Subject: CareFirst

Dear Ms. Johnson:

Walter Smith of DC Appleseed suggested I write to you with comments on CareFirst BC/BS. My premiums have gone up over \$100/month in the last 18 months; the number of doctors accepting my insurance has dramatically declined. I am self-employed and feel like my choices as a DC resident are extremely limited. These price increases are unreasonable and unacceptable. I would like to add my voice of complaint and suggest to the DC Insurance Commissioner that premiums be reduced. Thank you.

Sincerely,

Sara Elizabeth Levy
