves, adjusted by utilization factors and underwriting selection factors based on actual experience through September 2011.
- b. Voluntary Termination Rates Original pricing voluntary termination rates vary by duration and issue age as shown in the following table:

Voluntary Termination Rates

Policy Duration	Lapse Rate
1	6.25%
2	3.50%
3 - 7	3.00%
8	2.50%
9	2.25%
10 - 12	2.00%
13 - 14	1.75%
15+	1.50%

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

In the year of rate increase implementation, it is assumed that an additional 2.5% of policies lapse and there is 2.5% net reduction to future premiums and benefits due to benefit downgrades. There is no adverse selection assumed due to the additional lapse rates.

- c. Mortality. 88% of Annuity 2000 Basic Table with selection consistent with experience.
- d. Expenses. Expenses have not been explicitly projected. It is assumed that the originally filed expense assumptions remain appropriate.

The above assumptions for mortality and morbidity are based on actual inforce experience of MetLife and are deemed reasonable for these particular policy forms. The assumptions used in this filing for mortality and morbidity were developed from the actual experience on these forms and supplemented, as needed, based on the experience of other forms. In accordance with District of Columbia Bulletin 03-PPI-005-11/24, the assumptions for persistency and interest rate (4.0%) have been set to the originally filed pricing assumptions used for determination of the expected loss ratio as they are not to be used as justification for the rate increase.

In establishing the assumptions described in this section, the policy design, underwriting, and claims adjudication practices for the above-referenced policy forms were taken into consideration.

6. Marketing Method

These policy forms were marketed by agents and brokers of MetLife.

7. Underwriting Description

These policy forms were fully underwritten with the use of various underwriting tools in addition to the application, which may have included medical records, an attending physician's statement, telephone interview and/or face-to-face assessment.

8. Premiums

Premiums are unisex, but vary by issue age, rating class, the benefit period, the initial daily benefit, the waiting period, the home and community care percentage, the inflation protection option, the payment method, premium mode and the selection of any other options or riders.

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

9. Issue Age Range

These policy forms were issued up to age 84.

10. Area Factors

Area factors are not used for this product.

11. Premium Modalization Rules

The following modal factors are applied to the annual premium (AP):

Semi-annual premium rates are 51% of the annual premium rates. Quarterly premium rates are 26.5% of the annual premium rates. Monthly premium rates are 9% of the annual premium rates.

12. Reserves

Active life reserves have not been used in this rate increase analysis. Claim reserves as of June 30, 2012 have been discounted to the incurral date of each respective claim and included in historical incurred claims. Incurred but not reported reserve balances as of June 30, 2012 have been allocated to a calendar year of incurral and included in historical incurred claims.

13. Trend Assumptions

As this is not medical insurance, we have not included any explicit medical cost trends in the projections.

14. Past and Future Policy Experience

Nationwide experience for policy form series LTC2-FAC, LTC2-VAL, LTC2-IDEAL, and LTC2-PREM is shown in Exhibit I. DC experience for policy form series LTC2-FAC, LTC2-VAL, LTC2-IDEAL, and LTC2-PREM is shown in Exhibit III. Please note that MetLife does not view DC only experience as credible, but is providing it as required.

Historical experience is shown by claim incurral year. Claim payments and reserves were discounted to the mid-point of the year of incurral at the weighted average maximum valuation interest rate for contract reserves which is 4.0%. Incurred but not reported reserve balances as of June 30, 2012 have been allocated to a calendar year of incurral and included in historical incurred claims.

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

Annual loss ratios are calculated, with and without interest, as incurred claims divided by earned premiums.

A lifetime loss ratio as of 6/30/2012 is calculated as the sum of accumulated past experience and discounted future experience where accumulation and discounting occur at the original pricing interest rate of 4.0%.

15. Projected Earned Premiums and Incurred Claims

Earned premiums with no increase for projection years 2012 through 2072 shown in the first page of Exhibit I and III are developed by multiplying each prior period's earned premium (starting with June 30, 2012 actual earned premium) by a persistency factor on a seriatim basis. For each year in which the rate increase is projected to be effective, the earned premium with increase shown in the second page of Exhibit I and III is equal to the earned premium with no increase plus the earned premium with no increase times the rate increase percent times an effectiveness factor that reflects what portion of the rate increase is projected to be effective by that year.

Each projection year claim amount is calculated by multiplying incidence, continuance and utilization factors by the policy and rider benefits on a seriatim basis.

Present and accumulated values in the lifetime projections in Exhibit I and III are determined at the original pricing interest rate of 4.0%.

The assumptions used in the projections in Exhibit I and III were developed from the company's LTC insurance experience. Also note that only those policies subject to the proposed increase (i.e., such as those policies issued to policyholders in your state in connection with policy applications dated on or before 1/15/2009) were included in the Exhibit I, II and Exhibit III.

Projections in Exhibit II provide a demonstration that the sum of the accumulated value of incurred claims without the inclusion of active life reserves, and the present value of future projected incurred claims, without the inclusion of active life reserves, will not be less than the sum of the following:

1. Accumulated value of the initial earned premium times 58%;
2. 85% of the accumulated value of prior premium rate schedule increases;
3. Present value of future projected initial earned premium times 58%; and
4. 85% of the present value of future projected premium in excess of the projected initial earned premium.

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

16. History of Previous Inforce Rate Increases

There have been no previous in-force rate revisions on these policy forms.

17. Requested Rate Increase

The company is requesting an increase of 58% for the policy forms listed above. Although a larger premium rate increase is currently supportable under loss ratio regulation, and needed under rate stability regulation, an increase of only 58% is being requested at this time to help mitigate the impact on the policyholder. Corresponding rate tables reflecting the 58% increase are included with this filing. Please note that the actual rates implemented may vary slightly from those filed due to implementation rounding algorithms. Also note that the increase will only apply to those policies issued to policyholders in your state in connection with policy applications dated on or before 1/15/2009, because policies issued in connection with later applications were subject to a revised premium rate schedule. No in-force premium rate schedule increase has been previously implemented for these forms.

In accordance with District of Columbia Bulletin 03-PPI-005-11/24, the increase is to be implemented in two stages whereby we request an initial 25% increase to be followed by a second increase of 26.4% compounded upon the first increase such that the total increase is 58% ($1.25 * 1.264 = 1.58$). The second increase will be implemented one year after the first. Policyholders will be notified of the entire increase at the time of notification of the first increase.

18. Analysis Performed

The initial premium schedule was based on pricing assumptions believed to be appropriate, given the information available, at the time the initial rate schedule was developed. The original pricing assumptions for claim costs, voluntary termination rates, and mortality were as follows:

- a. Incidence and continuance rates: The basis for the morbidity assumptions used in pricing was that contained in the SOA LTC valuation diskette. These were based on the results of the 1985 National Nursing Home Survey and the 1982-84 National Long Term Care Survey.

Modifications to the SOA LTC valuation assumptions were made based on the actual experience of MetLife's block of business. Additional modifications were made based on the results of an internal analysis of MetLife's Competitors' Rate Structure.

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

The additional modification was required due to the make-up of MetLife's block of business, which consisted of two large blocks of group business (Employer Group and Association Group). This business was issued under drastically different underwriting requirements than those that are used to issue business under this policy form.

- b. The original pricing expected voluntary termination rates varied by duration as shown in the following table:

Policy Duration	Lapse Rate
1	6.25%
2	3.50%
3-7	3.00%
8	2.50%
9	2.25%
10-12	2.00%
13-14	1.75%
15+	1.50%

- c. The original pricing expected mortality rates were equal to 105% of the Annuity 2000 Basic Mortality Table modified by Projection Scale H. There were additional modifications to reflect the selection effects of underwriting.

As part of the in-force management of its long-term care insurance business, MetLife monitors its performance by completing periodic analyses of lapse rates, mortality rates, claim incidence rates, claim continuance rates and claim utilization rates. The findings from these analyses for mortality and morbidity were used to determine the current experience assumptions. A model of this business was developed for use in the cash flow testing that is part of the company's annual statutory reporting requirements. Using this model, a future projection of these policies under the new experience assumptions was performed and the projected lifetime loss ratio for these policies was determined. For these policies, the past experience and future projections based on current experience assumptions combine to a resulting loss ratio that far exceeds both original pricing expectations and state minimum requirements.

Actual voluntary lapse and mortality rates have been similar to that assumed in pricing although original pricing lapse rates have been used in the projection as required by District of Columbia Bulletin 03-PPI-005-11/24. Morbidity levels have been worse than assumed in pricing.

The experience analysis, management's view of when a change to the original rate schedule may be considered, and the seriatim inforce and claim data used in developing the

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

projections in Exhibit I and II have been relied upon by the actuary in the development of this memorandum.

19. Loss Ratio Requirement Compliance Demonstration

Projected experience assuming the increase is implemented is shown in Exhibit I and III. As shown in Exhibit I and III, the expected lifetime loss ratio exceeds the minimum loss ratio requirements, both with and without the requested rate increase.

20. Average Annual Premium

The average premiums, on a nationwide basis, before and after the requested increase are:

Before increase: \$2,207
After increase: \$3,487

The average premiums, for DC, before and after the requested increase are:

Before increase: \$2,235
After increase: \$3,532

21. Proposed Effective Date

This rate increase will become effective on each policy's modal premium due date (monthly, quarterly, semi-annually and annually) following at least a 60 day advance written notification to the policyholder.

22. Nationwide Distribution of Business as of 6/30/2012 (based on inforce count)

24. New Nonforfeiture Option

Concurrent with this rate filing is a form filing for a new nonforfeiture feature (the Limited Coverage Upon Lapse Following Contribution Increase Endorsement) that will provide limited coverage to policyholders whose policies do not currently provide a substantially equivalent nonforfeiture feature in the event they lapse their coverage within 120 days of the first due date of the increased premium for their coverage.

25. Actuarial Certification

I am a Fellow of the Society of Actuaries and a Member of the American Academy of Actuaries, and I meet the Academy's qualification standards for preparing health rate filings and to render the actuarial opinion contained herein.

This memorandum has been prepared in conformity with all applicable Actuarial Standards of Practice.

METROPOLITAN LIFE INSURANCE COMPANY

New York, NY

Actuarial Memorandum for VIP2 Series

January 11, 2013

I hereby certify that, to the best of my knowledge and judgment, this rate submission is in compliance with the applicable laws and regulations of DC with the following exception:

A rate increase larger than 58% would need to be requested in order to certify, as described under long-term care rate stability rules, that no further premium rate schedule increases are anticipated if the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized. In light of this, it is MetLife's preference to help mitigate the impact on policyholders by requesting an increase of only 58% at this time. As MetLife does not plan to request future rate increases on these policyholders if this request is granted (but reserves the right to do so), it believes that it is in the best interest of the policyholders to limit the rate increase request to 58% and not provide the certification. Also, the projections contained in this actuarial memorandum are based on best estimate assumptions that do not reflect any margins for moderately adverse experience.

I further certify that:

- the analysis described in Section 18 of this memorandum was used in determining the need for a rate increase;
- the policy design, underwriting and claims adjudication practices have been taken into consideration in this rate increase request;
- the actuarial assumptions are appropriate and the gross premiums bear reasonable relationship to the benefits; and
- the relationship between renewal premium rate schedules and new business premium rate schedules is not applicable because we are no longer marketing new business.

William P. Bigelow, FSA, MAAA
Vice President and Actuary, Metropolitan Life Insurance Company

Exhibit II
Demonstration that Lifetime Incurred Claims with Requested Increase are
Not Less than Lifetime Earned Premium with Prescribed Factors
Policy Forms: LTC2-FAC, LTC2- VAL, LTC2-IDEAL, and LTC2- PREM

1	Accumulated value of initial earned premium	1,005,335,238	x	58%	=	583,094,438
2a	Accumulated value of earned premium	1,005,335,238				
2b	Accumulated value of prior premium rate schedule increases (2a-1)*	0		85%	=	0
3	Present value of future projected initial earned premium	1,808,962,229		58%	=	1,049,198,093
4a	Present value of future projected premium	2,584,131,945				
4b	Present value of future projected premium in excess of the projected initial earned premiums (4a-3)	775,169,717		85%	=	658,894,259
5	Lifetime Earned Premium Times Prescribed Factor: Sum of 1, 2b, 3, and 4b					2,291,186,790
6a	Accumulated value of incurred claims without the inclusion of active life reserves					33,528,424
6b	Present value of future projected incurred claims without the inclusion of active life reserves					2,965,885,716
7	Lifetime Incurred Claims with Rate Increase: Sum of 6a and 6b					2,999,414,141
8	Test: 7 is not less than 5					TRUE
	* This is the company's first rate increase; therefore, there are no prior rate increases.

Re: Notice of Long Term Care Insurance Premium Adjustment for Policy [#####]

Dear [First Name][Last Name]:

When you purchased your long term care insurance policy from MetLife, you made a responsible decision to protect yourself and your family from the potential cost of needing long term care, which can be significant. Part of our commitment to you as our customer is to pay future benefits under your policy in the event you become eligible to receive them. As such, it is critical that policies are priced at an appropriate level.

I am sending you this letter to inform you that we are implementing a [58%] premium increase on your long term care insurance policy which was issued in [STATE]. This premium increase will affect a broad group of policyholders and is not based on any individual's personal factors such as age, health status or claims history. We understand how important your long term care insurance policy is to your personal financial plan. The decision to implement a premium increase was a difficult one and not taken lightly.

Please note that while a larger increase was justified and could have been requested, MetLife requested a 58% increase and received approval (note that some states may use a different term for approval) from [STATE DOI] for the [XX]% increase on your policy indicated above. It is important that you be aware that as explained in the renewability statement on the first page of your policy and subject to any applicable regulatory approval, **MetLife has the right to increase rates in the future.** As you consider your options, please see the section at the end of this letter for details about MetLife's Long-Term Care Inforce Rate Increase History.

This letter explains the change to your premium, which is scheduled to take place on the date indicated below which coincides with a premium bill due date. [Should you prefer to reduce your policy benefits rather than pay an increased premium, we are providing you with an option (or options) to consider.]

Your current and new premium amount

The premium amount for your MetLife Long Term Care Insurance policy is scheduled to increase as follows, on the date indicated below:

Current Premium Amount

[\$0.00]/[mode]

New Premium Amount beginning on [COMPLETE DATE]

[\$0.00]/[mode]

[Please note that if you are on waiver of premium at the time the increase becomes effective, there will be no impact to your coverage or premiums unless and until your premium payments resume.]

Options to consider

[Please note that the current coverage and premium information provided in this letter is as of [DATE]. This may not reflect any coverage changes that have occurred or are scheduled to occur between this date and the effective date of your increase.]

1. Continue your current coverage by paying the new premium amount when due.

No additional action is required by you.

2. Reduce your coverage:

- **Reduce your Daily Benefit Amount from [\$\$\$] to [\$\$\$].** This will bring you to a revised premium of approximately [\$\$\$]/[mode].
- **Reduce your Benefit Duration from [years] to [years].** This will bring you to a revised premium of approximately [\$\$\$]/[mode].

(Please note that these benefit durations do not reflect claims paid or payable}. In addition, if you currently qualify for the paid-up survivorship feature of this policy, or if you have purchased the shared care rider, both policyholders must maintain identical coverage for either of these to remain in effect.)

3. Cancel your coverage:

[Insert for insureds with no nonforfeiture feature:

If your coverage lapses due to cancellation or nonpayment of premium within 120 days following the first due date of the increased premium, you will be issued a Limited Coverage Upon Lapse Following Premium Increase Endorsement (“LCUL”) which provides limited coverage as described below. *(Please note that this limited coverage does not provide the same level of coverage you currently have.)* Under LCUL, your Total Lifetime Benefit will be the greater of: the sum of all premiums paid and waived prior to lapse; **or** 30 times the Nursing Home Daily Benefit Amount in effect immediately prior to your date of lapse. However, if you have already received benefit payments under your policy, please note that the reduced Total Lifetime Benefit payable under LCUL as described above will not exceed the remaining Total Lifetime Benefit of your policy immediately prior to your date of lapse. Once LCUL goes into effect, your policy will be considered “paid-up” with no further premiums due, and you will no longer receive increases under any inflation option.]

[Insert for insureds with no nonforfeiture feature (applies to insureds with CBUL):

If your coverage lapses due to cancellation or nonpayment of premium within 120 days following the first due date of the increased premium, you will be issued a Limited Coverage Upon Lapse Following Premium Increase Endorsement (“LCUL”) which provides limited coverage as described below. *(Please note that this limited coverage does not provide the same level of coverage you currently have.)* Under LCUL, your Total Lifetime Benefit will be the greater of: the sum of all premiums paid and waived prior to lapse; **or** 30 times the Nursing Home Daily Benefit Amount in effect immediately prior to your date of lapse. However, if you have already received benefit payments under your policy, please note that the reduced Total Lifetime Benefit payable under LCUL as described above will not exceed the remaining Total Lifetime Benefit of your policy immediately prior to your date of lapse. Once LCUL goes into effect, your policy will be considered “paid-up” with no further premiums due, and you will no longer receive increases under any inflation option.

Note: For policyholders who are eligible for and meet the requirements for payment of benefits under the Contingent Benefit Upon Lapse Nonforfeiture Feature (“CBUL”) as a result of this rate increase, we will instead provide coverage under LCUL, which provides a benefit that is equal to the benefit payable under CBUL. We will not pay benefits under both CBUL and LCUL.]

[Insert for letters to insureds who have an existing NF benefit:

Our records indicate your policy includes a nonforfeiture feature providing for reduced or limited coverage in the event that your policy lapses due to cancellation or nonpayment of premium. Please refer to your policy for additional information. If you elect to cancel your coverage you are eligible for the limited coverage as described in your policy under the nonforfeiture feature. *(Please note that this limited coverage is not intended to replace coverage you currently have.)*]]

4. Call your producer or the customer service team at (888) 285-8140 between the hours of 8:30 a.m. and 6:30 p.m. Eastern Time, Monday through Friday, to discuss other available options.

Next Steps

- If you choose to maintain your current coverage at the new premium, you do not need to take any action at this time. Simply pay your new premium when it becomes due.
- As you consider any coverage changes, it is important that you review the current costs of long term care in your area. We have enclosed information to help you with this process.
- If you choose to decrease your coverage, please complete the enclosed Coverage Change Form and return to us in the enclosed postage-paid envelope. We will need to receive your form by [COMPLETE DATE] to ensure that changes take effect on the date coinciding with the premium increase.

Please note that any changes in your coverage between now and the date when the new premium goes into effect may be calculated at the new rates. Please call customer service at the number listed above for more details. We want to thank you for choosing MetLife for your long term care insurance needs.

Sincerely,

Jodi Anatole
Vice President, Long-Term Care
