SECTION E:     INSPECTION AND ACCEPTANCE

E.1   CONSEQUENCES OF CONTRACTOR’S FAILURE TO PERFORM REQUIRED SERVICES

E.1.1 The Contractor shall be held to the full performance of the Contract. The District shall deduct from the Contractor’s invoice or otherwise withhold payment for any non-conforming service as specified below.

E.1.2 A service task may be composed of several sub-items. A service task may be determined to be partially complete if the Contractor satisfactorily completes some, but not all, of the sub-items. In those cases, partial deductions may be taken from the Contractor’s invoice.

E.1.3 The District shall give the Contractor written notice of deductions by providing copies of reports, which summarizes the deficiencies for which the determination was made to assess the deduction in payment for unsatisfactory work.

E.1.4 Therefore, in the case of non-performed work, the District:

E.1.4.1 Shall deduct from the Contractor’s invoice all amounts associated with such non-performed work at the rate set out in Section B or provided by other provisions of the Contract;

E.1.4.2 May, at its option, afford the Contractor an opportunity to perform the non-performed work within a reasonable period subject to the discretion of the Director/ACCO and at no additional cost to the District;

E.1.4.3 May, at its option, perform the services by District personnel or other means.

E.1.5 In the case of unsatisfactory work, the District:

E.1.5.1 Shall deduct from the Contractor’s invoice all amounts associated with such unsatisfactory work at the rates set out in Section B or provided by other provisions of the Contract, unless the Contractor is afforded an opportunity to re-perform and satisfactory completed the work;

E.1.5.2 May, at its option, afford the Contractor an opportunity to re-perform the unsatisfactory work within a reasonable period subject to the discretion of the Director/ACCO and at no additional cost to the District.

E.2   TERMINATION FOR CONVENIENCE

E.2.1 The DMH may terminate performance of work under this contract for the convenience of the Government, in whole or, from time to time, in part, if the Director, Contracts and
Procurement/Agency Chief Contracting Officer determines that a termination is in the Government’s best interest.

E.2.2 The Director, Contracts and Procurement/Agency Chief Contracting Officer shall terminate by delivering to the Contractor a Notice of Termination specifying the extent of termination and the effective date. After receipt of a Notice of Termination and, except as directed by the Director, Contracts and Procurement/Agency Chief Contracting Officer, the Contractor shall immediately proceed with the following obligations:

(a) Stop work as specified in the notice.

(b) Place no further subcontracts or orders except as necessary to complete the continued portion of the contract.

(c) Terminate all applicable subcontracts and cancel or divert applicable commitments covering personal services that extend beyond the effective date of termination.

(d) Assign to DMH, as directed by the Director, Contracts and Procurement/Agency Chief Contracting Officer, all rights, titles, and interests of the Contractor under the subcontracts terminated, in which case DMH shall have the right to settle or pay any termination settlement proposal arising out of those terminations.

(e) With approval or ratification to the extent required by the Director, Contracts and Procurement/Agency Chief Contracting Officer, settle all outstanding liabilities and termination settlement proposals arising from the termination of subcontracts; approval or ratification shall be final for purposes of this clause.

(f) Transfer title, if not already transferred, and, as directed by the Director, Contracts and Procurement/Agency Chief Contracting Officer, deliver to DMH any information and items that, if the contract had been completed, would have been required to be furnished, including (i) materials or equipment produced, in process, or acquired for the work terminated, and (ii) completed or partially completed plans, drawings, and information.

(g) Complete performance of the work not terminated.

(h) Take any action that may be necessary for the protection and preservation of property related to this contract.

E.3 TERMINATION FOR DEFAULT

E.3.1 DMH may, subject to the conditions stated below, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to:

(a) Perform the services within the time specified in this contract or any extension; or

(b) Make progress so as to endanger performance of this contract; or

(c) Perform any of the other material provisions of this contract.

E.3.2 DMH’s right to terminate this contract may be exercised if the Contractor does not cure such failure within 10 days (or such longer period as authorized in writing by the Contracting Officer)
RM-11-RFQ-026-BY0-TLW – REPLACEMENT OF COMMERCIAL GRADE METAL PARKING LOT GATES

after receipt of the notice to cure from the Contracting Officer specifying the failure.

E.3.3 If DMH terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Director, Contracts and Procurement/Agency Chief Contracting Officer considers appropriate supplies and services similar to those terminated, and the Contractor shall be liable to DMH for any excess costs for those supplies and services. However, the Contractor shall continue the work not terminated.

E.3.4 Except for default by Subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God, (2) fires or floods, (3) strikes, and (4) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

E.3.5 If the failure to perform is caused by the fault of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and the Subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required schedule.

E.3.6 If the contract is terminated for default, DMH may require the Contractor to transfer title and deliver to DMH, as directed by the Director, Contracts and Procurement/Agency Chief Contracting Officer, any completed and partially completed supplies and materials that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Director, Contracts and Procurement/Agency Chief Contracting Officer, the Contractor shall also protect and preserve property in its possession in which CFSA has an interest.

E.3.7 DMH shall pay the contract price or a portion thereof, for fully or partially completed or delivered supplies and services that are accepted by DMH.

E.3.8 If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of DMH.

E.3.9 The rights and remedies of DMH in this clause are in addition to any other rights and remedies provided by law or under this agreement.

E.4 INSPECTION

E.4.1 The inspection and acceptance requirements for the resultant Contract shall be governed by cause Number Five (5) Inspection of Supplies and Number Six (6), Inspection of Services of the Government of the District of Columbia’s Standard Contract Provisions for use with Supplies and Services Contracts dated March 2007.

Examples of technical data include research and engineering data, engineering drawings and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information, and computer software documentation. capable of being processed and operated on by a computer.

I.13.5 Any data derived from the performance of this Contract shall be the sole property of the 
District. The Contractor hereby acknowledges that all data, including, without limitation, 
computer program codes, produced by Contractor for the District under this Contract, are 
works made for hire and are the sole property of the District; but, to the extent any such 
data shall not, by operation of law, be works made for hire, Contractor hereby transfers 
and assigns to the District the ownership of copyright in such works, whether published

Contractor shall not publish or reproduce such data in whole or in part or in any manner

time as the District shall have released such data to the public.

I.13.6 The District shall have restricted rights in data, including computer software and all 
accompanying documentation, manuals and instructional materials, listed or described in 
a license or agreement made a part of this Contract, which the parties have agreed shall 
be furnished with restricted rights, provided however, not withstanding any contrary 
provision in any such license or agreement, such restricted rights shall include, as a

The Contractor shall not place any legend on the computer software indicating restrictions on the District’s rights in such software unless the restrictions are set forth in a license or agreement made a part of the Contract prior to the delivery date of the software. Failure of the Contractor to apply a restricted rights legend to such computer software shall relieve the District of liability with respect to such unmarked software.

I.13.12 In addition to the rights granted in Section I.6.9 below, the Contractor hereby grants to the District a nonexclusive, paid-up license throughout the world, of the same scope as restricted rights set forth in Section I.6.9 below, under any copyright owned by the Contractor, in any work of authorship prepared for or acquired by the District under this Contract. Unless written approval of the Agency Chief Contracting Officer is obtained, the Contractor shall not include in technical data or computer software prepared for or acquired by the District under this Contract any works of authorship in which copyright is not owned by the Contractor without acquiring for the District any rights necessary to perfect a copyright license of the scope specified in the first sentence of this paragraph.

I.13.13 Whenever any data, including computer software, are to be obtained from a subcontractor under this Contract, the Contractor shall use Section I.6 in the subcontract, without alteration, and no other clause shall be used to enlarge or diminish the District’s or the Contractor’s rights in that subcontractor data or computer software which is required for the District.

I.13.14 For all computer software furnished to the District with the rights specified in Section I.6.5, the Contractor shall furnish to the District, a copy of the source code with such rights of the scope specified in Section I.6.5. I.13.15 The Contractor shall indemnify and save and hold harmless the District, its Officers, agents and employees acting within the scope of their official duties against any liability, including costs and expenses, (i) for violation of proprietary rights, copyrights, or rights of privacy, arising out of the publication, translation, reproduction, delivery, performance, use or disposition of any data furnished under this Contract, or (ii) based upon any data furnished under this Contract, or based upon libelous or other unlawful matter contained in such data.

I.13.16 Nothing contained in this clause shall imply a license to the District under any patent, or be construed as affecting the scope of any license or other right otherwise granted to the District under any patent.

I.13.17 Paragraphs I.6.6, I.6.7, I.6.8, I.6.11 and I.6.12 above are not applicable to material furnished to the Contractor by the District and incorporated in the work furnished under Contract, provided that such incorporated material is identified by the Contractor at the time of delivery of such work.

I.14.1 The Contractor recognizes that the services provided under this Contract are vital to the District of Columbia and must be continued without interruption and that, upon Contract expiration or termination, a successor, either the District Government or another Contractor, at the District’s option, shall continue to provide these services. To that end, the Contractor agrees to:
