JURISDICTION RENEWAL FEES AND SETTINGS

Designated contact(s) will receive a listing of their specific renewal settings and fees in October. A response is requested by October 19 to allow FINRA enough time to make any changes prior to the Preliminary Renewal Extract.

POST-DATED FORMS

Post-Dated processing allows firms to file termination Forms U5, BDW, ADV-W or BR effective December 31, 2023. Firms are not assessed renewal fees on the Preliminary Statements for registrations included on a post-dated filing submitted by November 3, 2023, 11 p.m. ET. Subsequently, firms are not assessed renewal fees on their Final Statements for any registrations included on a post-dated filing submitted by December 26, 2023, 6:00 p.m. ET.

<u>Note</u>: Notices that appear in the BDW or ADV-W Queues that indicate a ceased date of December 31, 2023, should be SAVED and not processed until January 2, 2024. Processing in 2023 will prematurely terminate the firm and all its representatives. A firm's registration will remain in an "Approved" status until the post-dated filings process during the system shutdown. Once that process is complete, the firm's status will change to Termination Requested.

CRD & IARD AUTOMATIC FAILURE TO RENEW PROGRAM

For jurisdictions that participate in the "Automatic Failure to Renew" (FTR) program, CRD and IARD automatically terminate a firm effective December 31, 2023, for failure to pay renewal fees. Jurisdictions can participate in the FTR program for either BD and/or IA firms.

Note: All agent, investment adviser representative and branch registrations will systematically terminate if a firm fails to pay its renewal fees, regardless of jurisdiction participation on the firm level.

JURISDICTION RENEWAL PAYMENTS

FINRA will remit renewal payment to each jurisdiction by December 31, 2023. The "Renewals - Regulator Renewal Summary Report" details this payment.

FIRMS THAT FAIL TO RENEW

FINRA will advise firms that FTR to contact each jurisdiction directly for reinstatement/reapplication instructions.

MASS TRANSFER MORATORIUM

A mass transfer is a system process to transfer individuals and branch offices from one firm to another firm as result of a merger, acquisition, succession, or consolidation. There will be a moratorium on processing mass transfers from December 18, 2023 – January 2, 2024.

November 27 is the last day firms will be able to request a mass transfer to occur in 2023. Full mass transfer functionality will resume January 3.
