Karima M. Woods, Commissioner of the Department of Insurance, Securities and Banking (Department), hereby gives notice of her intent to conduct a public hearing to begin the process of gathering data to evaluate whether there is unintended bias in the underwriting or rating of private passenger automobile insurance.

The purpose of the public hearing is to receive input from the public, insurers, subject matter experts and other interested parties as the Department develops a deliberate and transparent process to collect data to evaluate whether there is any unintentional bias in private passenger automobile insurance rating or underwriting. The data will be used to inform the Department's diversity, equity and inclusion initiative regarding insurers use of certain nondriving factors in underwriting and rating policies. The work builds on previous public hearings and examinations conducted by the Department. Additional information on the Department's plan is available on our website at [disb.dc.gov/page/evaluating-unintentional-bias-private-passenger-automobile-insurance](https://disb.dc.gov/page/evaluating-unintentional-bias-private-passenger-automobile-insurance).

Each witness should provide their name, telephone number, email address (if any), organizational affiliation (if any) and title (if any). Written statements should be sent to the email address above or mailed to the Department at District of Columbia Department of Insurance, Securities and Banking, 1050
